MILK PRICE TO DROP; END WAR

ILLINOIS SENATE PASSES LIQUOR CONTROL BILL

Vote 39 to 6; Before House Today.

Hit High Prices

United States lifts all restrictions on importation of American types of liquor for 30 days in drive to smash bootlegging and reduce prices. Page 6.

Senators vote to increase liquor tariff on imports from nations which have defaulted on debts to the United States. Page 6.

BY PARKE BROWN.
[Chicago Tribune Press Service.]

Springfield, Ill., Jan. 10.—[Special.]—Illinois' long pending state liquor control bill was passed by the state senate today by a vote of 39 to 6. There were five more affirmatives than needed to meet the two-thirds requirement for immediate effectiveness. The majority was materially larger than even the most optimistic supporters had forecast.

The battle now shifts to the house of representatives tomorrow morning. There are many who believe the next stage may take another two or three weeks, although some of the veterans think a speedy termination may be possible by the conference committee route.

Much Depends on Methods.

Much depends on the turn of events—whether the administration attempts to follow the direct line of attack by asking the house to concur in the senate revision of the measure or follows the plan of letting it go into a joint conference committee, which might reopen some of the amendment problems.

Today's contest in the senate was warm. There was debate for nearly three hours, but long before Secretary Edens started the roll call on passage of the bill it was known that everything was set. The opposition had dwindled down to a handful, and the majority were willing—knowing what the outcome was certain to be—to let the hostiles talk out their points and then go to a vote.

Vote to End Disputes.

The unexpected extent of the victory was described by several speakers as due to the thought that "any bill is better than no bill" and to the sense of desperation that expression carried with it. The little minority concentrated chiefly on its contention that improper favoritism was shown to Chicago in the provision for a special appeals commission for the big city, while all of the state outside that area is left under a commission of three named by the governor, with no voice in selection of members accorded to any local authorities.

When the showdown came party lines and other lines were lost. Republicans and Democrats were fighting side by side. Men who have been ardent drys for years voted with the wettest of the big city spokesmen. They were on the same side of the question as those who have been handling amendments known to have originated with the liquor interests.

Six Downstaters Balk.

All of the six votes against the bill came from downstate. Cook county was solidly for the bill, with the exception that Frank McDermott, a brewer hostile to some minor provisions of the bill, declined to vote. He objected chiefly to a labeling requirement.

As soon as the senate had completed its action, Speaker Arthur Roe of the house began his arrangements to effect as complete attendance as possible in that chamber tomorrow morning. In the house a two-thirds vote of 102 is required there for concurrence in the senate revision of the bill or for adoption of a conference committee report.

Calls Bill Monstrosity.

As to the senate fight, Senator Louis O. Williams [Dem., Clinton], who handled the bill for the administration, had no sooner moved that it be placed on passage than the hostilities started. The first attack came from Noah M. Mason [Rep., Oglesby], who assailed the measure as a "Jekyll and Hyde monstrosity," because of the basic provision for two forms of commission for control, one for Chicago and one for downstate, the former approved by Gov. Horner because of Mayor Kelly's demand for a large measure of home rule.

The second assault came from James O. Monroe [Dem., Collinsville]. One of his charges was that the two commis-

THUS FAR AND NO FARTHER

[AN EDITORIAL.]

Chief Justice Hughes, writing the majority opinion of the Supreme court in the Minnesota mortgage case, sustained the reserved power of a state to give a limited and temporary modification to the contract clause for the general security of society, but he also held that emergency could not confer powers which did not exist. Delegations and limitations of power under the constitution, he pointed out, have always been a subject of close examination and of construction, but even the war power "does not remove constitutional limitations safeguarding essential liberties."

The construction of the majority of five in the court's opinion is that a temporary relief of debtors as granted in the Minnesota mortgage moratorium law, granted in the interests of security of society itself because of a general misfortune and not for the relief of individuals, is not a prohibited impairment of the obligation of contract.

The dissenting opinion, as given by Mr. Justice Sutherland, declares that any one who fails to see in the majority decision the evidence of a gradual but ever advancing encroachment upon the sanctity of private and public contracts closes his eyes to the meaning of it.

The decision of the court was awaited as a probable indication of the judicial attitude to the new exercises of government power and will be carefully studied with that in view. There will be many who will be encouraged by the opinion of the chief justice. There has been a tendency in legislation and administration to proceed upon the theory that an emergency, if it did not actually confer new powers, at least permitted constructions which virtually removed limitations for the time being. The majority opinion, although favorably construing the exercise of authority in Minnesota with regard to contracts, definitely states that emergency does not delegate powers which would be unconstitutional in another time, does not break down essential safeguards of liberty, and does not add to the reserved powers of a state. Constitutionalists may well be encouraged to observe in this connection that government may go so far and no farther and that it cannot expect to find a new charter of authority as a substitute for the constitution in emergencies which it may descry in the national life.

Civilization can shoulder this decision, but no general extensions of it which would assume what Chief Justice Hughes says is impossible—a suspension of constitutional guaranties to permit any and all government activities regarded at any time as necessary or good. An outstanding generalization of the opinion is that constitutional guaranties, subject to construction, remain binding and inviolable.

The country still well remembers the bank crisis of last March in which a moratorium was declared by the President affecting all financial transactions throughout the nation. Such a situation, or one in which all banks are insolvent, presents a crisis which may permit a suspension for public security, but a so-called depression is no excuse to writhe snakelike out of obligations openly assumed in order to defraud creditors. The Minnesota case is in a twilight zone.

There will be some speculation, naturally, as to the effect of the Minnesota law upon certain kinds of investment, speculation as to the effect upon the mortgage as a legal and financial instrument. It would be reasonable to expect that there would be hesitancy, if not refusal, to invest money in mortgages in a state with such a law. There is, of course, nothing to prevent a state from passing the law after the investment has been made, but states establish reputations and the probability of legislation can to some degree be anticipated. Of an old, conservative state one thing would be expected and of a radical state another. Such distinctions will be taken into consideration by investors and it would seem inevitably to the disadvantage of the doubtful state.

The mortgage has been the means by which people endeavored to better their conditions. At times it has rebounded disastrously upon them, but at other times it has enabled them to remove from conditions they did not like to others which enriched their lives and bettered even their posterity. It has been an instrument of a mobile society and not a static one. Poor judgment and unanticipated misfortunes have caused it to be a burden or a cause of great distress, but it also has represented escape into better things.

If the obligation may be impaired by law the mortgage may be more eagerly sought by the person expecting to benefit, but it will not be the instrument to the protection of which the other person will wish to intrust his own money.

6 NAVY PLANES SPEED TO HAWAII ON RECORD TRIP

Far Out On Pacific on Single Hop.

BULLETIN.

San Francisco, Cal., Jan. 11.—(Thursday.)—(AP)—The six United States navy seaplanes flying to Honolulu were reported 954 nautical miles from the Golden Gate at 1 a. m. Pacific time (3 a. m. Chicago time) today by navy headquarters here.

BULLETIN.

San Francisco, Cal., Jan. 10.—(AP)—The United States navy seaplane squadron flying nonstop to Honolulu passed over the destroyer Schenck, approximately 600 nautical miles from San Francisco, at 9:15 p. m., navy headquarters here reported. The planes, which had been flying in two sections because of fog, were together again.

(Pictures on Back Page.)

San Francisco, Cal., Jan. 10.—(AP)—Breezing along in the darkness over the Pacific, six American navy planes carrying 30 men on a mass flight from the mainland to Hawaii were well on their way tonight and had almost ideal weather ahead.

Navy headquarters here sent a message to the destroyer Schenck, 600 nautical miles out, to tell the flyers that "exceptionally good weather" awaited them farther on, and that they should run into bright sunshine upon approaching Hawaii.

Apparently the massed airmen were proceeding without trouble. The Schenck was overheard asking the flight commander if he desired searchlights.

"Turn on searchlights to the northeast sector," was the reply. "Now flying in fog."

Trouble at the Start.

Their takeoff in an almost breezeless bay at San Francisco this afternoon, however, had been a difficult matter. Five of the planes struggled for two hours to get into the air. They went into formation quickly then, however, and the adventure was on.

The planes droned slowly over the Golden Gate at 2:22 o'clock this afternoon and headed out over the Pacific on the longest nonstop formation flight in the history of aviation.

The big ships, each loaded with nearly 1,000 gallons of gasoline, regular service equipment, and full crews, had great difficulty in getting "unstuck" from the calm waters of Paradise cove, on San Francisco bay, where the takeoffs were made.

The first two ships managed to stagger into the air a few minutes past noon. They throttled their motors to the most economical cruising speed and circled slowly overhead while the other four big boats tried for two hours longer to pull their hulls from the glassy surface of the cove.

Breeze Permits Takeoff.

At 2:13 p. m. the last boat got away, with the help of a slight breeze, which ruffled the surface of the cove enough to make a takeoff possible. Nine minutes later the squadron had taken formation and the flight was begun, all six of the big twin motored craft maintaining an altitude of about 600 feet.

"We expect to go through on schedule and eat pineapples in Honolulu tomorrow," announced Lieutenant Commander Kneffler McGinnis, who is in charge of the squadron, just before boarding his flagship.

Weather Extremely Favorable.

The ocean was reported "like glass" all the way to Hawaii by weather bulletins which kept pouring into the navy station until after the flight had departed. The flyers will encounter fog a few hundred miles west of San Francisco, but the bank is not of great extent and should not interfere greatly. The only adverse weather in the Pacific, reports indicated, is east of the islands which are the goal.

Along the route, which will be flown with the aid of radio beams, six navy guard boats have been stationed to go to the aid of any of the flying boats which may be forced down.

The difficulties in getting the flight away today were caused by the fact that the boats had difficulty in breaking the surface tension of the bay. The adhesive qualities of still water make it almost impossible for flying boats to break away. Smaller navy seaplanes were taxied across the bay to churn up the waters and eventually all the big boats were successfully launched by their pilots.

WHICH WOULD YOU RATHER BE?

The farmer who provides the cow and furnishes the food for the cow and milks the cow at 5 a. m., rain or shine, and suffers the loss when the cow dies and then gets 4 cents a quart for his milk, out of which he has to pay a truck to take the milk to the nearest pickup station and, in addition, has to pay other charges, amounting in all to about 1 cent out of his 4.

The milk wagon driver who has to deliver all the milk to thousands of homes by the dawn's early light, for which he receives 3¾ cents a quart, out of which he pays union assessments and losses on bad accounts. And then his boss, the milk company, gets 3¼ cents, making a total of 11 cents received by the farmer, the driver, and the milk company. The milk company is fortunate to have a net profit of 1 to 2 mills a quart out of its 3¼ cents.

The consumer has to have his milk delivered at his home early enough for the children's breakfast before they start to school, and he has to pay 11 cents for each quart of milk. If he doesn't pay it he runs a chance of seeing his children get sick.

2 Firemen Die, Hunt Third in Aurora Ruins

Two firemen were killed and one other who was missing was believed to have lost his life early today while battling a spectacular fire that destroyed a three story building in Broadway, near Fox street, Aurora, occupied by the Woolworth store.

The dead:

Capt. George Ries of fire company No. 4.

Capt. John Peterson.

The missing:

Capt. Charles Hoffman. Searchers said there was no hope that he would be found alive.

In addition a policeman and three firemen were severely injured. They are Frank Carroll, the policeman, and Barney Meisch, Alfons Van Heck, and Albert Burgholzer.

Wall Collapses Into Street.

All the victims were standing opposite the building when its front wall, weakened by the fire, toppled over into Broadway. There was no warning of the impending crash and the seven men were buried under the debris. Other firemen, policemen, and citizens dug out the body of Ries and extricated the injured. They continued the search for the missing captains.

The fire, which started shortly before midnight on the vacant third floor of the building, spread with great rapidity through the entire structure. Stocks of the 5 and 10 store, much of it highly inflammable, were kept on both the second and first floors. They ignited readily and in a few minutes the whole interior was a mass of flames.

Other Stores in Peril.

From the start it was apparent that the Woolworth building would be a complete loss. Efforts were concentrated on preventing a spread of the flames to the Alschuler Clothing company to the north, and the Goff Style shop to the south.

This object apparently had been accomplished shortly after 2 a. m. With the collapse of the wall, however, the fire rose to new heights and attacked the two stores. At 4:30 o'clock it was feared that a second wall might collapse.

The Woolworth building had a frontage of 80 feet on Broadway, the principal business street of Aurora. Estimates placed the loss to this store alone at $250,000.

CHILD LABOR BANNED BY BEET SUGAR INDUSTRY

Salt Lake City, Utah, Jan. 10.—(AP)—Western members of the United States Beet Sugar association, representing manufacturers of 85 per cent of the total American beet sugar production, at an executive conference here today approved plans designed to eliminate completely child labor in the beet fields of the sugar producing states.

The conference also authorized appointment of a committee to "cooperate with the beet growers' organizations of the United States and with the government administration in Washington in the formulation of a sound and comprehensive program for the industry."

Only general statements of a guarded nature were forthcoming at the end of the day's discussions.

"We always have been for the stabilization agreement," said W. D. Lippitt of Denver, president of the association.

No further comment on the growers' pact, which was vetoed by Henry A. Wallace, secretary of agriculture, was made.

THE WEATHER

THURSDAY, JANUARY 11, 1934.

Sunrise, 7:17; sunset, 4:39. Moon rises at 4:31 a. m. tomorrow. Jupiter and Mercury are morning stars. Venus, Mars, and Saturn are evening stars.

Chicago and vicinity—Generally fair Thursday, with moderate southwest winds; Friday unsettled; no decided change in temperature.

Illinois—Generally fair, slightly warmer in south and central portions Thursday; Friday unsettled, some probability of local rain or snow.

Mother of 2 Is Convicted; Pastor Named

BY VIRGINIA GARDNER.
[Chicago Tribune Press Service.]
(Pictures on Back Page.)

Oregon, Ill., Jan. 10.—[Special.]—After deliberating seven and a half hours, a jury in the Circuit court of Judge Frank T. Sheean here last night returned a verdict finding Mrs. Ruby May Herzfeldt of Mount Morris guilty of committing adultery with the Rev. W. Clark Williams, former pastor of a church in her town.

The charge of intimacies with the clergyman was contained in divorce proceedings brought by Mrs. Herzfeldt's husband, Otto. The hearing occupied two days, during which the cracker-box courtroom here was filled to overflowing with townsfolk and farmers who brought their lunches and stayed all day in order to miss no part of the sensational testimony.

Courtroom Deserted.

But when the verdict was returned at 10:45 o'clock last night the courtroom was all but deserted. Only newspaper reporters and three old men who had been avid spectators throughout the trial were on hand when the solemn jurymen, their faces freighted with importance of their duty, marched into the courtroom. All of the principals, even their attorneys, were conspicuous by their absence.

The verdict returned was only an affirmative statement on the guilt of Mrs. Herzfeldt, but it is assumed, of course, that the court will grant her husband a divorce on its substance. It is expected that a motion for a new trial will be made by Mrs. Herzfeldt's attorney, who had previously declared he would seek an appeal if his client was found guilty.

As the jury filed out at 3:15 o'clock this afternoon the Rev. Williams' wife, who sat next to him in the front row of several hundred spectators, glanced at him fondly. Earlier in the day Mrs. Williams, mother of six children ranging from 5 to 19 years of age, had testified in behalf of Mrs. Herzfeldt, preceding the latter on the witness stand.

Mrs. Herzfeldt, a sparsely built

[Continued on page 8, column 6.]

PREDICT DIME A QUART; MAYOR BRINGS PEACE

All Groups Accept Kelly's Truce.

(Pictures on Back Page.)

A lower retail price for milk, now selling at a standard 11 cents a quart in Chicago, was forecast yesterday. The prediction came after the farmers' milk strike that began last Saturday had been ended by a truce arranged through the mediation of Mayor Kelly.

Through the truce, ample supplies for all were promised today, in contrast to the dearth of milk since Sunday when deliveries were halted. All the dairy companies reported last night that their regular deliveries would be made this morning. Carloads and truckloads of the fluid were rolling in steadily last night. The violence and picketing of the three previous days had stopped.

Price Left to Arbitration.

Although the amount to be paid dairy farmers for milk by city dealers was left in the hands of a board of three arbitrators, it is regarded as certain that the farmers will take a cut which will justify a retail price reduction to 10 cents a quart, even if distribution costs remain as they are.

Just how far the farmers, with the Pure Milk association and independent groups of producers all signatory to the arbitration agreement, will go in accepting lowered returns is problematical. They have been unalterably opposed to Secretary of Agriculture Wallace's pronouncement that $1.76 a hundred pounds [3.856 cents a quart] is the "economically justifiable" price for their milk. It is currently believed, however, that negotiations can start with a suggestion of $1.85 a hundred pounds [3.94 cents a quart].

This last figure would represent approximately three-fifths of a cent a quart less than the farmers have been receiving under the old scale of $2.10 a hundred pounds [4.5 cents a quart], which the Pure Milk association rent on strike to maintain.

Two Arbitrators Chosen.

Arrangements to complete the board of arbitration and to start the discussions on a fair price probably will be made today. Under the terms of the truce milk dealers appointed one negotiator. He is W. D. Hunnicutt of Cincinnati, chairman of the buying plans committee of the International Milk Dealers' association.

The farm groups nominated Clifford V. Gregory, farm paper editor and close friend of Secretary Wallace, to represent them. Both have accepted.

These men will agree on the third member of the board. At the insistence of Mayor Kelly, in whose office the strike's end was discussed and accomplished, the farmers both in and out of the PMA and all the city's distributors, including those who have been selling at cut rates to consumers, are pledged to support any decision reached by the arbitration board.

Mayor Pledges Support.

Pledged also to this decision are the resources of the city of Chicago.

"We will do everything possible," said Mayor Kelly last night, "to see that the agreement made is enforced. I am sure we have full powers under the health regulation ordinances to see that there is no cheating and that all milk purchased by local companies is paid for at the rate set.

"We want milk for Chicago and Chicago's babies. We want fair treatment for all. The city will aid in any way it can. If necessary a delegation will be sent to Washington to ask any aid of the federal government that is necessary."

Farmers Turn to Kelly.

Perhaps the most remarkable feature of the truce arrangements was the turning away of the farmers' organization from the federal government and their acceptance of Mayor Kelly as the central figure in the negotiating that brought the strike to an end.

During the Tuesday night meeting of the Pure Milk association's advisory board which preceded the signing of the strike truce, delegates jeered the suggestion that Secretary Wallace would not let the agricultural adjustment administration intervene and license dealers unless a maximum farmers' price of $1.76 a hundred pounds [3.856 cents a quart] was set for fluid milk.

"This has been a remarkable demonstration of lack of faith in the government and its creature corporations," declared one PMA member

after yesterday's settlement. "But the AAA and the secretary of agriculture, with all their powers, sat back and let us fight it out alone when they could have helped. We have a great deal more faith in a square deal from the city of Chicago than from Washington, although the interstate character of the business would naturally make the government the logical choice."

Agree to Sell to All.

Other outstanding facts in the truce included the Pure Milk association agreement that it would sell its milk to all dealers, regardless of whether they sell to consumers by wagon deliveries or in cash and carry stores. Hitherto the association has insisted that the cut rate dealers, whom they referred to as chiselers, were undesirable competitors for the companies who purchased and delivered by wagon.

This about-face was due in part, it was said, to the failure of the government, or rather its inability, to enforce the milk code adopted last August and abandoned Jan. 1. This code provided that the sale price of all fluid milk in the city should be the same, no matter whether the milk wagon driver or the consumers carried it. The cut rate companies fought this proposal as contrary to economic law and stayed in business, despite thunders from Washington, until the code was thrust out.

Drivers' Status Uncertain.

What effect the arrangements made yesterday will have on the status of the union milk wagon drivers is uncertain. They may be asked by their companies to accept a reduction in their present $40 a week pay scale. They have announced through their officers that they will fight against this. It appeared last night they will have the support of Mayor Kelly in their stand. It is contrary to federal as well as to city policy, he said, to reduce returns to labor.

However, the inclusion of the cut rate dairy companies in the negotiations and their apparent acceptance as a permanent factor in the market may contribute toward reducing the amount of union labor that can be employed.

Estimate $700,000 Revenue Loss.

The truce found the farmers weary. Officials of the Pure Milk association figured that their members had lost in revenue from milk sales during the strike about $384,000 and that workers engaged in the industry lost another $316,000, a total loss of $700,000.

To make up the shortages unusual amounts of milk, it was said, were on their way to city consumers yesterday afternoon and last night. Much of the milk had been standing in tank cars at country plants. All the large companies declared they would have plenty to supply all their regular customers at the usual time this morning.

ROOSEVELT FOR FLEET REVIEW IN THE HUDSON

Washington, D. C., Jan. 10.—[Special.]—The entire United States fleet in active commission, more than 100 vessels, will be reviewed at New York City by President Roosevelt in June. Tentative plans to that effect were announced today by Col. Henry L. Roosevelt, acting secretary of the navy.

The fleet, under command of Admiral David F. Sellers, will sail from the San Diego-San Pedro area for the Canal Zone, en route to the Atlantic coast, on April 9, Col. Roosevelt said.

The review at New York probably will take place in the Hudson river, the scene of many previous reviews of the units of the navy, but none in recent years. Former President Theodore Roosevelt reviewed the fleet, as it then existed, in the Hudson river several times during his term of office.

The last fleet review at New York was on Dec. 26, 1918, when Josephus Daniels, then secretary of the navy, now ambassador to Mexico, reviewed the fleet on its return from Europe at the end of the world war.

Ex-Convict, 71, Seized; First Arrested in 1886

Chris Strook, 71 years old, 4707 Sheridan avenue, protested vigorously last night when a police squad arrested him at State and Washington streets. He declared he had been living an honest life for many years. But the police held him, after looking up a record which showed that Strook had been arrested for burglary in 1886 and had since served terms in several penitentiaries. His son, Albert, was shot and killed last July in a saloon at 83d street and South Chicago avenue, of which he was part owner.

Insurance Broker Sued by Wife for Desertion

Mrs. Hilda Schofield, 1250 Isabella street, Wilmette, yesterday filed suit for divorce in the Circuit court against Leonard Schofield, an insurance broker with offices at 175 West Jackson boulevard. The bill charged that Schofield deserted his wife on Nov. 15, 1932. They were married in 1909 at Bolton, England, and have two children.

Six Chicago Families Send Flyers for Milk

Morris, Ill., Jan. 10.—[Special.]—Representing six families and seeking milk for babies in each family, two airplane pilots landed a big plane in a field five miles north of Morris late yesterday, secured five gallons of the liquid and hurried back to Chicago with it.

AAA DESCRIBES ITS PLAN TO AID DAIRY INDUSTRY

Enforcing of Farm Price One of Four Points.

The proposal of the federal agricultural adjustment administration to enforce an arbitration milk price for farmers of the Chicago area, provided this price is not set too high, is only one of four points in the plan which Secretary of Agriculture Wallace and his assistants have drawn up for rehabilitation of the dairy industry throughout the country.

The program was summarized yesterday at Washington by J. H. Mason, acting dairy administrator in the AAA. Briefly, the four points are these:

1. Enforcement of a standard price to all the dairy farmers in all the milksheds of the country, to be accomplished by rigid licensing of all distributors and AAA action to force out of business any distributor caught buying milk at less than the code price. Secretary Wallace has limited the price which he will enforce at $1.70 a hundred pounds [3.655 cents a quart] on milk for consumption as fluid.

Production Control Planned.

2. A program of production control, financed by a processing tax on butter, which would set up a fund from which dairy farmers would be paid to reduce production by sending the less efficient cows in their herds to the slaughtering pens.

3. Further reduction of production, in both the dairy and beef industries, by means of a $200,000,000 subsidy to be voted by congress and to be used to pay for the eradication of all diseased cattle.

4. Stimulation of the market for butter by limiting production of its competitor, oleomargarine, either by voluntary agreement in that industry or by the imposition of an excise tax comparable to the processing tax on butter.

Three Prices Paid Farmer.

To speculate on the manner in which this program may help the Chicagoland dairyman, it is necessary to analyze the price which he now gets for his milk.

At present, a farmer supplying the Chicago market gets three prices. The first, and highest, is for the product sold as fluid milk. The second, somewhat lower, is for milk from which cream is made. The third and lowest price is paid for milk for which the Chicago distributors can find no market either as fluid or cream, but which under their contract to take a farmer's full production they must purchase anyway.

This surplus milk is made into butter, cheese, ice cream or other dairy products. For it the distributors pay the farmer exactly what the butter in the milk will fetch in the wholesale market. Since milk is purchased on the basis of 3.5 per cent butterfat content, with a premium to the farmer if his production is richer and deductions if it is lower, the price of surplus milk per hundred pounds [46½ quarts] is 3.5 times the wholesale butter price. Authorities on the local milk situation estimated last night that 22 per cent of all the milk marketed in Chicago is surplus.

Blended Price Explained.

Thus, when the farmer gets $2.10 a hundred pounds [4.5 cents a quart] for fluid milk, the price for his total production is really much lower. The price for milk for extraction of cream last November was $1.45 a hundred pounds [3.1 cents a quart]. These two prices, when weighted for the ratio of milk to cream consumption, gave the so-called blended price of $1.91 a hundred pounds [4.1 cents a quart].

But the average farmer in November got this blended price for only 78 of every 100 pounds of his milk. The rest he was paid for at the surplus rate. Butter was then about 23 cents a pound wholesale, making the surplus milk price about 80 cents a hundred pounds [1.7 cents a quart]. For all his milk the farmer was paid at the rates which the milk strike was called to maintain, an average price of $1.66 a hundred pounds [3.57 cents a quart].

Wallace Sets a Limit.

Now Secretary Wallace says that he will not enforce a price of more than $1.70 a hundred pounds for fluid milk. With this, a price of $1.15 has been suggested for milk for cream extraction. Butter, since the government stopped supporting the price by open market purchases, has dropped to about 18 cents a pound wholesale, giving a surplus milk price of 63 cents a hundred pounds. Milk experts expect the strike arbitration board to fix a definite ratio between fluid milk and milk for cream extraction at 100 pounds to 35 pounds, which would give a blended price for 78 per cent of the farmer's product of $1.55 a hundred pounds [3.3 cents a quart]. But when his surplus is averaged in, the average price drops to $1.44 a hundred pounds [3.13 cents a quart].

But price fixing, as has been pointed out, is only one point of the dairy relief program. The farmer can weed the "boarders"—cows which give a low volume of milk or milk of low butter fat—out of his herd and be paid for doing it from the proceeds of the butter processing tax.

May Cut Production.

But if the farmers take advantage of the butter tax subsidy and get rid of their "boarders" it may be possible for them to cut production to the point where they would have no marketable surplus. Then they would be selling their milk, under the proposed new prices, at the rate of 100 pounds of fluid milk for $1.70 and 35 pounds for cream extraction at the rate of $1.15 a hundred pounds, or an average price of $1.55.

This would be only 11 cents a hundred pounds (less than a fourth of a cent a quart) under the price which they got with fluid milk at $2.10 and 22 per cent of their milk selling at the unprofitable surplus price.

TEXT OF MILK TRUCE AGREEMENT SIGNED IN MAYOR'S OFFICE

Following is the text of the milk truce agreement that was signed yesterday by representatives of the dairy farmers and the milk dealers after their conference in Mayor Kelly's office at the city hall:

"First, the Pure Milk association, agent of the producers of milk of the Chicago metropolitan area, is to forthwith cause to be delivered to the distributors of milk in the city of Chicago their regular supply of milk, pending the adjustment of the present differences which have given rise to the milk strike.

"Second, the producers of milk signatory hereto shall choose one arbitrator, the distributors of milk in the city of Chicago signatory hereto shall choose one arbitrator, and the two so chosen shall choose a third arbitrator. The board of arbitration so constituted shall immediately proceed to determine the price of milk and cream to be paid the producer, and the terms and plan of sale by the producers to the distributors, and the decision of said arbitrators shall be binding on the parties signatory hereto.

"The decision of the arbitrators shall be in force until such time as it is modified by agreement or arbitration between the parties or by proper action by the federal government affecting the decision."

COUNCIL PRAISES CITY OFFICIALS FOR MILK PACT

The city council yesterday adopted a resolution, introduced by Jacob M. Arvey [24th], commending Mayor Kelly, President Bundesen of the city board of health, and members of the aldermanic subcommittee on milk for their efforts which resulted in the signing of the milk strike truce.

Ald. B. A. Cronson [4th] introduced an order, which was also passed, directing the health committee to prepare amendments to the present milk ordinance which would extend indefinitely the 100 mile milk inspection zone. The board of health now refuses to go outside this zone to inspect farms whose owners desire to ship milk to Chicago. The order also instructed the committee to prepare amendments transferring inspection costs, now paid by Chicago taxpayers, to the farmers, through collection of inspection fees.

Ald. David L. Sutton [8th], chairman of the council's milk subcommittee, did not call up for passage amendment to the milk ordinance increasing from 3 to 3.5 per cent the minimum butterfat content demanded for fluid milk sold in Chicago.

Builds Coffin for Self; Still Alive at 100 Years

Indianapolis, Ind., Jan. 10.—[Special.]—Twenty years ago Thomas J. Shields of Adams, near here, believing his health was failing and that he had lived a full life, made his own coffin of walnut, lined it with satin, and fitted it with silver handles purchased from life savings. He stored it in a nearby building and soon thereafter it burned. Today Shields, oldest voter in this county, celebrated his 100th birthday.

MAYOR GUIDES MILK STRIKERS INTO ARMISTICE

Story of the Settlement at City Hall Parley.

The negotiations that led to Mayor Kelly's solution of the milk strike opened yesterday as soon as the farmer representatives of the Pure Milk association had failed in the early hours of the morning to agree on any basis for direct arbitration with the milk dealers. Three hundred members of the PMA advisory board concluded a night conference in the Auditorium hotel at 2:45 a. m. with a decision to meet again at 10 in the morning.

The majority of these men had spent four days on the strike picket lines in the country. They were weary, mentally and physically. Their power of decision was numbed by lack of sleep, and throughout the conference they had exhibited a distrust of any proposal for intervention by the federal agricultural adjustment administration to end the strike.

Deaf to Gregory Plea.

They even refused to heed a lengthy plea by Clifford V. Gregory, editor of the Prairie Farmer, that they again accept the offer of the AAA to fix a price for their milk. Mr. Gregory was the adviser who led the farmers and milk dealers into the first AAA price fixing agreement which collapsed after months of futile efforts to enforce it.

When the 300 PMA delegates finally left the conference hall early in the morning many of them slumped in utter exhaustion into chairs in the hotel lobby. Others found telephone calls awaiting them from impatient wives, demanding that they get home and help milk the cows in an hour or so.

Others in All Night Vigil.

Meanwhile other parties to the milk controversy were keeping vigils throughout the city and in Washington. Dealers waited in the office of the Milk Council, Inc. At Washington Jerome Frank, AAA attorney; Victor Christgau, chief of production of that organization; and J. S. Mason, temporary dairy administrator, waited beside a long distance telephone wire. The aldermanic milk subcommittee kept watch at the Hotel Sherman. Mayor Kelly was in telephonic communication from his home. Dr. Herman N. Bundesen, president of the board of health, was in his office with other members of the board.

The moment word was received that the farmers had broken up without an agreement, the aldermen got to work. They communicated with the dealers, who on Tuesday were strong in their advocacy of a truce with the PMA authorities. With the aid of Mayor Kelly a conference was arranged in the mayor's office at 10 a. m.

Mayor Announces Truce.

Shortly after noon Mayor Kelly emerged from the conference to announce that the truce had been signed. Throughout the discussions he had insisted on the immediate resumption of milk deliveries. PMA officials assured him that they would agree to this in exchange for assurance that farmers' interests would be protected. This assurance they received.

The signing of the truce was not without its elements of drama. Robert Hirsch, president of the Crescent dairy, an independent concern, refused to sign because that concern is in federal receivership.

"Either he signs or no milk," snapped Don N. Geyer of the Pure Milk association.

"I'm trying to get milk for the babies and citizens of Chicago," Mayor Kelly said to Hirsch. "Do I understand that you do not intend to cooperate with us? If so, why are you sitting in this meeting?"

Hirsch Wants to Know.

"I wanted to know what was going on," said Hirsch.

Mayor Kelly shrugged his shoulders and turned away, but Frank A. Bobrytzke, a member of the board of health, who formerly was in the milk business himself, stepped forward.

"Mr. Hirsch," he said, very softly, "I'm Mr. Bobrytzke of the board of health. Of course you know that we have charge of inspection of all milk coming into Chicago. I think it would be advisable for you to sign up."

"Well," said Hirsch, picking up the pen, "I suppose I can do it subject to court order."

Then Mayor Kelly turned to Emil Bilkey of Union, Ill., leader of the Cooperative Farm Products Marketing association, a group of farmers who have been antagonistic to the PMA since it was formed in 1926. Bilkey was talking to his attorney, Edgar Cook, who was ejected from the AAA public milk hearing last November by a deputy federal marshal for obstreperous conduct.

Bilkey Objections Overcome.

"It's your turn, Mr. Bilkey," said Mayor Kelly.

"Well, I'm sorry," said Bilkey, "but we didn't call any strike. We're perfectly willing to go along and deliver milk, but our attorney advises us not to sign."

Ald. David L. Sutton [4th], chairman of the city council's milk subcommittee, stepped into the breach, saying:

"You know, Mr. Bilkey, we don't have to inspect your milk."

Bilkey signed.

The only insurgent group not represented at the conference was that allied with Walter Singler's Wisconsin milk pool, whose leader in McHenry county and Walworth county, Wisconsin, is E. L. Bost of Harvard.

Signers of the Truce.

The organizations which agreed to truce were: the PMA, by H. A. Pister, president; Meadowmoor dairy, C. M. Schaub, president; Wagner dairy, Joseph Wagner Jr.; Lake View dairy, Gust Palmer, president; Beloit Dairy company, S. D. McGivin, president; Lake Zurich Milk company, S. D. McGivin; Sunset Dairy company, A. E. Erickson, treasurer; Edgewater Dairy company, A. R. Seelig, attorney; Mid-City Dairy company, G. Sellas; Milk Council, Inc., Dr. F. D. Walmsley, president; Chicago Milk Dealers association, John Laue, president; Cooperative Farm Products Marketing association, Emil Bilkey, president; Crescent dairy, Robert Hirsch; Chicago Wholesale Dealers, Sims McGuire; Union Dairy company, John Laue.

The PMA advisory board immediately ratified the action of its leaders in signing the truce.

Strike Violence Dies Quickly After Signing of the Truce

Although farmer pickets on Tuesday held up eight trains bound for Chicago, including one that carried mail, and searched them for milk declared contraband during the strike, it was indicated yesterday that federal and state authorities would take a lenient attitude toward the violence.

Investigations of the strikers' conduct, which were started after the mail train holdup, were carried on in desultory fashion after the announcement was made that the strike was over.

Pickets Heed Peace Appeal.

The disorders came to an end a short time after the armistice was signed in Chicago. Adolph Krahl, director of public relations for the Pure Milk association, after hearing that there were still blockades in the early afternoon, went on the radio and broadcast an appeal for a complete cessation of picketing. This appeal was heeded and milk trucks began to move freely into the city, the first rolling in unmolested at about 4 p. m. with a full cargo.

In general the violence, which had proceeded in cumulative fashion to its climax on Tuesday with the assaults on trains, waned rapidly even before the truce was announced.

There were a few outbreaks in Chicago and in Lake county. The weariness of the pickets and the general belief that the strike would end kept things quiet over much of the strike area, however.

One Truck Driver Beaten.

James Kecena, a driver for the Marquette Dairy company, 5839 South Talman avenue, was beaten by eight men, supposedly strike sympathizers, after his truck had been halted at 61st and Ada streets. Four union milk wagon drivers, free for the day because of lack of milk to deliver, were arrested when the police found them riding in an automobile the license plates of which had been smeared with grease.

West of Winthrop Harbor, in Lake county, 15 pickets broke into the small dairy of Robert Enloe and smashed 400 quart bottles of milk.

Shipments of milk by trucks, guarded by United States deputy marshals assigned under an injunction of Federal Judge John P. Barnes on Tuesday, rolled in for two independent cut rate dairies and were unmolested by the blockaders.

BACK TO PRISON, OLD MATES GIVE 2 COLD SHOULDER

Canon City, Colo., Jan. 10.—(AP)—Del Hanlon and P. W. [Pete] Haning received such a cold reception when they returned to the state penitentiary today, officials took precautions to protect them from other convicts.

The pair, whose paroles recently were revoked for their alleged knowledge of a Denver holdup, were placed in solitary confinement.

Hanlon and Haning entered the prison yard with an air of jauntiness. Every convict immediately turned his back on them in a deliberate snub. Prisoners with whom they came in contact as they were led to the warden's office refused to speak to them.

BARE FOUR LOVE NOTES PENNED BY MRS. BLACKLIDGE

Proclaim Her Love for Denny, the Cop.

Myrtle Tanner Blacklidge, former collector of internal revenue, yesterday read four love letters, written by her eighteen months ago, in the court of Superior Judge Irving L. Weaver. The letters are to be introduced as evidence in the alienation of affections suit brought against her by Mrs. Susanne Nottingham, 35 years old, 7616 Langley avenue.

In her action brought Sept. 22, 1932, Mrs. Nottingham placed a cash value of $100,000 on the love and affection of her husband, Norman, a patrol wagon driver at the Grand Crossing police station. Mrs. Blacklidge had asked for copies of the letters so that she would not be "taken by surprise" at the trial.

Policeman Attends Hearing.

As she entered the courtroom Mrs. Blacklidge nodded to Policeman Nottingham, who was attempting to make himself inconspicuous in a corner of the room. He said he had "accidentally" found out about the hearing and wanted to learn what it was about. A crimson flush suffused his face as Attorney Murphy O. Tate, representing his wife, tendered photostatic copies of the letters to Mrs. Blacklidge.

Attorney Tate insisted the record show that Mrs. Blacklidge had identified the handwriting of the letters as hers before she was permitted to read them. This was done.

After reading the letters Mrs. Blacklidge refused to say whether the letters were written to Nottingham. The copies were ordered filed over the protests of her counsel, Eugene P. Megan.

The letters were mailed from Flora, Ill., in June and July of 1932 when Mrs. Blacklidge was visiting her sister, Mrs. George W. Campbell. Three of the letters are addressed to "Denny." Nottingham, it was said, is frequently called by that name. All were signed "Myrtle."

Complains of the Heat.

The first letter, written June 30, 1932, is addressed to "Denny Dear" and reads in part:

"It is so darned hot I am ready to pass out . . . .

"What are your hours for July—you told me honey but gosh ding it I was just looking at you and it didn't sink in. I am plain dumb where you are. I just want to be held up tight in your arms and oh boy how your kisses affect me . . . .

"Had one high ball . . . I took that before I went to bed. You see I had my sweetheart for two nights and it wasn't so good climbing in by myself—no good-night kiss—just memories. Didn't we have a dandy time together, dear? Good-night, sweetheart."

Quarrels with "Ruby."

The second letter, addressed "Denny Darling," and written July 5, tells of a mild quarrel with a woman friend, named only as Ruby, because Mrs. Blacklidge had made a long distance call to "Denny" at the Grand Crossing police station. "Ruby," according to the letter, said the receiver of the call might tell "Denny's wife."

"I saw she was in a talkative mood," the letter continues, "so I brought out that brown pint you gave me. When she had a good stiff drink . . . she thinks that your B & C [ball and chain, according to Attorney Tate] was going to put my name in headlines with a common policeman. They were to tell you I was much too old for you and get some young, good looking girl to go out with you and have her write and tell me you belong to her and to lay off.

"I am mad all thru. Your B & C put on the sob stuff and I am a villain. Denny we have to get free of all this. I told Ruby I'd marry you tomorrow if I could. . . . I said I didn't give a damn what they said about me—you loved me and I loved you. She said, 'Huh, what would he think if he knew you were in love with Woods a year ago.

"Denny Knows About It."

"I laughed and said Denny knows all about him. . . . Sweetheart, take me and my belongings away from here—make a home for us, anywhere, as soon as you can. How I want you—how I miss you, darling—when I get a letter from you and you call me sweetheart, it changes the whole world for me. . . .

"I can't write any more. I am just sick physically and mentally. I need you, oh, so much. I love you. Nite honey."

The third letter opens with a complaint of "No letter today—no letter yesterday. Ho hum! Suppose you got another girl over the 4th, or maybe that 'So and So' Clara is hanging around taking your time so you can't write to your orphan down here. What ever it is 'cut it out.' . . .

Gee Dear! I am just hoping for a good break for us. I have to go home now dear. Hot and tired. I need a plunge, a shot, and oh, how I need a kiss. Bye, darling."

His Voice Thrills Her.

The fourth letter was written late at night the same day. It is addressed "Sweetheart," and reads in part,

"How the sound of your voice thrills me through and through. I am wearing one of those ear to ear smiles just because I talked to you [you big so and so].

"When you called I was at the show . . . was all by myself and, honey, I prefer to be alone if I can't be with some one I care to be with and it is a rare case when I am any more. I feel so darned good now I know I'll sleep like an orphan should . . .

"I told you I wasn't going to write again for three days, but I had mailed one on my way home from the show and here I am, goofy as ever, writing another . . .

"I would like nothing better than to be able to talk to you close range sitting in your lap or held in your arms. I had better quit writing along this line at this hour because I am turning out the lights in about a minute . . .

Dispels All Her Blues.

"When I get to thinking of this part of my life I only get bitter, so had better not, but I am sure sorry when I feel this way I can't cuddle up close in your arms—you dispel all my blues—bring me more happiness than I thought would be mine.

"Havin a drink on my sweetheart—will you join me? Bye, honey, until I really get a letter from you. All my love."

Judge Weaver set the case for Jan. 22.

Attorney Tate said Mrs. Blacklidge and the policeman became acquainted when the former was arrested on complaint of neighbors that her noisy parties disturbed the peace. She was discharged in court, he added. Nottingham refused to comment on his relations with the former collector. He said he is now living with his wife.

Not Living as His Wife.

Mrs. Nottingham said she is staying in her husband's home because she has no money to go elsewhere, but insisted she is not living with him as his wife. She is the mother of a 6 year old daughter, Jeanette.

A year and a half before the filing of the Nottingham suit Mrs. Blacklidge was accused by Edward R. Litsinger, then a member of the board of review, of having participated in a faro swindle at Springfield in which he lost $50,000. Mrs. Blacklidge brought a suit against Litsinger, charging he had libeled her in his comments on the transaction.

KATE PULLMAN AND 'EUGENIC BABY' HURT IN CRASH; ACTOR DIES

Ayer, Mass., Jan. 10.—(AP)—The condition of Kate Pullman, actress, and her five year old son who were hurt in an automobile accident last night in which Miss Pullman's vaudeville partner, John McCluskey, was killed, was described as improved today at Ayer Community hospital. The boy once was known as "the eugenic baby."

Miss Pullman's name was removed from the danger list this afternoon after she regained consciousness. She suffered a head injury and a broken bone in her hand.

The boy was still in danger, however. He suffered a severe concussion although there was no skull fracture.

CONTRACT FOR NEW HENROTIN HOSPITAL LET

The contract for the construction of the new Henrotin Policlinic hospital, which is to be erected at Oak and La Salle streets at a cost of about half a million dollars, was let yesterday to the general contracting firm of E. P. Strandberg & Co. The firm was chosen among 21 bidders. The amount of the successful bid was not revealed.

Miss Veronica Miller, superintendent of the Henrotin hospital, who made the announcement, said excavation work will begin Monday. The new building is to be known as the Chicago Policlinic. It will be six stories high and will have 100 beds.

It will contain many features, including the elimination of irritating noises, such as clanging elevator doors, banging doors and other unnecessary sounds.

CASH PAY DAYS ASSURED LINCOLN PARK EMPLOYES

The Lincoln park commissioners yesterday voted to issue $450,000 in 1933 tax warrants to pay salaries and past due bills. The warrants will be sold to the Continental Illinois National bank, according to A. D. Piamondon, president of the park board. Although only $47,000 is needed for back pay, $380,000 will be placed in the pay roll account, assuring cash pay days up to May 1. The other $100,000 will go toward payment of 1932 and 1933 bills for materials and supplies.

Alleged Nebraska Robber Surrenders in Court Here

Samuel Taran, 43 years old, ex-convict, who is wanted in Nebraska and Kansas for kidnaping, bank robbery, and assault to kill, surrendered yesterday in the South State street court. Taran fled Chicago and forfeited a $25,000 bond after he had been arrested on a governor's warrant charging him with bank robbery in Fairbury, Neb. He was released yesterday in new bond of $18,000 after his attorney, Euclid Taylor, had made a motion to vacate the $25,000 bond forfeiture. The hearing on the motion was continued until Jan. 17.

PAIR ACCUSED BY RIDE VICTIM IS HELD TO U. S. JURY

Edward F. Cusack, a suspended policeman living at 5748 South Campbell avenue, and James McCarthy, 9130 South Laflin street, were held to the federal grand jury yesterday by United States Commissioner Edwin K. Walker on charges of interfering with a government witness. Bond was fixed at $15,000 for each defendant.

The charges grew out of a gangland ride last Sunday in which the victim survived his wounds and identified Cusack and McCarthy as his assailants. John French, 25 years old, 4903 Lake Park avenue, a codefendant with Cusack and McCarthy in a hijacking case in the federal court, was the ride victim. He was shot three times in the head and left for dead in the Little Calumet river near 141st street and the River road.

The three were indicted for stealing $13,000 worth of merchandise from an interstate shipment. French is said to have testified against the others before the federal grand jury. Assistant United States Attorney Lloyd Moody said that Cusack and McCarthy may receive a maximum punishment of nine years in the penitentiary and fines of $6,000 each if they are convicted.

5 AND 10 HEIRESS' PRINCE DROPS IN ON VANCOUVER

VANCOUVER, B. C., Jan. 10.—(AP)—Nothing more nor less than princely curiosity was the reason given here today by Alexis, youngest of the "marrying Mdivanis," for his nocturnal trip from Seattle, where he had reserved a suite aboard the liner Hikawa Maru for a brideless voyage to Yokohama.

Prince Mdivani's 40 million dollar bride, the former Barbara Hutton, heiress to the Woolworth riches, meanwhile was enjoying the social whirl in San Francisco while waiting to sail on the Tatsuta Maru tomorrow, also to Yokohama.

"I had intended sailing on the Hikawa Maru from Seattle," he said on his arrival here, "but decided I would like to see Vancouver, so came here to await her sailing at noon tomorrow. My wife will sail from San Francisco almost at the same time as I sail from Vancouver. My ship will reach Yokohama two days before hers."

ONE ROSE EACH YEAR PAYS RENT TILL SHE DIES

Philadelphia, Pa., Jan. 10.—(AP)—The bushes that grow beside a house in Chestnut hill no longer will yield their fairest red rose to George A. Drovin, an attorney.

For the lease under which this was his sole payment was terminated today with the death of Mrs. Sarah S. Drovin, his mother. Mrs. Drovin, 87, died of pneumonia after a two weeks' illness.

The lease by which her only son insured her a home as long as she lived was placed on file with the recorder of deeds in 1929. Under it, Mrs. Drovin paid her son a red rose from her garden on June 1 each year.

The attorney pointed out that aside from the sentiment attached to the payment of the stipulated flower the rose gave the lease legal standing, since Pennsylvania law requires "payment in kind" after three years to make a lease under any arrangement valid.

OIL STATION MAN HELD AS FENCE FOR TIRE THIEF

AUTOMOBILE THEFTS.

Automobiles stolen, 51; recovered, 65; stripped, 6 [from police records for the twenty-four hours ending at midnight Tuesday].

Louis Crotty, 43 years old, owner of a gasoline service station at Nagle avenue and Gunnison street, was held to the grand jury in bond of $10,000 yesterday by Judge Joseph A. Graber in the Automobile court on a charge of receiving stolen property. The action was taken on testimony of John Panfil, boarder in the home of John Piotrowski, 5019 North Melvina avenue, who killed his wife and two children in an insurance plot.

Panfil, who was held in bond of $15,000 on seven charges of burglary, told the judge that Crotty had purchased two stolen automobile tires for 75 cents each. Crotty warned him, Panfil said, to be sure and burn the numbers off all stolen tires before offering them for sale.

Ten others were held to the grand jury yesterday for automobile thefts by Judge Graber. The grand jury has taken swift action against those previously bound over by Judge Graber and has returned 22 indictments since the Automobile court was established a week ago.

HOLD CALIFORNIA COUPLE AFTER AUTO GUNPLAY

Roland De Witt Seal, 38 years old, and his wife, Euretta, 39 years old, 712 Wilton place, Los Angeles, Cal., were locked up in the Lake county jail at Waukegan last night after deputy sheriffs had pursued their car more than six miles in a chase through north shore towns. Seal was charged with attempted assault with a revolver and his wife with being an accessory.

The complaints were signed by Dale De Witt Sheets, one of the owners of the Sheets Modee Advertising company, 4602 Kenmore avenue. He told Deputy Sheriffs Thomas E. Kennedy and George Tiffany that he had words with Seal at Deerfield because the Californian had turned his spotlight into his eyes. Seal pulled out a revolver and threatened his life, Sheets said.

Seal told the deputy sheriffs that he feared he was being held up. He said he was on his way to Sheboygan, Wis., to visit friends.

Taking Inventory

Men should take stock of their wardrobes just as business houses regularly take inventory of merchandise to determine their present worth. Those who adhere to the better qualities find their apparel a sound investment in distinctiveness, in durability, and also in personal appearance.

Quality merchandise unquestionably is economy and, with its many advantages, will prove to be a genuine asset when taking stock. The character of one's apparel should not be neglected for, like credit rating, it is an important element in business today. The revival of elaborate entertaining also prompts the immediate checking of one's supply of smart Shirts, Neckwear, Hosiery and other requisites for which we are unsurpassed.

Crowd at Auction Preview —Sale Jan. 16.

(Picture on back page.)

Apparently awed in spite of themselves, nearly 1,500 people, mostly women, trooped yesterday into the great town house at 1000 Lake Shore drive, once the home of Edith Rockefeller McCormick, to view her remaining belongings. Many carried or bought catalogues as they entered, in order to make notations preparatory to bidding at the coming auction, Jan. 16 and 17.

From the library on the topmost floor of the 31-room stone castle to the great piles of linen, laces, and bird cages in the basement, the throng passed quietly. Comments here and there showed amazement and some perplexity at the wide range of chinaware, silver, and linens. "And to think she never used most of these," exclaimed one woman who fondled a pile of ten damask and lace hand towels.

Find Many Odd Exhibits.

"How odd, but how very space saving," said an onlooker as she observed a huge wooden refrigerator almost hidden away under the stairway leading to the basement, ". . . and I hear Mrs. McCormick always had printed menus for dinner, even when there were no guests." Far in a corner was a mimeograph machine, dusty and rusty, and some one wanted to know why it wasn't listed for sale.

Climbing up the slightly worn, carpeted stairway, groups of twos and threes chatted softly in the window seats, and then proceeded to Mrs. McCormick's sitting room facing the drive. "I feel like I'm intruding," one person said half aloud. But the presence of a score of young attendants on hand, headed by Andy Frain of the Ushers' union, was not only a reminder that the home of Chicago's once richest woman was actually being dismantled, but a welcome source of information to many.

Attired in their bright blue uniforms bearing the letters "Wrigley Field," the ushers were posted in halls and stairways along with six plain clothes detectives and two uniformed policemen. "They ask us such funny things," said Mr. Frain. "One woman couldn't believe that Napoleon had ever owned, much less sat in, those chairs in the Empire room."

Butler Mourns at Scene.

A silent figure seen in and about the hallways and garage where the Rolls-Royce brougham is kept, was found to be Mrs. McCormick's old butler who had been in her employ six years. He begged to be excused from giving name or information. "Even though it is all so changed, I don't feel she has been gone so very long," he said, and walked quietly away. Miss Helenthal, former secretary of Mrs. McCormick, was in seclusion in her rooms on the second floor.

The present public exhibition will continue until Jan. 13, prior to the auction which is scheduled for Jan. 16 and 17 in the town house. The Villa Turicum in Lake Forest will be on exhibition Jan. 18 and 19, with admission free. The admission to the auction there on Jan. 20 also will be free, while there will be a charge of ten dollars for the auction in town, which amount will apply on all purchases made.

BARBECUE OR ZOO IS ONLY OUTLOOK FOR 8 BUFFALOES

Palos Herd a Dilemma for County Chiefs.

An echo of a great tragedy of the west, the extermination of the vast herds of buffalo in the march of civilization, yesterday engrossed the attention of county commissioners meeting in their capacity as commissioners of the forest preserves. Supt. Charles G. Sauers of the preserves reported the drama of the plains is being reënacted on a small scale in the Palos Park preserve.

Where 24 head of buffalo once roamed the preserve, there now are only 8, he said sadly. The buffalo have failed to measure up to expectations they would thrive, he said, asking permission to kill the survivors as an economy measure.

Replaced by Buffalo Nickel.

"I don't know why, but they have failed to multiply," Sauers said. "And they have so lost their spirit that no one comes to see them any more. It may be that people can dig into their pockets and look at a buffalo nickel whenever they wish to be reminded of the features of the erstwhile monarchs of the plain."

"What pocket and whose nickel?" Chairman Maurice F. Kavanagh asked. "I know why they won't multiply—they are old. Take them out to Oak Forest and make robes out of them."

"Fifteen commissioners and eight robes," mused Commissioner Charles H. Weber. "We'll have to draw lots."

Women commissioners joined with Commissioner George Miller in protesting against killing the animals. Miller suggested that the animals be given to the Chicago Zoölogical society.

Educational Hint.

"They might at least pick out a nice male and female," said Commissioner Grace Fleming. "Say, Herman and Sadie."

"Yes and teach them the facts of life," Commissioner Daniel Ryan.

"It's evident that some one has been spreading a campaign of birth control among the poor beasts," added Commissioner Peter M. Kelly, the father of seven children. "I demand an investigation."

Superintendent Sauers said the zoölogical society already has several of the animals and might not want any more. Chairman Kavanagh asked the commissioners to offer to adopt the animals.

"You might start it off by taking a couple," said Kelly.

"I don't want anything I have to feed," Kavanagh replied.

"Is that why you never married?" Kelly retorted.

Barbecue Postponed.

When no one volunteered Chairman Kavanagh asked that his colleagues abandon levity and give serious attention to the problem. Women commissioners answered they had been serious in their protestations against a callous vote to put the animals to death.

"Well, I, for one, would like a buffalo steak, but I am willing to have Mr. Sauers ask the zoölogical society whether they want the beasts," said Ryan. "If the buffaloes are not wanted I put in my bid for a barbecue."

The motion was carried.

Chicago Convict Receives a Pardon from Governor

Bernard Papke, who has been serving a sentence of 10 years to life in the state penitentiary for the robbery of Samuel Loseff's drug store at 3757 Southport avenue, received a conditional pardon yesterday from Gov. Horner. Papke was sentenced on Sept. 25, 1925. He was later tried for the murder of a customer in the drug store during the holdup, but was found not guilty of this crime.

NOTICE: Not more than one policy will be issued to any one person. Issued Only to Applicants Over 10 and Under 70 Years of Age.

BATTLE LOOMS IN SENATE ON SEAWAY TREATY

Ratification Is Urged by Roosevelt.

BY JOHN BOETTIGER.
[Chicago Tribune Press Service.]

Washington, D. C., Jan. 10.—[Special.]—The St. Lawrence treaty, sanctioned in enthusiastic terms today by President Roosevelt, is ready for consideration by the United States senate.

A classical battle over its ratification is scheduled to open tomorrow and tonight no one could predict with positiveness whose will be the victory. A two-thirds vote, or 64 of the 96 senators, is required for ratification.

Opponents to the treaty declared confidently that if the vote were taken now, without debate, the treaty would be badly defeated. Administration leaders, supporting the treaty, conceded privately that unless President Roosevelt exerts strong pressure against wabbly senators, driving them to support the pact, the necessary two-thirds majority cannot be obtained. One pro-treaty leader confessed glumly today that a simple majority could not now be obtained, and he was frankly dubious of the effectiveness even of a presidential dictum.

Count 38 in Opposition.

The opponents counted 38 "sure" votes against the treaty, or five to spare. They were not ready to say how many of those 38 senators would weaken under a demand from the President, weighted by suggestions that their influence in obtaining jobs, public works, grants, RFC loans and the like might suffer, unless they saw fit to lineup for the treaty.

The President's message to the senate gave his opinion that the treaty was fair, that the waterway project was economically sound. He declared that "local fears of economic harm to special localities or to special interests are grossly exaggerated." He attempted to dispose of opposition from Illinois and Mississippi valley senators by declaring that the treaty provision on the diversion at Chicago was adequate to guarantee a sufficient volume of water.

Message Is Lengthy.

The forcefulness of Mr. Roosevelt's message, which was distinguished by its unusual length in contrast to the customary conciseness of his communications to the congress, was tempered somewhat by the simultaneous introduction of an opposing view entered by Senator Robert F. Wagner [Dem., N. Y.].

Mr. Wagner, one of the outstanding Roosevelt partisans in the senate, in a voluminous dissent to the treaty filed with the senate this afternoon, argued directly against the very propositions advanced in the President's message.

Some of the proponents of the treaty this afternoon in private conversations with the opposition leaders advanced proposals for a compromise on the Chicago diversion question. The suggestion was to attach a reservation to the treaty holding that if the United States Supreme court at any future time altered its present order that the diversion should be limited to 1,500 cubic feet per second after 1938, the altered judgment of the court should automatically be enforceable under the treaty.

Compromise Unacceptable.

Senators James Hamilton Lewis [Dem., Ill.] and Bennett Champ Clark [Dem., Mo.], who are expected to lead the fight on this clause of the treaty, insisted tonight that such a compromise was wholly unacceptable. Even if the entire article was thrown out of the treaty and no limit put upon the diversion, the economic phases of the treaty, and its provisions requiring American funds to be put up for Canadian labor, engineers and material, would make the pact insupportable.

The President in his message to the senate advanced "broad national reasons" as the reason for his advocacy of the treaty. After outlining the general scope of the project, and naming the two main considerations of navigation and power, the President asked that the policy of cooperation between the United States and Canada on the St. Lawrence development be continued.

Canada Could Proceed Alone.

Declaring that Canada could proceed alone with the construction of a waterway and power development, Mr. Roosevelt asserted there was no doubt in his mind that the project was to be carried out, and that it should be done by both countries.

After asserting that the opponents to the treaty had induced exaggerated fears of its consequences in local sections and that all major projects of this nature, including the Panama canal, had been opposed on similar grounds, the President stated frankly that he favored the most direct route to the sea, via the St. Lawrence, against the longer southern route down the Mississippi. The latter route, he said, meant traveling three sides of a square instead of taking a straight line.

Mr. Roosevelt expressed his satisfaction, based on a report from his chief of engineers, that the treaty provides for an adequate diversion of water at Chicago.

Does Not Mention Report.

The President did not mention that the war department report showed that the district engineer in Illinois, the division engineer, and the board of engineers all had recommended that the volume of the diversion be left to the future discretion of the chief of engineers and that the chief of engineers had overruled the opinions of all his subordinates in holding the treaty provisions adequate.

Mr. Roosevelt was declared of the opinion that if the stench arising from the waterway with the reduced diversion was so bad as to hinder navigation an agreement could be obtained from Canada for the occasional flushing out of the sewage in the stream.

Senator Wagner's opposition report to the senate, made by him as a member of the senate foreign relations committee, stated that the cost of the waterway to the United States would be $573,136,000 instead of the $272,-453,000 relied upon by proponents of the treaty. He argued that the United States would spend three times as much as Canada, while Canada received the "vast preponderance" of the benefits.

Author of Last Session's Bill.

An outstanding advocate of the public works method of relieving unemployment, author of the public works bill passed in the last session, Senator Wagner wrote significantly in his report as follows:

"I am not for a public works undertaking that is extravagant in conception and foredoomed to constitute an annual drain upon the resources of the country. Public works are designed to prime the pump of business; not to compete with private industry. The very core of the St. Lawrence plan is the intent to face the railroads with competition and thus to decrease activity in one industry as fast as it is created in another.

Voices His Opposition.

"Most important of all, I am not in favor of a public works project designed to employ Canadian workmen with United States money. The treaty provides that although the United States is to supply the funds for most of the work in the International rapids section of the St. Lawrence river, the portion of this work on the Canadian side of the section is to be performed with Canadian workmen using Canadian materials.

"This means that out of the $573,136,000 spent by the United States, $104,200,000, or almost one-fifth, will be devoted to Canadian use. In this time of economic stress, I resent a proposal contemplating that for every four American workmen whom we reemploy we should reëmploy one Canadian; that for every $4 worth of the American materials that we purchase we should purchase $1 worth of Canadian goods."

Dillinger Hunters Find Fugitive from Toledo

A police squad from Capt. John Stege's special detail of escaped convict hunters yesterday captured Robert D. Keveney, 35 years old, when they raided a flat at 5511 Drexel boulevard on information that John Dillinger, convict desperado, was there. No trace of Dillinger was found but when Lieut. Arthur Katz brought Keveney back to the detective bureau and checked his fingerprints, he learned that his prisoner was wanted in Toledo, O. A reward of $500 had been offered for Keveney who jumped his bond in January, 1924 while appealing a conviction on a charge of burglary.

WHY GET UP NIGHTS?

Lax the Bladder With Juniper Oil, Buchu, Etc.

Drive out the impurities and excess acids that cause irritation, burning and frequent desire. Juniper oil is pleasant to take in the form of BUKETS, the bladder laxative, also containing Buchu leaves, etc. Works on the bladder similar to castor oil on the bowels. Get a 25c box from any drug store. After four days if not relieved of "getting up nights" go back and get your money. If you are bothered with backache or leg pains caused from bladder disorders you are bound to feel better after this cleansing and you get your regular sleep. Sold by Walgreen Drug Stores.

CLOGGED PORES
prevented if skin is well cleansed with non-irritant soap. Thousands use only
Resinol

ROOSEVELT'S WATERWAY MESSAGE

WASHINGTON, D. C., Jan. 10.—[Special.]—President Roosevelt's message to the United States senate today favoring early ratification of the St. Lawrence waterway treaty follows:

"To the senate:

"I request the consideration of ratification by the senate of the so-called St. Lawrence treaty with Canada. Broad national reasons lead me, without hesitation, to advocate the treaty. There are two main considerations, navigation and power.

"Canada and the United States are possessed of a natural flow of water from near the center of the continent to the ocean—a flow which throughout the greater part of its length is today available for navigation by large size vessels.

"A system of locks at the eastern end of Lake Superior, a dredged channel between Lake Huron and Lake Erie, and another series of great locks between Lake Erie and Lake Ontario provide free and adequate navigation well down the St. Lawrence river. From there, a series of three rapids, all of them within a distance of 120 miles, now impede navigation by ocean going vessels; but a Canadian canal already provides facilities for smaller ships. This Canadian canal now is used substantially up to its capacity.

Two Rapids in Canada.

"Two of the three rapids are wholly in Canadian territory; the other is in the so-called international section. A great power development at the Beauharnois rapids in Canada is already nearing completion and locks for ocean going ships have been planned for and could readily be built at a low cost as part of the plan. This means that only two additional series of locks are required for a complete and continuous seaway from Duluth to salt water.

"I call your attention to the simple fact that Canada alone can, if desired, build locks at the Lachine rapids and at the international sector and thus provide a seaway wholly within Canadian control without treaty participation by the United States. This, however, would be a reversal of the policy of coöperation which the United States and Canada have continuously maintained for generations.

"I want to make it very clear that this great international highway for shipping is without any question going to be completed in the near future and that this completion should be carried out by both nations instead of by one.

Sends Summary to Senate.

"I am sending you herewith a summary of data prepared at my request by governmental agencies. This summary, in its relation to the economic aspects of the seaway, shows from the broad national point of view, first, that commerce and transportation will be greatly benefited and, secondly, local fears of economic harm to special localities or to special interests are grossly exaggerated.

"It is, I believe, a historic fact that every great improvement directed to better commercial communications, whether in the case of railroads into new territory, or the deepening of great rivers, or the building of canals, or even the cutting of the Isthmus of Panama, have all been subjected to opposition on the part of local interests which conjure up imaginary fears and fail to realize that improved transportation results in increased commerce benefiting directly or indirectly all sections.

Will Not Hurt Railroads.

"For example, I am convinced that the building of the St. Lawrence seaway will not injure the railroads or throw their employés out of work; that it will not in any way interfere with the proper use of the Mississippi river or the Missouri river for navigation.

"Let us be wholly frank in saying that it is better economics to send grain or other raw materials from our northwest to Europe via the great lakes and St. Lawrence than it is to send them around three sides of a square—via Texas ports or the Mississippi, thence, through the gulf of Mexico and thence from the southern end of the north Atlantic to its northern end. In this illustration, it is well to remember that a straight line is the shortest distance between two points.

"I am satisfied that the treaty contains adequate provision for the needs of the Chicago drainage district and for navigation between Lake Michigan and the Mississippi river. A special report from the chief of engineers of the war department covers this subject.

"On the affirmative side, I subscribe to the definite belief that the completion of the seaway will greatly serve the economic and transportation needs of a vast area of the United States and should, therefore, be considered solely from the national point of view.

To Control Electric Rates.

"The other great objective provided for in the treaty relates to the development of electric power. As you know, I have advocated the development of four great power areas in the United States, each to serve as a yardstick and each to be controlled by government or governmental agencies.

"The Tennessee valley plants and projects in the southeast, the Boulder dam on the Colorado river in the southwest, the Columbia river projects in the northwest are already under construction. The St. Lawrence development in the northeast calls for action. This river is a source of incomparably cheap power located in proximity to a great industrial and rural market and within transmission distance of millions of domestic consumers.

"The legislature of the state of New York by unanimous vote set up the necessary state machinery during my term as governor of New York and the state stands ready to coöperate with the federal government in the distribution of power in accordance with what I believe is today a definite national policy.

Calls Treaty Necessary.

"Power in the international section of the St. Lawrence cannot be developed without a treaty between the United States and Canada. On the other hand, Canada can develop a huge block of new power at the two other rapids which lie wholly within Canadian territory. Here, again, as in the case of navigation, it is better in every way that we should maintain the historic principle of accord with Canada in the mutual development of the two nations.

"I have not stressed the fact that the starting of this great work will put thousands of unemployed to work. I have preferred to stress the great future advantages to our country and especially the fact that all of us should view this treaty in the light of the benefits which it confers on the people of the United States as a whole."

ILLINOIS SENATORS ARE ASKED TO FIGHT ST. LAWRENCE PACT

George W. Rossetter, chairman of the Chicago Association of Commerce, last evening dispatched a message to United States Senators J. Hamilton Lewis and William H. Dieterich, urging their opposition to the passage of the St. Lawrence waterway treaty unless there is a modification of the paragraphs which limit diversion for the Illinois waterway.

"The surrender of the strictly domestic sovereignty of the United States over Lake Michigan will adversely affect not only Illinois but the entire Mississippi valley," the message declared in referring to the clause of the treaty which will limit diversion from Lake Michigan to 1,500 cubic feet second after 1938.

The message said Mr. Rossetter was speaking for the business interests of Chicago and that he had the concurrence of the Mississippi Valley association in opposing ratification.

8 MORE PLACES FORCED TO HAND IN BLUE EAGLES

Washington, D. C., Jan. 10.—(AP)—The NRA compliance board today announced it had ordered withdrawal of Blue Eagles from six hat shops in Charlotte, N. C., and from a restaurant in Wentworth, Wis., and another in Portland, Ore.

The six hat shops were Boston Hat shop, Thomas Canavos, proprietor; Charlotte Hat shop, same proprietor; Central Hat shop, John G. Miller; Paris Hatters, Nicholas Dengas; Piedmont Hat shop, Chris Rollins, and Tryon Hat Cleaners, G. T. Pappas.

The announcement said that the hat shop Blue Eagles were removed because the hatters had violated the President's reëmployment agreement with respect to wages and hours of employés engaged in shoe shining.

Removal of the Blue Eagle from the Dreamland inn, James Morrison, proprietor, at Wentworth, Wis., resulted from "violations of the maximum hours and minimum wage provisions of the substitution provided for the restaurant industry."

The board said it had taken the insignia from the Pilgrim café, Adam Engl, proprietor, of Portland, Ore., for similar violations.

2 YOUTHS SENTENCED.

Eau Claire, Wis., Jan. 10.—[Special.]—One to six years each in the Green Bay reformatory was the sentence meted out to Clifford Peterson, 23, and Bryant Flick, 18, by Judge James Wickham in Circuit court here today when they pleaded guilty to armed robbery. Both admitted the holdup and robbery of a restaurant here two weeks ago.

ANDY GUMP LOSES ONE OF HIS 348 AUTO PLATES IN BELOIT

Beloit, Wis., Jan. 10.—[Special.]—Andy Gump has asked Beloit police to look for one of his 348 license plates which are so familiar to followers of the Sid Smith comic strip in THE CHICAGO TRIBUNE.

Andy inherited No. 348 from old Doc Yak and the well known license number is treasured by him more than his efficient cook. When Smith made one of his frequent stops in Beloit on Saturday he went to a restaurant to sip a cup of coffee and autograph a few menus.

When he came out a license plate was missing from his big sports car, Beloit detectives were informed yesterday.

They have a hunch that some college student believed the license plate would make a valuable addition to the collection of signs in his fraternity room and took it.

Duchess of Alba, Spanish Noblewoman, Seriously Ill

MADRID, Spain, Jan. 10.—(AP)—The duchess of Alba, a member of one of the most prominent Spanish noble families, was reported seriously ill tonight with tuberculosis. As the Marquesa San Vincente del Barco, she married the duke of Alba, the holder of six ducal titles and a grandee of Spain, in London on Oct. 8, 1920.

MAP SYSTEM TO KEEP RADIO CALLS FROM CRIMINALS

Allman Seeks Curb on Use of Police Signals.

Science versus criminals was the subject of a conference yesterday between Police Commissioner Allman and Frank A. Rafferty, radio engineer of the police department. They discussed plans to keep one scientific jump ahead of the outlaw.

The immediate topic of discussion was means of preventing robbers, burglars, and safeblowers from receiving police radio alarms. On Tuesday robbers carried their own radio in the Chicago Home for Incurables, 5535 Ellis avenue, and had it connected with an electric outlet while they looted the safe. A month ago crackmen did the same thing when they spent three hours chiseling open safety deposit boxes in the closed Unity Trust and Savings bank, 3909 West North avenue.

Police Work Slowed Up.

Chief Schoemaker said the criminals have been quick in taking advantage of the radio's help in giving them warning of a summons for the police. When secrecy is essential, the radio message merely tells a roving police squad to call the supervisor; then the message is be given over the telephone. This, of course, slows up police work.

On straight radio calls, Rafferty said, a police car should arrive at any address in the city within two minutes after the broadcasting of a police order for a particular car to hurry there. The average distance traveled by a police car in answer to a radio alarm is 1.2 miles and with such fast follow up possible robbers usually can gain only a minute or two at the most in making their escape after hearing police sent to capture them, the radio expert said.

Study Word Scrambling.

"We have discussed usage of the telephone company's method of scrambling trans-Atlantic messages so they cannot be understood if intercepted," said Rafferty. "A filter is needed to unscramble the words and if we equipped police cars with such a filter it would be possible for thieves to obtain copies, and soon they would be on the market for all crooks to buy and use.

"We have discussed a plan that would require the use of three frequencies. Presently there are only eight frequencies alloted by the federal radio commission for police throughout the country, and ours is somewhat hampered by the stations in Cincinnati and St. Louis. Since the Mexican radio conference, however, we understand that many more frequencies are to be allowed for police work. We can use ten of them if we can get them.

Discuss Triple Frequencies.

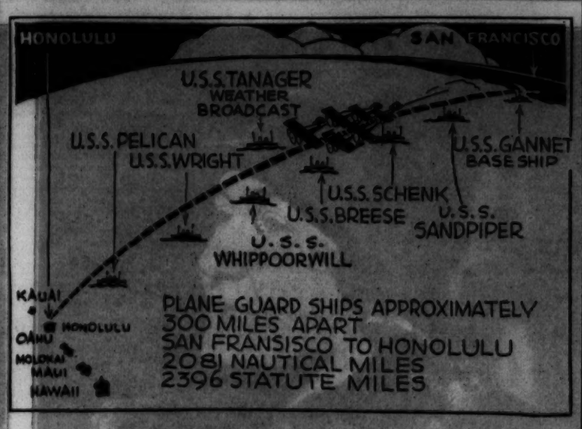
"With three frequencies we could send a message divided into three sections and a radio set for but one frequency would get only one-third of the message. But that, too, would require an arrangement for our radios that could be stolen and copied by crooks. A system might be worked out such that a squad on duty would be told to set their radio in "position one" and to change to position two or three at a designated hour.

'Regarding radio telephones which would enable individual cars to receive a call that could not be intercepted, we would require 270 frequencies and the government would never allow that many. We now have 215 squad cars equipped with radio.

"We are keeping abreast of all developments and are ready to take advantage of every improvement. Several experiments are under way. The code system—broadcasting a number which means, for instance 'burglars are in a house'—has not proved to be better than stating the actual reason for the alarm.

"As our system now operates a crook must hurry to get away from Chicago police."

MAP OF NAVY'S FLIGHT TO HAWAII



Map showing the route of six navy planes which are flying to Honolulu and the location of ships which have been stationed along the route. The latest bulletins report the planes about 860 miles on their journey.

Once a Slave, He Dies in Poorhouse at 114

Noblesville, Ind., Jan. 10.—[Special.]—Allen Davis, one of the oldest exslaves in the United States, died at the poorhouse here today, aged 114. He often recalled that his twin brother was sold on the auction block in 1851 for $400, three horses and a cow.

ROBBERS OBTAIN $1,048,000 LESS LOOT IN 1933

For the second successive year burglaries and robberies have fallen off in Chicago, according to police records. During 1933 an aggregate of $3,048,367 worth of merchandise and cash was taken from the public by prowlers or holdup men. This amount is $1,043,349 less than the $4,115,156 taken during 1932 and is $3,377,710 less than the $6,444,517 taken during 1931.

During the last twelve months stolen merchandise, excluding automobiles, was valued at $1,856,347. Cash taken by criminals totaled $1,210,460. The same items for 1932 amounted to $2,707,109 and $1,408,047, and for the previous year they were, respectively, $3,917,594 and $2,526,923.

Tables showing comparative records of stolen merchandise and cash were made public yesterday by Police Commissioner Allman, as follows:

Month—	Merchandise	Cash
January	$ 168,833	$ 108,904
February	140,741	92,939
March	214,935	128,126
April	189,362	112,809
May	163,474	117,832
June	152,668	122,572
July	146,810	106,902
August	150,871	90,669
September	139,226	78,252
October	147,891	93,387
November	139,762	84,351
December	92,714	68,127
Totals	$1,856,347	$1,210,460

In January, 1933, there were 6,074 policemen in the Chicago department. On the first day of 1934 there were 6,216 men in the department. The appropriation by the city council for the 1933 department amounted to $14,401,000.

Trio Holds Up Kansas City Bank; Escapes with $2,000

Kansas City, Mo., Jan. 10.—(AP)—Three men held up the National Bank and Trust company of North Kansas City this afternoon and escaped with approximately $2,000 in cash.

Mrs. Franklin D. Roosevelt writes us a letter:

THE WHITE HOUSE
WASHINGTON

January 3, 1934

My dear Mr. McKinlay:

I want to tell you how very much I enjoyed my visit to Marshall Field's Pilgrim Shop and how particularly pleased I was to see my own furniture so delightfully shown. Having it all together in a room like that makes a great difference and also makes it possible for people to look at the construction and shows the difference between hand made and machine made furniture.

Very sincerely yours,

Eleanor Roosevelt

Mrs. Roosevelt's own Val-Kill furniture factory, of which she speaks in her letter, is in Hyde Park, New York. Here, skilled hands are kept active creating fine furniture . . . copying, to a T, famous designs of the Early American Period. This furniture, because of its authenticity and fineness of material and workmanship, may be regarded as "heirloom" furniture. Each piece is worthy of being handed down from one generation to the next, *to have and to hold.*

In Chicago, you will find this furniture only at Marshall Field & Company in the Pilgrim Shop.

New last year, the Pilgrim Shop is already famous for its authentic Early American reproductions.

LEARN DEFICIT WILL TOP FIRST 7 BILLION MARK

Appropriations Started Through House.

BY ARTHUR SEARS HENNING.

Washington, D. C., Jan. 10.—[Special.]—While the house today was taking up the first appropriation bill for 1935—that providing more than half a billion dollars for the independent offices—it became known that the deficit for this year will top the 7 billion 300 millions President Roosevelt estimated in his budget message a week ago.

The President revealed today that he is about to ask deficiency appropriations aggregating more than the 1 billion 166 millions he mentioned in his message, but would not give details of the increases. His original estimate called for 400 millions to finance the civil works administration between Feb. 1 and May 1, and 766 millions for the RFC, farm credit, and home loan banks.

Lops 7 Million Off Offices.

The independent offices bill as reported to the house by the appropriations committee totals $566,435,693, which is $7,144,200 less than the President's budget proposed and $59,206,593 less than the appropriation for this year. The reductions, however, are of such nature that they are likely to be wiped out by deficiency appropriations before July 1, 1935. As a result of the cut in veterans' benefits, the 1935 total for the independent offices is $455,982,000 less than that appropriated for 1933.

Most of the money for 1935 is for the veterans administration—$546,005,000. Other principal items are: White House, $429,419; board of mediation, $125,564; civil service commission, $1,476,000; employés' compensation commission, $4,353,410; federal trade commission, $1,242,730; general accounting office, $3,461,920; interstate commerce commission, $5,430,970; Smithsonian institution, $924,024.

Only Two Increases.

Only two increases over budget estimates were included—$50,000 for repairing the White House and $10,000 for the Smithsonian institution's printing account.

Two major fights on the measure are in prospect. The Republicans will endeavor to knock out some provisions of the economy act so as to restore a portion of the benefits of which veterans have been deprived. Numerous members of both parties will seek to overturn or modify the government employés' pay cut, which the bill, following the President's recommendation, provides shall be 10 per cent after July 1 instead of the present 15 per cent.

Congress Cut the Same.

Compensation of senators, representatives, delegates, resident commissioners, and that of the officers and employés of congress and other under legislative establishments is placed for 1935 on the same reduction basis as that of officers and employés of the government generally. The pay of representatives and seantors becomes $9,000, as against $8,500.

The economy section of the bill breaks away from the budget recommendation in several important respects, prohibiting the restoration of automatic pay increases for army, navy and marine crops asked by the President.

In reporting the bill Representative Clifton A. Woodrum [Dem., Va.] said the appropriations committee "feels that in continuing general economy legislation for the fiscal year 1935 there should not be a total relaxation in the prohibition against automatic promotion, and that whatever is done continuing the prohibition should be based upon equal treatment to all persons in all the automatic groups."

Higher Rank, More Pay.

The ban upon automatic promotions, however, is modified to the extent of permitting increases of pay when there is a promotion in rank. This applies to the civil as well as to the military services.

The committee report shows the estimated saving, including the 10 per cent pay cut but exclusive of pay reductions in the legislative branch, is approximately $160,000,000.

The report says the 5 per cent salary restoration based on budget figures is $63,217,499, exclusive of the legislative branches. A restoration of the entire 15 per cent would require an additional $126,435,006 in excess of the budget estimate, exclusive of the amount required for the legislative branches.

The veterans' bureau appropriation request was cut to $7,000,000 less than the budget estimates of $563,210,000, which were $49,627,909 less than appropriations for this fiscal year.

The reduction was effected through cuts in allotments for civil war and private bill pensions, which probably will be made up in a deficiency bill at the next congress.

Cut Bureau $335,962,418.

Appropriations for the bureau in the current year amounted to $602,838,000, compared with $948,800,418 in 1933, indicating a saving of $335,962,418, largely through the economy act.

'At hearings before the subcommittee headed by Representative Woodrum it was developed from Brig. Gen. Frank T. Hines, veterans' administrator, that 100,000 had been dropped from the presumptive rolls under the economy act.

Of veterans remaining, Hines said, 42.76 per cent were allowed to stay on the rolls by the review boards. The others are appealing their cases before the appeals tribunals set up by the President.

He added the veterans' administration had been criticized for "our liberal policy," but said, generally speaking, the work of the boards "has been excellent." The administration's policy, he said, was one "of resolving the doubt in favor of the veteran."

Plan for City-Wide Fete on Roosevelt's Birthday

Plans for a city-wide celebration of President Roosevelt's birthday, Jan. 30, were discussed by a committee of 75 civic leaders, of which Carter H. Harrison is chairman, at a meeting in the Hotel Sherman yesterday. Celebrations will be held in all the large downtown hotels and in community halls and fraternal halls throughout the city. Supt. Bogan was asked to have exercises in all city schools. The American Federation of Labor and the associated building trades councils also will participate. Headquarters have been established in the Sherman. Andrew Reibori is general manager.

CARROZZO TELLS OF FEE LEVY ON CWA WORKERS

Union Agent Defends Collections.

Michael Carrozzo, head of the Street Laborers' union, was questioned yesterday by federal agents who are investigating reports that Civil Works administration employés have been forced to pay tribute to the union in order to keep their jobs.

Cassio Tambrino, one of Carrozzo's union agents, and two CWA foremen were previously questioned by S. Norman Moe, chief investigator, who has been assigned to sift hundreds of complaints about the operations of the CWA in the Chicago area. The evidence gathered by Investigator Moe will be presented to United States Attorney Dwight Green, who will decide whether federal grand jury action is justified in the case.

For several weeks, anonymous complaints have been received from street laborers on CWA projects that they were being forced to pay $1 a month to the street laborers' union if they did not hold union cards. Frank D. Chase, state director of the CWA, ordered an investigation when he was informed that foremen were threatening the nonunion workers if they did not pay the $1 fee.

No Profit, Says Carrozzo.

Carrozzo declared that he was making no money from the $1 charge because printing of the permit cards given for the fee consumed all the profits. He was said to have issued orders recently that foremen were to cease their collecting activities. The workers were to be left alone during working hours.

Carrozzo also asserted that, as a result of his activities, the street laborers on several projects had their pay boosted from 50 to 75 cents an hour. Workers who did not pay the $1 fee to the union were threatened with removal to projects where only 50 cents an hour is being paid, it was reported.

Tambrino was said to have told the agents that Carrozzo declared that CWA officials were cooperating with him and that workers not paying the $1 for a union card would be transferred or discharged from work. This was emphatically denied by the CWA officials.

The foremen questioned were Peter McGuire, in charge of a crew at Fletcher street and California avenue, and Walter Pryzgoda, foreman of another crew a block away. The latter was said to have admitted collecting the $1 fees from a number of workers. Both denied threatening the workers, it was said.

The federal agents are also charged with an inquiry into the purchase of materials under the CWA program. To illustrate the difficulties under which the administration officials are working, Chairman R. J. Dunham yesterday released a statement of facts concerning the situation in Harvey where a $500,000 sewer project is under construction.

Object to Lowest Bids.

"The lowest bids were from the Morton Sand and Gravel company and the Chicago Sand and Gravel company," the statement related. "Other bids were made under the NRA code provisions. An objection was made by James Fryer, codifier of the building supply industry, to the granting of contracts to the low bidders. Howard O. Hunter, CWA authority for the middle western district, was consulted. He asked Washington and was told that the lowest bid of any firm operating under the NRA was acceptable. Both firms said they were operating under NRA. This shows some of the technicalities which impede our operations."

As of Dec. 27, the CWA in Chicago had purchased materials costing $1,416,500, it was stated, and further purchases totaling $52,663 since that date are about to be completed. The various public bodies in charge of projects shared the materials costs as follows:

City	$1,018,391
Sanitary district	16,195
Lincoln park	3,804
West parks	29,794
South parks	22,163
Forest preserves	68,372
Illinois National Guard	20,592
Cook county projects outside Chgo.	83,828
Miscellaneous	100,730

"So far as the civil works administration in Illinois is concerned, I'm willing to go before the world," declared Mr. Dunham. "An investigation is welcome."

SUCCUMBS TO HEART ATTACK.

Mrs. Maude Dodge, 60 years old, of the Whitfield hotel, 5330 Harper avenue, a widow, succumbed to a heart attack yesterday in Green's drug store, 1500 East 53d street.

On Business Trip

James A. Reed, former Democratic senator from Missouri, and his bride, the former Mrs. Nell Q. Donnelly, registered at the Congress hotel yesterday for a short business visit in Chicago. The couple are on their honeymoon, which began after a surprise wedding Dec. 13 in Kansas City. The new Mrs. Reed has also been active in Democratic politics in Missouri and has attended several national conventions. The former senator acted as attorney for Mrs. Donnelly at the time of her sensational kidnaping in 1931, when she was held for ransom of $75,000 in Kansas City. Two men implicated in the case are now serving life sentences.

MRS. ROOSEVELT GIVES TALK ON FEDERAL BUDGET

Calls It U. S. Debt for Recovery.

New York, Jan. 10.—[Special.]—Mrs. Franklin D. Roosevelt, speaking tonight at the Women's City club, made one of her rare excursions into political discussion by taking up the question of the federal budget deficit.

Beginning her address with an appeal for "honesty towards the government," a realization on the part of every citizen of his obligation to assist the government in solving the problems pressing upon it, she veered into the budget question.

"Might Pay More," She Says.

"I believe that if women really knew what conditions are in this country, what some of the consequences of these conditions must be, and realized that the future depends on what is done now, they would not be inclined to worry so much about the size of the federal budget," she said.

"I think we would pay more heavily and pay more in the long run than the debt the budget is prepared to incur. For that is a debt for recovery. We must look at it from the point of view that it is being paid in order to save us from paying a great deal more in the future.

Must Cut Crime Bills.

"If we could cut down our crime bill, our waste bill, by eliminating the things which produce criminals so much would be lifted of our many other burdens from our backs in a very short time."

FILM OPERATORS AND THEATERMEN SIGN CONTRACT

A new contract, succeeding the one which expired last midnight, was signed yesterday by representatives of the Moving Picture Operators' union, local No. 110, and the theater owners. The wage agreement continues to fix the pay at from about $75 to $100 a week, the main change being to conform with NRA hourly requirements.

"The new agreement, to run for one year, is practically the same as last year's contract," said Thomas Maloy, so-called czar of the operators union. "A number of operators will, however, be relieved of working more than 40 hours a week. Our members will average from 35 to 40 hours from now on."

The other signers of the contract were Thomas Reynolds, president of the union; Aaron Saperstein, representing the Allied Theaters of Illinois, comprising the "independent" showhouses, and E. D. [Jack] Miller, head of the Exhibitors' Association of Chicago, which includes most of the big theaters.

ANC and BST Quickly Yield to FDP

Annoying Night Coughs and Bad Sore Throats quickly yield to Famous Doctor's Prescription. This prescription is called Thoxine. The very first swallow soothes your irritated throat and stops your cough. Unlike gargles and cough syrups, which touch only the surface, Thoxine goes directly to the internal cause and quickly brings you back to normal. Millions of bottles sold. An amazing success. Don't take chances with old fashioned remedies when you can get this famous doctor's prescription for only 35c. Demand Thoxine at your drug store.

TRADE RIVALS, SELLING GRAVES, CLASH ON CODE

One Faction Argues for Lot Speculation.

BY GENEVIEVE FORBES HERRICK.
[Chicago Tribune Press Service.]

Washington, D. C., Jan. 10.—[Special.]—All may be peaceful in a graveyard, but all is not peaceful in the graveyard industry. That was made plain today when NRA Deputy Administrator Richard Paddock gathered together many of the gentlemen of the craft to fight out the provisions of the proposed cemetery code.

In the first place, most of the gentlemen don't particularly want a code, because, they argue, theirs is a strictly intrastate business; nothing of interstate commerce about a graveyard.

Tradition vs. New Era.

Then, granted there is to be a code, two factions of the industry are battling each other over the precise function of a plot of land in a cemtery.

Gentlemen from the "old line" cemeteries—that's the trade name for the old fashioned cemetery where they have tall shafts of granite and marble statues—believe that you should buy a lot for future use. Gentlemen of the new "memorial park" developments, where all decorations must be flush with the ground, believe that you should be allowed to buy one lot, or a hundred, for investment, speculative purposes.

The proposed code would forbid real estate speculation in graveyards. If you make a "pre-need purchase"—a somewhat ominous trade term—you must be prepared to lie in that grave; you or a member of your family. But this code was drawn up by the National Cemetery Superintendents' associations, and the National Memorial Park boys, who argue that it's just as legitimate for a widow to make money on grave lots bought low and sold high as for her to speculate in stocks and bonds, argued that the superintendents had no business making the code, anyway; for they are, for the most part, hired help; not cemetery owners.

Dr. W. L. Halberstack of Chicago made a lyric plea for the new memorial park type of burial "estate"—another trade term.

They have come into being, he declared, "as a revolt of culture and good taste against the ugliness, the shabbiness, and often the neglect of the old line cemetery."

They have so far taken the sting out of death, he maintained, that they are really "gardens of memory." The absence of monuments and shafts has banished "the atmosphere of bats and owls, spooks and ghosts," he asserted.

Asks About Burials.

When Halberstock said they are "free from the symbols of death and sorrow" Attorney Francis Taylor, speaking for the old line branch of the industry, challenged that maybe they were also free from occupied graves. So he asked the administrator to find out just how many burials some of these new developments had.

Accordingly, Maj Paddock asked Lawrence C. Downey of the White Marsh Memorial Park, near Philadelphia, how about the burials.

For a moment Mr. Downey was gloomy as he admitted that "since 1929 we've had only 200 burials."

Then he brightened, as he predicted, "But we are making headway."

Likewise L. F. Loux of the Hillcrest Park in Cleveland confessed that, although "we started burying ten months ago we have had 62 burials." He, too, prophesied better times.

Loux indignantly denied the charge of Harry Van Horn of the Better Business bureau of Columbus, O., that this resale type of cemetery was "the worst financial racket in Ohio."

Speaking for the consumer, that's what he said, Dr. C. Whees of Allentown, Pa., pleaded for fairer prices for grave digging.

Many witnesses declared solemnly that theirs was one of the few industries in this country which was "nonseasonal and was depression proof."

Army Officer Is Killed When Auto and Train Crash

Union City, Pa., Jan. 10.—(AP)—His car struck by an Erie railroad passenger train at a grade crossing one mile west of Union City this afternoon, Maj. L. W. Fagg, United States army, met death.

DAY IN WASHINGTON

[By the Associated Press.]

Heavy taxes upon liquor imports from debt defaulting nations were approved by the senate.

President Roosevelt asked congress to guarantee the principal of farm loan bonds.

The President urged immediate ratification of the St. Lawrence waterway treaty.

Senate investigators heard that Col. Charles A. Lindbergh received $250,000 in stock from Transcontinental Air Transport in addition to his salary.

The senate foreign relations committee approved William C. Bullitt as ambassador to Russia.

President Roosevelt advised railroads and utilities to establish mortgage retirement sinking funds.

Unrestricted importation of American type liquors was announced for the next 30 days.

President Roosevelt agreed that home loan bonds should be guaranteed fully by the government.

Hugh Johnson announced a conference to consider further reduction of industrial working hours.

STORE LEADERS ACT FOR 'VISIBLE' TAX ON SALES

Seek to Guard Interest of Consumer.

A campaign to "bring the sales tax out into the open" so that the public will be on guard against unnecessary governmental spending for which the consumers must pay, was started yesterday at a meeting of representatives of department stores and other large mercantile establishments. The conference was held at the Union League club under the sponsorship of the mercantile committee of the Illinois Chamber of Commerce.

It was unanimously decided to work toward resumption of the arrangement whereby the state sales, or "occupational," tax of 2 per cent is a visible addition to the price of goods. The present practice, enforced by the tax law, of "absorbing" the tax in the selling price, was denounced as camouflage.

Two Ways of Absorption.

Several of the merchants explained the impracticability, from their standpoint, of "absorbing" the tax, as politicians glibly advise them to do. One way is for the stores to accept the tax as an added expense. If this is done, the result is that they must reduce their number of employés and advertising to escape increasing net losses shown by most big stores.

The other way is to try to pass the tax along by means of higher selling prices. This was called unfair to the consuming public, who thus are not shown what they are paying for.

"There isn't a merchant on State street who can recover the tax unless it is added to the selling price," said Archibald MacLeish of Carson Pirie Scott and company.

Maurice L. Rothschild of Maurice L. Rothschild & Co. pointed out that actual absorption of a 2 per cent tax, if a store has a stock turnover ten times in a year, imposes upon the merchant an expense of 30 per cent of his total invested capital in merchandise. The cost is 30 instead of 20 per cent because the tax is collected on retail not wholesale prices.

Urges "Tax in Open."

"The tax must be brought out into the open, where it can be seen," said Joseph C. Spiess, owner of an Elgin, Ill., department store and chairman of the committee. "There are reports that the tax will be increased to 3 or 5 per cent, with the people not aware of what is going on because of all this camouflage.

"In Elgin and downstate many merchants are disregarding orders from Springfield and collecting the tax as an added item of expense. We are doing it as a sane measure, successfully, and with practically no complaints."

Mrs. Kemp Defends Her Election to Congress Seat

Washington, D. C., Jan. 10.—(AP)—Defending her election to the house of representatives from the Sixth Louisiana district, Mrs. Bolivar E. Kemp told a house elections committee today that Senator Huey P. Long "supported me because of my strength." Testifying on the contest with J. R. Sanders Jr. over the house seat, Mrs. Kemp asserted she had no knowledge Long was supporting her until she read it in a newspaper.

MAURICE L ROTHSCHILD

MINNEAPOLIS — State at Jackson CHICAGO — ST. PAUL

ILLINOIS SENATE PASSES LIQUOR CONTROL BILL

Vote 39 to 6; In the House 102 Needed.

[Continued from first page.]

sions provided for would create a huge "machinery for graft" such as the state never has seen before. Roy C. Woods [Rep., Chicago], following Monroe, commended Gov. Horner.

Praises Horner, Kelly.

"He believes," Woods said, "that any law is better than no law. I believe this is the best bill we can get from this assembly." Woods also congratulated Mayor Kelly for "being big enough and broad enough" to agree to the bill.

"Here is the practical situation," said Earl B. Searcy [Rep., Springfield], "I doubt that this bill is entirely satisfactory to any senator on this floor. But it is better than no bill. It still leaves the full burden of responsibility on the local communities. I see nothing to do, except to take a chance on this bill."

Sees Saloon's Return.

"I say to you members from Chicago," said Charles H. Thompson [Rep., Harrisburg], "that if you pass this bill you have won a great victory. And I say that Gov. Horner has surrendered on every point that Chicago wanted. Without any argument I should have to be against this bill because it means a return of the old saloon."

"I might possibly have stretched my conscience to have voted for this bill in the form in which it came from the house," said Senator Thomas P. Gunning [Rep., Princeton], "but when it goes back to the house its best friends won't recognize it."

Peorian Defends His Stand.

On the roll call Carl Behrmann [Dem., Peoria], who has been under occasional fire because he comes from the "distillery district" and fathered several amendments desired by the whisky and alcohol manufacturers, defended his attitude as justified in the interests of the entire state. He criticized the 50 cent whisky gallonage tax as "unfair" and he protested against the requirement that Illinois manufacturers state on the labels of all containers of intoxicants the list of ingredients. But he voted in the affirmative.

"It seems to me that this bill has been drawn in the interests of Chicago," said W. L. Finn [Dem., Iuka]. "We have gone haywire on revenue instead of control."

Finn voted "present," being the first man to get out of the affirmative column.

Martin R. Lopmann [Dem., Pekin], who has fought side by side with Behrmann as champion of the distillery forces, again went into detail concerning the number of employés benefitting from the business, the amount of grain ground and the amount of coal burned as a result of repeal.

Fears Blow to Party.

"If we pass this law, and we are compelled to put up with conditions as they used to be," said Rollo M. Shaw [Dem., Lawrenceville], majority floor leader, "it's going to defeat the Democratic party. But I'm going to vote for this bill today so as to get it over to the house. We should have drawn a bill and passed it in a week. I doubt if we now have accomplished anything substantial toward the solution of this problem."

Closing the roll call Senator Woods sounded a warning that if the house of representatives seeks to cut down the control elements in the bill, the senate will refuse to concur.

HORNER PLEASED

[Chicago Tribune Press Service.]

Springfield, Ill., Jan. 10.—[Special.]—In a formal statement issued tonight from the executive mansion where he is confined by influenza, Gov. Horner expressed approval of the state senate's action today in passing the liquor control bill, yet to go through the house.

"The liquor control plan," said the governor, "is broad and comprehensive although it included several amendments not entirely to my liking. In my opinion, however, it meets the desires of the majority in Illinois, who are wholeheartedly for temperance.

"Encouragement of moderation in the use of alcoholic beverages and prevention of the return of evils and abuses of pre-prohibition days, are the primary objectives of the measure. The bill is designed to achieve the rigid control of the industry by the joint action of the state and its political subdivisions.

Leaves Local Boards Free.

"Certain basic elements of the industry will be controlled and regulated by the state, through a commission of three, while to the political subdivisions of the state is reserved the right to add to these regulations, or even prohibit the sale of alcoholic beverages.

"Thus the rights of home rule for municipalities are not abridged but actually strengthened, because the political sub-divisions will have the full coöperation of the state with all its resources in their enforcement of their control measures.

"It is my belief that the proper enforcement of this measure will place this recently legalized industry on a high plane, and compel it to remain there. Only citizens of good moral character should be permitted to engage in the business of manufacturing, distributing or selling alcoholic beverages. This is a safeguard, that, along with other strong provisions in the measure, will keep the industry free from the influence of bootleggers, racketeers and politics.

Enforcement Stressed.

"Of course, efficient enforcement is essential to accomplish this under the act as passed by the senate or under any act which may be passed.

"While I believe experience will prove that the measure should be strengthened in some respects, I believe that, in its present form, it fulfills the pledges of both major political parties to stand opposed to the return of the saloon of pre-prohibition days.

"It is my earnest hope that the members of the house speedily will take the remaining legislative steps so the measure may become effective before the end of next week."

CHIEF PROVISIONS OF LIQUOR CONTROL AS VOTED YESTERDAY

Springfield, Ill., Jan. 10.—[Special.]—In the form in which it left the senate late today, the liquor control bill consists of fifty-three printed pages.

In essential thought, that of state control and home rule for Chicago, it varies little from the basic idea of the Horner-Kelly agreement. In other words, it provides for two commissions of different types.

First there is the state commission consisting of three members named by the governor. The second body is an appeal commission whose jurisdiction will be limited to Chicago. The latter will consist of the chairman of the state commission, the secretary of stafe and a third member chosen by the Chicago city council.

Both commissions, under the bill, would have almost identical powers, the big difference lying in the fact that, as far as the Chicago commission is concerned, local authorities would have a voice in its makeup. The licensing power before the question of appeal would be in the head of the local government—city, village or county.

The bill requires the "open front" type of retail establishment by prohibiting curtained windows, screens, palms and other arrangements of the old saloon calculated for privacy. Even under those conditions the old type of standup bar is forbidden, except in long established hotels and restaurants. It provides for local option or for prohibition districts by petition, the special provision in reference to Chicago limiting this to an election precinct or to "groups of precincts."

The "labeling amendment," over which there was considerable debate, requires that the manufacturer mark plainly on the container all of the ingredients contained therein.

As for as state revenue is concerned, the measure provides for gallonage taxes ranging from 50 cents a gallon on whisky and such liquor, 25 cents on fortified wines, 10 cents on wines of less than 14 per cent alcoholic content by volume, and 2 cents a gallon on beer. There also is provision for state licenses ranging from $2,500 a year for a distiller, $500 for a winery or a brewery, $1,000 for an importing distributor, $100 for a local distributor, and $50 for the retailer. This same section includes license fees of $25 for railroad cars, $100 for boats, and $500 for World's Fair concessionaires.

The bill also prohibits distillers and brewers from financing retail establishments or from aiding them beyond the placing of signs, not to cost more than $100 a year.

HOW STATE SENATE VOTED ON REVISED LIQUOR CONTROL LAW

Springfield, Ill., Jan. 10.—[Special.]—The roll call by which the senate today passed the proposed liquor control bill, sending it back to the house of representatives, follows:

FOR THE BILL—39.

DEMOCRATS—27.

Behrman	Kielminski	Mundy
Broderick	Kline	O'Connell
Carroll	Kribs	O'Grady

MUSSOLINI ACTS TO PROTECT U. S. WINE DRINKERS

ROME, Jan. 10.—(AP)—Premier Mussolini informed the chamber of deputies today that he intends to protect wine consumers in the United States by seeing to it that they get the genuine article when they buy imported Italian wines.

He presented the chamber with a bill which requires that all wines exported from the country bear a government stamp of approval. The deputies approved the bill at once.

Italy heads the list of countries allowed to export wines to the United States, the American quota in its case being 1,055,000 gallons.

N. Y. Importers Get Monopoly.

SANTIAGO, Chile, Jan. 10.—(AP)—The Chilean Wine Growers' association signed a ten year monopoly contract today with the Pan-American Wine Importing company of New York. The association claims the membership of a majority of the Chilean vineyardists, who signed an agreement not to sell to other American dealers for American consumption.

Two Indiana State Farm Officers Fired as Cruel

Indianapolis, Ind., Jan. 10.—[Special.]—Dismissal from service at the Indiana state farm at Putnamville of Capt. E. L. Arment and Capt. Fred Littleton was announced today by Ralph Howard, superintendent. Arment was accused of cruel and unusual punishment of prisoners or inmates guilty of slight misdemeanors, the accusations having been made by former prisoners. Arment was in charge of guards at the farm and Littleton was a member of the night guard staff.

SENATORS PUSH UP RUM TARIFF AS DEBT CLUB

Slash Defaulters' Market by Amendment.

[Chicago Tribune Press Service.]

Washington, D. C., Jan. 10.—[Special.]—Overriding much ruffled Democratic leaders, senators today, by a vote of 40 to 39, insisted on adding to the liquor tax bill an amendment placing high additional tariff duties on wines and spirits from foreign countries which have defaulted on their war debts.

The amended bill was thereupon passed and sent to a conference committee where divergences between the house and senate versions will be reconciled.

In addition to the rider aimed at the defaulting debtor nations, the bill was amended to repeal that portion of the Reed "bone dry" act prohibiting newspapers and periodicals carrying liquor advertising from entering dry states. At present such publications must make over and send out copies for dry territory with blank spaces in place of the liquor advertisements.

Both amendments were offered by Senator Bennett C. Clark [Dem., Mo.].

Put Up Hard Fight.

Administration leaders struggled in vain to defeat the Clark amendment penalizing defaulting countries. The senator from Missouri proposed an additional tariff duty of $3 per gallon on wine and of $5 on distilled spirits "exported directly or indirectly from any foreign country which is in default on its national indebtedness to the United States incurred in connection with the world war."

Senator Pat Harrison [Dem., Miss.], chairman of the senate finance committee in charge of the bill, fought with testy vigor to keep the amendment out. He insisted it would "clog" passage of the bill; that it would serve only to obscure the senate's previously announced stand against cancellation of the war debts; that it would embarrass the President in his announced policy of bartering for trade with foreign nations.

He was aided by Senator Joseph T. Robinson of Arkansas, Democratic leader, and Senator Henry F. Ashurst [Dem., Ariz.]. The latter asserted that if such an amendment were passed he would seek similar tariff increases in copper, a product of his state. To reinforce these administration exhortations was the fear of many southern senators that France and other countries in default would retaliate by putting a prohibitive duty on American cotton.

But senators were not easily to be persuaded to take a position which might be interpreted as in any way favorable to the defaulters.

"For the love of heaven," cried Senator Hiram Johnson, Roosevelt Republican from the domestic wine-producing state of California, "is there any reason why we should not favor our people by penalizing those nations who have defaulted?"

Dill and Norris for It.

"There's no two ways about what our attitude should be toward countries which have not even made an effort to pay," said Senator Clarence C. Dill [Dem., Wash.].

"What is this amendment that everybody's for and nobody wants?" demanded Senator George W. Norris [Radical Rep., Neb.]. "All these countries have to do to get rid of the additional tax is to pay what they owe us."

Republican senators did not try to hide their delighted grins at the discomfiture of the Democratic leaders. They knew, and the Democratic recalcitrants knew, that the amendment would without a doubt be struck out in the conference committee. The chance to go on record was too good to be passed up.

With the roll call reading 40 to 39, Senator Harrison had it called over again in the hope that some absentee might show up in time, or an administration loyalist be led to change his vote, but his hopes were in vain.

Domestic Tax Stays Same.

A few minutes later the bill was passed, the domestic tax rates being retained at the figures set in the house. These will impose a $2 tax on distilled liquor, from 10 to 40 cents per gallon [according to alcoholic content] on still wine, 5 cents per half pint on champagne and sparkling wine, 2½ cents per half pint on artificially carbonated wine and wine cordials, and $5 a barrel on all beer and ale.

Senator Harrison predicted that the new taxes on wines and hard liquor would yield an annual revenue of 467 millions in addition to the 160 millions expected from beer.

In view of the fact that occupational taxes will be imposed by many states, a committee amendment changed the $1,000 federal license fee imposed on brewers by the 3.2 beer bill to $100.

Poet Markham Improved Following His Collapse

Oklahoma City, Okla., Jan. 10.—(AP)—Edwin Markham, the poet, was reported much improved today following his near collapse during an address here last night. The 83 year old poet's condition was attributed by physicians to toxic poisoning caused by something he had eaten.

IOWA'S HOUSE PASSES REVISED BILL ON LIQUOR

Des Moines, Ia., Jan. 10.—(AP)—A state liquor monopoly control bill, amended in seven days work, rode to approval by the Iowa house of representatives with dramatic suddenness today.

The measure, which gives the state exclusive right to the manufacture and sale of all hard liquors and wines, passed the lower branch by a vote of 74 to 32. It now goes to the senate for consideration.

Party lines snapped in the final vote as they had during the consideration of the various amendments. Eleven Republican members joined with their 3 Democratic colleagues to write approval to the bill, while nine Democrats supported 23 Republican members in casting negative votes against it.

The vote was taken without debate and before the speaker could announce the results a flood of green lights on the voting board showed the bill's supporters they had won their battle by a comfortable lead over the 55 constitutional majority.

Throughout the day the house had continued to peg along in consideration of amendments, with a flare-up at the morning session on resale of liquor by druggists.

U. S. QUESTIONS MEDICAL VALUE OF NEW WHISKY

The United States government, which placed the stamp of approval on whisky as a medicine during the prohibition era, yesterday raised a question as to the curative qualities of repeal liquor. Assistant United States District Attorney Alfred W. Bosworth started a libel action against 500 cases of Old Granddad whisky shipped from Louisville, Ky., to the American Medicinal Spirits company of Chicago.

The government contends the whisky is illegally labeled, in violation of the pure food act. The labels describe the whisky as effective in the treatment of influenza, bronchitis, summer complaint, malaria, and various other assorted diseases. Prosecutor Bosworth expressed doubt that the curative qualities were quite as great as advertised.

It was recalled with the filing of the action in the United States District court that congress made special provision for the operation of distilleries to make medicinal liquor during prohibition. At that time whisky was held to be indispensable in the treatment of some diseases.

Woman Kills Herself in Grief for Her Dog

Cedar Rapids, Ia., Jan. 10.—[Special.]—Mrs. Charles Vomacka, 28, took her own life late this afternoon because she grieved over the death of her pet dog. Her body was found in the gas filled kitchen of her home.

U. S. LIFTS IMPORT BAR ON AMERICAN TYPES OF LIQUOR

Acts to Slash Prices and Smash Bootlegging.

[Chicago Tribune Press Service.]

Washington, D. C., Jan. 10.—[Special.]—The federal government today lifted for 30 days all restrictions on importations of American type whiskies and blending stocks stored abroad in an effort to smash the bootleggers, drive down liquor prices, and improve the grade of available beverages.

At the same time that it opened the country to a flood of liquor from abroad, mainly from Canada, the government also permitted the domestic manufacture of ethyl alcohol for blending purposes during the next 45 days from materials other than grain, especially molasses.

Previously imports had been regulated by a quota system, and alcohol manufacturers were more or less bound to use only grain as their raw materials. The action was taken jointly by Secretary of the Treasury Henry Morgenthau Jr., Secretary of Agriculture Henry A. Wallace, and Feneral Alcohol Administrator Joseph Choate Jr.

Quota on Scotch Still Stands.

Lifting of the restrictions on foreign imports was confined to American types of whiskies, particularly American rye. The quota limits remain on Scotch and similar blends. To have lifted them would have upset the efforts to wring trade concessions from England in return for the right to sell liquors here, it was explained.

Forty million gallons of American type whisky are stored in Canada ready for shipment, it was learned at the federal alcohol control administration. Other stocks are in French Canadian islands and the West Indies. Very little is manufactured or stored in Europe.

This whisky can now be imported for 30 days without limit either in bottles for retail sale or in bulk for blending purposes. During this same period American manufacturers of ethyl alcohol for blending will be stepping up their production through the use of other than cereal raw materials.

Large Supply Predicted.

The result should be a "large and immediate supply of palatable American type whisky," the federal alcohol control administration predicted. Without such action domestic stocks would soon have been depleted, the administration explained.

That their action in lifting import bans was aimed directly at the bootlegger, the profiteering distiller, and the vender of overblended liquor was openly announced by the two cabinet members and the alcohol control administrator.

Forced Prices Up.

Investigations by the distillers' own code authority, the FACA, and the bureau of industrial alcohol had produced evidence showing that a "shortage of supply has caused unreasonably high prices to the consumer, has forced upon the market whiskies of unacceptable quality, and has opened the market for illegally produced and spuriously labeled whiskies," the preamble to the official order stated.

Further investigations of domestic retail prices will be launched at once by the FACA, which intends to call on distillers and rectifiers for information necessary to reveal their price setting arrangements.

3 KILLED WHEN PLANE CRASHES IN TEXAS LAKE

Dallas, Tex., Jan. 10.—(AP)—Three men were killed by the plunge of a stunting airplane into Whiterock lake here late today. The ship lost a wing which struck the water as the pilot banked to avoid a clump of trees.

The dead:

W. A. Flowers, owner of the plane.

Jack Binion, manager of the King George hotel here.

Oscar Poynter, operator of a hangar at Love field.

The bodies of Flowers, 35, and Binion, were dragged from the wreckage immediately after the accident. Policemen and firemen towed the fuselage ashore and grappled for the body of Poynter. They located it tonight about 50 feet from the shore.

HASSEL'S
RECORD VALUE SHOES FOR MEN
$3.65

THE "BUDDY" $3.65
THE "RITZ" $3.65
Here is the greatest all around super-value we have ever offered in our 57 years in the shoe business—your choice of 60 smart and conservative styles in genuine calfskin with real oak tanned soles for only $3.65—a price obviously way below the regular market today for similar quality and backed by the Hassel guarantee of satisfaction or your money back. Men who appreciate shoe durability, fit and style at a "guaranteed" saving are buying several pairs before manufacturing costs force prices higher.

KILLS "SALOON" LIQUOR RULE BILL IN WISCONSIN

Assembly Sticks by Roosevelt.

Madison, Wis., Jan. 10.—[Special.]—The Wisconsin assembly, which is controlled in numbers by Democrats, tonight killed the Democratic state administration bill designed to regulate sale and distribution of hard liquor. The vote was 48 to 38.

When a ballot finally was reached after two days of discussion the bill was patched with amendments despite efforts of administration leaders in the assembly to ward them off.

One of the principal arguments in opposition to the bill was that it would permit return of the old saloon contrary to recommendations of President Roosevelt.

Will Follow to Letter.

Several assemblymen said they intended to follow the President's requests to the letter and that they propose to support another bill which would establish a system in Wisconsin similar to that in Quebec.

La Folletteites voted almost as a unit in opposition to the bill. Most of the Republicans voted likewise and a large number of the 60 Democrats in the assembly followed.

The bill as rejected would have created a state liquor authority of three members whose duty it would be to issue retail hard liquor sales licenses after local officials had collected license fees and passed upon qualifications of applicants.

It would also have permitted localities through referendum to decide in April or November elections whether saloons or "package" stores or both should be permitted to operate. Its provisions fixed retail license fees at between $50 and $500 subject to designation by local governments.

Action in Senate.

The senate today completed action on assembly amendments to the Democratic administration hard liquor tax bill which would impose a $1 levy on each gallon of intoxicating beverages containing more than 21 per cent alcohol.

The bill now is before the assembly which is asked by the senate to recede or adhere to amendements which the senate refused to accept. One of these would fix the tax at 90 cents per gallon.

COUNCIL PASSES ORDINANCE FOR 7TH DRY DISTRICT

The city council yesterday, in passing an ordinance introduced by Ald. Frank J. Corr [17th], created the seventh dry district in Chicago. The council asked that Police Commissioner Allman refuse to recommend the issuance of licenses for taverns and other liquor dispensing places within the area.

The seventh district is bounded by a line which runs as follows: From the Rock Island railroad tracks at 55th street west to Wallace avenue, thence south to 63d street, east to the alley east of Halsted street, south to 79th street, east to the alley west of State street, north to 59th street, west to the Rock Island railroad tracks, and along the tracks north to 55th street.

The following exceptions are created by the ordinance provisions: The south side of 63d street from Wallace avenue to Halsted street; both sides of 69th street between Parnell avenue and Halsted street; and the north side of 79th street between 79th and Halsted streets.

North Carolina Officers Hide Negro Rapist

ILLINOIS GETS OVER 2 MILLION AS BEER TAX

Springfield, Ill., Jan. 10.—(AP)—More than two million dollars have been paid to the state under the beer law, J. M. Braude of the finance department announced today.

Revenue from April 26, when the law became effective, through Jan. 8 totaled $2,001,552, he stated. Of this amount $1,300,233 was paid in license fees and $998,319 was brought in by the gallon tax.

Licenses have been issued to 18,975 retailers.

50 IN HOSPITAL MADE ILL BY POISONED FOOD

Washington, D. C., Jan. 10.—(AP)—Fifty patients in the District of Columbia Tuberculosis hospital were stricken with ptomaine poisoning tonight after the evening meal.

Dr. J. Winthrop Peabody, superintendent, reported that all were "resting comfortably" two hours later.

"Many of the patients who ate the entire meal," he said, "were not affected. Some of those who ate only selected foods were made ill. Personally I believe the illness was caused by the ice cream."

THE NEXT PUZZLE WILL APPEAR IN TOMORROW'S TRIBUNE

FORD SEES NRA AS FIRST MOVE TO MILLENNIUM

Doesn't Go Far Enough, He Believes.

Detroit, Mich., Jan. 10.—[Special.]—Henry Ford, the outstanding holdout against signing an industrial code, broke his long silence today and discussed the efforts of the Washington administration to bring about recovery.

In an exclusive interview in his offices at Dearborn, Mr. Ford made public his views on the NRA for the first time since the battle of the codes began last summer and Gen. Johnson threatened to "crack down" on him for his refusal to sign.

But it was no blast against the NRA which Mr. Ford gave, nor did he have a word against Gen. Johnson. Indeed, in an hour's free ranging conversation Mr. Ford did not even mention the recovery administrator.

Declares Full Confidence.

Instead Mr. Ford, who always does the unexpected, declared his complete belief in the ideal behind the NRA. More than that, he called the NRA the first move, though a faulty and halting one, toward a new industrial and social era which, when it comes, will be a millenium of justice and plenty.

The greatest criticism Mr. Ford made of the NRA was not that it interfered in industry but that it did not go far enough—that and his belief that there is too much selfishness in the support being given the NRA and that it is pretty much in the hands of the same old crowd, who were the high priests of the "old deal."

And so, though it would be exaggerating to say that Mr. Ford indorsed the NRA as it stands now, it also would be exaggeration to say that he attacked it.

Old Story to Him.

"Opposed to the NRA?" Mr. Ford exclaimed when the interviewer suggested in the beginning that that was his position. "Why should we be opposed to it? President Roosevelt is only trying to make industry do what we were doing twenty years ago!

The interviewer asked the manufacturer his opinion on the NRA almost at the beginning of the conversation. He replied:

"The NRA is being improved. We believe absolutely in what it is trying to do. There were possibilities of harm at the beginnng, but somebody with good sense seems to have stepped in.

"Up to the present time there's been too much selfishness in the support of it. Some interests thought they could use NRA to start a new trade trust and run out the independents.

"Well, it didn't work. But NRA didn't stop them—the independents did. You can't squash people out. Independence is part of every American. And it has not been responsible for any of our ills—our loss of independence is what causes trouble.

Competition the Incentive.

"But if these supporters of the NRA keep on trying to crush competition they'll get left. Competition furnishes the incentive for people to rise, for genius to come up."

Mr. Ford has in no way modified the strong views about money he disclosed in an interview a year ago. Money should be the means of industry, not its end, he believes. When asked today what he thought of America's departure from the gold standard he said, almost impatiently:

"That doesn't interest me. That's just part of the superstition of money. People accept gold because it looks good to them."

He held the misconception of the function of money to blame for wars, depressions and most of our social ills.

Finds Joy in Work.

"The object of living is work, experience, happiness," he said. "There is joy in work. All that money can do is buy us some one else's work in exchange for our own. There is no happiness except in the realization that we have accomplished something.

"We have never seen any ever production of wheat when men are hungry in the cities. There is no overproduction of cotton when people lack decent clothing. It was not a wheat surplus that troubled the country, but a price surplus.

"Our breakdown is in our system of distribution, and to reform that we must reform the money system because distribution is dependent upon that.

Trouble With System, Not Men.

"The trouble is not with human beings—they are much beterr than they are permitted to be—but with the system."

Mr. Ford expressed doubt that the NRA had materially increased purchasing power. The wage rises had been too small in the industries affected.

"Raising wages from $8 to $12 a week doesn't increase purchasing power," he said. "At the same time the attacks on the sweat shop and on child labor are excellent."

Mr. Ford expressed the belief also that the recovery efforts as exerted thus far had retarded the movement from the cities to village and country.

"The NRA has kept men scratching around in the city when they had better be in the country," he said.

He believed also that the civil works administration was overlooking an opportunity.

Would Give CWA Real Job.

"If it organized and built villages it would have something to show," he said. "Keeping the men at road clearing is just so much charity, though it is doing some good by keeping up the habit of work.

"By carrying the workers back to the land we will be bringing our markets back. The workers will raise their own food and they will have the earnings of their industry to spend besides. They will be independent of the industrial employment cycle."

"The NRA experiment is just starting," he concluded. "Like all experiments it cannot be expected to come out perfectly at once. But it will not be thrown away. No experiment ever is thrown away. And I don't want to do anything to keep this experiment from going on."

But as to just what this new era will be like he would not prophesy, because, he said, events always confound prophets.

On Trial Today for Murder

Dr. Alice Lindsay Wynekoop, who goes on trial today for the murder of her daughter-in-law, Rheta, in operating room of the Wynekoop home. She has "confessed" and then repudiated the confession.
[TRIBUNE Photo.]

ALICE WYNEKOOP ON TRIAL TODAY IN RHETA'S DEATH

Doctor Insists on Speed; Must Stand Alone.

At her own insistence, Dr. Alice Lindsay Wynekoop will go to trial at 10 o'clock this morning for the operating table murder of her daughter-in-law, Rheta Wynekoop.

The 62 year old physician proclaimed her determination at a conference with her lawyers, W. W. Smith and Frank J. Tyrrell, and the county jail physician, Dr. Francis W. McNamara, at her bedside in the jail.

Insists On Appearance.

Brushing aside the doubts of Dr. McNamara, the ailing defendant insisted she has sufficient strength to face a judge and jury. She said her spirit was strengthened by the knowledge that the issue of her guilt or innocence would soon be settled.

"I deeply appreciate your concern over my weak heart," she told Dr. McNamara, "but I am not afraid. I want to get it over with. Even now I feel stronger, because I know the trial will soon begin."

Dr. McNamara acknowledged that her pulse was stronger. He and the lawyers acquiesced to her will and left for the Criminal court to notify Judge Joseph B. David and the prosecutor, Assistant State's Attorney Charles S. Dougherty.

Must Walk in Courtroom.

Mr. Dougherty agreed to Dr. McNamara's suggestion that the defendant use a wheel chair on her journeys between the jail and courtroom, alighting at the courtroom door to walk to her chair before the bench. His only concern, the prosecutor said, was that the jury not be swayed to sympathy by a display of Dr. Wynekoop's invalid condition.

Judge David interposed some observations of his own on that score.

"I will tolerate no play acting on the part of either side," he said. "The defendant's relatives may be with her in court, but I don't want them artfully grouped around her chair, and I want no mourning."

Daughter May Attend.

Attorney Tyrrell asked whether the defendant's daughter, Dr. Katherine Wynekoop, resident pediatrician at the county hospital, might attend her mother during court. The judge said the mother and daughter might sit together.

"The wheel chair will be all right, if it's necessary," the judge continued. "But you may be sure I will keep the jury in chambers until the defendant is seated with her counsel, and have the jury leave before the defendant starts her departure. The jury should not see the wheel chair."

"And I won't tolerate any frivolous questions or quibbling over the selection of a jury," he admonished. "A special venire of 125 has been drawn and I expect the selection of a jury promptly. I want no questions over a juryman's religion or his fraternal affiliations."

"Can't we even ask a juror about his medical affiliations?" remonstrated Prosecutor Dougherty.

"You know physicians are not drawn for jury service," said the judge, "but you can have a whole jury of physicians if you want it."

Attorney Smith said such a plan would be wholly satisfactory to the defense, but Mr. Dougherty was silent. With a final admonition against "trying the case in the newspapers," Judge David dismissed the lawyers.

MISS MAGUIRE'S COMA SEEMS TO BE NEARING END

New hope that Patricia Maguire, 27 years old, is approaching consciousness in her long fight against the sleeping sickness which has held her in a coma since Feb. 14, 1933, was felt yesterday when she became unusually restless. It was the most restless day the girl has had for months, her mother, Mrs. Peter Miley, said.

In fact Patricia has encouraged her family considerably by her recent activity. Her mother said the other day the patient lifted her feet up from the bed of her own accord for the first time since she was stricken.

Yesterday morning when Mrs. Wiley was feeding Patricia her breakfast, she jokingly told the girl not to eat any more cereal if she didn't want it. "Pat promptly made a face and set her jaw," Mrs. Miley said.

LAUNDRY CASHIER ROBBED.

Miss Hazel Nash, 24 years old, cashier of the Sunshine laundry, 2915 Cottage Grove avenue, was held up yesterday by three bandits who invaded her office and forced her to hand over $50.

MEXICO NIPS PLOT TO KILL THREE OF CALLES FAMILY

MEXICO CITY, Jan. 10.—(AP)—The arrest of an unrevealed number of persons here and in Monterrey in connection with a conspiracy to kill Rudolfo Elias Calles, governor of Sonora and son of former President Plutarco Elias Calles, was announced today by Federal Deputy Alejandro Lacy Jr.

He said the plotters planned to assassinate not only Gov. Calles, but also his father and brother, Plutarco Elias Calles Jr., mayor of Monterrey.

Leovigildo Gomez, one of those arrested, was said by Lacy to have confessed the ramifications of the plot and to have admitted that the conspirators were members of opposition parties.

Capt. Ignacio Jimines, military aide to Gen. Lazaro Cardenas, presidential candidate, was shot to death today by a policeman in the lobby of a hotel after an argument over his refusal to register.

Actress Involved in Film Cowboy's Death Is Jailed

Los Angeles, Cal., Jan. 10.—(AP)—A film actress, Alla Lessert, who often appeared in the picturization of western novels, pleaded not guilty today to a charge of murdering Tom Bay, motion picture cowboy, who was shot last Oct. 11. Superior Judge C. W. Fricke remanded her to jail without bail and ordered her to trial Feb. 8. She has been in a hospital most of the time since the shooting, recovering from an allegedly self-inflicted wound in the chest.

REFUSES TO CITE 8 IN STONE CASE FOR CONTEMPT

Judge Will Replace Theater Receiver.

Superior Judge Robert E. Gentzel yesterday dismissed a petition for a contempt citation sought against eight prominent men in a case growing out of the bankruptcy of H. O. Stone & Co., $13,000,000 realty concern.

The citations were sought against Avery Brundage, chairman, and Francis R. Blossom, Horatio B. Hackett, J. L. Kraft, and Charles M. Mederwell, members of the Stone bondholders' committee; against James G. Alexander, president of the Chicago Realty Finance company, organized to liquidate the Stone company assets; against Attorney James Conger, counsel for the bondholders' committee, and against Abner J. Stilwell, vice president of the Continental Illinois National Bank and Trust company.

Charges Misappropriation.

Attorneys Mort D. Goldberg and Milton M. Adelman have sought the contempt citation on a charge that Alexander's company had misappropriated $10,000 by renting out personal property in the Sheridan theater, 4038 Sheridan road, on the strength of a bill of sale, which Goldberg and Adelman contended was wrongfully obtained.

The issue was confined to the Sheridan theater alone, that being the only Stone property receivership in Judge Gentzel's court, the main Stone receivership being before Federal Judge Charles A. Woodward. While dismissing the contempt petition, Judge Gentzel announced the Sheridan theater receiver, the Chicago Title and Trust company, had acted under bad advice, and will be replaced.

Receiver "Ill Advised."

"I don't think any willful deception has been practiced on this court," the judge said, alluding to the rent order the receiver had originally got from him. "But it is evident that the bondholders who did not deposit with the committee were not given a square deal. The receiver has been ill advised, and the receiver's attorneys, Fisher, Boyden, Bell, Boyd & Marshall, were in a doubtful position by acting both for the receiver and the bondholders' committee."

Mr. Stilwell, mentioned yesterday in a newspaper account of a supposed $525,000 concealment of Stone company assets in a sale of the Evanshire hotel, yesterday produced ledgers of the Stone account in the Continental bank to show that all of the $525,000 had been accounted for and credited to the Stone account.

Five former officials of the Stone company, convicted of violating the bankruptcy laws and sentenced to twenty years' imprisonment by Judge Woodward, prepared yesterday to go through with the new trial, which was granted by the federal Appellate court.

Defendants to Be Ready.

Assistant United States Attorney Joseph A. Struett obtained assurance before the court yesterday that the defendants will have counsel and be ready for trial next Monday. The five had previously claimed they were unable to obtain counsel, wherefore Mr. Struett was ready to move for appointment of attorneys by the court.

Henry F. Norcott, former president of the Stone company, announced he would be represented by Attorney Elwood Godman. Harold D. Bennett, W. Scott Carroll, and Charles P. Packer Jr., said they had retained Attorney Alvin G. Hubbard. Leslie A. Needham, former general counsel for the Stone company, said he would retain an attorney before Monday, or appear for himself.

Bauler Trial Is Delayed; Operate Today on Ahearn

An operation will be performed today on Policeman John J. Ahearn to remove the bullet with which he was shot during a brawl which took place on Dec. 19 in front of the saloon at 343 West North avenue, owned by Ald. Matthias [Paddy] Bauler of the 43d ward. The operation will be performed by Dr. Frederick A. Rettig, chief surgeon at the Alexian Brothers hospital. The bullet lodged close to Ahearn's spine. The policeman is now under suspension and Bauler is under indictment on a charge of assault to kill. The alderman's trial was continued yesterday by Judge Donald S. McKinlay until Feb. 2, awaiting recovery of Ahearn.

NELSON ATTACKS HIS INDICTMENT; COUNCIL CHEERS

Ald. Oscar F. Nelson of the 46th ward arose yesterday in the city council session and, speaking on a point of personal privilege, made a bitter attack against Gordon L. Hostetter of the Chicago Employers' association who, he charged, was responsible for Nelson's indictment in the racket conspiracy case. A jury is being selected in Judge Philip J. Finnegan's court to try the alderman and 17 other defendants on charges of conspiracy to stifle trade by violence and intimidation. Only four jurors have been selected.

Ald. Nelson declared that his only connection with the case, which involves alleged racksteering in the cleaning and dyeing industry, came through legal services for the Laundry Drivers' union, a client.

Commenting upon the fact that Al Capone was one of those indicted, Ald. Nelson said: "I have never had any dealings with Capone. I met him but once in my life, and then unexpectedly in the office of Edward J. Brundage, the former attorney general of Illinois. The name of Capone was included in the indictment merely for publicity purposes."

Members of the city council applauded Ald. Nelson's statement.

Ted Healy, Comedian, Sued for $8,045 Back Alimony

Los Angeles, Cal., Jan. 10.—(AP)—Ted Healy, stage and screen comedian, was sued for $8,045 today by his former wife, Elizabeth Nash, who said he owed her that amount in back allmony.

Police Hunt Taxicab Driver After He Robs Passengers

The Summerdale police yesterday were seeking the driver of a taxicab who robbed two passengers, after holding them prisoners in the cab for more than an hour at Hollywood avenue and Sheridan road. The victims are Robert Levy, 600 Diversey parkway, and Miss Verna Gorman, 22 years old, a governess in the Oscar F. Mayer home at 5727 Sheridan road, who hired the cab at Jarvis avenue and Sheridan road to take them to the Uptown theater. Miss Gorman said the driver apparently was intoxicated. He displayed a gun and took a $40 ring from Miss Gorman and $10 from Levy.

BOARD'S RULING RAISES PROTEST IN MINE FACTION

Defiance Is Indicated by Progressives.

Rumblings of discontent over a decision of the regional coal labor board here upholding a wage contract between the United Mine Workers and the Peabody Coal company at mines No. 43 and 47 in Saline county, southern Illinois, were heard last night at headquarters of the Progressive Miners union at Gillespie, Ill.

While officials of the United Mine Workers at Harrisburg, the Saline county seat, were hailing the decision as a major victory for their union, Gov. Horner took cognizance of the sullen disposition of the Progressives in a proclamation issued at Springfield. The governor called upon Saline county authorities to suppress any effort to obstruct the reopening of the two mines. Picketing Progressives have kept them closed for more than eleven months.

Tells Officers to Act.

"The coal board was appointed by President Roosevelt and its decision has the effect of law, and should be respected as such," Gov. Horner said. "Any attempt by force or violence to obstruct the carrying out of this decision will constitute a violation of the laws of the United States and of Illinois, and the law enforcing officials of Saline county will be required, under their oath of office, to use every proper means to prevent such violence or disorder. In this connection, it is my determination, as chief executive of the state, to see that law and order are maintained."

In a statement issued at Gillespie, where the Progressive executive board was in special session, the union's president, Claude Pearcy, issued a statement intimating that the Progressives will not accept the labor board's decision.

"It was evident to us that a board of that nature could not be fair," said Mr. Pearcy, with an obvious reference to that fact that one of the three members, Ora Gasoway, is a member of the United Mine Workers, and ignoring Dr. Lapp's statement that Gasoway did not participate in the Peabody decision.

Decision No Surprise.

"We never expected any other decision," Mr. Pearcy said. "I can say that the miners of Saline county will never go back to work under a contract with the United Mine Workers of America."

Mr. Pearcy went on to charge that a union referendum, ordered by the labor board at Mark, Ill., next Wednesday, on petition of the Progressives that the Mark operators had signed a United contract against the will of a Progressive majority, was being framed. The Mark operators are now importing United Mine workers from the Peabody mines to swing the election, he charged.

The labor board's ten page decision in the Saline county case reviewed the history of the controversy, which originated in August, 1932, when John L. Lewis and other United Mine Workers officials at Springfield signed a wage contract with Illinois operators after a referendum. One faction of the union claimed a majority of the men were opposed to the contract and charged theft of votes in the referendum. It was immediately after the Springfield episode that the Progressive union was formed.

Board Explains Decision.

"No claim was made that the contract in question is an oppressive contract," the labor board held. "It is, in fact, identical in language with the one now used by the Progressives. It is in the province of the courts, rather than the labor board, to determine whether the contract is valid, and no lawsuit has been filed to test its validity.

"The board respectfully submits that until this contract has been set aside by due proces of law the board has no alternative but to accept the contract as lawful. If the board invalidated the contract it would be going beyond its constitutional powers and would immediately throw the whole question of the validity of the NRA into the courts, with resultant confusion in the mining industry. Contracts of Progressives would be subject to invalidation along with contracts of United Mine Workers."

Gets Fine and 6 Months for Mortgage Swindle

Marek Krause, 42 years old, head of the Krause Mortgage and Bond Organization, Inc., 1726 West Chicago avenue, was fined $600 and sentenced to six months in the Bridewell yesterday by Judge J. William Brooks for securing a signature on a second mortgage by false pretenses. Krause was arrested on complaint of Walter Wayda, 47 years old, whose home at 851 North Kostner avenue was involved in the mortgage deal.

Thief Who Looted 21 Schools Gets Year to Life

Alfred Stevens, 24 years old, who confessed robbing 21 public schools, was sentenced to one year to life in the penitentiary yesterday by Judge Philip J. Finnegan. Stevens, who slept in the Ravenswood school while conducting his campaign for burglary, was arrested there by a policeman assigned to halt the petty thefts. Stevens' total loot approximated $200, according to Clayton Cusack, school inspector.

Three Miners Indicted for Killing of Another

Taylorville, Ill., Jan. 10.—(AP)—Indictments charging murder of W. D. Hunt were returned by the Christian county grand jury today against Jack Glasgow, James Wilson Sr., and James Wilson Jr. The four men were miners and Hunt's death resulted from wounds received during a street gun fight Dec. 23.

FALSE TEETH
Can Not Embarrass
Most wearers of false teeth have suffered real embarrassment because their teeth dropped or slipped at just the wrong time. Do not live in fear of this happening to you. Just sprinkle a little FASTEETH on your plates. Makes false teeth stay in place and feel comfortable. Sweetens breath. Get FASTEETH at Walgreen's or any other good drug store.

SILENT ON MURDER

Mrs. June Van Doren Eckman.
[TRIBUNE Photo.]

The secret of the murder early yesterday of Peter John Stacey, 24 years old, 2103 Erie street, a student barber, was believed by police last night to be held by the young woman who accompanied him on a tour of roadhouses Tuesday. But the young woman would not divulge it. She is Mrs. June Van Doren Eckman, 23 years old, the wife of Clarence Eckman who was sent to Joliet prison four months ago.

Mrs. Eckman embraced Stacey as he lay dying in St. Mary's hospital. She and two young men, whom she refused to name, took Stacey to the hospital with two bullets in his head early in the morning. Her two companions then jumped from a hospital window and fled.

Mrs. Eckman gave her address as 6309 South Ashland avenue. Her husband is in prison for robbery. Police Capt. Frank Matchett of the West North avenue police said Eckman might have heard of his wife's romance with Stacey and arranged with criminal friends to have Stacey killed.

At the police station Stacey's widow, Antoinette, confronted Mrs. Eckman and begged her to tell who shot Stacey and why. But Mrs. Eckman would not.

YOUTH WHO FLED WITH PARENTS' SAVINGS CAUGHT

Leroy Behnke, 16 years old, ran away from his home at 820 North Marshfield avenue on Tuesday. It was his intention to go to Miami, Fla., by a roundabout course. To make sure of getting there he took $2,325 that his parents had saved. And to insure that he would not be lonely he took along a companion, John Kanarski, 21 years old, 1411 West Erie street.

Last night Leroy and John were stopped by police at Jefferson City, Mo., because they had no state license plates on the new coupé they were driving. Their explanations were not satisfactory and the Chicago police were asked about their status. That was easy to answer, as the elder Behnkes had already asked help in catching Leroy and, more particularly, the $2,325.

An investigation disclosed that the lads had left $1,050 with Helen Kanarski, a sister of John. They had purchased the automobile in Kansas City for $753. They had with them a little over $500. The remainder of the stolen money they had spent in riding a plane from Chicago to Kansas City. As the pair announced they would not fight extradition and as Helen Karnarski had surrendered the $1,050, it appeared the Behnke parents would not lose greatly by the projected trip to Miami.

VIGILANTES ALL SET FOR ROBBERS; FORGET IN CRISIS

Kansas City, Mo., Jan. 10.—(AP)—After the National Bank and Trust Company of North Kansas City had been robbed twice, citizens decided something had to be done. A vigilante system was organized.

Their identification kept secret, doctors, dentists, grocers, and others armed themselves with rifles. National guardsmen trained them in markmanship. A siren was installed atop the city hall to serve as a summons.

Today three robbers entered the bank. Covering customers and bank officials with pistols, the robbers seized $3,000. Then they reëntered a motor car and sped away safely.

In the excitement, somebody forgot to sound the siren.

Claire Windsor Will Not Oppose New Love Trial

Los Angeles, Cal., Jan. 19.—(AP)—An attorney for Claire Windsor said today an appeal will not be taken from the court ruling ordering a new trial of the $100,000 love theft suit Mrs. Marian Y. Read brought against the blonde actress. The Oakland matron was awarded $75,000 by a jury last Sept. 14. She had accused the actress of stealing the affections of Mrs. Read's former husband, Alfred C. Read Jr.

Girl and 2 Men Rob Shop of $25 and 25 Dresses

A young woman and two men yesterday held up the Smart Togs dress shop, 328 North Michigan avenue, and forced the owners, Harold and Mary Cody to surrender $25 and 25 dresses valued at $200.

COUNCIL HOSTILE TO TRANSIT LINES' PLEA FOR DELAY

Committee Appointed to Visit Wilkerson.

The request of the transit lines security holders for a six months' extension of the deadlines for acceptance of the 1930 unification franchise ordinance met with opposition in the city council yesterday afternoon. The deadline now falls on Jan. 31.

Action on the request was unanimously deferred and a subcommittee of ten members was named to confer with Federal Judge James H. Wilkerson on the whole question of the merger. The transit properties are in federal receivership and under the jurisdiction of Judge Wilkerson.

During a discussion of the request by the council meeting as a committee of the whole, several aldermen declared that they would not vote for the extension period until there was assurance that some of the improvements contemplated under the merger plan would be put into effect at once.

Meet Again Tomorrow.

After another session last night the committee adjourned until tomorrow morning without having decided on any questions to ask Judge Wilkerson. The adjournment was taken to give the new aldermen on the committee an opportunity to familiarize themselves with the ordinance.

Among the questions suggested but on which no vote was taken were queries concerning the financial condition of the transportation companies and their ability to carry out the provisions of the ordinance, and the attitude of the bondholders of the various companies to the reorganization plan proposed by Attorney Walter L. Fisher.

It was also proposed that the committee urge Judge Wilkerson to order the receivers of the traction properties to institute a universal transfer between the elevated and surface lines pending completion of the merger.

Mayor to Attend Conference.

Mayor Kelly, who counseled the aldermen against hasty action, will accompany the aldermen when they visit Judge Wilkerson. Also present will be Attorney Fisher, who brought the conflicting bondholders of the transit system into an accord on a new financial setup.

Members of the council committee are Thomas J. Daley [7th], Arthur G. Lindell [9th], James J. McDermott [14th], O. E. Northrup [19th], John Toman [23d], John S. Clark [30th], Walter J. Orlikoski [35th], Roger J. Kiley [37th], Dorsey R. Crowe [42d], and John A. Massen [48th].

"I'm not prepared to make a statement one way or the other," the mayor said during the discussion of the extension request. "I don't know if I'm for the extension or not. The new aldermen of the council have not had time to digest the ordinance. They should be given time. As mayor I am not for the extension ordinance unless the people of Chicago will get what it promises them. After the council has acted you will hear from me."

Wants Universal Transfer.

"I will not vote for an extension unless we are assured by Judge Wilkerson that he will enter an order directing the immediate establishment of the universal transfer and perhaps some other improvements," said Ald. Bowler, who is chairman of the local transportation committee and also heads the committee named yesterday.

Ald. Northrup declared he was opposed to a six months' extension under any circumstances. Ald. Clark assailed the pending franchise ordinance as "strictly an Insull ordinance that had been perpetrated upon the public by means of brilliant pieces of literature."

RESCUE THREE FISHERMEN LOST ALL DAY IN LAKE

(Picture on back page.)

Coast guards at Kenosha early today found and towed into shore three Waukegan fishermen who had been adrift in a boat and battling the waves of Lake Michigan for more than 36 hours. The guards reached Kenosha at 3 a. m. and notified Adam Detloff, harbor master at Waukegan, who had taken part in the search through the day.

The rescued are Capt. Frank Reckendorf, 52 years old, 202 Harbor place, Waukegan; Jack Johnson, 62 years old, 441 Fulton avenue, Waukegan, and Ernst Peters, 30 years old, of Zion.

They had left the Waukegan harbor at 10:30 a. m. Tuesday on their 35 foot motor boat, the White Flier, to fish. At 3 p. m. Tuesday the motor went out of commission and thereafter they drifted. They were forty miles east and north of Waukegan when the coast guard crew, commanded by Daniel Magnussen, found them at 7 p. m. yesterday. They were unharmed by their experiences.

HELD IN THEATER ROBBERY.

James O'Hare, 33 years old, was held to the grand jury yesterday by Judge Harold P. O'Connell in bond of $5,000 for the alleged robbery of the cashier of the Symphony theatre, 4937 West Chicago avenue, last Sunday.

INFANT KIDNAPED BY FAKE PUBLIC RELIEF WORKER

Nurse Takes Baby from Home on Ruse.

New York, Jan. 10.—[Special.]—A young woman, apparently refined, was hunted by the police today as the kidnaper of Patricia Luciano, 23 days old.

Detectives appeared certain that it was not a kidnaping for ransom. The parents, Mr. and Mrs. Edward Luciano, are virtually penniless and dependent on public relief.

A forged letter, purporting to be from the home relief bureau, was used by the kidnaper to get possession of the infant, probably the youngest ever kidnaped in this city.

The woman who took the baby is about 30 years old. She spoke in soft, cultured accents and wore dark glasses that served almost as a mask. She wore a knitted white hat, white gloves, and a brown coat.

Hands Mother a Note.

She called at the Luciano flat in 7th street Tuesday afternoon with the false letter. She read it to Mrs. Luciano as follows:

"Dear Mrs. Luciano:

"We are having Infants' day and we are asking you to let your infant baby come. If you have no objection, the nurse, Mrs. Morley, will bring baby and bring it back as soon as show is over. Won't be but an hour.

"The Red Cross is giving $25 clothing to each infant that really needs it, and the Home Relief is giving a baby carriage or crib. So please tell nurse, Mrs. Morley, the one you want. We hope that you will let the baby come, as it will help lots. Yours truly, Home Relief."

Signed with Authority's Name.

Below this was written the name, "Taylor," apparently meant for Frank J. Taylor, who was commissioner of welfare until Jan. 1.

Detectives believed the message was written with a toy typewriter, except the signature of "Taylor," which was inscribed with pencil.

Mrs. Luciano told detectives the woman had calmly remained in the flat about 15 minutes during her visit. She took some money out of a shoe before she left and gave 15 cents to Theresa, the Lucianos' 3 year old daughter.

Urged to Attend.

As Mrs. Luciano wrapped the baby in blankets for the trip the young woman even urged her to "come along and see the party."

Mrs. Luciano could not go to the party. She had Theresa to care for and she had just sent her other baby, Nicholas, 15 months old, to the Oyster Bay Health colony for treatment for rickets.

She waited beyond the hour specified in the note and then inquired at the home relief bureau at Spring and Elizabeth streets. There was no party there, the bureau had sent no letter and knew of no "Nurse Morley."

The mother reported immediately to the police.

Robbers Hold Up Grill, Patrons Fail to Notice

Operating so quietly that a dozen patrons were unaware of their presence, two robbers yesterday invaded the Dickson grill, 410 North Michigan avenue, and robbed the cashier, Miss Marian Fenyes, 22 years old, 2046 Lane court, of $200. Among the guests were John Seys, vice president of the Cubs ball team, and Pat Flannigan, radio sports announcer.

MINE OPERATORS BLAME DECLINE ON RATE OF GAS

I. C. C. Hears Charge of Unfair Competition.

Hearing was begun yesterday before the Illinois commerce commission against the Peoples Gas, Light and Coke company on charges of price discrimination. Coal mine operators and mine workers banded together in charges that unfair and discriminatory rates on natural gas have been made to a few large industrial consumers of gas and that these low industrial rates compete unfairly with the coal market.

W. J. Jenkins, president of the Illinois Coal Operators' association, told the commission that the number of shipping mines, which produce 92 per cent of the state's coal, had declined from 202 in 1929 to 162 in 1931. He charged that "dump rates on natural gas are unfair to the coal industry of the state."

Cites Decline in Labor.

His testimony was followed by that of Fox Hughes of Herrin, Ill., vice president of the United Mine Workers of Illinois, who said that the number of miners employed in the state had decreased from 65,508 in 1928 to 51,554 in 1932. Hughes said that there had been a slight improvement in working days this winter.

A. B. Steffens of Chicago, president of the Indiana and Illinois Coal company, told the commission that the use of natural gas by Swift & Co. had caused their coal consumption to drop from 300,000 tons to 215,000 tons last year.

Walter L. Beebe, attorney for the mine operators, introduced testimony given by F. L. Daily, attorney for the gas company, at a previous informal hearing. This testimony was to the effect that the use of natural gas by big consumers had displaced the consumption of coal at the rate of 664,000 tons a year.

Mine Closings Listed.

In the informal conferences that preceded yesterday's hearing the commission had heard testimony that because of the substitution of natural gas for coal many mines had been closed and thousands of miners and railroad employés thrown out of work.

The petition on which the hearing was based was filed by Jenkins and Steffens as gas users. They charged that Swift & Co. were shown preference over home owners and that the gas company is selling gas to the big industries at a price less than the cost of production.

GOVERNOR OLSON REFUSES TO SIGN CONTRACT BILL

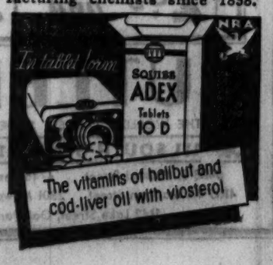
St. Paul, Minn., Jan. 10.—(AP)—Gov. Floyd B. Olson today refused to sign a bill passed by the special legislature which would have amended an emergency law passed a year ago suspending for two years the cancellation of contracts for deed.

"This chapter," the governor said, "is designed to prevent the inequitable collection of real estate contracts or contracts for deed, and any attempt to make any exception to that act is entirely contrary to the spirit of that act and inconsistent with its intent to alleviate the distress caused by the present emergency.

The measure as originally passed is effective until April 1, 1935.

Meet the extra tax of winter

with good resistance
It's a common experience—to be out in wet weather and then come down with some uncomfortable winter ill. In fact, most people can only afford to be out in bad weather if they are thoroughly protected.
What they often fail to realize is that bundling up and keeping their feet dry isn't all that helps them escape the effects of exposure. Another equally important precaution is *to build good general resistance!*
The time has arrived when people are interested in *keeping* well instead of waiting to build up after they're ill. They are learning how to take *advance* precautions for reasons of increased comfort and efficiency. Many use a *resistance-builder*, regularly *every day*.
Naturally they turn to the source that has helped keep people well for centuries—*good* cod-liver oil. Only now they obtain the protective benefits of its vitamins in modern form—with *Squibb Adex Tablets-10 D!*
Each Adex tablet provides 1500 units of resistance-building Vitamin A and 2450 units of sunshine Vitamin D.
Now—at any reliable drugstore—Squibb Adex tablets. Made by E. R. Squibb & Sons, manufacturing chemists since 1858.



MOTHER OF 2 IS CONVICTED; PASTOR NAMED

Illicit Love Charge Is Upheld by Jury.

[Continued from first page.]

woman with a thin face, large blue eyes overshadowed by a drooping reddish hat of outmoded lines, and an austere manner not ordinarily associated with "spooning" or like performances, denied her husband's charges in her testimony. Later she listened impassively, which was more than the jury did, while a letter identified as having been written by her to her husband was read to the jury. The letter relates that she "spooned with the preacher."

No Specific Proof.

Frank Kerr of Oregon, who, with C. F. Mammenga of Oregon, represented the plaintiff, was hesitant in manner when he began his summation of the case in closing pleas, pointing out that it was true they had no proof of any specific act of adultery with the Rev. Williams, but urging the jury to consider the difficulties attached to obtaining such evidence. As he continued he warmed to his subject. Frequently titters were audible from the audience, which contained more than one member of the Rev. Williams' present pastorate, a Congregational one, in Lamoille. His former church was a Methodist Episcopal church.

"You know that a minister likes to be called a lamb in sheep's clothing," Kerr said, addressing the jury. "But the Rev. Mr. Williams was a wolf in sheep's clothing, and Mrs. Herzfeldt was not afraid of the Big Bad Wolf."

Reading from the letter with dramatic emphasis, Attorney Kerr declared:

"I admitted I went out nights with Williams; that he came down to the house to see me; that I gave them both money and sent them food and accepted jewelry from him. I confessed to you the first night I went with him I went on my own free will and we went to Rockford. I went to the creek one day with him and we took drives all over.

Attorney Waxes Sarcastic.

"Yes, gentlemen, and what did they go fishing for?" he continued. "To quote passages of the Bible? And when she was on the stand did she deny that she spooned with the preacher? No, she did not. In the confession she signed she admitted having committed adultery with the preacher. In her letter, written 10 days later, or on June 22 last, she doesn't go that far, but she says, 'I think eventually I would of been that weak,' reading from her letter."

Surveying the faces of the 12 men before him, at least half of which were topped by gray or thinning hair, the attorney called their attention to testimony of a neighbor that Mrs. Herzfeldt had waited in the fall of 1931 behind a lilac bush near his place until the minister's car came along, when she seated herself in it beside him.

Challenges Jury.

"I bet your wife would consider it supicious if any of you gentlemen met a woman seven blocks from home," he said.

Gus S. Brown of Rockford, attorney for Mrs. Herzfeldt, pointed out in his argument that he had asked all but one of the plaintiff's witnesses if he or she had seen Mrs. Herzfeldt and the Rev. Williams commit adultery, or seen him in circumstances they had or intended to commit adultery, and they all answered in the negative.

Mrs. Herzfeldt, who is the mother of two children, testified in her defense in the morning. She is 33 years old. As she walked up to the witness chair the run down heels of her shoes were visible. Herzfeldt, a tall, blond man who is foreman of a Mount Morris print shop, watched her with apparent interest, his mouth twitching in a half smile.

She explained that the testimony of a Mount Morris florist to the effect that she was in the Rev. Williams' car when he entered the shop to buy flowers on one occasion was correct, as it happened, she said, she was chairman of a church dinner and the flowers made their appearance as a centerpiece at the dinner.

Tells Her Story.

Asked by her attorney to tell of the events of last June 10, a Saturday night, she said: "My husband came home and talked to me about the $600 Mr. Williams owed him. He said did I think they would pay him. I said I didn't see how they could then, as they didn't have it. He talked until 2:30 a. m., he cursed me, and told me I had been intimate with Williams, that he knew I had been all over the county with him, and accepted jewelry from him, and that I was an untrue wife. I denied it. He told me if I wanted to stay with him I would have to sign a confession. If I didn't he was leaving, he said. At 3 o'clock the next morning I signed it."

In reply to a question by her attorney Mrs. Herzfeldt testified: "I have never at any time committed adultery with W. C. Williams."

Mrs. Williams, a fresh cheeked woman with short brown hair and blue eyes partly concealed by spectacles, was questioned by Attorney Brown.

HOW THE TRIBUNE STOLE A MARCH ON COMPETITORS

Veteran Employe Recalls Coup of 50 Years Ago.

Newspaper feats of more than half a century ago were recalled the other day by Albert Wilkes, perhaps the oldest living employé of a Chicago newspaper mailing room, when he called on the publisher of THE TRIBUNE to extend New Year greetings. Mr. Wilkes is a pensioner of this newspaper.

It was in the fall of 1878, a little more than 55 years ago, that Mr. Wilkes, then a sturdy lad of 14 years, just out of the Skinner public school, came downtown on the horse car one afternoon, seeking the job that was to be his life work. He went to THE TRIBUNE plant, then situated at Dearborn and Madison streets.

The scars of the great fire of 1871 were pretty well healed and the booming city of 500,000 people, with its gas lit streets paved with wooden blocks, was again assuming the up to date appearance of the metropolis of the middle west. THE TRIBUNE, one of four dailies in the morning field, was thriving on a circulation of about 24,000.

New Distributing System.

But THE TRIBUNE organization, then directed by Joseph Medill, editor in chief, was not satisfied with this showing. Out of Mr. Medill's demand for a broader circulation was evolved a unique distributing system, which Mr. Wilkes recalls as one of the notable circulation feats of the time.

With the horse car lines extending no further than two miles and the circulation wagons too slow to reach outlying suburbs, Mr. Medill insisted nevertheless on morning delivery to such remote suburbs as Des Plaines. His demand was met with specially chartered hand car on the Chicago and North Western tracks.

For many months, Mr. Wilkes recalls, THE TRIBUNE was delivered daily before breakfast to a growing list of subscribers in Des Plaines, to the consternation of competitors, who could not discover how the feat was done. The hand car was the most carefully guarded secret in THE TRIBUNE organization, he says. Let Mr. Wilkes tell the story.

Piece of Tribune Enterprise.

"It was a previous piece of TRIBUNE enterprise that resulted in my being hired," he says. "Conrad Kahler, then foreman of the pressroom, was perfecting the machine that took papers off the press already folded, and has since been adopted throughout the world. A boy was needed to carry the papers from Mr. Kahler's folder to the mailing room, and so I got a job.

"I wasn't let in on the secret of the hand car right away. Billy Smith, who was paymaster, circulation manager and to my boyish mind the biggest man on the paper next to Mr. Medill, had me doing other things.

"Beginning about 7 p. m., I would be running copy every half hour from the Associated Press office at La Salle and Washington streets to the editorial room. Then, as press time came along, I would scurry down the alley beside McVicker's theater to the kitchen of Chapin & Gore's buffet for fruit crates to kindle a fire for the stereotypers' melting pot. There were no gas or electric furnaces in those days.

Let in on Secret.

"I will never forget the night I was first called to help on the Des Plaines circulation route. Billy Smith told me I was to be let in on a secret, which had everybody guessing, and impressed on me the importance of guarding the secret well.

"We loaded the one horse wagon with the bundles marked for Des Plaines and, with a lookout to watch for spies, drove by a twisting route to a padlocked shanty along the North Western tracks at Milwaukee avenue off Lake street. There stood the hand car.

"Many times since, I have watched THE TRIBUNE trucks roar away under Michigan avenue with an exclusive story that might boost that morning's circulation a hundred thousand. But I have never had a keener thrill than I had the night I first tossed a few bundles on that hand car and saw the crew start pumping down the track past the green light at the switch."

Joins the Inter Ocean.

The secret of the hand car was long exposed when, in 1886, Mr. Wilkes left THE TRIBUNE for the Chicago Inter Ocean. There he remained until the night of May 4, 1914, when that paper ceased publication and he returned once more to the paper on which he had started. The other competitors of that time, the Times and the Herald, have since followed the Inter Ocean into extinction.

Mr. Wilkes remained with THE TRIBUNE until a year ago when, in the evening of a useful life, he retired to leisure at his home, 3812 Elm avenue, Brookfield. His son, Harry Wilkes, carries on in THE TRIBUNE mailing room.

Indiana Child Is Born with Mumps, Mother Ill

Wabash, Ind., Jan. 10.—[Special.]—A local doctor today reported an unusual case, that of a child being born with an attack of mumps at the time of birth. The child is that of Mrs. Everett Dawes. The mother had been suffering with mumps for four days prior to birth of the daughter.

Gets Year to Life as Guilty of Armed Robbery

Rock Island, Ill., Jan. 10.—[Special.]—Gilbert Thorpe, 18, of Moline, Ill., was sentenced to from one year to life today in the reformatory at Pontiac by Judge Nels A. Larsen here today on a plea of guilty to robbery while armed.

$210,000 NOW DUE SCHOOL BOARD IN DELINQUENT RENT

Plan Legal Action to Collect.

A report showing delinquent rents for school property totaling $210,466 was presented at the meeting of the board of education yesterday. The board referred the data to its special real estate committee, headed by Trustee Andrew O. Jackson, and it was hinted that in some cases legal action would be taken against lessees. The rent payments could be applied immediately on teachers' salaries, if collected.

Since a campaign was begun several months ago the school board obtained approximately $100,000 from lessees of loop property and the money was used for the Christmas pay day. Legal action is pending against the 32 South State street property, which owes the board $38,000 in back rents.

Properties Owing Rent.

The properties and the amount of back rent due on each as outlined in the report were as follows:

Premises	Delinquent rent
21 and 23 South Dearborn street	$ 95,666
71st street and Jeffery avenue	35,000
103d street and Michigan avenue	11,912
13 South Halsted street	2,970
20th street and Wentworth avenue	6,174
11532-40 South Michigan avenue	6,990
Municipal airport and other leases with city of Chicago	50,639
Minor leases	1,115
Total	$210,466

City Prepares to Pay.

The rental report, which had been prepared by William Sheehan, head of the board's real estate department, explained that the city controller stated that vouchers for the rents owed by the city had been made up but funds were not available.

A communication from James B. McCahey, president of the board, pledging cooperation of the schools in the drive for funds for President Roosevelt's Warm Springs, Ga., foundation for infantile paralysis patients was adopted unanimously by the trustees.

Hunt Plane with 4 Aboard Missing in the Subarctic

[Chicago Tribune Press Service.]

MONTREAL, Quebec, Jan. 10.—Canadian Airways today sent a plane to the sub-arctic to search for another plane of the company which left Moosonee, on James bay, for Povungnituk, on the east coast of Hudson bay, on Dec. 20. The plane, which carried four persons, has not been heard of since. The search plane, containing a pilot and engineer, landed late today at Noranda. The searchers will spend the night there and proceed to Moosonee tomorrow.

Titulescu Accepts Post

BUCHAREST, Rumania, Jan. 10.—(AP)—A crisis in the Rumanian cabinet, dating from the assassination of Premier Ion G. Duca on Dec. 29, was cleared up today when Nicholas Titulescu went to Sinaia to be formally sworn in again as foreign minister by King Carol. After Duca's death at the hands of an anti-Semitic Iron Guard member the veteran statesman had threatened to resign because, he charged, the government did not act forcefully enough against the organization.

ROBED JUSTICES TO HEAR APPEAL OF NUDIST CASE

Lansing, Mich., Jan. 10.—[Special.]—The piquant question as to whether Michigan residents have a right to disport in the nude in the privacy of secluded camps is to be pondered soon by the heavily robed justices of the state Supreme court. That was determined today. The case of Fred Ring, former proprietor of a nudist camp near Allegan, will go to that court on appeal.

Ring, erstwhile Kalamazoo dancing teacher, is under sentence of the Allegan Circuit court to pay $300 fine and serve 60 days in jail following his conviction for indecent exposure.

In appealing Ring says he was not actually nude when the raiding officers arrived. He cites the fact that high power binoculars were used from the adjoining premises.

Gov. William A. Comstock's office announced today that a letter had been received from Harry Wayte, Kalamazoo archery equipment manufacturer, suggesting that tracts of abandoned land which have reverted to the state for taxes be set aside for the use of residents and visiting nudists to protect them from "snoopers and Peeping Toms." That would aid tourist trade, Wayte suggested.

Drop Suit in St. Louis Against McMillan Widow

St. Louis, Mo., Jan. 30.—(AP)—A suit for $50,000 against Mrs. Lucie McMillan, widow of Sir Northrup McMillan of London, brought by four sons and two daughters of William K. Bixby of St. Louis, was dismissed as settled here today. The Bixby heirs alleged they had advanced $50,000 toward a fund to defend claims of McMillan relatives to a $7,000,000 estate.

Girl Held in Murder of Former Kansas City Judge

Los Angeles, Cal., Jan. 10.—(AP)—An attractive 23 year old woman, Betty Gardena, was ordered held without bail today pending her preliminary hearing next Tuesday on a charge of murdering Henry L. Arnold, 75, former judge of the Kansas City Court of Appeals.

COUNTY HOLIDAY PAY MUST AWAIT BUDGET FOR 1934

Circuit Judge George Fred Rush yesterday ruled that the county employés who obtained a mandamus to force the county treasurer to pay them for a two weeks' payless vacation period which the county board forced them to take in September, 1931, will have to wait until the board makes the 1934 budget. In the budget the board must appropriate $325,000 for county employés and sell warrants to obtain the money, since the treasurer has none on hand at the present time to abide by the mandamus order.

The ruling was made yesterday after Emmett Whealan, president of the county board; County Clerk Robert M. Sweitzer, and County Treasurer McDonough filed a petition in answer to a contempt citation obtained by Deputy Sheriff Mario Pollastrini, who demanded that the court enforce the mandamus. The petition cited the inability of the treasurer to pay county employés who lost two weeks' salary through the enforced payless vacation.

Judge Rush continued the hearing until today, when the county officials' answer will be amended to include a technical change the judge demanded. Then the case will be continued until March 1, by which time the budget is expected to be completed.

SPORTS CHIEF TO BE PUBLISHER IN WASHINGTON

Washington, D. C., Jan. 10.—[Special.]—George Preston Marshall, nationally known business man and sports promoter, has been appointed publisher of the Washington Times, it was announced today. The Times is the Hearst afternoon newspaper in the capital. Mr. Marshall is well known in New York, Newport, Palm Beach, and London, as well as in his home town. He is the owner of the Boston Redskins, a professional football team. In Washington, his chief industrial activity has been in the laundry business. His official slogan, "Long Live Linen," is one of the most familiar in Washington. He is 38 years old.

$250,000 GIFT OF AIR STOCK TO LINDBERGH TOLD

Senate Mail Quiz Hears of More Favoritism.

Washington, D. C., Jan. 10.—[Special.]—Col. Charles A. Lindbergh received an outright gift of 25,000 shares of Transcontinental Air Transport stock, then valued at $250,000, in addition to his salary of $10,000 a year, for associating himself with that company, according to letters introduced today as evidence before the senate committee investigating airmail contracts.

One of these letters, from C. M. Keyes, then president of Transcontinental Air Transport, advised Col. Lindbergh to "sell part of the stock at the first available opportunity," and Daniel M. Sheaffer, a director of the air line and since 1930 chairman of the executive committee of the Pennsylvania railroad, admitted under questioning by Senator Black, chairman of the committee, that "the stock suddenly went up" after Lindbergh's name was connected with that of the company.

Given Low Priced Option.

In addition to the 25,000 shares, Col. Lindbergh received an option on 25,000 more shares at a price of $10, $20 a share less than the price quoted J. L. Maddox, then president of the Maddox Air Lines and the only other man to get an option on stock. Col. Lindbergh is understood to have bought at least 5,000 more shares at this price.

The testimony was given that Col. Lindbergh was the only person to receive a gift of stock.

He was requested by Mr. Keyes, according to the letter quoted from, "not to put much of the stock in your own name, because either the delivery of the stock in your own name or the transfer of it on the books would excite a lot of attention, which is quite unnecessary."

Throughout the hearing, Senator Black asked leading questions which usually put before the audience and the press the impression he wanted to convey.

"Insiders" Given Tips.

For example, he asked whether W. W. Atterbury, president of the Pennsylvania railroad had not been informed "from time to time" about negotiations for an air mail contract for Transcontinental Air Transport, in which the Pennsylvania owned a large amount of stock.

The answer was affirmative and the impression was given that Gen. Atterbury had been active in seeking contracts which were let without bids, whereas it was proved only that he occasionally received reports from his subordinates.

Younger Hoover Named.

Senator Black found a difficult witness in Mr. Schaeffer, although he was able to obtain an admission that Mr. Schaeffer thought he had met Herbert Hoover Jr. at a conference with William P. MacCracken, former assistant secretary of commerce and then representing Western Air Express, with which Herbert Hoover Jr. was associated and which was later absorbed in the T. A. T. system. Senator Black said tonight he would inquire into the salary Herbert Hoover Jr. received from Western Air Express.

Mr. Shaeffer admitted that in a report to his executives, of which a photostatic copy was produced by A. G. Paterson, special investigator for the committee, he had written:

"As a result of the discussion had with all interested parties it became evident the award of a desirable airmail contract might be made to the Central Transcontinental providing the two companies [Western Air Express and Transcontinental] got together."

Mr. Shaeffer had previously read an entirely different version of the report to the committee.

No Competitive Bidding.

Senator Black brought out this testimony to support that given yesterday that Walter F. Brown, while postmaster general, had extended the airmail system without competitive bidding by agreement with air-mail operators, independents being excluded.

Senator Black also brought out testimony that the Pittsburgh Aviation company, of which R. B. Mellon, also connected with the Pennsylvania railroad, was a director, was the only independent organization to receive a direct block of stock in T. A. T. It received five per cent, valued at $250,000.

HEARING OF TAX CUT CASE TO BE RESUMED TODAY

TAX COLLECTIONS.

Real estate tax collections yesterday were $171,908, making a total of $100,317,754 collected since enforcement of the Kerner-Skarda act began on April 28, 1933. The day's collections of real estate taxes and the uncollected taxes for four years follow:

	1928.	1929.
Jan. 10	$ 25,643	$ 33,847
Uncollected	15,664,808	41,924,807
	1930.	1931.
Jan. 10	$ 48,496	$ 65,974
Uncollected	66,236,334	65,305,287

The day's collections of 1931 personal property taxes totaled $9,418.

Attorneys for the Chicago Real Estate board will proceed today with their cross examination of County Assessor J. L. Jacobs before County Judge Jarecki. The assessor is under fire by the board on its allegations that the 1931 real estate tax rolls are inequitable and discriminatory against small property owners. The hearing was recessed last week to enable the assessor to consult with his staff on the board's questions regarding technical factors used in the assessment. The board is asking that Judge Jarecki reduce by 15 per cent the assessments on the 438,000 homes and small flat buildings in Cook county.

$500 HOME FIRE DAMAGE.

Milwaukee, Wis., Jan. 10.—[Special.]—Fire which started from an overheated chimney tonight caused $500 damage to the home of Mrs. Anna Schiller at 2909 North Richard street.

LINDLEY ORDERS QUIZ OF 3 INSULL RECEIVERSHIPS

Plans Full Inquiry Into Collusion Charges.

An exhaustive inquiry into the Insull receivership litigation, to determine whether the actions were collusively brought and fraud was practiced upon the court, was ordered yesterday by Federal Judge Walter C. Lindley, who held original jurisdiction in the Insull cases.

In making his order Judge Lindley took cognizance of petitions demanding the investigation from both Charles A. McCulloch, receiver of the giant Middle West Utilities company, and Attorney Samuel Ettelson, who brought the original charges of collusion. But the order was entered on the court's own motion, and a memorandum, which accompanied it, explained that it is the duty of a court, the moment there is a suggestion of fraud, to institute a full inquiry.

Ettelson's Suit Filed.

Attorney Ettelson's petition, which asked either the dismissal of the entire Middle West receivership proceedings or else the removal of Receiver McCulloch and his counsel, was allowed to be filed and he will be a party to the investigation. All other parties will have ten days in which to answer Mr. Ettelson's charges. On Jan. 23 there will be what Judge Lindley termed "a town meeting," at which the method of procedure will be decided upon. The judge indicated that he would appoint some distinguished, disinterested attorney as special counsel or friend of the court to conduct the inquiry.

Judge Lindley's order climaxed a fight which Attorney Ettelson has been waging for a year against the Insull receiverships. This fight resulted first in the blocking of Calvin Fentress as trustee of the bankrupt Insull Utility Investments company and second in the refusal of further fees to Fentress or his counsel.

Upholds Charge of Collusion.

In granting the order curtailing fees in the Insull Utility Investments case, Federal Judge Evan A. Evans of the United States Circuit Court of Appeals, sitting in the District court, upheld Attorney Ettelson's allegations, holding that a finding that the suit was collusively brought was "inescapable." By implication this affirmation of collusion applied to the Corporation Securities company, the other Insull investment trust, and to the parent holding concern, Middle West.

Following Judge Evans' order Receiver McCulloch did not wait for Ettelson to launch an attack upon Middle West, but came into court last week with a petition asking that Judge Lindley, to dispel any suspicion that the receiver was a party to collusion, order a full inquiry.

Then Mr. Ettleson presented his petition charging that Samuel Insull and his associate lawyers and bankers selected the receivers, their counsel, the petitioning creditor and his counsel in the Middle West case, practicing "a fraudulent conspiracy and imposition upon the court." This was done, Mr. Ettelson charged, to conceal alleged illegal acts which Insull, now a fugitive from justice in Greece, had committed.

McCulloch Is Sole Receiver.

Mr. McCulloch is now sole receiver of Middle West. Originally there were three, but Insull was forced to resign and the third, Edward N. Hurley, died last November. The receiver is represented by the law firms of Burry, Johnstone, Peters & Dixon and Schuyler, Weinfeld & Hennessy. A total of $300,000 in fees has been paid to receivers and counsel in the Middle West case, and Mr. Ettelson asks that they be assessed against the lawyers, Receiver McCulloch and the estate of Mr. Hurley.

There is no further concern about the Corporation Securities and Insull Utility Investments cases, for they have been adjudicated bankrupt and trustees elected, but Middle West is still in equity receivership, with large assets, and attempts are being made to reorganize it.

Object to Ettelson Petition.

Attorney Bruce Johnstone, representing Mr. McCulloch, and Attorney Isaac Mayer, counsel for the Continental Illinois National bank, an Insull creditor, objected to Mr. Ettelson's petition on the ground that it asks substantially the same thing sought by the receiver. Judge Lindley, however, said he considered it imperative that the motion should be allowed.

"All you attorneys file whatever answers you want to and then you may make whatever suggestions you choose at a town meeting on Jan. 23. I am absolutely indifferent to the method of procedure, but I want a full, calm and dispassionate hearing. Everything will be brought out into the open, and let the chips fall where they may."

Judge Lindley's written memorandum said, in part: "Mr. McCulloch tells me that the implications of Judge Evans are such that some readers of the opinion may conclude that he has been party to collusion or fraud upon the court and that the morale of his organiaztion has, as a result, been damaged.

Deceit Is Charged.

"Mr. Pollak [Sidney B. Pollak, the Middle West common stockholder of Mr. Ettelson's petition] tells me that I have been deceived; that fraud has been committed upon the court, and that the receiver and his counsel should be discharged and other court action taken.

"It seems obvious to me that I cannot ignore these presentments. It is the duty of the court, independent of action by any party litigant, the moment a substantial suggestion of fraud upon the court appears, of its own motion, to institute inquiry into all the facts. Confidence in the judiciary demands such action by every chancellor.

"So in the present case I had the firm conviction that whether or not any interested party should present anything looking to a complete investigation, as chancellor I should, in view of Judge Evans' opinion, cause to be initiated, of my own motion, proceedings looking to a final adjudication of the question of whether this court has been the victim of a fraud."

UNDER KNIFE

PRINCESS OF CONNAUGHT.
[Acme Photo.]

[Chicago Tribune Press Service.]

LONDON, Jan. 10.—Princess Arthur of Connaught, niece by birth and cousin by marriage of King George, underwent an abdominal operation in a nursing home today. The first intimation that she was ill came in the form of a bulletin announcing the successful outcome of the operation.

The princess, who is the duchess of Fife in her own right, is 42 and a registered nurse. She is known as "Nurse Marjorie" when working in hospitals. She is also one of the best dancers and golfers in the royal family and a singer and painter besides.

Her husband, the son of the duke of Connaught, King George's uncle, is with her.

WILLIAMSON IS SUED BY STATE TO REGAIN $7,050

Springfield, Ill., Jan. 10.—(AP)—Charg- that $7,050 had been illegally diverted from the state treasury, the attorney general's office asked repayment in a suit filed in Circuit court here today against H. L. Williamson, former state superintendent of printing, and Nelle A. Machin, his secretary.

The complaint was based on one of the allegations on which Williamson and Miss Machin were recently indicted on a charge of conspiracy to defraud the state.

It involved semi-monthly pay checks of $75 which allegedly passed through Williamson's office from February, 1929, to December, 1932, while he was in charge of state printing work.

TWO GUNMEN ROB WOMAN TAVERN OWNER OF $800

Two robbers took $800 from Mrs. Margaret H. Daly, owner of the Exchange tavern, 6½ North Franklin street, about midnight last night after forcing to the curb a taxicab in which she was riding to her home at 5520 North Campbell avenue.

One of the robbers threatened the cab driver and the other, displaying a star, pointed a revolver at Mrs. Daly and said, "We're policemen." Before departing the robbers disconnected the ignition of the cab.

Mrs. Daly, pleading the sentimental value of a diamond set wedding ring she wore, prevailed on the robbers not to take it.

INSULL IS BARRED FROM CROSSING TURKISH BORDER

Officials Say They Don't Want Chicago Fugitive.

BY EUGENE SPECK.

[Chicago Tribune Press Service.]

ATHENS, Greece, Jan. 10. — The Greek press resumed discussion of the case of Samuel Insull, fugitive Chicago utilities man, with relish today on reports credited to official circles in Washington that Turkey, which heretofore has been considered one of his likeliest retreats, would not permit him to find a refuge there if and when he is expelled from Greece on Jan. 31. Insull is at present appealing to the council of state against a government order for him to leave by that date.

[A dispatch from Istanbul, Turkey, quoted high government officials there as saying that Insull would not be permitted to cross the border into Turkey, but would be sent back by the same route by which he came.]

Says Fugitive Is "Persecuted."

Today's press discussion of the case revealed that Insull still has friends in Greece who believe he is persecuted for mistakes for which he is not to blame. This feeling was indicated in an editorial, "Man Hunt," printed in Hestia, a staid organ of Greek conservatism.

"Our unfortunate guest, Mr. Insull —unfortunate because among us he has done no harm—has almost become a bird of passage," the editorial reads. "Man hunters pursued him during his stay in Greece, but were unable to hit him.

"Now he is fleeing to Turkey, but even there it seems the hunters won't leave him in peace. Their bird dogs have already begun to point at him.

"Consequently it will be his fate to leave Turkey, too, for other climes, and God knows where this involuntary bird of passage finally will settle. Even if he were a real partridge he wouldn't have suffered as he has."

Appeal Futile, Harness Says.

[Chicago Tribune Press Service.]

PARIS, Jan. 10.—Samuel Insull will be expelled from Greece on Jan. 31, in accordance with the order which the ministry of interior issued against him some weeks ago, according to Forrest Harness, American prosecuting attorney, who arrived in Paris yesterday en route to the United States. Insull's appeal to the Greek council of state on Jan. 19 will do him no good, according to Harness.

The American attorney, who went to Greece last August with a warrant signed by President Roosevelt to take Insull back to Chicago following unsuccessful extradition proceedings, will sail tomorrow on the President Harding.

Harness denied that he ever had given any interviews to newspaper men in Greece or ever expressed himself to agents of Insull to the effect that it would be to the material disadvantage of Greece to continue to refuse Insull's deportation.

NO CHILDREN BY 1970 AT PRESENT RATE OF BIRTH

College Park, Md., Jan. 10.—(AP)—Dr. O. E. Baker, senior agricultural economist of the United States department of agriculture, predicts that "if the present trend of depopulation continues, in 1970 there will be no children at all."

Dr. Baker made his prediction last night while addressing the annual convention of the state's extension service workers at the University of Maryland.

Speaking on "Use of Land for the Welfare of the People," he said only in the rural sections of northern New England and some rural sections of New York has the birth rate shown an increase recently.

At the present trend, he said, in 25 years the death rate will equal the birth rate, and after that will exceed it, offering figures to show that there were 600,000 fewer births in the United States last year than in 1921.

Mayor Kelly to Address Credit Group Saturday

Mayor Kelly has accepted an invitation to be guest of honor Saturday evening at the formal opening of the new headquarters of the Chicago Association of Credit Men in the Merchandise Mart. The organization was founded 37 years ago.

800 Return to Work at 2 Missouri Pacific Shops

St. Louis, Jan. 10.—(AP)—Reopening of the Missouri Pacific lines shops at Sedalia, Mo., and North Little Rock, Ark., closed since Dec. 23, has put approximately 800 men back to work.

SOVIET ENVOY SEES PEACE PACT WITH U. S. AS A GOOD EXAMPLE

[Copyright: 1934: By the New York Times.]

Washington, D. C., Jan. 10.—Alexander Troyanovsky, newly arrived soviet Russian ambassador to the United States, told newspaper men today that although Russia has not yet discussed a political or commercial non-aggression pact with the United States, it would be glad to do so if necessary.

"It is true there is little prospect of Russia or the United States attacking each other," the ambassador said with a smile. "If it furnished a good example to other nations, however, a pact of non-aggression between the two nations might be worth while. I have no intention of bringing it up, but perhaps the appropriate occasion may come in the future. World peace is our main objective."

"Have you any ideas on how peace, particularly in the far east, could be assured?" Troyanovsky was asked.

"Only that perhaps the collaboration of all peaceloving nations might exercise a moral influence," was the reply.

IRON ORE TRADE ON GREAT LAKES UP 506 PCT. IN 1933

Cleveland, O., Jan. 10.—(AP)—Great lakes shipping figures released today by the Lake Carriers' association for the 1933 season were eloquent of better business by steel fabricators.

In comparison with 1932 the iron ore trade showed an increase of 506 per cent, bituminous coal and anthracite showed gains of 27.63 and 44.67 per cent, respectively, and limestone 71.27 per cent.

Bulk freight commerce on the lakes enjoyed an increase of 71.27 per cent over the 1932 season with a movement of 71,373,176 net tons, compared with 41,672,761 tons. Iron ore alone accounted for 24,218,766 net tons of the total.

The grain shipments showed a loss of 1.99 per cent for the smallest movement since 1920, due primarily to curtailed demand for wheat for export.

Midshipmen from Central West Get Academy Honors

Annapolis, Md., Jan. 10.—(AP)—Midshipmen Clyde Ralph Nelson of Peru, Ill., and John Murray Wilson of Scottsburg, Ind., today were announced winners of prizes for high standing, respectively in mathematics and navigation at the Naval academy.

CAPTURED FELON TELLS HOW GANG ESCAPED PRISON

Indiana Convict, Seized Here, Talks.

Indianapolis, Ind., Jan. 10. — [Special.] — Walter Detrick, escaped convict, today told state police the story of the break from the Indiana State prison at Michigan City Sept. 25 by ten desperate criminals, who since then have waged a campaign of crime throughout the middle west.

Detrick, who had served two years of a life sentence from Vermillion county for bank robbery, was captured in a Chicago suburb Saturday night when police there killed Theodore [Handsome Jack] Klutas, alleged member of a kidnap gang.

Following questioning by Chicago police, Detrick was turned over to Indiana state police and taken to prison last night. He was brought to Indianapolis today by four carloads of officers.

Calls Pierpont "Master Mind."

Detrick said he was not entirely certain who engineered the plot for the escape, but that he was reasonably certain that Harry Pierpont, one of the gang, was the "master mind."

Detrick said he was on the lookout for three automatic pistols which he had been "tipped off" would be shipped into the prison in cartons of goods a few days prior to the time set for the break. He explained in detail how he avoided having the goods boxes checked when they arrived at the prison. The three weapons, he said, he concealed in a large box of buttons in the prison shirt factory.

Several times in the questioning Detrick mentioned John Dillinger, credited by police with being the "outside man" in the escape, as having been the man connected with earlier efforts to smuggle guns and ammunition into the prison. On one occasion, he said, three weapons were tossed over the prison wall at a designated spot. These were not used in the prison break, however.

Five in Original Plot.

Detrick named Harry Pierpont, Russell Clark, Charles Makley, John Hamilton, and himself as being the five original plotters of the escape.

"We received the guns two days before the escape," he said. "It had been on my mind for more than a year. I had worked there two years and knew there was an opening. I was finally approached by other inmates and asked if I could get pistols in. I said I could and gave instructions. The day following their shipment I watched over the shipping room. They came in a truck in cases consigned to the prison shirt company; there was no examination at the gate."

Detrick said the five original conspirators decided to increase their number because there was a 900 pound shaft in the basement which they expected to use in breaking down the gate if necessary. He said they needed more man power to handle the shaft.

"The signal for these on the third floor to come down singly was when I went up after Mr. Stephens [a shirt factory official]. As they were leaving I went to Mr. Evans [another official] and told him a jug of wine had been found in the basement, and that they wanted to know who brought it in."

Detrick then told how they carried shirts and forced guards to accompany them to look like a working party in passing through the yard and out the gates.

Cold Storage Firm Wins $50,728 Award from City

The Central Cold Storage company, 350 North Dearborn street, Tuesday won a verdict of $50,728 against the city in a damage suit before Superior Judge Peter H. Schwaba. The company charged that when the Dearborn street bridge was constructed over the Chicago river that the grade of the street outside the storage plant was changed and two loading platforms were made useless. The company in its suit alleged that it had lost $225,000 worth of business as a result.

BRIDE AT AGE 14; BRINGS SUIT TO OBTAIN DIVORCE

Milwaukee, Wis., Jan. 10.—[Special.]—Mrs. Lydia Groth, 1631 North 3d street, who had married at the age of 14, today started suit for divorce in Circuit court against August Groth, 43. They have been married eight years.

Excessive drinking was charged in Mrs. Groth's complaint against her husband.

It was his wife, Jane, who formed the drinking habit, it is charged in the complaint of Ray Moore, 208 Lake avenue, South Milwaukee, who is seeking a divorce.

John E. Gregorski, 2134 South 77th street, West Allis, frequents a certain tavern not so much to quench his thirst as to pay his respects to the tavernkeeper's wife, charged Mrs. Clara Gregorski in her complaint.

Mrs. Alma Baer's chief complaint against her husband, Richard, an iron worker, is that he is in the habit of going fishing without taking her along.

SYRACUSE, N. Y., BANKS CALL POLICE GUARDS FOR DILLINGER SCARE

Syracuse, N. Y., Jan. 10.—(AP)—Every bank and branch bank in Syracuse was placed under police guard today upon receipt of a report that "five or six tough looking birds," possibly members of the much sought Dillinger gang of Illinois, had entered the city.

Driving an automobile with Illinois license plates, the men were pursued from Homer to the suburban village of Nedrow by Corporal B. S. Butler of state police.

The Dillinger gang, reported to be in New York state, has been widely hunted by armed forces of the law since Monday night. Four police scout cars carrying detectives and uniformed men, each bearing a shotgun, met Butler's car just outside the city limits.

FIVE ACQUITTED ON CHARGES OF ELECTION FRAUD

Five men and women, judges and clerks of election, yesterday were found not guilty of committing frauds in the presidential election of Nov. 8, 1932. County Judge Charles T. Allen, after hearing the evidence, declared it was not sufficient to hold the five guilty.

The defendants were Max Brill, 1549 South Millard avenue, a Democratic judge; Philip Blick, 1509 South Lawndale avenue, a Democratic judge, and Mrs. Lucille Levine, 1509 South Lawndale avenue, a Republican judge; Sol Edelman, 1506 South Central Park avenue, a Democratic clerk, and E. Bjarski, 3603 West 15th street, a Republican clerk. They had been charged with fraud as a result of disclosures made during the Samuel Heller-Erwin J. Hasten recount.

BEAUTY OPERATOR KILLED.

Peoria, Ill., Jan. 10.—(AP)—Isabell Archer, 35, died today following an automobile accident. Miss Archer, a beauty parlor operator, arrived here two months ago from Springfield.

TELL OF SCENES BEHIND BENDIX DIVORCE ACTION

Former Wife Is Sued by Detective Agency.

Some of the difficulties which occurred behind the scenes when Vincent Bendix, manufacturer of airplane and automobile accessories, was divorced in Chicago in July, 1932, by his wife who now is Mrs. Elizabeth Channon Blake, were made public here yesterday.

These difficulties included a tangle between two different lawyers who sought to get the then Mrs. Bendix her divorce, a quarrel with one of the lawyers over fees, and uncertainties experienced while negotiating with Mr. Bendix for a settlement in connection with the uncontested divorce. At one time, it was disclosed, one of Mrs. Bendix's lawyers threatened to file "slashing charges" in a divorce bill against Mr. Bendix.

Refer to Detectives' Bill.

Included in the fee quarrel were references to a bill for services rendered, which has been presented to Mrs. Blake by W. C. Dannenberg, head of a detective agency which specializes in obtaining evidence in divorce cases. The agency had been hired by Attorney David Stansbury who had been Mrs. Blake's counsel from November, 1930, until shortly before the divorce decree was obtained, to get evidence against Mr. Bendix.

All the disclosures were made in a deposition taken from Mrs. Blake in the Waldorf hotel in New York City last Nov. 8. It contained her testimony to be presented in court next week when a $40,000 suit for services, filed against her by Detective Dannenberg, is called for trial before Judge E. M. Mangan. The detective's lawyer, Charles O. Rundall, implied during his questioning of Mrs. Blake at the time the deposition was made, that the evidence obtained by Dannenberg had aided in getting her a favorable settlement. The settlement, at the time of the divorce, was rumored to be in the neighborhood of $1,000,000, but the actual amount never was disclosed.

Wife Charges Desertion.

Mrs. Blake obtained her divorce from Mr. Bendix after a fifteen minute hearing before Superior Judge William J. Lindsay. She charged Mr. Bendix with desertion, proved the charge with two witnesses, and the secret settlement was read into the decree in a star chamber session. None of the exchange of letters, telegrams, and telephone calls which had preceded the hearing were disclosed at that time.

In her deposition, however, Mrs. Blake revealed that she had contemplated the divorce from the time she retained Attorney Stansbury. During the next twelve months she paid him a total of $2,575 for expenses in investigating her husband's acts. By July, 1932, Attorney Stansbury still had not filed a divorce bill for her and, she said, she wanted an immediate divorce. She then asked Attorney Orville Taylor to represent her.

Visits South America.

After explaining that she had been in South America from July, 1931, until the spring of the following year she said that she next had communicated with Attorney Stansbury at a conference in Attorney Taylor's office on July 16, 1932. Previous to that she said she had sent him a telegram which read:

"Taylor is willing to take the case for me if I terminate my relationship as client and counsel with you. I will give you $10,000 in full payment and want you to return all documents and bills you may have drawn. I told you I would give you fees only on a satisfactory settlement and a legal separation, neither of which are accomplished through your efforts. As stated in your talk, expenses for the investigation were incurred by you on your own responsibility without my authority, and can in no way interfere with me in retaining counsel acceptable to me and proceeding with my case."

Questions of Attorney Taylor and the replies of Mrs. Bendix as contained in the deposition follow:

Q.—What was Stansbury's action after receiving the telegram? A.—He telephoned me from New York, telling me I was a very foolish girl.

Q.—Foolish to do what? A.—To get the divorce. He said it was the wrong time and that I was being gypped.

Q.—At this time Mr. Stansbury said Dannenberg had an $18,000 bill. Did he ask you to pay it? A.—He told me about the bill, but he said Mr. Bendix would pay it. The next thing I knew about the matter Dannenberg sued me.

At this point Attorney Rundall took up the questioning.

Q. On July 15 did you and Taylor go to Stansbury's office? A. Yes. The understanding was that Stansbury gave up the case and told Taylor to go ahead. When he found that Taylor was going ahead he objected. I was surprised that Stansbury expected me to pay him because he had not secured the divorce for me. He said he would step aside for $10,000 and demanded payment. Later he got that sum.

Mrs. Bendix married William Adna Blake of New York City on Aug. 8, 1932, less than a month after her divorce. When she was asked if she had contemplated the marriage at the time of the divorce Attorney Jay Fred Reeve, representing Bendix at the taking of the deposition, had objected and the question was not answered. Attorney Reeve disclosed that Bendix has agreed to pay the first $15,000 of any liability Dannenberg may establish in the courts.

IT'S ESTONIA'S TURN TO FEEL BAD ABOUT THOSE SHIPS SHE SOLD PERU

[Chicago Tribune Press Service.]

TALLINN, Estonia, Jan. 10.—The arrival here of the Peruvian minister accredited to Germany, Enviado Gildemeister, to investigate the sale of two Estonian destroyers to the Peruvian government has resulted in a sensation. Gildemeister hints that the intermediaries conducting the negotiations received a far larger sum for the ships than the Estonians got.

To the surprise of the Estonians, who had heard that both warships, after many breakdowns, had been sold by the disgusted Peruvians in France for junk, the minister reported their safe arrival in the upper Amazon river.

Estonians, who have been congratulating themselves on obtaining $400,000 for the antiquated and useless destroyers, are chagrined since it is alleged that more than $300,000 is not accounted for and the German firm at Hamburg which handled the sale has been liquidated.

SEIZE RACINE MAN AS BANK RAID SUSPECT

Racine, Wis., Jan. 10.—[Special.]—Dodge county officials today caused the arrest here of Leo Draves, 32, 2033 Carmel avenue, on suspicion of being one of two men who shot their way through Dodge county Dec. 22, after robbing the Sauk City bank. He was held o nthree warrants charging assault with intent to commit robbery and one of assault with intent to murder.

The two bandits who robbed the Sauk City State bank appropriated three automobiles at the point of their guns as they escaped from the neighborhood of the holdup. They drove Joseph West, his mother, and his brother out of their car, which they stopped on the road; held up a summer resort near Ashippun and kidnaped Celestine Langer, son of the proprietor, as a driver, and after wrecking the auto took a car from the farm garage of Mrs. William Haenschel, whom they shot as she fled from home.

Draves was arrested in Kenosha in 1926 and his photograph was selected by the Dodge county victims as resembling one of the bandits. Celestine Langer, who accompanied Sheriff Henry Lehmann and District Attorney H. J. Gergen of Dodge county here today, said Draves resembled one of the men, but was not sure of the identity, he said.

Draves said he was fishing on the day the robbery occurred, and that he can establish an alibi. A young man who was brought in and questioned by the officials was released after he proved he was working on a CWA project the day of the robbery.

SENDS 9 BEGGARS TO CELLS.

Judge Leon Edelman in the Desplaines street court yesterday sent nine beggars to the Bridewell to serve out fines ranging from $10 to $50.

FINDS NEW DEAL HAS NOT ENDED GREED IN U. S.

NRA Official Laments Lack of Co-operation.

[Chicago Tribune Press Service.]

Milwaukee, Wis., Jan. 10.—[Special.]—The New Deal in its practical applications has not succeeded in altering human nature, nor eliminating greed, Dr. E. A. Fitzpatrick, state recovery administrator, told the assembly class at Mount Mary college today. In his position as administrator and adjudicator of differences he has found no fundamental spirit of coöperation between capital and labor, he said, nor between employer and employé.

"I find nothing on either side but a spirit of advantage seeking," he said. "It is always the old question of greed. Tremendous pressure is brought to bear against public officials by the losing side in any decision, whether it be capital or labor.

Out to Win Victories.

"Both capital and labor are out to win victories. Consider the labor unions. They want more members, more income for their organizations. The only excuse for a labor union or any union or any organization is its ability to serve its members as human beings.

"We will get nowhere in solving problems unless we have new leadership and this must come from college graduates. They must see industry as an effective moral institution for the betterment of mankind."

It will be impossible permanently to remedy depression conditions, he declared, until greed is stamped out.

See Lack of Understanding.

The chaos and depression of the last few years is largely the result of the world lack of ability to understand economic and social processes, he declared.

"Until the thousands of young men and women go out of their universities and their colleges with an integrated view of the universe, with order in their own lives and with the purpose of helping humanity rise above itself to see divinity, we are going to have recurrent chaos and depressions."

LONDON GIRDS FOR BATTLE ON CABLE RATE INCREASES

[Chicago Tribune Press Service.]

LONDON, Jan. 10.—Efforts being made to unite all large users of North Atlantic cables in a protest against the recent rate increases gathered impetus today.

A committee appointed to represent the London stock exchange approached various other groups, including banks and shipping interests, metal and foreign exchange dealers and others with a view to deciding on concerted action. It is understood a general meeting will be held next week to consider the situation.

It is stated that as a result of the recent sharp increase in cable rates arbitragists either will have to curtail business considerably or cease using "preferred" cable rates. Arbitragists are brokers who traffic in bills of exchange or stocks to take advantage of different prices in markets abroad. The essence of the business is speed as price fluctuations may be merely momentary.

Under the new system 100 preferred cables daily of three words each which hitherto aggregated $39,000 a year will cost $64,350.

JUDGE RENEWS PEACE PLEA IN WILLITS FAMILY

Wife Denies Charges of Intoxication.

Superior Judge Joseph Sabath yesterday made what he announced would be his final effort to bring about a reconciliation between Mrs. Margaret Liggett Willits of Swan.pscott, Mass., and her former husband, John MacGregor Willits of 2215 Maple avenue, Evanston.

The judge halted final arguments by the counsel for the couple, who for three days have been conducting a legal fight to obtain permanent custody of their two children, Anne, 2 years old, and Jane, 6 years old. Rising from his chair behind the bench and striding around it, he admonished both the parents and informed them that although they no longer were man and wife they still were "mother and father" to their children.

Interrupts Testimony.

Earlier in the afternoon while Mrs. Willits was on the witness stand Judge Sabath had interrupted her testimony to demand:

"Is it entirely out of the question for you to get together? Is there no hope of a reconciliation?"

Mrs. Willits, an attractive brunette, clad in a red ensemble, turned to him and solemnly replied: "No, no hope."

Following her former husband, whom she divorced last Nov. 21, to the witness stand yesterday, Mrs. Willits denied she had been continually intoxicated during the Christmas holidays, as Willits and a nurse for the children who had been living at Swampscott, asserted. She also denied she had stayed away from home for considerable periods, and also denied any indescretions with men friends, which had been implied by her former husband's testimony.

A Good Many Cocktails.

When her lawyer, Frank B. Teed, asked her if she had done any drinking at all around Christmas time, she replied: "There were a good many cocktails about, just then, but there were a good many people around, too."

Asked if she had been intoxicated at any time, she said: "You can't call taking a cocktail getting drunk, I hope."

She also said Willits had asked her to remarry him after they had trimmed the children's Christmas tree together after Willits arrived at Swampscott to spend the holiday with the children. She said she had refused and reminded him that he had "another party whom he was wanting to call in Colorado Springs." The identity of the "party" was not disclosed.

Borrows Some Gin.

Earlier in the day Willits had admitted he had done some drinking with his former wife when he was in Swampscott. Once he had borrowed some gin from the family who lived on the second floor of his former wife's home. Mrs. Willits was cross-examined about a trip to New York and she denied that a man friend had paid her rent in the hotel where she stayed.

At this point Judge Sabath halted the proceedings, saying that in the final arguments lawyers might say things which might "hurt one or the other of you." He announced that he would continue the case until Tuesday and pleaded with the Willitses to make one more attempt to solve their domestic problems.

LIST OF BUYERS IN N. Y. HIGHEST IN FOUR YEARS

[Chicago Tribune Press Service.]

New York, Jan. 10.—An influx of buyers to local wholesale markets, setting a 4 year record and exceeding the same period of 1933 by 35 per cent, was reported here today for the week ended yesterday.

Buyers registered during the week totaled 1,346, the highest number since the week of Jan. 29, 1930. The 1929 peak was 1,743 for the week of Feb. 5. Only 992 were registered a year ago.

"All indications are that the totals reported will be exceeded next week," the Times said, "with the possibility that a new record for arrivals will be set at that time."

Michigan Bean Growers O. K. Marketing Pact

Saginaw, Mich., Jan. 10.—(AP)—Approval, with two major changes, of the proposed marketing agreement under which the government would advance money to bean growers on their present crop was given this afternoon at a meeting of Michigan bean dealers.

TOWN ISSUES TAX WARRANTS.

Tuscola, Ill., Jan. 10.—(AP)—The city of Tuscola issued $2,500 in tax anticipation warrants today to meet general expenses.

Gets Death Threat

MRS. FRANCES COEN COOKE.
[Associated Press Photo.]

Pasadena, Cal., Jan. 10.—(AP)—Pasadena police today disclosed that death threats were made against Mrs. Frances Coen Cooke, divorcée and heiress. She received a second extortion letter in connection with the shooting of Leonard Siever, dentist. The letter repeated demands for $5,000. Previously a wrist watch taken from the slain dentist was sent to her with threats to kill her if she appealed to the police.

NEW YORK MOVES "CRIME LINE" OUT TO CITY'S LIMITS

Crooks to Be Seized if They Cross It.

New York, Jan. 10.—The "crime line" established 50 years ago by one of the greatest sleuths the nation has ever produced has been moved out to the city limits.

Gen. John F. O'Ryan, the new fusion administration's police commissioner, did the moving.

For 50 years every person with a criminal record was liable to arrest just for crossing Fulton street into lower Manhattan.

Every day was open season for criminals there, with two undercover squads—the jewelry and the Wall street squads—roaming about. And few criminals there were in those 50 years who dared cross the line and match their wits with the photographic memories of the city's detectives.

"Just Common Sense."

But O'Ryan changed all that. He told his 19,000 men that the "crime line" was to be moved to the city limits—meaning that any criminals with records, any of the gunmen, racketeers, petty thieves or lieutenants of Gotham's gang leaders were to be picked up on sight if seen anywhere in the five boroughs.

"We're not going to ruin any man's chances of going straight," said Commissioner O'Ryan today, "but we are going to keep track of the fellows that lounge around looking for trouble.

"Call it a crime drive if you want to, but it's not. It's just common sense when you're running a big police force. Most crimes in the metropolitan area are committed by men the police already know. We're going to see to it that these men go straight or go to jail."

Inspector Thomas F. Byrnes, the man who founded New York's detective force, established the criminal "dead line" at Fulton street in January, 1884—exactly fifty years ago.

Since Byrne's day the police commissioners who followed him have maintained the "dead line" regulation.

Billions to Be Guarded.

Just below the Fulton street "line" are the factories and shops of manufacturing jewelers, where millions of dollars in gold and precious stones are handled daily.

And below the jewelry district is the greatest money mart in the world. In the financial district, according to police estimates, there is one guard—private, semi-private, or police—to every four persons.

Some of the world's best pistol shots patrol that neighborhood, guarding billions of dollars worth of securities and millions in precious stones to prevent some of the world's best crooks from escaping with any loot.

WIFE SLAYER HELD TO JURY.

Walter Ziolkowski, 48 years old, 2125 South Lombard avenue, Cicero, was held to the grand jury yesterday by a coroner's jury for the murder of his wife, Monica, 42 years old, whom he shot on Dec. 30, 1933, during a family quarrel.

STOP THAT COLD TODAY!

Tomorrow May Make It Twice as Difficult to Relieve!

The time to stop a cold is before it gets started! A cold once rooted is a cold of danger! Don't waste your time and run the risk of serious complications by using makeshift methods.

Remember, a cold is an internal infection and, as such, calls for internal treatment. A cold also calls for a COLD remedy and not a preparation good for a number of other things besides colds.

Grove's Laxative Bromo Quinine is what a cold requires. It is expressly a cold remedy. It is internal and direct. It is complete in effect. It does the four things necessary. First, it opens the bowels, gently but thoroughly. Second, it combats the cold germs in the system and reduces the fever. Third, it relieves the headache and grippy feeling. Fourth, it tones the entire system and fortifies against further attack. Anything less than that is taking chances.

Grove's Laxative Bromo Quinine contains nothing harmful and is absolutely safe to take. For more than forty years it has been the standard cold and grippe tablet of the world, the formula always keeping pace with Modern Medicine.

Every druggist sells Grove's Laxative Bromo Quinine, 30c and 50c. Good druggists won't try to talk you into a substitute for the sake of a few pennies extra profit.

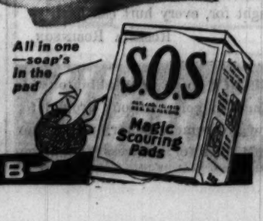
When you feel a cold coming on, get busy at once. Go right to your druggist for Grove's Laxative Bromo Quinine. Always ask for it by the full name and look for the letters L B Q stamped on every tablet.

"EVER TRY TO CLEAN a Greasy Oven Door?"

You know what a terrible job stove cleaning is—with ordinary cleaners. But S. O. S.—the Magic Scouring Pad—makes it easy. Entirely different—and *so* convenient. Soap and pad are *all in one.* Merely wet the edge of the S. O. S. pad (never wet the whole pad), rub briskly, and wipe. Splattered grease—dirt—disappear like magic. S. O. S. makes it "*Micro*-clean." Works three times as fast as old-style cleansers.

Use S.O.S. for *everything*—to take "grease film" from all pots, pans, skillets, soup kettles—to "Micro-*clean*"* coffee crust from coffee pots—for stoves, drain boards, faucets, Pyrex. It's magic! No mess. No extra soap. No waste. Very inexpensive, too. One S. O. S. pad frequently lasts a week. Get S. O. S. from your grocer at once. Try half the package *at our risk.* If not satisfied, return remaining pads—*and all your money will be refunded.* The S. O. S. Company, Chicago.

All in one—soap's in the pad



"Micro-clean" means microscopically clean.

Buy the handy 4-pad package

WET EDGE ONLY, THEN RUB

And in it you'll find some of the smartest things it's ever been man's privilege to wear.

What we mean—the new clothes are different!

And our presentation of these new styles is no accident . . . we've been scouting around and studying and jotting down everything you see here for months past. These represent the sanest and the best of the bunch.

The bi-swing coat is the big story in what's going to be what next Summer. And believe us, we've prepared for this new idea in a big way. You've never worn anything quite as comfortable as this new type of coat—and it's been a long time since you've seen anything as smart. The new shawl collar, white dinner jacket to be worn with black trousers also promises to be one of the season's outstanding style developments—but come in, browse around in this interesting shop that occupies nearly half a floor. Even if you're not going to be able to take that month you were talking about this Winter, these new things will cheer you up and make you optimistic about the great Summer that lies ahead.

And remember, next Summer when everyone else is shouting about the new things for warm weather wear, that we told you about them way back in January . . . first!

FIRST— at Field's

The new Linen Sports Coat with the bi-swing back . . . $13.50

The new shawl collar, white Palm Beach Dinner Jacket (double or single breasted) to be worn with black Palm Beach trousers and black Cummerbund. Complete . $24

The new Norfolk Gaberdine Sports Coat. Definitely a 1934 idea. Price . $13.50

Double-breasted Drape Suit of new beach cloth—white, of course, and several other shades—and our own creation. $18.50

Make a point of seeing the majority of these smart new styles in our windows.

Brand new, original ideas in new tropical worsted trousers—priced at . $17.50

English Tennis Coats of Horse Sheeting. Notice the smart Tattersall check . $12

New large-figured, Summery Crepe Cravats. Also new English foulards . . $2.50

Limpid shades in shirts—they won't attract the sun's rays. Blue, tan, gray . $2

All-white Buck Shoes (or with a black or brown calf trim if you prefer) . . . $10

The new Tattersall Terry Cloth Lounging Suit with matching ascot $15

A smart robe of British Horse Sheeting. Gay in its coloring and very smart . . $15

Dorset Red, sail cloth trunks—one of the newest ideas for bathing. Price . $4.50

Air-Cooled Sailor straws—$6. Or genuine Ecuadorian Panamas $10

Robes by Jaeger—but they're *striped* in broad blazer designs. Exclusive . . $40

Comfortable, cool, smart Tennis Shorts. Plenty of freedom for action $3

If you must have a top for your suit here are plenty of new stripings. Price . $2.75

"The newspaper is an institution developed by civilization to present the news of the day, to foster commerce and industry, to inform and mold public opinion, and to furnish that check upon government which no constitution has ever been able to provide."

THE CODES AND THE PUBLIC.

Former President A. Lawrence Lowell of Harvard has declined to serve on the code authority of the moving picture industry, and in so doing has entered into a controversy with Gen. Johnson. In his long career as an educator Dr. Lowell has seldom had a better opportunity to enlighten his countrymen. If they will follow this controversy closely they may learn a good deal about the real nature of the industrial codes drafted under Gen. Johnson's supervision.

Dr. Lowell, since his retirement from the university, has been head of an organization known as the Motion Picture Research council. This organization at the moment has two principal objectives, to put an end to practices known as block booking and blind booking. Under these trade practices, so the research council alleges, the theater owner has to contract to exhibit a complete list of pictures, some of them still to be made; otherwise he gets no pictures. He must take them all (block booking) and some of them sight unseen (blind booking) or he can keep his theater dark.

President Lowell's organization contends that in consequence a community has no means of getting the kind of pictures it wants. It cannot censure a theater owner who shows an objectionable film. He did not choose the picture, and, indeed, has no choice but to show it. Hollywood, too, has no real means of knowing what the country wants because the theater owner's power to command and to reject is extremely limited.

That, in a word, is the Lowell viewpoint. The moving picture industry has an answer, of course. They say, among other things, that block booking and blind booking are necessary if we are to have plenty of good pictures, because, without an assured market, no producer could afford to invest a lot of money in producing a film.

The merits of this controversy can be left for others to decide. The significant fact is that the provisions of the movie code, for much the most part, conform to the desires of the big units in the industry which control the producing companies and chains of theaters. Where the desires of the powerful conflict with the interests of the little fellows the little fellows are pushed aside. Moreover, if the interests of the big units in the industry are in conflict, as Dr. Lowell asserts, with the public welfare, the public welfare may be swept aside also.

These are not characteristic of the movie code alone. The codes with few exceptions are alike in these respects. It could hardly have been otherwise. The codes were drafted by the strong men in each industry and these men commonly represented the more powerful units in the industries. In any event, it is not easy to see how any industry could formulate a code which would be displeasing to the most important elements to be regulated under it. On the contrary, it is easy to see how the machinery of the code might be used to put a small and troublesome competitor in a position to do less damage.

Gen. Johnson could hardly quarrel with this objective, because his purpose is to stabilize industry. Competition is, of course, unstabilizing. If the big units in an industry were to increase their pay rolls they must have security against better business men and better machinery among their competitors. That is what the codes are calculated, primarily, to provide. The alleged interest of the code authorities in protecting the public with regard to the price and quality of goods is mostly humbug. Certainly Gen. Johnson's flat refusal to consider Dr. Lowell's plea on behalf of the public is not evidence to the contrary.

BRINGING THE KING INTO IT.

Sir Stafford Cripps, who was solicitor general when the Labor government was in power, brought Buckingham palace into a political speech and is catching the dickens for it. Sir Stafford is endeavoring to put some life back in the Labor party, which has not been much of anything since Ramsay MacDonald became all things to all men. The Laborite speaker said that the Labor party, when it comes into power again, must act rapidly, and that it would no doubt have to overcome opposition not only in the house of lords and in the London financial district but also Buckingham palace opposition.

Sir Stafford shocked British ideas of decorum and it is generally agreed that he was guilty of a blazing indiscretion. When a Britisher has been guilty of a blazing indiscretion he is guilty of an indiscretion so indiscreet that words fail the indignant people who want to tell him what he's done and cannot because all they can think of is blazing. One objection to bringing the king into it, aside from the theory that he just isn't in it, is that he cannot reply. The code, among other things, protects the gentleman who cannot protect himself. The king is not to be criticized, and no political motives and no political action can be attributed to him because the policies are the policies of his ministers. The accountable persons are the members of the cabinet, and if they lack support on a decisive issue out they go.

The American revolutionaries at first made the conventional and tactful distinction between the king and his ministers. The war started against the ministers and the patriots were very careful to make it plain that they were not in revolt against the crown. When they had a full head of steam up they dropped this pretense and Thomas Jefferson gave George III. a dressing down which has been preserved in the Declaration of Independence as a model of excoriation. George III.'s experiences furnished conclusive evidence that a British king, in theory at least, should reign and not rule. Actually, the king's personality and wishes may have considerable effect at times on British administration, but the power of the British royal family rests upon personal popularity and the devotion of the average Englishman, at least, to the historic continuity represented in the person of the king he is never reluctant to admire. If this admiration does not go to the extremes of Japanese worship of a sacred person it approximates it at least, and the Britisher who wants to be blazingly indiscreet need only let his tongue slip as Sir Stafford's did.

BORAH ON INTERNATIONALISM.

Senator Borah's great persuasiveness generally makes his opinions important, even when they are to be combated. His talent has seldom been better applied than it was in speaking to the Council of Foreign Relations in New York. Borah is hallmarked a liberal and liberals generally are on the other side of the fence in the discussion which he raised on this occasion. That adds to the importance of what he said.

His conception of a sensible and just nation in international affairs meets the test of logic and experience. Nearly all the forward looking and wishful thinking in the United States for the last fifteen years has been devoted to the contrary of what Mr. Borah advises. It has sought international mechanisms which would provide formulas for national action and patterns for national decisions anticipating what the event might be and depriving the nation of its right to act in each particular as common sense and good intentions would dictate.

Mr. Borah puts himself against this and on the side of what he concedes may be called isolation. It is called isolation as a term of reproach. He calls it isolation in terms of independence, security and freedom to make good will effective.

Of late years liberal opinion has dismissed the wisdom of Washington and Jefferson as archaic and inapplicable. Mr. Borah finds it living wisdom and recognizes that the admonitions of these two statesmen against entanglements and involvements are as sound and compelling today as if they were expressions inspired by today's conditions.

Mr. Borah says that the ideal condition is not isolation but is freedom. The nation cannot be untouched by events in the world at large, but it can retain its freedom to use its best judgment in dealing with each event as conditions reveal themselves and indicate what good judgment would be. Freedom is the freedom to remain aloof from avoidable troubles. It is the freedom to make decisions in the national interest and it does not follow that injustices will be done or calamities brought upon other people. Much sentiment has gone the other way, but the American people have avoided the worst consequences as yet, although often their government has yielded to this and that invitation or seduction to depart from the plain dealings of American traditions.

MEMORANDUM FOR THE FAIR.

An amiable characteristic of the sea serpent is that he invites competition. It may be a matter of some note that no Americans have reported the phenomenon since Dec. 5 and from that it may be concluded that American chances were better under Volstead than out from under it. The Scotch monster in Loss Ness was a holiday product and subject to all the interpretations and constructions relevant thereto. Competition arises on the Pacific coast, but it is Canadian and the visitation is off the British Columbia shore. If the sea serpent season is fully set in one will soon be found in the Baltic and there'll be a Fascist occurrence in the Mediterranean. Eventually the American article will appear.

The sea is so prolific in strange life that the persistence of the serpent as an extraordinary phenomenon is strange itself. Considering what comes up with the tides, in the nets and on the hook, why not a sea serpent? He would be a very ordinary citizen among a number of prodigies and marvels, in fact a suburbanite in a side show of freaks. But the reason for bringing the sea serpent up again is to make a note, an aide memoire, to have one in Lake Michigan late this spring for the World's Fair, as one of the new attractions.

Editorial of the Day

REDISTRICTING GERMANY.

[New York Sun.]

A paragraph in a recent issue of Gen. Goering's favorite newspaper, Der Tag, may be taken to indicate that the Nazi scheme to reorganize Germany—much as France was reorganized in 1789 and for much the same reasons—is nearer realization than had been supposed. It was to the effect that President von Hindenburg had stressed the historical importance of Prussia. "The aged president," said the newspaper, "also will not permit his beloved Prussia, which for nearly half a century was the backbone of the German empire, to be cut up into congressional districts without a fight." The implication is that such a fight is imminent.

At the beginning of the French revolution France was subdivided into 32 general provinces, each with its own patois, laws, customs, and administrative machinery. Some of these stood for ancient kingdoms, some for ancient Roman provinces. It was simpler for an inhabitant of Anjou, Auvergne, Burgundy, Brittany, Dauphiny, Normandy, Picardy, Languedoc, or Navarre to think of his province as his motherland than to think that of France. As much to break down these barriers of association and sentiment as to improve administrative efficiency, the assembly voted on Dec. 22, 1789, to subdivide the nation into 83 departments. Today there are 90 departments, each with a prefect who represents the executive branch of the French government, and an advisory body known as a prefecture council. Departments, in turn, are subdivided into arrondissements and communes.

The French experiment largely achieved the purpose for which it was designed. Apparently Hitler and his advisers are persuaded that something of the same kind should be attempted in Germany. If that is so, such names as Prussia, Bavaria, and Saxony may disappear except for sentimental and historical reasons, the reich being divided for administrative purposes into a convenient number of districts. It is not likely, however, that such a change can be put into effect without opposition. The remark ascribed by Der Tag to the German president is warrant enough for that.

A LINE O' TYPE OR TWO

How to the Line, let the quips fall where they may.

THE MILK STRIKE (which is now over or which is now not over; see front page) brings again to the fore the fact that everybody should keep a cow. We can't all of us go out into the lonesome places and start a subsistence farm (the ambition of my life is to have a subsistence farm and keep a cow and a hog and a bee and everything), so the other alternative is to keep a cow. "But," says Laura in a shocked and surprised tone, "one can't keep a cow in a flat." The heck they can't! Don't they keep police dogs in flats? They do, and many's the time I have to turn and run down an alley because I see a cunning police dog coming towards me that is fully the size of a Jersey cow. If one can keep a police dog in a flat why couldn't one give the police dog a swift kick in the pants, tell him to gitthell outten there, and put a nice milch cow in his place? You could put the cow on a leash and lead her around the block, and then I wouldn't have the living daylights scared out of me every time I go for a walk. For I'm not afraid of cows; anyhow, if they're on a leash and are kept muzzled.

—‡—

MIDNIGHT.

Across the earth that for a little space
Lies in repose
The deep assuaging tide of darkness flows
From far and shoreless seas.

This hour how many women watch,
As I,
The bright unanchored stars
Sailing a quiet sky.

To each who lingers at her window pane
A wistful while, to each whose heart
Must find its peace before she sleeps again:
Good-night, across the silences—good-night.

ADELAIDE LOVE.

—‡—

ALGERIA reports finding two brand new small planets located between Mars and Jupiter. Algeria found the planets and so has the right to keep them, but everybody will be satisfied. Anyhow, these United States of America, what with the new things consisting of three alphabet letters coming out at Washington every few hours, the milk strike, Hooey Long, liquor control, French wines, British, Scotch and a lot more worries we've already got, we couldn't afford to take over the new planets; we've got trouble enough right now. And if Algeria tries to give the fool things to us we'll consider it an unfriendly act and call out the marines.

—‡—

"CONGRESS Would Make D. C. One of the Wettest."—La Trib. But sakes alive! Hasn't it always been? And then some!

—‡—

"AND THE GREAT TROUBLE with the girls coming in and sitting in front of the bar," said old Bill the Human Barkeep yesterday, "is that if your back is turned when they come in and then you turn around and look at 'em, what with their bobbed hair and the sports clothes they wear nowadays, you don't know whether to say 'Well, gents, name your poison,' or 'Well, ladies, what's it going to be?'"

—‡—

THE THING for the bartenders to do now that everybody looks alike is to keep a mechanical mouse handy and when in doubt turn it loose. If the customers in front of the bar turn pale and shout in unison, "Good gosh! I'm off likker fer life!" then they're men. If, on the contrary, they just yawn, look bored, and say, "Don't be silly; pour us some booze!" they're ladies.

—‡—

"U. S. CONTROLLER GENERAL Upholds Ford Eligibility to Sell to United States."—Headline. And if that Blue Eagle looks around carefully and counts his tail feathers we wouldn't be surprised if he found that a few of 'em had been pulled out by somebody.

—‡—

THERE ARE REALLY NO MORE Linebooks, and all we can say to those who are still sending in for them is that we're sorry. It's a lie, because we're tickled to death when they're sold out, but we try to be polite at all times. But here's a chance to learn something from history, for the history of this Linebook is the same as that of many others, and will be the same as Linebooks of the future. Somebody has said very wisely: "We learn from history that we never learn anything from history." Now, here's a chance to be different and learn something from history. Instead of sorrowing because you couldn't get a 1933 Linebook register right now for the 1934 Linebook. We'll make it a code, the LFC (Linebook for Certain). 10c on the hoof, 13c by mail. Out December, 1934.

—‡—

AND AWAY OUT HERE in the great middle west we may properly boast that at last the words of Holy Writ are coming true. Already half of it has come true, and now if the honey producers start a strike then, indeed, may we say proudly and truthfully that we have "a land flowing with milk and honey."

—‡—

THE HURRICANE.

For many hours he struggled bitterly
To understand the hurtling hurricane.
Why, he had given soul and drudgery
To green the fields now sluiced by mud and rain!
The singing birds and thrumming bugs were still,
The broken, shivering poplars sobbed apart,
A cynic owl jeered from a distant hill,
And weary wasteness wept within his heart.

But when the sky had cleared, the ravaged land
Became yet dearer in its mute appeal,
New beauty beckoned him with kindly hand—
And beauty sought for, every hurt can heal.

ROBERTA ROBINSON.

—‡—

IF I GET A CHANCE to go to Washington this year the first thing I'm going to look around for will be the big new government factory where they make all the dotted lines for congress to sign on.

R. H. L.

How to Keep Well By Dr. W. A. Evans

To the limit of space questions pertaining to hygiene and prevention of disease will be answered in this column. Personal replies will be made to inquiries under proper limitations when return stamped envelope is inclosed. Dr. Evans will not make diagnoses or prescribe for individual disease.

[Copyright: 1934: By The Chicago Tribune.]

WHY BABY'S EYES CROSS.

FOND parents and their admiring friends have a way of fooling with babies that presents some possibilities of harm. The reference is to cooing to the young one, dangling objects, and trying to attract his attention. Possibly the theory is that this is a contribution to his education or entertainment. It is neither. The intent is to give pleasure to the young one or to the parent. It may succeed in the second objective but it will fail as to the first. The baby has his own standards of entertainment and pleasure and these differ considerably from those of adults. Fortunately, babies are foolproof to a considerable degree, and most of the unwise and potentially harmful things we do with them result in no harm.

The possible danger in tampering with vision is consequent upon the following:

At birth a baby is blind, in a certain sense, though not in the way we generally use the term. The nerve impulses that result in vision are carried from the eyeball to the brain by the optic nerve. At birth the nerve fibers of this important nerve are fairly well developed, so far as the central wire is concerned, but there is almost an entire absence of insulation. In consequence, a nerve impulse starting down one nerve fiber spreads all over the place. It would be as though we laid a bunch of plain telegraph wires without insulation under the ocean and then tried to cable England. We would not make a success of the venture. The optic nerve does not become even fairly well insulated until the baby is three weeks old and it is not a good job until he is ten weeks old.

At birth baby's eyes are large but very shallow from front to back. Consequently he is farsighted. He may see the ceiling, in so far as he can see anything, but he can see nothing closer. When some kindly person holds baby up, looks him in the eye, and makes assorted faces to attract his attention, baby sees none of the show and does not know what it is all about. If the kindly disposed person will move some ten feet away or climb up to the ceiling he may succeed in attracting baby's notice.

The eyes rapidly grow in depth and, therefore, become less farsighted. At four months of age he is still quite farsighted. At six months of age it is possible for him to get a fair conception of near objects. At one year of age he is still farsighted, but near vision is tolerably good. To try to make a baby see near objects when farsightedness is still the prevailing condition is to invite cross-eyes and cockeye and, in a degree, to strain the fabric of the eyeball.

The muscles of the socket and eyeball are only fairly well developed at birth, but even at that the muscle itself is better than its nerve control. The good working together of the six muscles, which is the condition in good adult eyes, is apt to be missing in the eyes of babies. We see them cross and uncross, turn in and out, up and down, one this way and the other another way after a fashion that would make the fortune of a movie actor. Control of the socket eyeball muscles is gradually gained in babyhood. To tempt a baby to see near, when seeing far is natural to it, may induce bizarre eyeball movements. Especially is this true of bright lights and bright objects that are not only near but are kept moving around.

The quality which finally makes cross-eyes unlikely is good fusion. Complete and proper capacity for fusing is not attained until about six years of age. The eyeball of a baby is very fragile. It is large as compared with the body as a whole. Like the body, it grows according to a definite schedule. In that schedule there are periods of rapid growth and others of slow growth. The different parts of the eyeball grow according to different schedules. Since the structure is a delicate one and growth means softer and less resistant tissues, the eyeball may be considerably changed by the experiences of the growth periods. It is safer not to try to make the long distance eyeball of infancy try to do near-distance stunts.

From Across the Sea

BY SIGRID SCHULTZ.

[Chicago Tribune Press Service.]

BERLIN.—A journalist without a true National Socialist [Nazi] soul just simply must not exist in the new German state, Dr. Otto Dietrich, vice president of the press chamber, has announced. The new German journalist is not expected to get the news—he must mold characters, he said. The new German editor must be "typical of the third reich."

The education of the journalist must involve three factors: One is general knowledge, which is self-evident. Then the bourgeois journalist, who possesses the technical experience, must be "filled with the Nazi spirit." In the third place, the Nazi journalist, emerging from the political sphere without the "right viewpoint," must acquire the "highest technical perfection."

The German journalist must become Chancellor Adolf Hitler's political soldier, Capt. Weiss, leader of the Reich's Union of German Journalists, emphasized. He said there is only one profession in Germany which has withstood the storms of time—that of the German soldier.

"To be a soldier means to obey an inner command," Capt. Weiss said. "Thus the German journalist must become a soldier who is accustomed to preserve character and discipline and who proves that he has the sense of leadership."

The Nazi party does not want pressure to be exercised on the reader to buy a certain paper—as has often been done by local leaders—although Dr. Dietrich stated:

"It is expected that the official papers of the party shall enjoy certain advantages due to them because of their loyalty."

Obtrusive solicitors for newspapers are to be taken into custody by the Augsburg police. Herbert Burisch of Augsburg tried to increase his newspaper circulation by telling persons who declined to subscribe that they were not nationally minded and not real Germans. A woman resented his methods and reported the incident to the police. Burisch was arrested.

WE SEEM TO HAVE FORGOTTEN ALL ABOUT THE HOLES IN OUR POCKETS

VOICE OF THE PEOPLE

Writers should confine themselves to 200 or 300 words. Give full names and addresses. No manuscripts can be returned. Address Voice of the People, The Tribune.

WHAT DID HAPPEN.

Chicago, Jan. 7.—McCutcheon's cartoon in today's paper showing pictures of what did not happen in a cabinet meeting in June, 1929, might well be followed by a cartoon of what probably did happen in both a cabinet meeting and a federal reserve board meeting in September, 1927, a few weeks after Coolidge did not choose to run for reelection.

At that time the federal reserve rediscount rate was, unnecessarily and without any forewarning, reduced, over the protests of a large group of middle western bankers. Why was it done? To bolster British exchange and the credit of numerous foreign debtor countries, about all of which the international bankers were already becoming worried. Those concerned thought that to reduce our interest rates would tend to force our liquid capital abroad. Did it succeed? About as much as raising the price of gold will lift the depression.

The only result of cutting interest rates in 1927 was to bring on the asinine boom of 1928 and 1929 in this country. The government's present monetary policy may very well bring about an equally unlooked for result to that now intended and hoped for. Which all goes to convince me that meddling with economic laws is not only futile but highly dangerous, and the great pity of it is that so many intelligent and well informed people honestly believe in such witch doctoring. True, monkeying with the money will make something happen, but God alone knows just what it will be.

ALAN D. WHITNEY.

WRITE TO YOUR CONGRESSMAN.

Chicago, Jan. 3.—In today's editorial entitled "Grand Larceny as a Virtue" reference is made to the absence of protest on the plan to devaluate the dollar. Please, O please, tell me what we poor widows, the elderly people and orphans can do.

I, for one, am almost driven to desperation every time I think of the possibility of the pittance I have saved by privation being confiscated by the government. Nevertheless, I am helpless, and whereas I once had respect for the law and our government, I now have not one iota.

H. S.

WITH OTHER PEOPLE'S MONEY.

Jackson Heights, N. Y., Jan. 4.—I am surprised at the early reaction to the President's personal message to the congress, and I may add to the nation.

Such messages are presumed to be disclosures of the state of the nation as discerned from the President's exclusive vantage point; but the one fact disclosed, which I believe was not news, was that Finland had paid its debt in full.

In the larger part, the balance of the message was merely conjectural, a matter of opinion.

I would write no apology for predatory persons who exploited the public and private capacities and confidence, but the President is on unsound ground when he assails speculation with other people's money.

Avowed and confessed, the major acts of President Roosevelt's régime are speculative, and with other people's money—the taxpayers'.

Speculation with the national welfare the stake is just as reprehensible as it is among individuals and fiscal corporations, and in the clearer vision, to use the taxing power for speculation is more reprehensible.

The causes of our dilemmas are clearly discernible, and the adjustments are as clearly discernible, but so long as we will not face the facts we shall continue to stultify the national integrity with speculation.

WILLIAM W. WILLIAMS.

THE I. C. TRACKS.

Chicago, Jan. 7.—In view of the fact that the council of the city of Chicago will give a permit to a large number of railroads in Chicago to combine and use the same tracks of the Illinois Central railroads, the council should order the tracks to be lowered 6 to 8 feet at least and cover the top with concrete so as to make them into subway transportation from Randolph street to Hyde Park. If this is done it will save us the lake front, and the Illinois Central railroad, as owner of this railroad bed, could rent or sell the surface to the state for parks, or to the city of Chicago for the aviation field, or for a recreation place such as Coney Island, etc., or for other purposes.

L. W. B.

AGE IN WHISKY VS. AGE IN MAN.

Chicago, Jan. 6.—Why is it that whisky [in the opinion of its proponents] improves with age? Twenty years in the wood gives it an apparent characteristic that makes it desirable to its employer. Men openly bid for the services of this patriarch.

But how about man? If he has distilled the green ingredients of youth into the quintessence of judgment, initiative, dependability, etc.; if he has been 20 years "in the wood," acquiring the fragrance of experience and the flavor of character, this very ageing process seemingly eliminates him from the consideration of employers.

R. A.

FRIEND OF THE PEOPLE

Letters to this department must be signed with names and addresses of writers.

INSURANCE.

Chicago, Jan. 6.—[Legal Friend of the People.]—If a party takes out a life insurance policy on a person without his knowledge and forges signature with an "X," and is no relation to the insured, what becomes of the insurance money and who is same paid out to in case of death?

R. H.

In general an insurance policy is not valid unless the party taking out the insurance has what is called an "insurable interest" in the life of the insured, which means that he is benefited by the continuance of that person's life and will be injured by the person's death. It seems probable that the insurance is not collectible on the policy involved in your letter.

TRIBUNE LAW DEPARTMENT.

WATER MAIN LEAK.

Chicago, Jan. 5.—[Friend of the People.]—I wrote to the city complaining about leak from main in street in front of my residence. It is necessary to walk over ice that has formed due to this leak, and as this spot is not very well illuminated at night an accident might result. Please see if you can have this condition remedied.

L. R. M.

We are pleased to advise that under date of Dec. 15 the south district water pipe extension excavated and repaired a three-quarter inch service pipe leak at the above location,

O. E. HEWITT,
Commissioner of Public Works.

STATIC

EMPIRE TREATY CUTS MILLIONS FROM U. S. TRADE

Canada Diverts Imports to Across Seas.

Here is the third of a series of despatches on United States-Canadian trade possibilities. Mr. Kinsley is making a trip through Canada as part of The Tribune's campaign to give its readers information which may help America regain old export markets or develop new ones for its agricultural and industrial products.

BY PHILIP KINSLEY.
[Chicago Tribune Press Service.]

OTTAWA, Ont., Jan. 10.—American export of machinery to Canada furnishes an excellent illustration of what has happened in a trade way between the two countries during the last two or three years, due to the tread toward nationalism, the growth in British Empire preferences, and the wall built by the United States against Canada's primary products.

The things worked out on paper at the British Empire economic conference here in 1932 haven't worked out entirely as planned, but the effect is a measureable one on United States trade. One-fifth of the American exports to Canada were adversely affected by the new rates and the indications are that American exporters lost $11,785,524 in Canadian business during the first half of last year. Canadian imports from the United Kingdom were up 8 per cent and from other parts of the empire 19 per cent.

Other Influences at Work.

There were other influences at work here, however, such as the exchange fluctuation, price trends, earlier tariff changes, dumping duty regulations, and the intangible influence of propaganda designed to influence domestic and inter-empire buying, and the growth of domestic sources of goods.

It is too early to say just what the Ottawa conference has done, but it has not been good for the United States and presents a new hurdle for American business men.

The commodities in which large losses were registered are anthracite coal, sheets of iron and steel, yarns, cotton seed, crude oil, parts for motor trucks, telephone and telegraph apparatus, wireless apparatus, autos, typewriters, soda compounds, surgical and dental instruments, leathers, hides, soap, printed matter, dyes, books, perfumery, and cosmetics. The export of a few things, such as rock drills, radio tubes and aluminum manufactures, increased despite the unfavorable tariffs.

Change Unfavorable to U. S.

From June, 1931, the change has been generally unfavorable to the United States. There has been a greater English sales effort in the Canadian market, according to Avery F. Peterson, assistant United States trade commissioner in Ottawa.

"The 'buy-empire' influence is impossible to measure," he reports, "but it served to implement the conference rates. Canada stressed 'buy in Canada.' The influence toward empire solidarity, supported by governmental and other public bodies, diverted imports from the United States to the United Kingdom. A second psychological influence unfavorable to American exports to Canada is the resentment that was current in the dominion following the fall in Canadian funds as compared with United States dollars."

In 1929 machinery was by far the heaviest item imported into Canada from the United States. Since 1926 Canada has taken from 20 to 25 per cent of all this American export. What business has been held is due to superior quality, satisfactory prices, reputation of dealers, advertising, quicker delivery and close trade connections.

Good Business Ethics Stressed.

"American manufacturers must make full use of their particular advantages," Mr. Peterson says, "if they are to hold their proportion of business. The advantages must be worked, but they still provide a basis for a good business.

"There is an intangible selling barrier to be overcome in the nationalistic sales resistance as the first hurdle. But quality, price, adaptability and reputation are still fundamental. Representatives of American lines should not be discouraged easily. There is a feeling against the last United States tariff law, which is reflected in smaller purchases. High pressure salesmanship which stresses American superiority does not set well with these buyers, who are conservative, but open minded and proud of their own technical development."

Since 1931 there has been a notable influx of American branch plants in Canada. It is difficult to find a major American product that is not manufactured here. It may be of American design and pioneering, but if it is made here the selling point is strong. The largest group is that of agricultural and industrial machinery.

4 Billion Is U. S. Investment.

American investments in Canada were nearly four billion dollars at the end of 1931, largely in branch and subsidiary industries established here by United States firms with Canadian participation in the capital structure. One survey gves 524 branch plants, with investment of $540,000,000, including $67,000,000 in automotive plants, the products of which are given free entry into the British empire market from this side the invisible tariff wall.

"The production of American machinery in subsidiary Canadian organizations eradicated a good percentage of international trade," Mr. Peterson says. "Machinery imported from the United States meets most serious competition from other United States lines produced by local shops. Much English and European equipment which might produce severe competition, due to tariff preference, exchange or price, cannot compete with products manufactured to American design within Canada. The costs are more per unit than in the United States, but they are covered by the tariff and the sales prices is set just under the competition from imported lines.

"American machinery made in Canada always sells for more than the price in the United States, but there is surprisingly little complaint from purchasers who are called to pay the extra 20 to 30 per cent markup. Branch manufacture of all kinds have created a demand for many lines of imported industrial machinery which is best filled by United States exports."

Sees Her Escort Kill Bandit

Miss Beulah Burke, whose escort, Policeman Martin Priegnitz of Naperville, shot and killed a bandit when he tried to rob them in auto.
[TRIBUNE Photo.]

Identify Slain Youth

The body of a youth killed Tuesday night when he attempted to rob Martin Priegnitz, a Naperville policeman, was identified at the county morgue as that of Alex Finkel, 18 years old, a former student at the Harrison High school. The identification was made by the victim's father, Max Finkel, 1912 South Spaulding avenue.

Finkel told Fillmore police that he knew his son had been involved in several robberies but declared he had been unable to control him. He said Alex had not lived at home since Dec. 23 and that he had dropped out of school last fall. He would have been graduated in February. Word of his son's death was conveyed to him, Finkel said, by a neighbor's boy, Edward Chefsky, 10 years old, 1926 South Spaulding avenue, who delivered a note given him by an unidentified woman. The note read: "Go to the county morgue and you will find your son."

Alex was shot when he stepped up to the automobile in which Priegnitz was sitting with Miss Beulah Burke, 20 years old, in front of her home at 3353 West Monroe street, and ordered them to put up their hands. He had a revolver in his hand, Priegnitz said. Instead of complying with the stickup order, the policeman drew his own weapon and fired.

Slams Door in Face of Masked Armed Bandit

Kenosha, Wis., Jan. 10.—[Special.]—A masked man, armed with a revolver, rang the doorbell at the home of Arthur Holtdorf, Silver Lake, at 10 o'clock tonight and said: "Don't get excited; this is a holdup," when Holtdorf answered. Holtdorf is collector for the Wisconsin Gas and Electric company. He slammed the door shut, turned out the lights, and called the police. The man at the door fled, he said. Last spring Holtdorf was stopped in his automobile while carrying a day's collections, bound in the car, and abandoned in the woods at Petrifying Springs park.

LA GUARDIA AND LEHMAN REACH NEW AGREEMENT

"Joker" Seen in Latest Finance Bill.

Albany, N. Y., Jan. 10.—[Special.]—An agreement on a legislative bill to empower Mayor Fiorello H. La Guardia and the board of estimate of New York City to reform the city's financial setup and balance the budget, was entered into today by Gov. Herbert H. Lehman and the mayor.

Under the compromise program, the mayor will not be able to set himself up as sole dictator, with power to abolish jobs and consolidate departments, but will have to share these powers with his fellow members of the board of estimate. The mayor has only three of the sixteen votes on the board, but his Republican-Fusion confederates hold an additional ten votes and on the face of things, the mayor will be able to swing his plans into effect.

Little "Joker" Appears.

However, there appears to be a little "joker" in the agreement on the bill, as made public by the Democratic governor. It is provided that the "municipal assembly" shall have the right to supersede or amend any action taken by the board of estimate. The municipal assembly is comprised of the board of estimate and the board of aldermen—and the latter branch of the city government is still in the control of Tammany hall. Thus, if the board of estimates abolishes jobs and merges departments and orders city employes to take furloughs without pay, in order to obliterate a $40,000,000 deficit in the budget, their action will not be final and effective unless the aldermen give their approval.

The municipal assembly also is to be given the right to abrogate at any time prior to Oct. 1 any emergency bills enacted by the legislature under which the board of estimate exercises any newly given powers.

Fights Tammany Control.

Mayor La Guardia has been contending, in his battle with the governor, that with the Tammany controlled board of aldermen holding veto power over the board of estimate it would be impossible to put through the radical reforms necessary to cut down the city's 554 million dollar budget. The fact that the mayor today agreed to the Lehman plan, although it fails to remove the veto power of the aldermen, is said to be founded upon the mayor's hope and belief that the Tammany influence in the municipal assembly through the aldermanic members will not be sufficient to muster the necessary two-thirds vote to override the mayor and the board of estimate.

In any event the mayor failed to gain dictatorial powers, to which the governor took exception, and must take his chances on being able to put through his program.

MICHIGAN VICE CHARGES START FEDERAL QUIZ

Officials of State Issue Warrants.

Niles, Mich., Jan. 10.—[Special.]—The United States district attorney's office in Grand Rapids tonight joined in the expose of juvenile vice conditions in southern Michigan cities and towns. Evidence concerning Mann act charges was submitted to the federal attorney by Prosecuting Attorney Harvey Holbrook of Berrien county.

At the same time George Murphy, deputy attorney general, arrived here by airplane from Lansing to confer with the county prosecutor and determine whether the vice crusade, which already has involved nearly 150 girl and about 20 men, many of them married, shall be extended to include Cass and other southern Michigan counties.

Calls Conditions Shocking.

Attorney General Patrick H. O'Brien announced in Lansing that the revelations in Niles and surrounding towns would "shock any one of ordinary moral standards." The attorney general's investigation was carried on by George Foulkes Jr., an investigator and son of the fourth district Michigan congressman.

Three warrants, charging Niles young men with statutory offenses carrying maximum sentences of life imprisonment, were issued late today by Justice of the Peace Thomas M. Farrell. He is conducting the special one-man grand jury investigation here into the vice conditions disclosed by Probate Judge Malcolm Hatfield. Deputy sheriffs were conducting a search tonight for the men named in the warrants.

Accuses South Bend Youth.

More warrants are expected tomorrow, Prosecutor Holbrook said.

The district attorney in Grand Rapids was called into the case when one of the young girls appearing before the grand pury inquiry disclosed that a 19 year old South Bend youth had taken her over the Michigan state line into Indiana for immoral purposes. Another South Bend man, said to be married and the father of three children, may be arrested, Mr. Holbrook said.

Mr. Holbrook said tomorrow seven Niles girls, involved by five girls who already have testified, will appear before the grand jury, with five young men also implicated.

Seize Postman for Dumping Yule Mail

Buffalo, N. Y., Jan. 10.—(AP)—Accused of dumping about 1,000 pieces of Christmas mail into a creek instead of delivering it John R. Hunt, a substitute postman, was arrested today. He said the hard rain caused him to fear pneumonia.

PRINCESS MARRIED

HOLD TWO FOR HIDING INSANE WIFE IN A BARN

Ridgefield Park, N. J., Jan. 10.—(AP)—Detectives strove today to clarify the strange story of the imprisonment of a naked madwoman in a dirty, unheated, closetlike room over a stable on the old Barnes estate.

Meanwhile Mrs. Sophie Cerardi, 42, pronounced insane by a county physician, was receiving medical attention at the county hospital at Bergen Pines.

Joseph Cerardi, 34, the woman's husband, and his housekeeper, Miss Mary Griffin, 35, were held on charges of false imprisonment. Abuse of an insane person may be added as a charge against them.

The husband, a former middleweight pugilist, officials said, was questioned in the Lindbergh kidnaping case after the body of the murdered baby was found near a shack where Cerardi stayed occasionally at Hopewell.

Neighbors who saw his wife arrive with him about two years ago said she was then apparently in good health. When found last night she had wasted away to 50 pounds. She had a bed, a mattress and a blanket. The windows were boarded up.

Cerardi said he had taken her from a state institution where she had been, and was keeping her with him "for her own benefit."

The police were told Cerardi had insured his wife's life for $10,000.

LABORITE WHO "ATTACKED" KING PRAYS FOR HIM

'Explains' His Statement at London Luncheon.

BY JOHN STEELE.
[Chicago Tribune Press Service.]

LONDON, Jan. 10.—A royal toast was drunk, as usual, at the luncheon today of the London branch of the Society of Auctioneers and Landed Property Agents.

"The king," said the chairman, which is ritual.

"God bless him," was heard uttered fervently, which is not ritual.

Look Who's Here!

Who was it? Why, none other than Sir Stafford Cripps, Labor member of parliament, who a few days ago got himself into a lot of trouble when he spoke out of turn. What he said then was that when the Labor party comes to power it will have to watch out for opposition from Buckingham palace.

This "amazing" statement, as the British press termed it, was interpreted as an attack on his majesty. Sir Stafford denied that he is such a low fellow, and has been trying ever since to explain it away. He did not mean his majesty, he said.

"We suppose he meant the doorkeeper of Buckingham palace," one paper commented.

Believes in Monarchy.

Today Sir Stafford's explanations and excuses reached a climax in "God bless him." In a speech that followed he said the Labor party believed in constitutional monarchy.

"I believe in it," he said, "because I would far rather have a constitutional monarch than a political president."

The chairman at the luncheon, introducing Sir Stafford, invoked the laws of hospitality. Sir Stafford said smilingly that he had been prepared to have his invitation withdrawn.

FRENCH BAKER WINS $300,000 LOTTERY PRIZE

[Copyright: 1934: By the New York Times.]

PARIS, Jan. 10.—Luck in the French national lottery seems to favor the south and the small commercial class.

The 5,000,000-franc [$300,000] prize previously won by a hairdresser of Tarascon, a garage keeper of Avignon and a miller of South Loire, went yesterday to a baker of Cavaillon. Like his predecessors, the baker, Felix Reynaud, had a single ticket. As he was baking his morning batch of bread today he was informed by a postman that No. 76,523 had won the big prize.

"That's my ticket," he said phlegmatically, and went on with his baking.

Reynaud is 57 years of age and a war veteran with a wound and two medals.

BRITAIN PROTESTS TO FRANCE ON INCREASE GRANTED U. S. IMPORTS

PARIS, Jan. 10.—(AP)—New French import quotas, under which certain American importations may be increased 300 per cent in exchange for higher export allotments on French wines, brought a sharp protest today from Great Britain. The British government claimed a similar preferential treatment for British products and through its commercial attaché here, J. R. Cahill, said the French contingent discriminated against British goods.

An increase in the British goods admitted to France was asked without the bargaining provision provided by the new French scheme of quota regulations.

Russia, according France most favored nation treatment, specifically agreed, meanwhile, to buy aluminum products, airplane motors, and electromagnetic products from France with the soviet petroleum trust guaranteeing payment. France in return granted Russia import quotas on wood, coal, and agricultural products.

CITES U. S. TRADE POSSIBILITIES IN LATIN AMERICA

Rear Admiral Wat T. Cluverius, speaking yesterday at a meeting of the Chicago Association of Commerce at the Palmer House, said that Latin America is assuming paramount importance to the United States export trade. "The new nationalism of the ever contracting world is making Latin America more and more important to our daily life," Admiral Cluverius said. "President Roosevelt's policy of nonintervention in the internal affairs of Latin-American has removed the element of distrust and opened the market."

Dollar Worth Less; Court Boosts Support Allowance

New York, Jan. 10.—[Special.]—Because of the depreciation of the American dollar Surrogate James A. Foley granted an increase today of $2,500 a year in the allowances for the education and support of Arthur P. Beresford, 18, and his sister, Catherine Moya Beresford, 20, children of Lord and Lady Decies. Lady Decies was the former Vivien Helen Gould.

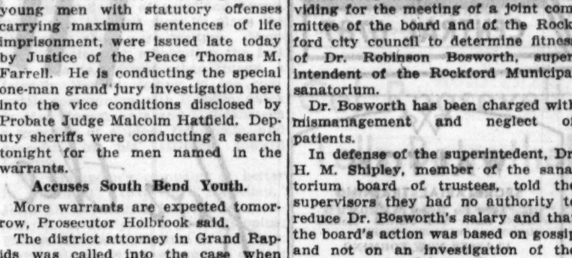
HERE'S THAT QUICK WAY TO STOP A COLD



Take 2 Bayer Aspirin Tablets. — Drink full glass of water. Repeat treatment in 2 hours. — If throat is sore, crush and dissolve 3 Bayer Aspirin Tablets in a half glass of water and gargle according to directions in box.

Almost Instant Relief in This Way

The simple method pictured above is the way doctors throughout the world now treat colds.

It is recognized as the QUICKEST, safest, surest way to treat a cold. For it will check an ordinary cold almost as fast as you caught it.

Ask your doctor about this. And when you buy, see that you get the real BAYER Aspirin Tablets. They dissolve almost instantly. And thus work almost instantly when you take them. And for a gargle, Genuine BAYER Aspirin Tablets dissolve so completely they leave no irritating particles. Get a box of 12 tablets or a bottle of 24 or 100 at any drug store.

NRA

DOES NOT HARM THE HEART

A CLEAR COMPLEXION

Ruddy cheeks—sparkling eyes—most women can have. Dr. F. M. Edwards for 20 years treated scores of women for liver and bowel ailments. During these years he gave his patients a substitute for calomel made of a few well known vegetable ingredients, naming them Dr. Edwards Olive Tablets. Know them by their olive color.

These tablets are wonder-workers on the liver and bowels, causing a normal action, carrying off the waste and poisonous matter in one's system.

If you have a pale face sallow look, dull eyes, pimples, coated tongue, headaches, a listless, no good feeling, all out of sorts, inactive bowels, take one of Dr. Edwards Olive Tablets nightly for a time and note the pleasing results.

Thousands of women and men take Dr. Edwards Olive Tablets now and then to keep fit. 15c, 30c and 60c.

DUTCH ANGERED AS GERMAN NAZIS BEHEAD FIREBUG

Van Der Lubbe Goes to Death Stolidly.

AMSTERDAM, Holland, Jan. 10.—(AP)—Popular indignation flared among various sections of the population today at the news of the execution of Marinus van der Lubbe, young Dutch brickmason, in Leipzig for the burning of the German reichstag building.

The citizenry appeared surprised, since it had been thought that President von Hindenburg would commute the Dutchman's death sentence because of representations made by the Dutch government in an effort to save the youth's life.

Observers said, however, that they thought the official attitude would be that the German government was within its legal rights in exacting the supreme penalty and that the Dutch government would not take further action.

NAZIS EXPLAIN BEHEADING

BY SIGRID SCHULTZ.
[Chicago Tribune Press Service.]

BERLIN, Jan. 10.—"Van der Lubbe was beheaded instead of being hanged because he set fire to the reichstag for the sake of his convictions. Execution with an ax does not represent a mitigation of punishment. It was chosen because hanging is reserved for traitors and other low criminals."

This official statement was issued at Nazi headquarters here following the execution in the courtyard of the Leipzig jail this morning of the Dutch youth who confessed that he alone burned the reichstag last February.

No Dutch officials witnessed the execution. Although Holland had protested against the sentence and warned Germany that the execution of Van der Lubbe would be considered a violation of international law on the grounds that arson was made punishable by death after the crime was committed, President Paul von Hindenburg refused to grant the youth a pardon.

Goes to Death in Stupor.

Van der Lubbe himself showed no signs of emotion when informed that the fatal hour had arrived by Chief Prosecutor Werner. He went to his death in the same stuporlike condition he had been in during the many weeks he was on trial with four other defendants, who were acquitted but are still held in prison by the Nazis. Van der Lubbe refused to see a priest, expressed no special wishes, and refused to send messages to relatives. He reiterated that he set fire to the reichstag single handed and had no accomplices.

The execution was witnessed by Judge Wilhelm Buenger, president of the Supreme court; the prosecutor, the four other judges, Van der Lubbe's lawyer, an interpreter, and twelve Leipzig citizens "of good repute."

After Judge Buenger had reread the verdict and announced that President von Hindenburg had refused a pardon Van der Lubbe was handed over to the executioner. The latter, in accordance with German law, wore a frock coat, top hat, and white kid gloves as he chopped off the Dutchman's head with a huge ax.

The ultimate fate of the four who were acquitted in the arson trial—Georgi Dimitroff, Wassil Taneff, and Blagoi Popoff, Bulgarians, and Ernst Torgler, former communist whip in the German reichstag—is still clouded in mystery. The government has given no indication whether it intends to deport them or place them on trial on new charges.

Killer Is Beheaded.

HAMBURG, Germany, Jan. 10.—(AP)—Rudolf Lindau, who shot and killed Police Inspector Perske from ambush on Aug. 27, 1931, was beheaded today.

BALTIC STATES SEE SWEDEN AS POSSIBLE ALLY

[Chicago Tribune Press Service.]

RIGA, Latvia, Jan. 10.—Sweden's invitation to the Latvian foreign minister, Waldamar Salnais, to visit Stockholm has stirred much interest in the Baltic states. Hope is expressed that Sweden has changed her isolation policy and will now take a more active interest in the Baltic states. Salnais said he intends to discuss the formation of a cultural, political, and economic union of the Baltic states with Sweden.

The fact that Sweden complacently regards the Finnish, Estonian, and Latvian armies as outposts against its one possible enemy, Russia, irritates the Baltic countries and the Salnais invitation is expected to smooth matters. Secure behind the Baltic armaments, Sweden is continuing to disarm and today the Finnish army is almost twice as large as the Swedish.

It was also learned that Sweden has refused to assist Finland to fortify the island of Hogland [Hokhland] and Evensari [Lavansaari] in the Finnish gulf off the opening of the narrow bay leading to the Kronstadt-Leningrad harbor.

Empty Your Gall Bladder

And You'll Feel Like a Billion Dollars!

Sleepless nights, dog-tired days, headaches, pains in all parts of the body—indigestion—gas. Do you suffer from one or all?

And have you tried every medicine under the sun, only to find yourself back where you started?

No wonder, for you, like thousands of others have probably been treating yourself for everything but the right thing. Get at the unsuspected cause—your gall bladder. If sluggish, it won't pour into your small intestines the most important digestive juice necessary for neutralizing gastric acid, quickening digestion and disinfecting the intestinal tract. If this juice doesn't flow freely, then your food sours, putrifies, stomach becomes filled with gas and acidity.

From the world's greatest chemists comes a simple, pleasant means to make this digestive juice flow freely, and put you on the sunny side of life. Magnesia Oxoids, little white tablets that release pure oxygen. This amazing oxygen—purer than the air you breathe—plus magnesia, gently stimulates the gall bladder, neutralizes burning acidity and sweeps that poison-packed bowel clean.

Take two Oxoids after each meal—and before retiring—drink plenty of water—put your gall bladder to work—and you'll jump out of your skin for joy. Such new health! Such robust vigor! Get Magnesia Oxoids today from your druggist.—Advertisement.

FIREBUG EXECUTED

AUSTRIAN NAZIS GO ON RAMPAGE; 2 DIE; 500 SEIZED

Dollfuss Foes Invade Cities with Bombs.

VIENNA, Jan. 10.—(AP)—Two Nazis were killed, several wounded, and more than 500 clapped into jail following a nation-wide outburst of anti-government demonstrations today, the most alarming since Chancellor Engelbert Dolfuss outlawed the Nazi party last June.

Vienna echoed tonight with bomb explosions. One blast damaged the city railway station near the historic Schoenbrunn palace and held up traffic for half an hour. At the same time the whole third district of Vienna was darkened by the wrecking of an electric transformer.

Socialists Involved.

The spread of German Nazism to Austria, rigidly opposed by Chancellor Dollfuss and his chief military backing, the Austrian Fascist heimwehr, was at the bottom of the trouble. But tonight's disturbances involved also bitter political feeling over the heimwehr's determination to oust Socialists as well as Nazis from the country.

The demonstrations were organized mostly in the voluntary labor corps camps in various provinces. Nazi party men invaded Vienna, Klagenfurt, and other cities, armed with bombs, tear gas, and other paraphernalia of violence.

The two fatalities were the result of a raid by 30 Nazis on a Klagenfurt newspaper, a pro-government publication. A home guardsman opened fire, killing one Nazi, fatally injuring another, and slightly injuring a third.

144 Nazis Escape Camp.

At one labor camp in Burgenland 144 Nazis broke out and escaped into Hungary. They are being held by authorities in Hungary.

In Villach, near Klagenfurt, a group paraded flying a Nazi banner and defied police, who finally surrounded them and arrested 30.

Leaders of the more than 20,000 Fascist heimwehr men under arms have meanwhile demanded as a price for their support against Nazi outbreaks the assurance of Dollfuss that he will establish a purely Fascist régime in Austria. Government circles are hopeful the heimwehr will be satisfied with a partial fulfillment of its demands.

Dollfuss, for instance, is willing to put the Vienna municipality under a federal commissioner. This would be a realization of the heimwehr ambition to eliminate Socialists from control of the city.

It was also considered likely that the heimwehr would be offered another cabinet post, but whether Dollfuss would consent to outlaw the Socialist party as the home guardsmen have demanded remained doubtful.

EXILED BUDDHIST HEAD TO COMPETE FOR TIBETAN RULE

NANKING, Jan. 10.—(AP)—The banchen lama, former spiritual leader of Buddhist Tibet, is planning to regain his lost domains as a result of the death last month of the dalai lama who exiled him.

Advices said the deposed chieftain, who has been living near Peiping, sent word to the Nationalist government that he will come here to discuss the possibility of succeeding to rulership in Tibet. It is believed he will make the trip in time for the congress of the Chinese Kuomintang party Jan. 20, probably escorted by a procession of picturesquely gowned lama monks.

In 1924 the dalai lama, temporal head of the nation, accused the panchen lama of plotting with foreign powers, drove him out of the country, and usurped his prerogatives as spiritual dictator. Reports that a successor to the Dalai Lama had been found in the form of a newborn child were circulated here yesterday.

NAZIS JAIL MORE CLERGYMEN FOR POLITICAL VIEWS

Von Hindenburg 'Scolds' Church Dictator.

BY SIGRID SCHULTZ.
[Chicago Tribune Press Service.]

BERLIN, Jan. 10.—While leaders of the German Nazi Christians and their foes, the Pasters' Emergency federation, held separate meetings in Berlin today, officials described the Protestant church situation as "extremely critical." The church is split over Chancellor Hitler's attempt to make it a Nazi institution.

Authorities meanwhile continued their campaign against Protestant ministers and Catholic priests, whom they charge are lacking in Nazi zeal.

In Marketsteinach, near Schweinfurt, Chaplain Richard Hessler was arrested "because of an incorrect political attitude."

Seized for Calling Nazi Jew.

In Breslau the Rev. Mr. Weichenhain was arrested because he asserted that the leader of the Hitler youth movement, Baldur von Schirach, is Jewish.

In Wuerttemberg Nazi authorities published a vitriolic attack on opponents, including church leaders, which culminated with this warning: "Let there be no doubt that if we do not succeed in eliminating the last centers of infection of red [Marxist], black [Catholic], and blue [Protestant] bacilli, the surgeon will be ready with his inexorable methods."

A former Nationalist deputy, Wende of Glogau, was arrested for criticizing Nazi agricultural measures. Ludwig Pappenheim, former editor of the newspaper Volksstimme of Schmalkalden, who had been in a concentration camp at Boergermoor, near the Dutch border, since last spring, was shot to death when trying to escape.

Hindenburg Scolds Bishop.

BERLIN, Jan. 10.—(AP)—A good old fashioned scolding to Reichsbishop Ludwig Mueller was reported today to have been President von Hindenburg's attempt to settle a controversy that for more than three months has rent the German Evangelical church.

The devout and aged president expressed grave concern over Bishop Mueller's dictatorial actions, especially in attempting to dissolve Protestant youth groups and subordinating them to the nonsectarian Hitler youth organization.

Meanwhile Hitler's newspaper, the Voelkischer Beobachter, warned Catholic clergymen against opposing the government.

DE VALERA PARTY DELEGATES FLAY HIS FARM POLICY

DUBLIN, Jan. 10.—(AP)—Fianna fail supporters of President Eamon de Valera and his government loosed some sharp criticism of his policies tonight after a ten hour session of delegates from the entire Free state.

The delegates appeared to be chiefly worried over the position of Irish agriculture, concerning which it was understood they were especially critical of the De Valera government. It was said a decision was reached to establish a new agricultural advisory staff.

On the question of De Valera's stand toward Great Britain and Irish independence, however, the meeting unanimously supported the administration. The delegates declared there could be no question of surrender to the British attitude against further Irish autonomy.

ARABS TO RENEW PROTEST ON JEWS; FEAR BLOODSHED

JERUSALEM, Jan. 10.—(AP)—Fears of a recurrence of last autumn's disturbances were awakened today by the decision of Arab leaders to signalize Jan. 16, which ends the Ramadan religious festival, as a day of protest against the government's Jewish immigration policy.

Plans call for the demonstrators to start from mosques immediately after prayers and march to the Zion gate, where a resolution of protest will be made and speeches delivered.

The government placarded proclamations throughout the city warning the would-be demonstrators that they must obtain a license from authorities before organizing processions. Thirty persons were killed and 300 wounded in Palestine last October in anti-Jewish riots fostered by Arabs.

Heart Scare?

Does exertion make your heart thump? If you're worried, see your doctor. Perhaps coffee's causing the trouble. The caffeine in coffee is a heart driver... stimulates, increases strain.

Here's the answer: Give up caffeine, but don't give up coffee. Switch to Kellogg's Kaffee-Hag... blend of the finest Brazilian and Colombian coffees, but 97% caffeine-free! Drink it whenever you like.

Kellogg's new million dollar process for removing bitter caffeine gives coffee lovers a real surprise. For it leaves intact all the delicate flavor. Kaffee-Hag is a marvelously smooth and *mellow* coffee.

Try a three-weeks' test to fully judge its benefits. Then check again with your doctor. And check with your own idea of good coffee.

Ground or in the Bean... Roasted by Kellogg in Battle Creek. Vacuum packed. Satisfaction guaranteed, or money back. Buy it from your grocer or for generous sample send 15¢ and coupon below.

KELLOGG CO., Battle Creek, Mich.

Please send me a can of Kellogg's Kaffee-Hag Coffee (97% caffeine-free) and booklet. I enclose 15c in stamps. (45) 5H 1.11

343,000 Added to German Ranks of Idle in December

[Chicago Tribune Press Service.]

BERLIN, Jan. 10.—German unemployment increased by 343,000 to 4,058,000 during December. The increase was partly due to the severe cold which paralyzed business activity. The Deutsche warns that "whoever is discouraged by the setback shows he is no true Nazi."

CLAIM STAVISKY PAID CAMPAIGN BILL FOR DEPUTY

[Copyright, 1934, By the New York Times.]

PARIS, Jan. 10.—Withdrawal of the parliamentary immunity of Deputy Gaston Bonnaure and the arrest of two prominent Parisian editors, Camille Aymard of Liberté and Albert Dubarry of Volonté were requested today by the magistrate who is investigating the issuing of fradulent securities of the Bayonne municipal pawnshop by Serge Stavisky. The fugitive swindler shot himself Monday at Chamonix and died early yesterday.

The Bayonne magistrate charged that he had found documentary evidence that Stavisky had financed Deputy Bonnaure's electoral champaign and in addition had paid large sums to M. Bonnaure's tailor. M. Aymard was said to have been accused of having received checks from Stavisky, including two for 6,000 francs each [$368] and one for 35,000 francs [$2,145]. M. Dubarry is understood to have been charged with cashing Stavisky's checks for a total of at least 2,000,000 francs [$122,600].

Parliament alone can authorize the withdrawal of parliamentary immunity, permitting the prosecution of M. Bonnaure as an ordinary citizen. The issue will be debated tomorrow together with charges in some newspapers that Stavisky was not a suicide, but was "executed" by the police.

FEDERAL AGENTS SEIZE STILLS.

Federal agents yesterday raided a house at 9712 Avenue L, confiscated two stills, and arrested the tenant, Carlo Miani.

Stenographer Gains 10 Lbs. in Few Weeks!
FEELS LIKE NEW PERSON!

Kansas City Girl Finds New Mineral Concentrate Rich in "FOOD IODINE" Quick, Easy Way to Add Weight, Strengthen Nerves, Build New Energy

Miss Betty Noever, 67 Palmer Rd., Kansas City, Mo.

"I have been underweight for 10 years," says Miss Betty Belle Noever, 67 Palmer Rd., Kansas City, Mo. "I also suffered from stomach trouble, anemia and nervousness and nothing seemed to do me any good until I tried Kelp-a-Malt. After the very first bottle, I started gaining weight and in a few short weeks had put on 10 lbs., and I can truthfully say all my trouble vanished like magic. I've felt like a new person . . . never better."

Just one of the thousands of actual reports that are flooding in from all over the country telling us how this newer form of food iodine is building firm flesh, strengthening the nerves, enriching the blood—nourishing vital glands and making weak, pale, careworn, underweight men and women look and feel years younger.

Scientists have recently discovered that the blood, liver and vital glands of the body contain definite quantities of iodine which heretofore has been difficult to obtain.

Modern foodstuffs, even fresh vegetables and similarly so-called "good" foods, have recently been discovered to be lacking not only in food iodine but in all the other essential organic minerals without which strength and health are impossible.

Kelp-a-Malt, only recently discovered, is an amazingly rich source of food iodine along with practically every mineral essential to normal well-being. It is a sea vegetable concentrate taken from the Pacific Ocean and made available in palatable pleasant-to-take tablet form. Six Kelp-a-Malt tablets provide more food iodine than 486 pounds of spinach, 1,600 pounds of beef, 1,387 pounds of lettuce. Three Kelp-a-Malt tablets contain more iron and copper for rich blood, vitality and strength than a pound of spinach, 7½ pounds of fresh tomatoes—more calcium than 6 eggs, more phosphorus than a pound and a half of carrots — sulphur, sodium, potassium and other essential minerals.

Only when you get an adequate amount of these minerals can your food do you any good—can you nourish glands, add weight, strengthen your nerves, increase your vigor, vitality and endurance.

Try Kelp-a-Malt today. Contains no yeast—doesn't cause bloating. Two weeks are required to effect a change in the mineralization of the body. At the end of that time, if you have not gained at least 8 pounds, feel better, look better and have more endurance than ever before, the trial is free. Generous sized two-week trial treatment costs but little. Get Kelp-a-Malt today.

'Turandot' Is Opera Worthy of Term Grand

Pageantry, Tuneful Singing Mark Premiere.

"TURANDOT."

Posthumous opera in three acts and five scenes by Giacoma Puccini. Presented for the first time in Chicago by the Chicago Grand Opera company at the Civic Opera house Wednesday, Jan. 10, 1934.

THE CAST:

Princess Turandot.....Rosa Raisa
The Emperor Altoum.....Clement Laskowsky
Timur.....Chase Baromeo
Calaf, His Son.....Aroldo Lindi
Liu.....Marion Claire
Ping.....Claudio Frigerio
Pang.....Lodovico Oliviero
Pong.....Giuseppe Cavadore
A Mandarin.....Wilfred Engelman
Conductor.....Gennaro Papi

BY EDWARD MOORE.

Here is a work destined to restore more faith in the term, grand opera, than any piece of its kind of this generation. It has everything that makes opera grand, a fantastic, oriental story with no nonsense about realism, a chance to build up scenic effects to almost the last word in pageantry, a score that calls for the utmost in open throated, tuneful singing.

I wish that it were possible to review the great scene of the second act through the combined mediums of an enormous picture and a talking machine record. The one would indicate a full stage built up from floor to high in the air with terraced groups of choristers and extras in brilliant Chinese costumes, leading to a focal point at the top of a white bearded emperor, gorgeously garbed, who is about ready to count his age in centuries instead of years. The other would reproduce a gargantuan flood of tone from orchestra, principals, and chorus, the notes so cannily written by a wise composer as to bring out every note in its most effective fortissimo, and the whole picture and music dominated and pointed by the magnificent Rosa Raisa.

It was a grand spectacle and a grand torrent of melody. If the participants could stand up to the task, one would say that the opera ought to be good for a run of two or three months. It is quite improbable that Chicago will ever get a chance to see and hear that much of it, though it is already announced that it will be repeated next Tuesday night.

This is the last piece that the great melodist, Puccini worked on. His death left it unfinished, and another Italian composer, Franco Alfani, developed the Puccini sketches into the last duet and finals, as well, so they say, completing a good part of the orchestration.

It has a good deal of historical as well as artistic interest for Mme. Raisa. Back in the early spring of 1926 she finished up her American assignments as hastily as possible so that she could get back to Milan and sing the first performance, on any stage, at La Scala of the rôle of Princess Turandot, an event for which she had been invited a long time before and which finally took place on April 25 of that year.

It was one of the artistic triumphs of her career, but though one hears of it only by report, one is permitted the luxury of doubting whether she sang it any better then than she did in Chicago last night. This most recent performance of hers was one of those stunning things that makes one think of words like matchless and perfect. And the huge audience in the Civic Opera house seemed to think so, too.

Apparently, Puccini, when he composed this music, was on the point of changing his musical manner. He helped himself to a number of Chinese themes for a Chinese subject, at least one of which is genuine, and he went fairly modern in his harmonic treatment and grandiose in his development.

But there are many traces of the old Puccini. The first scene of the second act, for instance, is a trio for Ping, Pang, and Pong, as tuneful and popular a bit as he ever wrote in his early days, yet an accurately atmospheric prelude for the sumptuous tonal parade which follows. Unfortunately the performance followed some of the less enjoyable operatic conventions of a late start and an endless intermission, and consequently I am unable to report on the third act.

But there was enough to show that here was one of the striking achievements of the Chicago Grand Opera company. There was much to be said of a brilliant performance by Mr. Lindi, whose lot by the story was that of the solution of a set of conundrums. And Miss Claire was an ideally lovely Liu, an appealing, lyric part in direct contrast to Mme. Raisa's marvelously thrilling drama. And the chorus sang as though the whole season had been spent on the preparation of the one opera. And Mr. Papi conducted as though divine fires were issuing from the point of his baton.

They say that while the costumes were borrowed from the Metropolitan, everything else, scenery, and certainly musical preparation, was that of the Chicago company. All the greater credit to the Chicago company. It was a sign that the organization will have and must have permanent life.

Fairbanks Jr. Leaves for Roles in British Movies

Hollywood, Cal., Jan. 10.—(AP)—Bound for London to appear with his father in British films now in production, Douglas Fairbanks Jr. left today for New York by airplane. He said he would sail for England tomorrow night.

Dr. Fishbein Talks.

Dr. Morris Fishbein of the American Medical association yesterday addressed 425 students of the Peoples Junior college at 3500 Douglas boulevard. He traced the history of medicine and described some of the recent advances in the treatment of disease.

In New Opera

Rosa Raisa as Princess Turandot in opera "Turandot," which was given Chicago premiere last night.

Society Cheers Chicago Debut of 'Turandot'

Audience Is on Time for Opera Premiere.

BY RUTH DE YOUNG.

Socially as well as artistically Chicago's "new deal" in grand opera reached a pinnacle last night in the Civic Opera house.

With Rosa Raisa singing the title rôle in Puccini's last opera, "Turandot," as a magnet, a distinguished audience filled the theater.

Box tiers and main floor chairs were filled when the heavy velvet curtains parted on the first scene at 8 o'clock. With the "finale" the audience remained in place calling for a dozen curtain bows. Only once did parties hurry from their places and that was at the first intermission, when dozens made a bargain counter rush on the libretto salesman. Finding no story of the musical drama in their programs, escorts invested in librettos "to learn what it was all about."

The well known English symphony conductor, Sir Hamilton Harty, occupied a center box on the mezzanine floor. He showed his enthusiasm in the applause. Sir Hamilton is in Chicago as guest conductor of the symphony orchestra. With him in his box were Mr. and Mrs. Felix Borowski and Mr. and Mrs. Eric DeLamarter.

Among those who attracted attention in the lower floor box row were Mrs. George Swift of Boston, the house guest of Mr. and Mrs. Charles H. Swift, and the Princess Tsianina garbed in the most effective of Indian costumes.

In striking contrast to her shining black hair Mrs. Swift wore an elaborate scarlet ostrich lei that matched her large feather muff. Mrs. Swift attended the performance with the Charles Swifts, Mr. and Mrs. John Alden Carpenter, Mr. and Mrs. Kellogg Fairbank, and Mr. and Mrs. Charles B. Goodspeed.

A small diamond circlet clasped the red velvet blouse that swathed Mrs. Carpenter's throat. A train distinguished the delicate pink lame gown of Mrs. Goodspeed while an old gold diadem was the distinctive note in Mrs. Charles Swift's formal costume. Mrs. Fairbank went to opera in the ever fashionable black lace.

The Princess Tsianina was a guest in the center box of John C. Shaffer. Seated next to the princess was Mrs. Walter Dill Scott. President Scott was another guest in this party and so were Mrs. Edward T. Leight and Mr. and Mrs. John A Scott.

"I feel as if I were in the stratosphere listening to this performance," commented Maj. Chester Fordney, who went to the stratosphere with Commander Settle. Contributing military glamor to the box row in his smoke blue uniform, he was a member of a party composed of Mr. and Mrs. Frank B. Mulford. . . . Mrs. Mulford charming in gold tissue and a heavy tiara and necklace that looked like they might have been taken from Queen Elizabeth's jewel box. . . . Mrs. Benjamin Rosenthal in sea green crêpe. Mrs. James Hamilton Lewis wearing black satin, Robert Hall McCormick, and "Jack" Tartiere, the young man who has come from Paris to make his home in Chicago this winter.

Mrs. Silas H. Strawn has never looked more charming than she did in a trained gown of pastel crêpe. "The girl I work for," offered Mr. Strawn with a smile as he explained her identity to an unknowing reporter. Mr. and Mrs. Strawn were the guests of the Douglas family. There were Mrs. James H. Douglas, Mrs. Donald B. Douglas, and Mr. and Mrs. James H. Douglas Jr.

Mr. and Mrs. Charles Wesley Dempster, Mr. and Mrs. Harold Eldridge, Mrs. Eugene Wheeler, Frederick T. Haskell, and Arthur Wheeler composed the adjoining box party. And next to this group were Mr. and Mrs. Walter S. Brewster. . . . Mrs. Brewster, one of the most pleasing exponents, incidentally, of the bagged coiffure. . . . Col. Noble Brandon Judah, and Russell Tyson . . . all of them the guests of Mrs. C. Morse Ely.

Mrs. Wilhelm Ludwig Baum wore a handsome ermine cape over her black gown. Color contrast was offered by way of the lipstick red jacket with which Mrs. Bernard J. Mullaney covered her beige satin gown.

Here's Hamlet That Deserves History Rating

Hampden Presents Blended Picture of Dane.

"HAMLET."

Shakespeare's tragedy; given by Walter Hampden and his repertory company in the Erlanger theater Jan. 10, 1934 [matinée], under the auspices of the American Theater society.

THE CAST.

Francisco.....Howard Galt
Bernardo.....Franklin Salisbury
Marcellus.....Sydney G. Smith
Horatio.....Dallas Anderson
King Claudius.....Ernest Rowan
Queen Gertrude.....Mabel Moore
Ghost.....Edwin Cushman
Laertes.....John D. Seymour
Polonius.....P. J. Kelly
Hamlet.....Walter Hampden
Ophelia.....Erna Rowan
Rosencrantz.....Robert C. Schnitzer
Guildenstern.....Hayden Rorke
Player king.....Hannam Clark
Player queen.....Helen Wright

BY CHARLES COLLINS.

Although this generation of playgoers may feel with justice that the times are out of joint so far as their playhouse amusements are concerned, they are extremely fortunate in the fact that Walter Hampden continues to act "Hamlet." Here is an interpretation of the greatest rôle in English drama that deserves an "all-time rating." It is one of the best that living eyes have seen. It is a "Hamlet" that will become a legend in stage memoirs like Booth's and Forbes-Robertson's. It has the rounded and harmonious quality of a classic achievement.

Mr. Hampden gave the first performance of "Hamlet" in his current repertory engagement in the Erlanger theater yesterday afternoon, renewing old memories for many members of his audience, communicating a fresh thrill of majestic poetry to others. No doubt to numbers of the students who filled the balcony and gallery this was a new adventure envied by their seniors. The first "Hamlet" is a unique experience in any lifetime.

The eminent actor-manager has mellowed beautifully in the rôle during the fifteen years that nave passed since it was added to his gallery of heroes. He is a better Hamlet now than when he first put on the melancholy Dane's suits of woe. This is a vintage portrayal, enriched by experience and ripened by long practice. Time has not yet left a damaging scar upon it. Hampden's physical equipment for the rôle is perfect; he was born an ideal Hamlet and he has kept himself in admirable condition.

One cannot give this Hamlet its special adjective, or take a position that it emphasizes any single trait of the complex character. It is not, for instance, a mad Hamlet or a scholarly Hamlet or a poetic Hamlet, to the exclusion or depreciation of other elements. It is, rather, a blend of all the possible Hamlets—a saturated solution of the evidence in the text.

I suspect that Hampden keyed his study to Ophelia's description of her unhappy lover—the noble mind o'erthrown; the courtier, soldier, scholar; the expectancy and rose of the fair state; the sovereign reason like sweet bells jangled out of tune and harsh. From this point of view he plays the scenes as they were written. However, I note with admiration the fact that this is, among other things, a friendly Hamlet, happy in his comradely communion with Horatio; quick to give Rosencrantz and Guildenstern a greeting of student fellowship, and graceful in his attitude toward Laertes.

Mr. Hampden's company is better in "Hamlet" than in "Richelieu." John D. Seymour's Laertes is excellent; P. J. Kelly is a good Polonius; Ernest Rowan is effective as the king; Mabel Moore is a persuasive queen; and Erna Rowan handles Ophelia's mad scenes with delicate pathos.

The next new bill of the Hampden repertory will be "Macbeth," to be acted tomorrow night.

Plans for the production of "The Sunday Husband," a comedy by Melanie Koll of Chicago at the Studebaker theater have been canceled. "The Mad Lover," by the same author, will be staged in the Punch and Judy theater in February.

A play by Sinclair Lewis, the novelist, and Lloyd Lewis, Chicago dramatic critic, is announced for production in the east early in February. The work, which tells a story of the civil war, has not yet been given a title. John Hayes Hammond Jr. will be the impresario. The première will take place in Washington, D. C.

Bonner Made Member of Academy of Athens

Announcement of the election of Prof. Robert J. Bonner, chairman of the department of Greek at the University of Chicago, as a corresponding member of the Academy of Athens, was announced yesterday. The diploma of membership was forwarded to Dr. Bonner by Christophoros Simopoulos, Greek ambassador to the United States.

WASHINGTON SOCIETY

Washington, D. C., Jan. 10.—[Special.]—Mrs. Roosevelt made a hurried trip to New York, leaving this morning, to return here tomorrow in time for the dinner at the White House for the diplomatic corps.

Mrs. James Roosevelt, the President's mother, arrived today from New York to spend several days at the White House.

Mrs. Morgenthau Jr., Mrs. Harold L. Ickes, Mrs. Henry A. Wallace, and Frances Perkins, secretary of labor, were "at home" jointly this afternoon at the Sulgrave club. Mrs. Ickes was in a smart gown of heavy black crêpe with chinchilla collar.

Mrs. Roper, wife of the secretary of commerce, received at home and had assisting her Mrs. Dearn, wife of the secretary of war; Mrs. Cummings, wife of the attorney general; Mrs. Swanson, wife of the secretary of the navy, and Mrs. Cone, wife of Rear Admiral Hutchinson I. Cone, who was before her marriage Miss Julia Mattis, niece of and hostess for the late Senator William B. McKinley.

Kruger Saves Melodrama by Expert Acting

"THE WOMEN IN HIS LIFE."

Produced by Metro-Goldwyn-Mayer. Directed by George B. Seitz. Presented at the Roosevelt theater.

THE CAST.

Barringer.....Otto Kruger
Simmons.....Una Merkel
Roger.....Ben Lyon
Catherine.....Isabel Jewell
Lester.....Roscoe Karns
Doris.....Irene Hervey
Tony.....C. Henry Gordon
Worthing.....Samuel S. Hinds
Mrs. Steele.....Irene Franklin
Molly.....Muriel Evans
Curlz.....Raymond Hatton
Information girl.....Joan Howard
Paul.....Paul Hurst

By Mae Tinée.

Good Morning!

Second rate melodrama this, redeemed from the ten, twent', thirt' class by the brilliant acting of the star, Otto Kruger, and creditable cast playing.

I suppose that Mr. Kruger's success in the stage version of "Counsellor-at-Law" served as reason for casting him in this piece, which apes the former and whose central figure is a famous criminal lawyer, BUT—where the attorney in the play—and in the movie adapted from the play—was a dynamic, believable person the one in "The Women in His Life" is not. He's a self-pitier, a chaser, a tippler, a melodramatic, feckless soul who is too unsmart to be AS smart as he's cracked up to be.

However, Mr. Kruger rises to the occasion. He succeeds in creating a laudable portrayal and even to winning sympathy for the character he depicts. But the sardonic gleam that never leaves his eye is there with cause.

The women in Barringer's life are there because ONE woman had proved faithless. Because of his wife's defection he has become a man who DOESN'T CARE. . . .

Seeking forgetfulness in wine, women, and one thing and another, Barringer learns that the faithless lady has been murdered. A bookkeeper—her husband at the time of the tragedy—is accused of the slaying, and his daughter, the deceased fair's stepchild, begs Barringer to defend poor dad. Not knowing, of course, of the lawyer's one time relations with Mrs. Worthing.

Barringer cracks up. . . . Disbarment . . . !

Worthing, defended by Barringer's law partner, is found guilty and sentenced to the chair. . . . [If you think the pardon comes too late you're crazy.]

A season of sleuthing in the underworld by the hero, who has now, through disbarment, pneumonia and various other catastrophes, "found" himself, results in a H. E. that is a veritable nest of H. E.s.

Roscoe Karns, in the rôle of office aid, gives an outstanding performance and elicits considerable laughter. Clever! Ben Lyon is earnest and real as the junior partner. Una Merkel plays a faithful blonde secretary competently. Isabel Jewell is poorly cast. Brittle comedy is her forte, not the heavy sort of stuff that's wished upon her this trip.

The modernistic settings are unusually attractive and nae doot the director did the best he could. It's the story that wears you down.

See you soon!

Col. Roosevelt Tells Betrothal of Miss Grace

(Picture on back page.)

New York, Jan. 10.—(AP)—The engagement of Miss Grace Roosevelt, only daughter of Col. and Mrs. Theodore Roosevelt, and William McMillan of Baltimore was announced tonight. The wedding will take place on March 3 in Christ Episcopal church at Oyster Bay. A reception will follow at Sagamore Hill, estate of Miss Roosevelt's grandfather, the late President Theodore Roosevelt.

Miss Roosevelt, whose father was governor general of the Philippines under President Hoover, was born in San Francisco and educated at Foxcroft school and the Sorbonne in Paris. At the Sorbonne she took the diplome She made her debut two years ago and has been a member of the Junior league.

She will be the first grandchild of President Theodore Roosevelt to be married.

McMillan, who is 28 years old, is an architect, the son of the late Hugh McMillan of Detroit and Mrs. Walter Dent Wise of Baltimore. He is a nephew of the late Senator James McMillan.

McMillan has shot big game in various parts of the world and is an expert yachtsman. In 1930 he sailed with John Alden on the Malibar-10 when that boat won the Bermuda race, and the next year he took part in the trans-Atlantic race from Newport, R. I., to Plymouth, England, in his own schooner, the Water Gipsy.

In 1931 he also participated in the Fastnet race when rough weather was encountered and won second place. He took third in the 1932 Bermuda race with the Water Gipsy.

ENGAGEMENTS

Mr. and Mrs. Louis A. Ruiz of Ridge avenue, Evanston, formerly of Montclair, N. J., announce the engagement of their daughter, Eliza Francis, to Franklin Braidwood Mead, son of Mr. and Mrs. D. W. Mead of Madison, Wis. Miss Ruiz is a senior at Northwestern university and a member of Alpha Chi Omega sorority. Mr. Mead attended the University of Wisconsin, where he was a member of the Chi Psi fraternity, and is a member of the Phi Chi medical fraternity at Northwestern.

Mr. and Mrs. W. E. Trischmann of 2120 Wayeland announce the engagement of their daughter, Clara, to Ralph F. Burton, son of Mr. and Mrs. C. R. Burton of Delavan, Wis.

They Have a Ticket for You

If you haven't already bought a ticket for the benefit for the Vocational Society for Shut-Ins next Tuesday night one of these young women will sell you one soon for they are working hard to insure that a "S. R. O." sign will be needed at Orchestra hall that night. They are, left to right, Mrs. Daniel Peterkin Jr., Princess Josephine Galitzine, and Mrs. Albert F. Madlener Jr. [TRIBUNE Photo.]

Front Views and Profiles

By June Provines

A DIGNIFIED buyer for a firm went into the salesroom of a decorating company and handed the salesman the following slip, inquiring if he had such material. The salesman took the slip and read:

Error—
Club—
Name—
Locale—
Address—
Arrangement— "3 parts gin, 1 part lime juice, honey, vermouth, apricot brandy. Very cold."

"I am sorry we haven't," said the salesman, handing it back, smiling as he did so. "Ought to be quite nice interior decorating ingredients, though."

The buyer, a little upset by the strange smile, glanced at the slip, then hastily gave him a second slip which he had intended to give him originally. The second slip read:

"Please get some samples for Mrs. T—— of green gold brocade with small figures. Doll house scale."

* *

MRS. CLAY BARTLETT stepped into a taxicab early the other morning to go to the Casino club to take the painting she is exhibiting in the Junior league's annual exhibit of fine arts today.

"The Casino," she said to the driver.

"Pardon me, madam, but I'm on the day shift and I don't know much about these night clubs," he answered. "Where is the Casino?"

* *

ORVILLE TAYLOR is chuckling over the letter he received from an insurance company the other day. The letter pointed out, in tactful phrases, the necessity for provision for one's family; and the misfortunes suffered by orphans and widows left destitute through lack of provision made for them by the living. Mr. Taylor's eye traveled over the rest of the letter to the signature. It was signed:

* *

IT was at the performance of "Aida" last Saturday. The lights had dimmed and just as the music began a young woman asked her companion:

"What is the next scene, Dorothy? I forgot my program."

And Dorothy, getting a little mixed in her cities, replied:

"Some public place in Nashville."

(The program says, if you recall, a public place in Memphis, Egypt.)

* *

THERE is a certain hominess about this little tale that gives it flavor. . . . Dudley Crafts Watson mailed a letter to Mr. and Mrs. Rogers MacVeagh in Portland, Ore., the other day. Not knowing the exact address he wrote the name of the street, then added:

"Four houses beyond the grocery store."

* *

CITY folk also may like the story a reader, Edna Miller, tells about her sister's arrangements to get meat or chicken home from the butcher shop in her town. The butcher puts the package on the street car, and the sister meets the car, which runs every half hour. Then she pays the conductor carfare for the chicken.

Maj. Fordney Will Lecture on Stratosphere Ascent

A free lecture on his recent ascension to the stratosphere will be given next Saturday by Maj. Chester L. Fordney at the Museum of Science and Industry in Jackson park. The gondola of the stratosphere balloon has been slung from the central dome of the museum building, where it may be inspected with the cosmic ray apparatus and other scientific instruments used in the flight. Although the lecture is being given primarily for 500 Boy Scouts, the public is invited.

Tea for Artists

Mrs. Laird Bell has cards out for a tea for Mme. Stueckgold and Nini Theilade next Monday from 4:30 until 6 o'clock at the Arts club. Mme. Stueckgold and Mlle. Theilade are to give the program at the concert the following night in Orchestra hall for the benefit of the Vocational Society for Shut-Ins and Mrs. Bell is chairman of the committee that is selling the boxes. Mr. and Mrs. Augustus A. Carpenter have taken a box and are entertaining at dinner before the concert.

Decrease in Deaths from Heart Disease Reported for Chicago

A decrease of about 2 per cent in heart disease deaths during 1934 was reported yesterday by the Chicago Heart association. For the first time in ten years, Mrs. Gertrude Howe Britten, executive director, said, there has not been an increase over the year before.

The Chicago Heart association is now conducting a campaign through the sale of Valentine stamps at one cent each to raise funds for its budget for the coming year. About $10,000 is needed to carry on the education and clinic program. The association headquarters are at 203 North Wabash avenue.

"The sharks know!
They'll follow a boat
weeks to get their man."
Every one who thrills to tales of consummate courage, of man's indomitable will in the face of overwhelming odds will revel in this story of how Mate Trewsbury and his crew of fifteen wreck-survivors won the great clipper race.

What the Debs Do After Gay Times Are Over

Study, Social Service and Travel on Programs.

BY JUDITH CASS.

NOW that the holiday season is definitely over, the 39 young women who bowed to society during the last four months are more or less giving up the gay life of a debutante and settling down to their Junior league "hours," to improving their minds, to returning to schools or going away for a change.

Among those remaining in Chicago who plan to concentrate on Junior league hours is Miss Eleanor Janney, the energetic, fresh-cheeked daughter of Mrs. Cornelius Lynde. "You may quote me as saying that I don't need a rest!" she stated in a gay voice, and indeed she doesn't seem to need one, for besides doing league work at Emerson house she is sewing for the Winnetka Infant welfare, and attending lectures at the Alliance Française and any other interesting lectures that come along.

Miss Virginia Ashcraft, daughter of the junior Edwin M. Ashcrafts, is also concentrating on Junior league work. She and her parents are moving from the Lake Shore Drive hotel back to their Evanston home the end of the week. They may take a cruise later on, just as they did last year.

Miss Jean Hyman, the Robert W. Hymans' daughter, is adding the study of French to her Junior league curriculum, but she hopes to go away later on. Miss Peggy Hixon, the Robert Hixons' daughter, is concentrating on Junior league work exclusively, working at the Illinois League of Women Voters. Miss Marie Louise Gardner is following Miss Hixon's example, but her work is with the Children's Memorial hospital and Emerson house. Her mother, Mrs. Henry A. Gardner, is leaving for California on Feb. 15 to spend a month with her parents, the Livingston Giffords, who have taken a house in Pasadena for the winter.

Marjorie Street in Welfare Work.

Miss Marjorie Street, another Junior leaguer, is working at Emerson house and at an infant welfare station. She and her mother, Mrs. Harry L. Street, and her elder sisters, Miss Jeanne and Miss Katharine Street, will stay on in the Astor street apartment they took for the debutante festivities until the end of April.

Mrs. A. Merrill Coit and her three daughters are staying in town because Celia, the youngest, is attending the University School for Girls. Betty and Eleanor Coit, who made their debuts recently, are working at the Children's Memorial hospital, and Eleanor is studying sculpture and drawing as well.

The Frank E. Wilhelms' daughter, Jean, who was one of the most popular of the debutantes, has no definite plans for the next few months, nor have Miss Lucy Harrison, the Misses Lillian and Myrtle Lampert, Miss Charlotte Hubbart or Miss Nancy Morse. Miss Morse's mother, Mrs. George A. Richardson, and Mr. Richardson have gone to Thomasville, Ga., to spend a fortnight with her cousins, the Louis Thompsons, and Miss Morse is staying with the Stanley Keiths. Miss Harrison has been staying in town with her grandparents, the Carter H. Harrisons, but she is going out to Lake Forest shortly to join her parents.

Miss Jean O'Brien is returning Saturday from a brief trip east, and her

[Continued on page 17, column 1.]

Page Mr. Pomeroy

By ELIZABETH JORDAN

SYNOPSIS.

Bruce Pomeroy, brought up in poverty, befriended a Russian, Boris Orleneff. In return Orleneff, before his death, left Pomeroy an invention, which is about to make Pomeroy a millionaire. Orleneff stipulated that his brother's family, whom he considered parasites, were not to get a cent from the invention. While walking through New York's Central park one winter's morning Pomeroy is kidnaped and taken to a small island off the coast of Maine, where he is made a prisoner in a luxurious home, but kept on a starvation diet. His captor is Boris Orleneff, nephew of the inventor. Boris' cousins, Cyril and Olga Norrikoff, assisted in the abduction. They want Pomeroy to make a settlement. He refuses. Pomeroy is allowed to join the family circle. He manages to elude his guard, Grateful, but a raging storm makes escape impossible. Olga Norrikoff tells Pomeroy they are all starving. That the house was lent to them for the winter. Boris and Cyril hadn't been able to get work. Pomeroy arranges through Grateful to get food supplies from Andy Mason, the caretaker. He has fallen in love with Irma Orleneff, Boris' sister. Cyril's mother dies and his father commits suicide. Cyril had left before the tragedy in a leaky boat to get help from the mainland. Meanwhile, in New York, Herbert Schuyler, a witness to Pomeroy's abduction, comes forward. He traces the license number of the car that was used. It is owned by two brothers in Maine, of good reputation. Schuyler goes to Maine to see them. Pomeroy has put up a signal of distress on the island, which has been sighted. Schuyler and the Bradleys sail to the rescue.

INSTALLMENT XLVI.

THE RESCUE PARTY.

Before Bruce could speak, the unaccustomed summons of the front door bell pealed through the house. He and Irma stared apart. Boris stopped playing and sat staring toward the hall with an almost stupified expression. They heard Grateful open the door. The sound of a voice came to them, and Grateful's answer, delivered in a tone sharp with excitement.

"Yep. He's in the li'bry. They all are."

Footsteps came along the hall, while for another instant the three sat transfixed. A tall and very good looking young man wearing excellent clothes strolled into the room.

"Mr. Pomeroy?" he asked pleasantly, and after a glance at Boris went toward Bruce who sprang to his feet and hurried across the room to meet him.

"I'm Pomeroy," Bruce said. Two big young men just behind the caller hustled toward Boris, who greeted them enthusiastically. They still wore oilskins and sou'-westers. The tall young man had evidently shed his storm apparel in the hall. He had the look and manner of an expected guest arriving for tea.

"My name is Schuyler—Herbert Schuyler," he said grasping the hand Bruce extended. "I'm from New York. Your friends there seemed a little worried about you, so I ran up here to get the latest bulletins. Your signal of distress had been reported at the Harbor, so I came out with the rescue tug. I'm glad to see that I can reassure your friends about your personal safety," he added cheerfully.

The rescuers arrive.

Pomeroy pressed his hand. He liked this casual young man at the first glance.

"Mighty lucky you did," Bruce said, with feeling. "You see, we're all marooned here, so you're truly a rescue band. I got here Wednesday morning for a short business talk," he went on clearly, his voice raised to reach Boris and the young fishermen. "I got caught in this blizzard with my host and his family. We have no boat and no telephone. We've been prisoners on this island for five days, and I assure you we're all ready to be salvaged. Let me introduce you to my hostess, Miss Orleneff, and to my host, Mr. Boris Orleneff."

He had asked no questions about Schuyler's method of tracing him. All that could come later. His own story must come now, and convincingly.

Boris came forward and shook hands, rather dazedly. While Irma was greeting Schuyler, Boris introduced the Bradleys to Bruce and then shook hands with them again himself with an energy that covered his first attack of acute self-consciousness. "These are some great harbor pals of mine," he told Pomeroy. Owen Bradley, followed faithfully by his brother, approached the fire with something of a swagger.

"Well, Mr. Schuyler," he said robustly, "I guess you can see for yourself that it's just like I said. Everything's O. K. Ain't it, Mr. Pomeroy?"

Bruce shook his head.

"I wish I could say it was, but I can't," he explained. "One of the family went to sea Friday night in a leaky boat—the only one we had on the island. He went to get help and he hasn't been heard from since. We're terribly anxious about him." And—his voice dropped—Irma rose and went over to her brother, who now stood next the window. "We've had two deaths here," Pomeroy went on, still clearly enough to be heard by every one. "Pneumonia and tuberculosis. That's why Mr. Norrikoff risked his life, and probably lost it, trying to reach the mainland and get a doctor." He added a few details. "You see, we need a lot of help," he ended somberly.

"By Jove, Pomeroy, that's terrible!" Schuyler's air of languor had dropped from him like a garment. "Better go out now, boys," he told the Bradleys, "and tell our friends on the boat to come into the house and get warm. We'll be going back very soon."

The two boatmen disappeared and Irma hurried after them to start Grateful on the congenial task of making coffee.

"You'll have plenty of help," Schuyler went on sympathetically. "We're here in the best boat on the harbor. I'm not saying it was a pleasant voyage." He could not repress a slight shudder at the memory. "But the boat is a fine little craft. Also there's another boat on its way here right now," he continued, "with another rescue band, as you call it. Your friend, Mr. Vanderhoof, and his secretary, Mr. Johnson, are on it. When we told them about your distress signal out here they decided to bring out an extra boat."

Schuyler was an intuitive young man, and his intuition told him that this was a time to go on talking.

Bruce nodded.

"Yes, we hoped that would catch some one's eye," he said. "We wanted to send a boat out to look for young Norrikoff without a minute's delay, too. You can imagine what a strain it was not to be able to do anything of that kind."

Schuyler shook his head.

"It must have been about the limit," he agreed, and continued hastily, "I was telling you about Vanderhoof and Johnson. We ran into them at the harbor just before we started for the island," he continued. "They were looking for Mr. Bradley and his brother, so we—er—foregathered and exchanged bulletins. It seems that they had picked up another man at the harbor, too—a lad named Daniels, who had also come up here to see you. Naturally," he added, "your New York friends have been a little disturbed—but we needn't go into that now."

"No," Pomeroy agreed briskly, "we won't go into that now. I'm most awfully sorry to have caused you any anxiety, but you can see for yourself just how it all came about."

Schuyler nodded. He did not quite see, but he was nothing if not tactful.

"I'm awfully glad there are two boats, and that Vanderhoof is here. That's great." Pomeroy's heart lifted. He and Vanderhoof, he felt sure, could cover up that suicide—could make both deaths appear natural. Pneumonia and tuberculosis. Nothing more simple. They could put it over.

"It's wonderful of Mr. Vanderhoof to come himself. And of you, Mr. Schuyler. I needn't dwell on how welcome you are. I wonder who Daniels can be. By Jove, of course, it's Jack! He laughed, with a sudden catch in his breath.

"This is friendship," he told Schuyler. "I was afraid some of my friends would be worried, but I didn't think they'd all take out search warrants. You see, I left town in such a rush that I didn't even telephone to Mr. Vanderhoof or to my office. Normally I'd have telephoned as soon as I got here. I had no idea I was going to be marooned on an island without a telephone. Who is it you represent, Mr. Schuyler?"

Before Schuyler's eyes swung a sudden vision—a limp figure being lifted into a waiting automobile. . . But the exquisite blonde girl with the gentian blue eyes was not the girl who had stood by. That one was dark. He took up his cue.

"I represent Herbert Schuyler—a man with more time than brains. I, as it were, merely butted in."

He watched Pomeroy keenly, taking in the Orleneffs and the atmosphere of the big room, telling himself everything was all right, yet feeling increasingly puzzled. The Bradleys had gone on their errand, and the three men were alone.

Lederer Opens New Move for World Peace

BY GEORGE SHAFFER.

[Chicago Tribune Press Service.]

Hollywood, Cal., Jan. 10.—[Special.]—Francis Lederer, Czechoslovakian actor who was a star on the European and New York stage until his recent debut in American films, has opened a suite of offices here dedicated to promotion of world peace.

Organizer of the World Peace foundation, Lederer has been a speaker for peace propaganda in Los Angeles, Riverside, Cal., New York, London, Paris, Berlin, and Prague. "My plan is based on a profound conviction that the overwhelming majority of people are against war and do not wish to kill others. The first purpose of our foundation will be to line up millions behind the cause. Membership is free. All it takes is to sign a card. Eventually, when the movement gains international momentum, the goal will be to have voters of every nation definitely outlaw war as a crime, in formal elections."

Lederer, whose devotion to the cause of peace has been known for years, is paying expenses of the undertaking, and devotes a number of hours daily to correspondence and other work for his cause. He says he regards himself merely as a starter and minor cog in a movement which eventually will be carried to a conclusion by "other and far greater men than myself. I glory in merely being a worker."

Harold Lloyd has borrowed Una Merkel from M-G-M to play his lead in "The Cat's Paw," next Lloyd comedy. She's the first of the bespectacled star's cast to be selected. She plays Petunia Pruitt. Lloyd has moved his organization and equipment from United Artists studio to the newly outfitted General Service studio, formerly the Metropolitan.

Richard Arlen Jr., 7 months, who has been cast, withdrawn, and now reinstated for an acting debut in Paramount's "Baby in the Ice Box," made his camera debut at Paramount yesterday. His mother, Jobyna Ralston, of course, was at the studio with him, it being Joby's first professional activity at that studio since she made "Wings" more than seven years ago.

The Arlen baby is paid at the rate of $100 a day, although this really means $100 for 20 minutes work. The working day for a baby is limited to four hours at the studio, two hours of which must be spent at rest or in sleep, supervised by a representative of the authorities, and actual shooting time before the camera can be only 20 minutes a day for a baby less than 1 year of age. The money baby Arlen makes goes to his mother, and Jobyna sends it to an orphanage in San Fernando valley.

Indulgent Dad Spoils Youth as Marriage Bet

BY DORIS BLAKE.

Would you marry a young man whose father can well support him, and does so, and who shows a disinclination to steady work? Suppose he were a charming companion, took you everywhere, showed you off proudly, and that said gentleman had no bad habits other than the work disinclination?

It's Maureen's puzzler! The young man's family look upon her with great favor. He has social position, travels a lot, BUT he doesn't like work, seemingly!

Could Maureen make an industrious gentleman out of him if she married him? Would she lose her taste for him by having him around the better part of the day?

We'd have to know something about the boy's parents and how responsible they are for the present state of job-indifference. We are told by Maureen that the boy believes he is somewhat of an invalid, although Maureen is not convinced. She likes him immensely, however, and there is that silver lining in the dad's financial security, she argues.

The counting on a dad's financial security we thought was one of the things that had gone out with the late depression. Anyway, it's not to be recommended, depression or not. In good times dad might drop off, mother marry again, and a new parent be overseer of the disbursements, or other unseen developments might accrue. But that's not the argument so much as whether a woman could hold respect for a man whose idea of life was to see it through from an armchair. We doubt it. Our sex has come to respect accomplishment from men, not outstanding accomplishment, necessarily, but the pursuit of some life work. Women suffer comparisons of their husbands with other men. The nonworker shows up badly under this strain.

It is possible, however, to inspire a man into a better mental state about his health, although no light task to undertake. Also, the right woman could probably get a man to take up some occupation. But in order to effect the change in the particular young man, we feel he would have to be removed miles, states even, from the crippling influence of his indulgent parents.

* *

High School Classes.

A course of free classes carrying high school credit are being offered, beginning this week, at the Central branch Y. W. C. A., 59 East Monroe street. The project is part of the federal plan to use some of the public works administration funds for adult education.

What the Debs Do After Gay Times Are Over

Study, Social Service and Travel on Programs.

[Continued from page 15, column 8.]

plans for the ensuing months are indefinite, as are those of Miss Jeanette Schreiner, who wants to take drawing lessons, Miss Barbara Lawrence, who is studying French at the University school, and Miss Frances Canfield.

The one Vassar debutante, Miss Pauline Seipp, heads the list of the return to school buds. She still felt in a perfect whirl when she arrived in Poughkeepsie, but this did not worry the school authorities, for it is known that thirty-six hours is all the time required to get a student right back in routine activities. She is the daughter of Mr. and Mrs. Edwin A. Seipp, and was the belle of her own dance at the Casino and the raison d'être of a dinner party at which her cousin, Miss Paula Uihlein's, engagement was announced to Alfred Uihlein of Milwaukee. Mr. and Mrs. Seipp are entertaining the William Seipps of Middleburg, Va., who are spending a week or ten days here. They come to Chicago only twice a year, so their visits are always heralded with joy by their many friends. Miss Seipp has visited her aunt and uncle often in Virginia for the hunting.

Others Returning to Their Studies.

Others who have gone to their studies are Miss Allene Withers, Miss Nancy Harris, and Miss Patricia Calkins, who are again at Sarah Lawrence; Miss Dorothy Ott and Miss Barbara Hobart, who are at Smith; Miss Louise Forgan, who has returned to the Garland school in Boston, and according to her mother, Mrs. James B. Forgan Jr., will visit her aunt, Mrs. Donald Forgan, in Rye, for the Easter holidays; Miss Jean Lamson, who attends Bryn Mawr; Miss Mary de Tarnowsky, who is at Bradford Junior college, and Miss Barbara Ann Sargent, who has resumed her studies at Northwestern.

Prominent among the debutantes who will spend the rest of the winter traveling is Miss Kean Hughes, the Ernest L. Hughes' daughter. She is in Louisville, Ky., just now visiting her attractive cousin, Miss Anne Whitehead, and her grandfather, Bishop Charles E. Woodcock. When she returns from this visit she will go east for a while. The Hugheses have moved out to their Barrington home again.

The Stanley Keiths are back in their Lake Forest home after being in town for the early winter. Mrs. Keith and the debutante of the family, Patty, are going out to Arizona in ten days to spend six weeks or two months. Miss Barbara Shaffer and her parents, the Charles B. Shaffers, have gone to Florida, and Miss Fleury Leonard and Miss Betty Alexander will soon be going south.

Some Who Will Enjoy Traveling.

Miss Josephine Templeton is remaining at home for the present, but she will go south in March. She will probably visit Miss Alexander in Palm Beach and on her way home, around the first of April, she will spend ten days in Thomasville visiting Mrs. Jay Morse Ely and her son, Jay Jr., who will have his spring vacation from Harvard at that time.

Mrs. Alvin E. Bastien and her daughter, Miss Barbara Bastien, are going away the first of February, but they have no destination in mind yet. Meanwhile Miss Bastien will continue with her Junior league work, like Miss Roslyn Paine is doing, while she waits for her parents, the Walter G. Smiths, to set the day for their trip to Florida.

Miss Virginia Thatcher thinks she should study sewing and cooking until she and her mother, Mrs. G. William Thatcher, can decide about taking a trip, and if Miss Mary Kay Downs is sufficiently recovered from her appendectomy she and her mother, Mrs. Larry Downs, will sail on the 18th for a trip through the Panama canal and finish the season with a visit in Savannah, Ga., and Florida. Mr. Downs will spend the month of March with his family, wherever they happen to be.

Miss Anne Palmer, daughter of the Dudley C. Palmers of Hubbard Woods, has returned to her studies at the University of Chicago, and she is living down there with the exception of occasional week-ends at home.

Junior League Art Exhibition.

With Swedish punch as a lure to husbands who have promised to leave their offices an hour early this afternoon, the Junior league anticipates one of the gayest art exhibits in its history today. Opening at 11 o'clock this morning at the Casino, the exhibition, which enlists the talents of league members in art, craft, and design, will continue until 7 o'clock this evening.

The highlight will come about 3 o'clock when Mrs. Ambrose C. Cramer in a costume that she acquired in Sweden last summer gives an illustrated talk, "A Little Bit of Sweden." After this the guests will gather round a smorgasbord for Swedish hors d'oeuvres and Swedish punch. It is then that husbands are due to arrive.

It will be hard for the judges. . . Sylvia Shaw Judson, Ambrose C. Cramer, and David F. Leavitt . . . to pass the four water colors of Miss Cynthia Wilson without pinning on them a couple of ribbons. They fairly breathe the tang of the Algerian market place where Miss Wilson painted them.

Miss Veronese Beatty has entered some equally lovely sculptor plaques that will be strong contenders for ribbons. One of them entitled "Women of Troy" is little less than enchanting. Mrs. Philip B. Maher will be showing a stunning modern portrait, Mrs. Franklin Clement some postures, and Mrs. Norman Pritchard four of the photographs she made last summer while traveling in and near the Holy Land.

This morning a large audience will assemble in the grand ballroom of the Stevens hotel for the last Kinsolving musical of the season. Maria Jeritza will sing.

Sir Hamilton Harty, the English conductor, was one of Mrs. Charles B. Goodspeed's guests at the piano recital given yesterday morning at the Arts club by Alexandre Tcherepnine and at the luncheon that she gave later for the pianist and his wife.

Among Mrs. Goodspeed's other luncheon guests were Mrs. Alfred Wolfe, Miss Alice Roullier, Arthur Meeker Jr., John Alden Carpenter, and John Palmer, chairman and vice chairman of the music committee. [Mrs. Carpenter was at the recital, but she left to go to a luncheon Mrs. Joseph M. Peterson was giving for Mrs. Crane Chadbourne, who is here from Washington.]

Among others who heard the recital and had luncheon later at the club were Mrs. Howard Linn and her cousin, Miss Katheryne Linn; Mrs. Joseph Adams, Mrs. Charles H. Conrad, Mr. and Mrs. Eames MacVeagh, Mrs. Edward G. Pauling, Mrs. William B. Hale, Mrs. John Clay, Dr. Julia Strawn, Miss Nellie Carpenter, Miss Emily Larned, and Arthur Heun.

Mitchell Valet Luncheon Guest.

Mr. and Mrs. Clarence B. Mitchell excepted, of course, the most popular guest attending the luncheon given for Mr. Mitchell yesterday noon by the Association of Arts and Industries in the Drake lantern room was Mr. Mitchell's valet, Horn. A man of middling years, with a reddish bald head, he sat at a small table adjoining the speakers' with Mrs. Mitchell's mother, Mrs. Charles Garfield King, and society's lovely dowager, Mrs. Patrick A. Valentine.

Horn is recognized in more than one of Mr. Mitchell's stunning pictorial studies on exhibition in the Lord Nelson room at the Drake, for Mr. Mitchell has "used" him as the subject for most of his costume photographs. Long before Clarence Mitchell married Marjorie King, Horn and his wife were employed by Mr. Mitchell's parents, the late Mr. and Mrs. John J. Mitchell.

It was a pleasantly informal party, with William Nelson Pelouze, president of the Association of Arts and Industries, the presiding officer. After a luncheon that finished with cherry cobbler, Mr. Pelouze introduced Mr. Mitchell, who responded by saying that the greatest flattery that could be paid him was that he was a native Chicagoan. Continuing with the remark that George Henry High should be present "to really talk about photography," he concluded with the wish that he will "become better and better to justify the regal reception" accorded him the last few days.

Paris Ensemble for Golf Leads a Double Life

BY BETTINA BEDWELL.

PARIS.—[Special.]—Dilkusha, who is Princess de Rohan, and herself a first class sportswoman, designed the golf suit shown here for those who are taking their clubs into the southern sun in January or February.

The skirt, which can be buttoned to make trousers, or worn as shown in the larger sketch, like an ordinary skirt, is the tricky part of the model. My own golf being what it is, I cannot speak with authority about the benefits of this feature to the drive.

Worn like a sports suit, however, this golf ensemble is most attractive. It is made of putting green wool with tufts scattered over it in a way that would give a greens committee nervous prostration but is charming to the casual, nonsporting eye. The straight skirt buttons from its hem part way up both the center front and back, and this feature permits you to button it around the legs into a trouser effect, as shown in the smaller sketch.

The hip length cardigan jacket of the same material has four pockets with tucked and buttoned flaps, and the skirt one.

The blouse is made of beige tricot knitted in a super-course basket weave stitch. It has green wooden buttons on sleeves, and just above the waistline at the center front.

[Copyright: 1934: By The Chicago Tribune.]

New Lingerie Is Copied from Movie of King

Styles Seen in 'Henry VIII.' Appear in Shops.

BY RHEA SEEGER.

Lingerie designers are lucky souls . . . with pastel tinted satins, cobweb laces, ribbons, ruffles and the inspiration of a movie or two some of the most exciting creations are evolved. The last gasp are the ravishing handfuls of soft silk and satin copied from the parade of royal brides collected by Henry the Eighth. If you've seen the film you'll recognize them at once from cunning Jane Seymour's demure model laced with satin ribbon, fashioned with a high square neck and wee little puffed sleeves of chiffon or the Tudor queen's peach tinted affair with peach colored lace and chiffon ruffles around the dropped shoulders and a double matching ruffle around the hipline. . . . or Catherine of Aragon's bedgown of gleaming white satin frosted with ivory lace insets and puffed sleeves.

They are exact copies of what the lovely ladies that charmed the capricious monarch wore in the film. . . . you can buy them in flesh, peach, white and baby blue in shimmering satin, and incredibly soft silk trimmed with patterned net, lace and chiffon. They are well worth an unhurried inspection, besides being the newest things in town.

In the same collection is a grand new lounging ensemble . . . so different and so new and practical that one wonders why some one didn't think of it before. Two pieces—smooth and superfitted pajamas—with long tailored sleeves, high neckline, and medium full trousers, all in one piece, slide under a button-on skirt that is made with a train . . . you can trail it around as a swanky new hostess gown, or you can wear the pajamas without the skirt . . . either way is satisfyingly decorative. The color contrasts are knockout . . . coral pajamas, with a deep shrimp colored skirt, or fuchsia pajamas with a purple skirt.

Teen Age Girls Must Use Pale Rouge, if Any

BY ANTOINETTE DONNELLY.

Mothers, what think you is the beginning age for lipstick and rouge use? A 15 year old miss writes indignantly that her mamma will not let her use lipstick, and "all the other girls in her crowd use it, one of them only 14."

If an age limit must be set, certainly not before 16 should a miss be permitted to dye her cheeks and lips. Eighteen would seem time enough for this occupation, really. But with permanents and tinted manicures encouraged by parents, it's pretty hard to keep the 16's from tinting cheek and lip.

However, if done, you mothers had better go into the problem with sensible advice. Whether the youngsters will take it or not behind your back is another thing. But, at least, the charm of an unpainted, similar-aged girl might be stressed in the hearing of her who'd lay her lip and cheek rouge on with a heavy hand. After all, there is no charm on earth like naturalness—and an overdone 15, 16 or 17 year old is the least natural looking thing known.

The cosmetic people have provided against the over madeup young girl with paler rouges than are subscribed for the older ones. Nice creamy rouges that give just a faint glow. The lipstick used will have to be applied ever so lightly—and our choice would be for evening party use only. Ordinarily, the color in a young girl's lips is good enough. If not, more outdoor life is needed, and an investigation into the type of food eaten.

Our argument, young women, is not based on any old fashioned prudery about makeup. It's simply that too much rouge and lipstick kills the beauty gifts you have in the teens. Also, that it is terribly chic right now to look natural. Not to try to be an imitation of an older sister or mother. The dresses, shoes, hairdresses, everything, in fact, that fashion designs for the young girl today is designed for youthful charm. So, why destroy the effect with sophisticated makeup? It's just not clever.

This Combination Insures Slim Line for Outer Garment

WOMAN'S AND MISS' COMBINATION.

This is an all-in-one combination, easily slipped on, besides fitting the figure perfectly. It assures slimness to the figure in its unbroken line to the outer garment. Crêpe de chine and wash satin are suitable materials.

The pattern, No. 3250, comes in sizes 14, 16, 18, and 20 years and 36, 38, and 40 inches bust measure.

Economical tips for week-end food shoppers—a weekly radio feature—will be presented tomorrow by Mary Meade over station W-G-N. Tune in at 11:10 o'clock for Miss Meade's market chat.

BY MARY MEADE.

After every feast of chicken there's almost sure to be a comeback. Probably because most of us seem to be organized with appetites which peter out just this side of cleaning up the last of the bird, which makes the matter of the return of the chicken to the table these days quite a major one.

So it seems that the best of us are continually on the trail of means and ways of gracefully reëscorting the bird. And, since we haven't talked rice for a good long time, I'm suggesting for the next chicken leftover at your house a golden yellow rice ring piled within with creamed chicken and mushrooms. Or, if this is the grocer's week off on mushrooms, an à la king effect arrives when we add minced green and red peppers to the creamed chicken and forget about the mushrooms. Thus goes the recipe:

GOLDEN RICE RING
With Creamed Chicken and Mushrooms.

RING.

1 egg
½ teaspoon salt
1 teaspoon grated onion
1 cup evaporated milk
½ cup chicken broth
3 cups boiled rice

Beat the egg until fluffy, then add the salt, onion, milk, broth, and rice. Pour the mixture into a well buttered ring mold and place in a shallow pan of hot water. Bake the ring in a moderate oven [350 degrees F.] for about ¾ hour, or until set. Turn out sharply onto a hot platter and fill up the ring's center with the following creation:

FILLING.

2 tablespoons butter
2 tablespoons flour
½ teaspoon salt
2 cups milk or 1 cup each milk and chicken broth
2 cups shredded chicken
Mushrooms

Make a cream sauce from the butter, flour, salt, and liquid. Add the chicken and heat thoroughly. Pour this into the center of the baked rice ring and garnish with parsley, and with the mushrooms, which have been cleaned and then sautéed in a little butter.

Or, a petitioner for use of that not eaten chicken is a cross between corn pudding and, well, anyway it's a cross. Here 'tis:

CHICKEN CORN PUDDING.

1 cup shredded chicken
2 cups canned corn
1 cup milk, scalded
½ teaspoon salt
Dash of pepper
Dash of cayenne
2 eggs, well beaten
2 cups chicken broth [or other meat broth]

Add the seasoning to the chicken and deposit it in a baking dish. Now carefully mix together the other ingredients, stirring vigorously. Pour this combination over the chicken, and over the top sprinkle fine buttered bread crumbs. Bake in a moderate oven [350 degrees F.] until the pudding is golden brown on top and is set. To test this slide a knife into the center of it. It should come out clean. A gravy, made from the chicken, or meat broth, and thickened properly with flour is the perfect topping off for servings of this really superior chicken pudding.

Enjoyable! Convenient!
ECONOMICAL!
If you have not tried the modern way of serving healthful and perfect applesauce, now is the time to convince yourself that pure wholesome applesauce can be bought, ready to serve.
The fuss, waste and bother of preparing applesauce in your kitchen is something that can now be avoided.
Try a can of pure, smooth, wholesome applesauce today. You will find that it will cost less than if you made it yourself.
CANNED APPLESAUCE
is a blend of apples of distinctly different flavors
Excellent as a side dish with every meal—it is good in itself—but for a delightful change for dessert, try an applesauce ice box cake. You will find it different from the ordinary desserts—and so good!

APPLE ICE BOX CAKE
1 sponge cake ½ pint cream
1 egg white 2 cups Canned Applesauce
Mix the Canned Applesauce and the stiffly beaten egg white. Slice the sponge cake to fit in dish or refrigerator tray. Make alternate layers of sauce and cake, using cake for top layer. Place in ice box for 6 to 8 hours, with weight on top. Garnish with the cream whipped stiffly, or with marshmallow.
Your dealer has it. Just ask for canned applesauce.

Engaged

MISS CATHERINE HURD.
[Byrne-Kirk Photo.]

Mr. and Mrs. Louis Augustus Hurd of Oak Park announce the engagement of their daughter, Catherine, to Stanley Edward Cronwall, son of Mr. and Mrs. Edward Cornelius Cronwall, also of Oak Park.

NEW YORK SOCIETY

New York, Jan. 10.—[Special.]—Following the marriage of Miss Eileen Gillespie, daughter of Mr. and Mrs. Lawrence L. Gillespie, to John Jacob Astor in St. Thomas' church on Feb. 6, a reception will be held in the grand ballroom of the Hotel Pierre.

Mrs. Beverly R. Robinson gave a luncheon at the Ritz-Carlton for Mrs. Benjamin Wood and Mrs. Louis G. Kaufman.

Mr. and Mrs. Montgomery Schuyler have come from Evergreen farm, Ulsterville, N. Y., to 36 Gramercy park for the remainder of the winter.

MINUTE MYSTERY
By H. A. RIPLEY

[Copyright: 1934: By The Chicago Tribune.]

THE RIFLED SAFE.

"The man must have heard me approaching, careful as I was, because when I knelt down and peered through the keyhole of the library door [there was no key in it] I saw him standing stock still directly in front of it—not a foot away," said Edgar Wilson. "Believing he was probably armed, I didn't dare to enter, but silently withdrew to the study on the left, leaving its door open a crack."

"Was the hall through which you passed from the library to the study *lighted* at the time?" Prof. Fordney inquired.

"Yes, it was. But there is a switch there just outside the library door that controls the hall lights and the thief turned it off, thereby frustrating my attempt to get a look at him," replied Wilson. "My uncle was away, the servants were abed, and I didn't dare follow him, but the moment he carefully closed the front door I telephoned the police, went to the library, and found that he had rifled the safe."

"Were the lights on in the library when you entered?" the professor asked.

"Yes, they were."

"And had this man closed the door behind him?"

"Yes, he had."

"What was in the safe?" the criminologist quietly asked.

"Why—I don't know. Uncle was very secretive about such matters and—"

"You talk and act quite as intelligently as I believe you to be," Fordney suddenly interjected. "Are you *sure* that you have related the *facts* correctly?"

"Positive. Surely you don't doubt me, Professor," Wilson angerly demanded.

"Yes! I certainly do," was the reply.

WHY DID HE?

[See solution on page 29.]

Adult Is Best Companion for Child at Movies

Comrades Lessen Harmful Effects of Films.

BY GLADYS HUNTINGTON BEVANS.

A young mother writes:

"In the first place, I read either in your column or a similar one of a study made of the effects of moving pictures on children. This article stated that any objectionable thing in a picture affected children more deeply if they attended a movie alone; that it affected them in a lesser degree if they were accompanied by a younger of about their own age; and that the effect was still more lessened if the child were accompanied by an adult—the theory being that company and resultant other interests diverted the child's mind from objectionable features on which his mind might otherwise dwell."

The study that was made of movies and children was an exhaustive one, and the three points that this writer mentioned were definitely proved, that is:

A child goes to a movie alone, sits absorbed, and is more deeply impressed by what he sees and hears. He goes with another child, and the little things they say to each, the comments they make, the fact of their companionship, lessens the effect of the picture. But if a child goes with a grown person, that is the best of all.

Haven't you noticed it yourself? You choose most carefully the picture to which you want to take a child—and then you find that it has spots that are perhaps, fear inspiring or too amorous. If you're wise and quick you can draw the sting of one by explanation or make gentle fun of the other, or simply talk a little to break the spell of the screen at a moment when you want it broken. Indeed, those of us who have had experience with children and the movies can subscribe heartily to the findings of the study made of this subject. They appeared recently in a book called "Our Movie-Made Children," by Henry James Forman, published by Macmillan.

The Chicago Amateur Press club will meet at 8 o'clock tomorrow evening at the Irving Park Y. M. C. A., 4251 Irving Park boulevard. John J. Murphy is the president.

This Neat Block Is for the Nimble Fingered Quilter

Rose Spray.

BY NANCY CABOT.

Geometrical calculation and neatness of applique are two important points of consideration when making the rose spray quilt block. Made of rose, gold, and green, it is particularly suitable for a room with a northern exposure. The rose spray pattern is of comparatively recent origin, being made for the first time in the latter part of the nineteenth century.

For a pattern of this quilt design, send 5 cents in stamps or coin to Nancy Cabot, Chicago Tribune, printing your name and address clearly. Or call at the Tribune Public Service office, One South Dearborn street.

6 MISSIONARIES CAUGHT BETWEEN CHINESE ARMIES

Expect Collapse of Rebel Fukien Junta.

HONGKONG, China, Jan. 10.—(AP)—Some reassurance regarding the safety of six American missionaries trapped in the Fukien province fighting zone was contained in a report tonight that Nationalist forces will not attack Foochow, the provincial capital and center of an anti-Nationalist revolt.

The change in the Nationalists' drive would enable the Americans, workers of the Methodist Episcopal church, whose headquarters are in New York, to leave the danger area. The missionaries were isolated when the Nanking regulars and rebel forces engaged in fierce fighting near Kutien, about 50 miles from Foochow.

[Ralph E. Diffendorfer, secretary of the Methodist Episcopal missionary headquarters in New York, said church authorities "felt no undue alarm" about the six missionaries, whose names could not be learned. "They are veterans, well prepared to deal with the natives," he said.]

Sailors Occupy Amoy.

After a relentless offensive that reportedly brought them to within 25 miles of Foochow, the Nationalists were said in today's dispatch to have abandoned the idea of bombarding Foochow, hoping that the 19th route army in the capital would capitulate to avoid great property damage. Messages from Foochow indicated the Fukien rebel junta might soon collapse.

Naval officers at Shanghai were advised that Chinese sailors had occupied Amoy, a port city not far from Foochow, after rebels had suddenly evacuated today.

Meanwhile reports circulated in Nanking that the Nationalist administration's finance ministry was planning a 100,000,000 Mexican dollar bond issue, to be secured by customs revenues, to meet maturing bonds, and another issue for military purposes.

Chiang's Wife an Agent.

SHANGHAI, Jan. 10.—(AP)—Mme. Chiang Kai-shek, American educated wife of the "strong man" of the Nationalist government, is playing a daring rôle in the drama being staged today in rebellious Fukien province.

On one occasion she flew unaccompanied except for her pilot from the headquarters of her husband in Chuchow, Chekiang province, and returned with word that she had received emissaries of rebel commanders who sought to surrender in North Fukien.

The daughter of a Methodist mission helper, she has retained her affiliation with the church and has a close interest in the Y. W. C. A. She is an alumna of Wellesley college.

AMERICAN AGENT IN BRAZIL SEEKS BONDS PAYMENT

[Copyright; 1934; By the New York Times.]

RIO DE JANEIRO, Jan. 10.—Brazil's cabinet crisis has been solved, it was announced today, by the decision of Oswaldo Aranha and Dr. Afranio de Mello Franco to return as ministers of finance and foreign affairs, respectively. It was further stated President Getulio Vargas would name Gen. Goes Monteiro as minister of war.

Another announcement of importance was that conferences would begin tomorrow morning between Brazilian officials and J. Reuben Clark, representing the American bondholders protective council.

Mr. Clark, seeking a settlement with the Brazilian government in behalf of American bondholders, was presented to President Vargas this afternoon by Theodore A. Xanthaky, a secretary of the United States embassy. The president stated that Brazil was ready to resume payments in accordance with her capacity to pay on her foreign obligations and expressed his willingness to consider any proposals based on the plan already put forward by the Brazilian government.

Paroled Indiana Convict Sentenced for Extortion

Frankfort, Ind., Jan. 10.—[Special.]—William Clayton Sigler, 37, on parole from Indiana state prison, confessed an extortion plot and was sentenced to from one to five years by Judge Paul Laymon today. Sigler was sentenced here three years ago on charges of forgery, wife and child desertion, but was paroled after serving more than two years. Sigler, arrested at his home near Sedalia, admitted sending a letter to Willard Milner, meat packer, demanding $2,000 under penalty of death.

JAPS TO HOLD ON TO MANCHUKUO AS AN EMPIRE

Will Continue Pledge of Aid to Pu-Yi.

PEIPING, Jan. 10.—(AP)—Japan will continue to guarantee aid in protecting Manchukuo under government changes through which Henry Pu-yi will become emperor, it was disclosed here today.

Members of the Japanese legation said features of the coming changes would be:

Enthronement of Pu-Yi, 28 year old present chief executive, once the boy ruler of all China; revision of the constitution, and amendment of the Japanese-Manchukuo protocol, pledging Japan's military and naval aid in protecting the state.

Coronation on March 1.

The date for the governmental alterations has not been made known, but dispatches from Tokio said Pu-Yi's coronation would be March 1.

The broad declaration of principles issued when Manchukuo was founded in 1932 after the Japanese offensive in Manchuria will remain Manchukuo's fundamental policy, legation attachés said.

The capital will remain at Hsinking [Changchun]. No change is planned in the flag—the old five barred Manchu banner with the rising sun of Japan emblazoned in one corner. Members of the legation added, however, that a cabinet shakeup is expected, although Cheng Hsiao-Hsiu, Pu-Yi's tutor, will continue as premier.

Will Get Salary Increase.

It also is expected that Pu-Yi's salary will be increased from 1,000,000 Chinese dollars [about $340,000 currently] to 5,000,000, or about $1,700,000 a year.

The Japanese maintained, despite Chinese reports to the contrary, that Manchukuo's borders will not be extended to any part of outer Mongolia.

In Nanking a high government official said "a firm stand" will be taken against the plans to make Pu-Yi emperor. He indicated officialdom is beginning to take a more serious view of the plans which leaders hailed earlier as "gossip."

PALS OF SLAIN KLUTAS HELD IN BONDS OF $50,000

Earl McMahon, alias James Glennon, and Adolph Anzone, who were seized last Saturday when police raided a bungalow at 619 South 24th avenue, Bellwood, and killed Theodore [Handsome Jack] Klutas, leader of the kidnaping gang, were arraigned yesterday before Police Magistrate James McBride in Bellwood.

McMahon was charged with possessing a machine gun. He had one of the two weapons stolen Nov. 22, 1933, from the office of Sheriff Lester Tiffany of Lake county. Anzone, who was Klutas' chauffeur, was charged with the possession of a concealed weapon. Police found a revolver in a false radio control box attached to the steering post in his automobile. Bonds were set at $50,000 each.

Their arraignment followed the filing of an application for a writ of habeas corpus in an attempt to effect the release of Anzone. The petition was filed before Superior Judge Francis B. Allegretti, who set the hearing on the writ for 10 o'clock this morning. Magistrate McBride set the hearing on the charges before him for 1 o'clock this afternoon. The prisoners were returned to the detective bureau, where they have been held since their arrest.

Admiral Grayson Makes New Gains After Operation

Rochester, Minn., Jan. 10.—(AP)—Further improvement was noted today in the condition of Rear Admiral Cary T. Grayson of Washington, D. C., who was operated on here Monday for removal of a kidney tumor.

SENATE COMMITTEE APPROVES BULLITT AS ENVOY TO RUSS

[Chicago Tribune Press Service.]

Washington, D. C., Jan. 10.—[Special.]—The senate foreign relations committee today approved the appointment of William C. Bullitt as American ambassador to Soviet Russia, but not until it had heard the protests of two midwestern senators, Senators Arthur H. Vandenberg [Rep., Mich.] and Arthur R. Robinson [Rep., Ind.]. The vote for confirmation was 14 to 2.

"I have no objection to Mr. Bullitt and no fears concerning the recognition of Russia," Senator Vandenberg later described his argument to the committee. "I grant the Russian people the right to maintain the type of government which suits them. But the confirmation of Mr. Bullitt is the only chance the senate will have to express itself concerning recognition.

"The official correspondence concerning recognition has not been sent to the senate. Reports of it contain a pledge by Russia's representative that the United States shall not be invaded by subversive propaganda. Notice should be served on the soviet government that this pledge should be kept."

The committee agreed by unanimous vote to send for the correspondence.

WOMEN TO HEAR HOW CONSUMER GETS NEW DEAL

A symposium on the New Deal for the consumer will be held next Saturday afternoon at the Palmer house by the forum of the Cook County League of Women Voters. "The Consumer and the NRA" will be the subject of Paul H. Douglas, member of the consumers' advisory committee of the NRA, chief of the NRA's economic education bureau, and organizer of consumers' councils in the 3,100 counties of the country.

Charles E. Merriam, one of the members of President Roosevelt's national planning board, will talk on "Planning for the Consumer." Mrs. Harris T. Baldwin, chairman of the living costs department of the National League of Women Voters, will come here from Washington, where she has been attending the hearings on the new food and drug bill, to tell about "what the consumer buys" and the proposed food and drug act.

EVANSVILLE BOY FOUND GUILTY OF MURDERING GIRL

Evansville, Ind., Jan. 10.—(AP)—Cyril Staab, 22 year old son of an Evansville policeman, tonight was convicted of second degree murder by a Vanderburgh Circuit court jury in his trial for the slaying of Mary Elizabeth Robb, 20, of Stewartsville. The girl was shot and killed at a tourist camp near here last October.

The verdict sets Staab's sentence at life imprisonment.

In closing arguments Prosecutor Winfield K. Denton told the jury the state had shown that Staab killed the girl following a drinking party because she refused to occupy a cabin at a tourist camp with him.

Staab's attorney, Ollie Reeves, said the defense had shown the girl shot herself after asking Staab for permission to fire the gun.

Calls on Estranged Wife, Killed by Her Father

Kokomo, Ind., Jan. 10.—[Special.]—The grand jury will investigate the slaying of William Caskey, 39, by his father-in-law, David Hardin, 50, last night during a quarrel between Caskey and his estranged wife. Caskey called at the Hardin home to see his wife and to take milk to their small daughter. Hardin killed him with a shotgun, witnesses said.

INDIA TO PLACE NILA CRAM COOK IN RESCUE HOME

CALCUTTA, India, Jan. 10.—(AP)—Nila Cram Cook, who entered a hospital here Dec. 5, apparently ill, will be discharged tomorrow, police announced today. They said they hoped to arrange to place the former Iowan, who recently quit Mahatma Gandhi's seminary, in a Calcutta rescue home when she is released.

She is still regarded as an American subject. Police are trying to expedite her departure to the United States at government expense, but difficulties have arisen regarding her son who is somewhere up country.

The American consul declined to discuss the matter, but it was understood he cabled Miss Cook's brother in America.

KILLED ON RAIL CROSSING.

Tuscola, Ill., Jan. 10.—[Special.]—Chester Brokaw, 40, of Stronghurst, Ill., was killed when a C. & E. I. freight train struck and demolished his car. Eleanor Thompson, a young woman with him, was seriously hurt, but will live. He was a hard road contractor.

Italy to Extradite Spinelli for Pittsburgh Gang Trial

ROME, Jan. 10.—(AP)—The Italian Supreme Appellate court today decided that "Big Mike" Spinelli, who is wanted in Pittsburgh in connection with a gang slaying in 1932, is no longer an Italian citizen and is subject to extradition to the United States. The court said Spinelli was a "confirmed homicide" and that he "had definitely established his American citizenship under the United States immigration laws."

School Parents to Hire Detectives to Hunt Girl

Evansville, Ind., Jan. 10.—[Special.]—Dissatisfied with lack of progress by police in search for Miss Mildred Ott, daughter of Mr. and Mrs. Sherman Ott, Central High school senior, who disappeared from her home here Christmas afternoon, the Parent-Teacher association of the high school today announced that unless there is more definite action by police the association proposes to employ private detectives.

CROWD RIOTS AT WAUKEGAN GAME OF BASKETBALL

Waukegan police last night were summoned by a riot call to the Waukegan Township High school to halt a free for all fight that developed there during a professional basketball game. Several hundred men and women among the 1,500 spectators joined the players who started the battle in the final seconds of play. Clothes were torn and eyes blackened in the fist fights, but no arrests were made and no serious injuries reported.

The game was the second in a two out of three series being played by the Waukegan Collegians and the Johnnies, a team organized two weeks ago by players who had deserted the Collegians. In the first game played the Johnnies won. The score was 28 to 30 in favor of the Johnnies last night when the riot broke up the game.

WOLF GIVES WAY TO BEAR.

Duluth, Minn., Jan. 10.—(AP)—Police here today sought a brown bear which a local resident told them had chased her last night.

CUBAN BOMBERS WRECK PLANT OF MAGAZINE

CAMAGUEY, Cuba, Jan. 10—(AP)—A bomb exploded in the building of the magazine Justicia today, destroying the printing plant and damaging the municipal lyceum and four nearby stores.

Orders Distribution of Land.

HAVANA, Cuba, Jan. 10.—(AP)—Secretary of Agriculture Carlos Hevia announced today that President Grau San Martin had signed a decree calling for the distribution of government and Machadista lands to farmers on a basis of 33 1-3 acres per capita.

The secretary said distribution of the land would start "soon." By "Machadista lands" he referred to properties taken over by the government after the overthrow of former President Gerardo Machado.

AWARD THREE MORE CONTRACTS FOR STATE ROADS

Springfield, Ill., Jan. 10.—[Special.]—Three additional NRA highway contracts have been awarded by the state division of highways it was announced today. The projects will cost a total of $449,371.74. They are:

SA route 173, 1.11 miles paving on 95th street from South State to Cottage Grove avenue in Chicago. Arcole Construction company, Niles Center, $120,376.39.

SA route 069, 0.73 mile paving on South Chicago avenue from Baltimore avenue to 79th street in Chicago. Allied Contr., Inc., of Chicago. $246,733.97.

SA route 069, 0.73 mile pavink on South Chicago avenue from 79th street to 75th street in Chicago. Allied Contr., Inc., of Chicago. $81,760.88.

Two Former Kokomo Mayors Seek Office

Kokomo, Ind., Jan. 10.—[Special.]—Two former mayors, S. E. Spurgeon and James Burrows, have announced their candidacies for the Republican mayoralty nomination. Spurgeon, editor of the Indiana Municipal League Review, said he will advocate municipal ownership of local utilities.

When Your Cough Hangs On, Mix This at Home

Saves Good Money! No Cooking!

If you want the best cough remedy that money can buy, mix it at home. It costs very little, yet it's the most reliable, quick-acting medicine you ever used. The way it takes hold of stubborn coughs, giving immediate relief, is astonishing.

Any druggist can supply you with 2½ ounces of Pinex. Pour this into a pint bottle, and add granulated sugar syrup to make a full pint. To make syrup, use 2 cups of sugar and one cup of water, and stir a few moments until dissolved. No cooking needed. It's no trouble at all, and gives you four times as much cough medicine for your money—a real family supply. Keeps perfectly and tastes fine.

It is surprising how quickly this loosens the germ-laden phlegm, soothes and heals the inflamed membranes, clears the air passages, and thus ends a severe cough in a hurry.

Pinex is a compound of Norway Pine, in concentrated form, the most reliable healing agent for severe coughs. It is guaranteed to give prompt relief or money refunded.

PINEX for Coughs

Rheumatic Happy; Conquers Torture

Specialist's Prescription Stops Pain at Once

So many thousands have found quick relief from the torturing pain of neuralgia, neuritis, sciatica, lumbago and rheumatism through Nurito that it is now eagerly sought by sufferers everywhere. It was discovered by a famous specialist noted for the real speed at which his own prescription banishes pains and aches. He has finally been persuaded to place it at the disposal of the general public through Walgreen Drug Stores. Nurito contains no opiates or narcotics and is absolutely harmless. If the very first three doses of Nurito do not stop the most intense pain even of many years' standing—your money will be instantly refunded. If you want to feel again the joy of living, banish needless agony, that prevents sound sleep, go to Walgreen's now and ask for Nurito, under this money-back guarantee.

WILL LEE TRACY TAKE THE RAP ?

WHAT is the real true story behind the international rumpus which has been raised over Lee Tracy's recent actions in Mexico City? Is Lee Tracy a hoodlum or a martyr to an involved set of circumstances which now leaves only two survivors of the original cast which set out to Mexico to film his new picture? Why were the others released? Is Lee Tracy the victim of a rap which had to be taken by somebody?

MOVIE MIRROR in an exclusive scoop reveals the actual facts behind the Lee Tracy story. Read what Lee Tracy himself says about the famous "balcony scene." Only two people besides himself *know* what happened—Irving Pichel, who was in the hotel room with Tracy, and a young Mexican, who was the only eye-witness. Learn what they have to say in this sensational story. Read the whole truth for the first time in this month's MOVIE MIRROR. Buy your copy today.

★ THE MEN IN JOAN CRAWFORD'S LIFE!
What is the "inside" behind Joan Crawford's interest in the twelve men in her life? Why has she "taken up" Doug Fairbanks, Jr., Clark Gable, Joel McCrea, Franchot Tone, Robert Young? WALKER TAKES OFFICE; TELLS CUBS' POLICIES

16,000 LOOK ON AS BILL TILDEN SWAMPS VINES

Crowd Pays $29,760 to See Match.

New York, Jan. 10.—[Special.]—William Tilden extended the official hand of welcome to Ellsworth Vines of Pasadena at Madison Square Garden tonight, a welcome to the same fate that the Philadelphia marvel visited upon Henrie Cochet on the occasion of the French Davis cup ace's professional debut last fall.

BILL TILDEN.

Before a record breaking crowd of 16,000 spectators, who paid $29,760, the 41 year old master added his celebrated 22 year old rival to his long string of world famous conquests, going back to 1920.

Not even the satisfaction of winning a set was permitted to Vines who was playing his first match as a professional. Although his form was far superior to his showing as an amateur in 1933, the tall, slim Californian never seriously threatened and went down at 8-6, 6-3, 6-2.

Tilden Always the Master.

Tilden, playing with a fire and impetuousness that swept away all before it—including the years that hang on his broad shoulders—was the master of the situation from beginning to end. Before the fury of his cannonball delivery, which seldom has been more terrorizing, Vines was faced with more than he could cope.

The gangling young amateur champion of 1931 and 1932, who was handicapped by his lack of experience on indoor surfaces, had the Garden roaring when he pulled up from 1-4 to 4-all in the first set. He stood steadfast to 2-all in both the second and third sets, to revive the fading hopes of his many adherents in the tremendous throng.

Crowd Cheers Winner and Loser.

But for all the dynamite in his racket and his unfaltering courage and perseverance, there was no gainsaying the generalship and relentless pressure of one of the most amazing iron men in the history of sport.

One hour and five minutes after Levan Richards had called "play" from the umpire's chair, the match—the first in a series billed for the world's professional championship—was over and the huge crowd was paying tribute to victor and vanquished.

It was the greatest crowd that has seen a tennis match in this country, amateur or professional. It exceeds the throng that saw Tilden lose to Rene La Coste of France in the 1927 amateur championship final at Forest Hills by almost 2,000 and surpassed the professional mark of 1931 for the Tilden-Karel Kozeluh match at the garden by 3,000.

Standing Room Only.

It was a crowd that gathered from every class of society and it not only filled every seat in the garden but hundreds were standing in the aisles. Many others sought admission to the huge enclosure but in vain, the doors being closed on them. Included in the brilliant assemblage in the boxes were Mr. and Mrs. Thomas H. Hitchcock Jr., Bernard Baruch, W. Goodby Loew, Mr. and Mrs. William K. Vanderbilt, Geraldine Farrar, Ethel Barrymore, and many other notables from society and the stage.

With the seats scaled from $5 down the great outpouring was a testimonial to the lure of tennis and particularly to the magnetism of the names of Tilden and Vines, both former amateur champions. The Californian underwent a season of continual disaster as an amateur in 1933, but such is the glamour of his fame and the appeal of his long awaited meeting with the player to whose mantle he was regarded as the heir.

In addition to the meeting between Vines and Tilden two other contests were staged. Bruce Barnes, young Texan, played Vincent Richards, former Davis cup star, to 11-all in the first set. Owing to the length of the set and the lateness of the hour the match was stopped at this point.

In the wind-up Vines and Richards, teaming together magnificently, crushed Tilden and Francis T. Hunter of New Rochelle, 6-1, 6-0.

Wesleyan Drops De Kalb Out of Little 19 Lead

Bloomington, Ill., Jan. 10.—[Special.]—Illinois Wesleyan knocked Northern Teachers of De Kalb from first place in the Little Nineteen conference basketball race here tonight, flooring the last year champions, 37 to 31.

BIG TEN BASKETBALL.

TWO of the twelve games for each team in the Big Ten basketball title scramble have been decided. These two games, of course, are not enough to warrant championship forecasts in a league noted for its close competition and frequently tied final results. It is enough, however, to name contenders and possible contenders.

Purdue, Iowa, and Indiana, by two straight victories, are definitely in the category of contenders at this writing. Nearly all the others may be termed possible contenders, although Chicago, with a sophomore lineup, hardly appears to rate and Minnesota is extremely doubtful.

Wisconsin, one of the favorites in advance, has two defeats, both away from home and both by comparatively narrow margins. In this connection perhaps you have observed that home fives won nine of the ten games played. So Dr. Meanwell's boys are likely to cause considerable trouble all along the line, although two losses right at the start are just about enough handicap to preclude title visions.

If Purdue, Iowa, and Indiana, on their showings thus far, be accepted as favorites let's look at their schedules under the rotating system under which each five plays only six of the nine other teams. All three have about equally difficult charts, meeting one another.

Iowa, also unbeaten in its practice frays, plays Purdue, Indiana, Wisconsin, Illinois, Northwestern, and Minnesota. It does not meet Ohio State, co-champion of 1933; Chicago, and Michigan. Coach Rollie Williams has good material and knows how to use it.

Purdue's high geared scoring squad, with a wealth of reserves, has for opponents Iowa, Indiana, Wisconsin, Illinois, Minnesota, and Michigan. It does not meet Ohio State, Chicago, and Northwestern.

Indiana must battle Iowa, Purdue, Ohio State, Illinois, Michigan, and Chicago, with Northwestern, Wisconsin, and Minnesota missing.

If Ohio State, which has three football regulars in its lineup, becomes a factor it has an easier schedule, with only Indiana of the present Big Three on its chart; but it also has the Badgers. Wisconsin does not battle Indiana, but does have Iowa again, by which it was beaten Monday night, Purdue and Ohio State.

The Old Road.

Do you recall a road of old,
A road of boyhood dreams;
A trail that time has tinged with gold
And marked with silver seams?

Its dusty way was fragrant sweet,
It never grew less fond,
Where dew on grass kissed bare feet
Of the truly vagabond.

Where the honeysuckle glistened
Beside the dogwood bloom—
To the woodland song you listened
Beneath a sapling plume.

Where the lowly bending willows
Held an artless grace,
Where the careless cooling billows
Laved a laughing freckled face.

Has it vanished? Is it there?
That road of matchless joy;
I would seek the pirate lair
And scatter all deploy.

I would walk its length again
Mid memory's lustral light,
Rememb'ring I was one of ten
That won an Indian fight.

J. M. James.

Sauer Is Sweet.

HTW: Were you present at the Northwestern-Nebraska football game in Evanston in 1931 which the Purple won in the first minute of play with final score of 19-7? If so, you may recall the loud speaker announcer's pun of "That Sauer plays a mighty sweet game." Although the Nebraskans were outclassed, none on the field surpassed the sophomore Sauer. It is gratifying to all Cornhusker followers that a career started so brilliantly was climaxed with an all-American performance in the recent East-West game at San Francisco. Cornhusker.

PLANES GLIDE INTO MIAMI FOR AERIAL PROGRAM

Cruise Launches Sixth Annual Meet.

BY HUGH SEXTON.
[Chicago Tribune Press Service.]

Miami, Fla., Jan. 10.—Lawrence P. Sharples of Philadelphia, piloting one of the 107 planes which landed at Pan-American airport, tonight was adjudged the winner of the sportsman pilots cruising race for the Col. Henry L. Doherty trophy. The race from Orlando, held up by bad weather to the north, was the inaugural feature of the sixth annual All-American air races which open here tomorrow.

In addition to the trophy, first place was worth $500 to Sharples. W. P. Lear of Chicago was second and John W. Gillis of New York third.. Skill in navigation of the planes and not speed decided the winners of the event which was conducted on a handicap basis.

Winner Pilots Travelair.

Sharples flew a Travelair biplane. Lear, Chicago radio manufacturer, piloting a Stinson, won $400. Gilles, flying a Waco, collected $300.

Other winners were: Arthur Stackpole, Harrisburg, Pa.; Robert G. Payne, New York; I. C. Huck, Detroit; W. B. Harding, Holmdell, N. J.; Crocker Show, Boston; Richard Dupont, Wilmington, Del.; Ivor Massey, Richmond, Va.; Eugene Detmar, Tarrytown, N. Y.; W. J. Ryan, Baton Rouge, La.; Richard Bircher, Philadelphia; Helen MacCloskey, Pittsburgh; S. J. Teach, Greenwich, Conn.; H. E. Johnson, Boston; and Cecil Kenyon, Waban, Mass.

Of the huge fleet that descended on Miami today 59 planes were flown by the sportsman pilots who were accompanied by women and men aviation enthusiasts.

All Get Through Safely.

The pilots of these planes cruised their ships from Orlando, more than 200 miles to the north, through thick fog that reached almost to the ground in many spots. All of the craft got through without trouble, according to a check made by the air race officials.

Squadrons of army, navy and marine planes landed at local airports today preparatory to their participation in the three day air racing program. Among the arrivals were three Illinois pilots, E. G. Frederick of Peoria, Chester Foust and Dr. Ward E. Potter of Chicago. Foust brought Charles Ostrum and R. A. Sampson of Chicago in his plane.

Breaking through the fog, James R. Wedell, who set a new world land plane speed record of 305 miles an hour at Chicago this summer, landed after a fast flight from New Orleans in his 44 racer [Wasp Jr. motor] with which he plans to take the largest part of the prize money posted for closed course races here.

Col. Clarence M. Young, chairman of the meet committee, announced the winners of the inaugural event after considerable deliberation. Other members of the contest board are Wedell and Frank Hawks, another noted speed pilot.

Neumann Due Today.

Another speed flyer due here tomorrow is Harold Neumann of Moline, Ill., who will fly Benny Howard's fast racer, Ike, which appeared in speed events in Chicago this summer.

This afternoon aviation editors of 35 newspapers formed a permanent organization based on two purposes: The obtaining of more accurate data on aviation progress from air lines and other firms in the aviation industry, and the promotion of an adequate air defense for the country.

Reginald Cleveland of the New York Times was elected president, Hugh Sexton of THE CHICAGO TRIBUNE, vice president, and George W. Macon Jr. of the Boston Transcipt, secretary.

One of the highlights of the meet will be a sham battle with anti-aircraft batteries defending Miami against a mimic aerial bombardment.

Zimmerman, Tulane Backfield Star, Weds

New Orleans, La., Jan. 10.—(AP)—Miss Mary Frances Buck, Titian haired queen of New Orleans carnival last year, and Donald Gordon Zimmerman Jr., Tulane university half back in 1932, were married here tonight.

THE MEN UP FRONT FOR THE CUBS

Members of the board of directors yesterday elected officers for the Chicago National league baseball club, otherwise the Cubs. Left to right, the directors are John O. Seys, club vice president; Paul V. Harper; Philip K. Wrigley, re-elected chairman of the board; W. M. Walker, elected club president; Charles McCulloch and R. A. Cavanaugh. [TRIBUNE Photo.]

Stephenson of Cubs Deserts the Bachelors

Hot Springs, Ark., Jan. 10.—(AP)—J. Riggs Stephenson, veteran outfielder of the Chicago Cubs of the National league, today married Miss Alma Chadwick, Hot Springs girl. The wedding was performed in the presence of close friends.

Mr. and Mrs. Stephenson left immediately on a honeymoon trip to New Orleans and other southern points. The bride attended the University of Minnesota and is popular in Hot Springs society circles.

DETROIT PAIR WINS MILWAUKEE 6 DAY BIKE RACE

[Chicago Tribune Press Service.]

Milwaukee, Wis., Jan. 10.—The all-Detroit combination of Fred Ottevaire and Saverre Van Slambrouck, formed six hours before the grind ended, won Milwaukee's third international six day bicycle race, which closed tonight before a capacity throng at the Auditorium.

Van Slambrouck and Ottevaire were teamed when their respective mates were forced to withdraw through illness at 6 o'clock this evening.

Second place went to the pre-race favorites, the veteran Reggie McNamara and Bobby Thomas, the Kenosha youngster. The winners traversed 2,475 laps and 9 laps and collected 700 points. McNamara and Thomas, who had two laps less, earned second with 975 points.

Crossley and Zach, who dominated the early hours of the race, were third.

REPORT FARMER MAY BE ASKED TO RESIGN AT YALE

New York, Jan. 10.—(AP)—Yale alumni indicated today that Malcolm Farmer, director of athletics, will be asked to resign unless he accepts the recommendation of a graduate advisory committee for the engagement of an outsider, preferably Harry G. Kipke of Michigan, as head coach at Yale.

Publicly there were no further developments or indications of any change in the situation which finds six out of seven members of the advisory committee opposed to Farmer's plan to restore T. A. D. Jones as head coach this year. At the Yale club, where President James Rowland Angell and Farmer were among the guests at an alumni luncheon, doormen said Farmer instructed them to say he would give "nothing to the press."

Meanwhile the schism in the ranks of Old Eli became more clearly defined, prompted by the belief that Farmer may delay any definite action on the football coaching situation until it is too late to negotiate this year for the engagement of Kipke or any other prominent outsider suggested.

From the alumni standpoint the joker in the situation is that the advisory committee has no authority and that Farmer can accept its advice or leave it.

KIPKE IS EMBARRASSED

Ann Arbor, Mich., Jan. 10.—[Special.]—Speculation concerning the departure of Harry Kipke for New Haven with from one to three of his assistants to take over the football coaching duties at Yale, subsided this afternoon when Kipke returned from South Bend, Ind., and announced definitely that he knew no more about the subject than he did a month ago.

Kipke pointed out that developments in New Haven, prominently associating his name with the decisions of the Yale advisory committee and board in control, placed him in an embarrassing position.

"I talked to Mr. Farmer [Malcolm Farmer, Yale athletic director] for about three minutes when I was in New York several weeks ago," he said. "Since that time I have had no communications of any sort with any person connected with Yale."

Kipke also announced that he was leaving Friday for a month's vacation in Florida, and that after his return he would start spring football practice.

Franklin Cappon, assistant athletic director, basketball coach, and coach of tackles, denied rumors that he was leaving with the announcement that "I am not interested in a change in scenery. As long as Mr. Yost and other Michigan athletic authorities are satisfied with my services, I will stay."

SOLEM IS SATISFIED

Waterloo, Ia., Jan. 10.—(AP)—Ossie Solem of the University of Iowa, mentioned as a candidate for the football coaching position at Yale, tonight issued the following statement in reply to inquiries:

"The Yale Athletic department invited me to advise them regarding the coaching set up with which I am familiar. I do not know whether they are interested in me, but if so, I seriously doubt that they could make me an offer lucrative enough to take me away from Iowa where the situation has been ever so pleasant the past two years."

Solem returned to Iowa City today from New York where he conferred with Yale officials.

Talking It Over

BY ARCH WARD.

TUG WILSON has an unexpected worry in trying to balance Northwestern's athletic budget. . . . The Evanston city council recently voted to affix a 3 per cent tax on all athletic events. . . . Since the government already collects 10 per cent for federal amusement tax, 13 per cent of Northwestern's receipts will go for taxes. . . . J. Louis Comiskey, owner of the White Sox, is at his lodge on Sand lake, near Eagle River, Wis. . . . With him is Joe Barry, traveling secretary of the Sox, his brother-in-law. . . . Does any one know what became of Dinny McCorkindale? . . . Charlie Pyle will leave for Miami in two weeks, where he intends to spend three months recuperating from a recent illness. . . . Hugo Quist, who was Paavo Nurmi's trainer when the Finn toured the United States, will join Pyle in Florida. . . . Dick Hanley of Northwestern will see the Bears plays an all-star team in Los Angeles Sunday. . . .

TUG WILSON.

The South Bend Intelligence department reports that Elmer Layden's first official act as athletic director at Notre Dame will be to serve as best man for Joe Petritz, director of publicity at Notre Dame, who was diamond shopping during the holidays. . . . Petritz apparently has been saving the announcement for the afternoon newspapers. . . . Grapevine dispatches from Agua Caliente declare only a handful of spectators gather there to see the races, except on Saturdays and Sundays. . . . California folks and the movie celebrities don't have to cross into Mexico to get their snifter these days. . . . Joe Lipp, Big Ten football official, will leave next Monday for a visit to Central America. . . . Charlie Grimm is coming to town next week to talk over plans for the Cubs' departure to Catalina with his new boss, William Walker. . . .

—

Asked if he didn't think his financial demands for a bout with Max Schmeling were too high, Levinsky replied: "Not at all. The King can't do no wrong." . . . President Walter Dill Scott won his football letter as a tackle on the 1902 Northwestern eleven. . . . Two representatives of the University of Texas in Chicago recently looking for a football coach were standing with friends in the lobby of the Sherman when up came Pat Page, former head coach at Indiana and now in charge of football at a boys' school in California. . . . "Where are those farmers from Texas who are looking for a football coach?" inquired Pat. . . . One of them strode forward and said: "I am one of them, what do you want? . . . Was Pat's face red. . . . Hunk Anderson will be the 25th head coach in the 43 years of football at North Carolina State. . . . When Bronko Nagurski left International Falls to join the Bears for the coast trip it was 37 below zero. . . . It was 62 when he arrived in Los Angeles, so if you are swift at figures you know by now he is 99 degrees to the good.

—

Joe McCarthy is lamenting the loss of Jimmy [Tomato Face] Burke, his assistant with the Cubs and the Yankees. . . . Jimmy retired because of failing health, an antipathy for Pullmans, and a longing for more shade than most American league parks provide. . . . Orio Stuteville, Northwestern wrestling coach f - the last seven years, spent the off seasons studying dentistry and is now practicing his profession. . . . He won the light heavyweight wrestling championship for the United States in the 1924 Olympic games at Paris. . . . How about that new racing commission, Governor? . . . We must have a commission before our Illinois tracks can pick racing dates. . . . Steve Owen, coach of the New York Giants, is trying to interest Ed Krause of Notre Dame in professional football. . . . Owen thinks he could make a great end out of the Notre Dame tackle.

—

University of Chicago has had fine success in nonrevenue producing sports such as horse polo, water polo, fencing, gymnastics, and tennis. . . . The only regular on the Iowa basketball team who lives outside the state is Ben Seizer of Passaic, N. J., a guard, who will be graduated Feb. 1, 1935. . . . Walter Paulison, publicity chief at Northwestern, is back on the job after doing Broadway for ten nights. . . .

Ten years ago today—William M. [Lil] Roper resigned as head football coach of Princeton. . . . Chicago defeated Northwestern, 26 to 18. . . . Franklin [Home Run] Baker was handed his unconditional release from the New York Yankees. . . . Eddie Shea and Charley Glaser were matched by Jim Mullen to go ten rounds in his first show at East Chicago. . . . Stuffy McInnis' claim for $10,000 from the Boston Red Sox was denied by Commissioner Landis. . . . Egg and Grenda were still leading the six day bike race at the Coliseum. . . . Eddie Kane was trying to get Tommy Gibbons another bout with Dempsey. . . . Ralph De Palma broke with the American Automobile association and became an outlaw racer by signing a contract to race at the new Ascot speedway. . . .

NEW PRESIDENT BANS LIQUORS AT BALL PARK

Favors Broadcasting with Reservations.

BY EDWARD BURNS.

William Walker, well known Chicago business leader and clubman, now is president of the Cubs, and very happy about it. He was elected yesterday, along with other officials, after having served as acting president since the death of William L. Veeck, former president-treasurer, last Oct. 5.

"My term as acting president convinced me that I'll like the new job and I intend to keep it as long as the directors elect me," Mr. Walker said in response to inquiries as to whether his other businesses would permit him to serve permanently as head of the Cubs.

Mr. Walker's first official act as president was to deny reports from Los Angeles published in Chicago to the effect this is the last year the Cubs will conduct spring training in California.

No Cocktail Hour.

"The Cubs will train in California in 1934, 1935, and for many years thereafter, according to present plans," said President Walker.

Mr. Walker also said there will be no cocktail hour at Wrigley field next summer, though efforts will be made to obtain a license extending the beer privileges at the ball park. Last year sale was confined to bottled beer, served at the bars under the stand. This year it is hoped to dispense the amber beverage both in bottles and from taps, with beer in containers available in the stands. There will be no hard liquor of any kind dispensed at the park, Mr. Walker said.

Philip K. Wrigley was continued as chairman of the board of directors, a position which he took following the death of his father Jan. 26, 1932.

Charles [Boots] Weber, for many years an official of the Wrigley-owned Los Angeles club, 1933 pennant winners in the Pacific Coast league, was elected the new treasurer of the Cubs. Mr. Weber has been familiarizing himself with Cub affairs since the close of the Pacific Coast league season.

Lewis Is Reelected.

The other officials elected were incumbents whose reelection was routine, though John O. Seys, former second vice president, was moved up to fill the post of first vice president, formerly held by Mr. Walker. Miss Margaret Donahue was reelected secretary and Robert Lewis was rechosen traveling secretary.

The election was conducted by the following directors: Mr. Wrigley, Mr. Walker, Mr. Seys, Charles A. McCulloch and R. A. Cavanaugh.

Chairman Wrigley formally gave the new president complete control of the business affairs of the Cubs, but assured him of an increased personal sporting interest in the affairs of the team.

The supposed apathy of Mr. Wrigley toward the playing of the Cubs during the last two years has been a subject of comment in baseball circles. The principal owner of the organization, however, took a hand in the purchase and signing of Chuck Klein and had other baseball contracts during the winter meetings here. He now expresses himself as destined to become a fan with something of the zeal of his late father and will take his next step along this line by accompanying the team to the training camp.

Walker Favors Radio.

Mr. Walker, who is 62 years of age, has been identified with baseball in Chicago for 20 years and, next to Mr. Wrigley, is the largest stockholder in the organization. He was a factor in the Chicago Feds, which built its park on the site of Wrigley field. When the Cubs moved to the north side the new Cub president became holder of a large block of stock. In the early days of the Cubs habitation on the north side Mr. Walker interested Albert D. Lasker in the team and he was active for many years in its business affairs. Several years ago Mr. Lasker sold most of his holdings to the late William Wrigley Jr.

It is said that the new president favors the broadcasting of games, but with certain provisions which the former Cub administration did not exact. It is reported that the public is assured of broadcasts of all Cub home games in 1934 over at least two stations. The factors introduced by Mr. Walker, it is said, will not affect the fans' status in the matter.

Big-Hearted Joe Is 40% Scooge to Steve Hamas

Philadelphia, Ja., Jan. 10.—(AP)—Negotiations for a heavyweight bout between Max Schmeling and Steve Hamas were broken off today, at least temporarily, because the two managers failed to agree over the division of the purse.

Promoters Bob Gunnis and Herman Taylor offered the fighters 45 per cent of the gate. Joe Jacobs, manager of the former champion, demanded 40 per cent, leaving 15 per cent for Hamas.

Charley Harvey, Hamas' manager, asked 25 per cent.

There will be another conference Friday in New York.

BRUINS, SHORE MISSING, BATTLE HAWKS TONIGHT

All Teams in American Division in Action.

The Boston Bruins, mighty unhappy and angry at finding themselves in the cellar of the United States division of the National Hockey league at this late date, tonight will battle the Chicago Blackhawks at the Chicago Stadium.

It will be the fourth meeting of the teams this year, the Hawks thus far having won once here and once in Boston, while the Bruins licked the Hawks once in Boston.

Eddie Shore, great defensive player, will not be in the game, despite the plea of Owner Frederic McLaughlin that the suspension of the star be lifted in time for him to play here. Shore's banishment for his part in the injury of Ace Bailey early in December, will not be lifted until Jan. 28.

Shore Absent First Time.

Tonight's appearance of the Hawks will be the first here in eight seasons in which Shore has not appeared. Usually Shore plays here without relief throughout the entire time of the contest.

Tonight all four teams in the United States section are scheduled to play. The Rangers only a half game behind the Hawks, tackle the Senators at Ottawa. The world's champions are doped to win the game. The Detroit Red Wings, also but a half game behind the division leading Hawks, will clash with the high scoring Maroons at Montreal. The Canadian team, in third place, only a half game ahead of the Ottawa Senators, can be counted on to give the Red Wings the battle of their lives.

This Might Happen.

Should Boston win from the Hawks tonight and both the Red Wings and Rangers lose, the Bruins will be but a game and a half from the top rung in the United States section.

Since Tommy Gorman's men last met and defeated the Boston crew in Boston, Manager Art Ross has found it necessary to remodel his team somewhat. The Bruins manager filled the gap caused by Shore's absence by going into the amateur hockey ranks of Toronto and uncovering Don Smillie, an amateur defense player and, overnight, converting the newcomer into a player of major league calibre.

Again with Shore out, Ross needed a spark plug, so he traded Vic Ripley to the Rangers for the bellicose left winger, Babe Seibert. The Babe's efficiency will be enhanced by playing on the same team again with the United States section scoring leader, Nels Stewart, twice winner in the last eight years of the Hart trophy which is awarded yearly to the player adjudged to be of most value to his team. Stewart and Siebert were line mates for seven seasons with the Montreal Maroons.

Dit Clapper, one of the Bruins' most consistent scoring threats, has been alternating both at right wing and defense. Clapper originally came to the Bruins as a defense player. Another strengthening move was the recalling of Peggy O'Neill, left wing player, from the Boston Cubs.

Hawks in Hard Drills.

For tonight's encounter Manager Gorman has had his team on the Stadium ice for practice Monday, Tuesday and yesterday.

The team performed so well at yesterday's final drill that Manager Gorman decided to stand pat on the same lines which functioned against the Rangers last Sunday night.

The game is expected to mark the appearance of an entire hockey team wearing helmets. Reports have it that Manager Ross, who designed the headgear, insists on his players wearing the protective head covering.

Tonight's lineup:

BLACKHAWKS.		BOSTON BRUINS.
Gardiner	G.	Thompson
Conacher	D.	Clapper
Jenkins	D.	Smith
Leswick	C.	Beattie
Couture	R.W.	Oliver
Gottselig	L.W.	Barry

Chicago Faces Buffalo Again in Lacrosse

The Buffalo Indians will play the Chicago Blue Ribbons again tonight at the Arcadia Gardens, 4444 Broadway. The Ribbons beat Buffalo Tuesday. If the Indians win tonight they will tie the Blue Ribbons for the leadership of the National Lacrosse league.

Bill McArthur, Chicago goalie, again demonstrated his worth Tuesday. Toots White, who scored five times for Chicago Tuesday showed his ability to take a fast pass on the dead run and whip his shot to the net. Piper Bain is still on his scoring rampage, getting four goals in Tuesday's game.

Coach Dennenay has his forward lines working smoothly and is anxious to win tonight, in which event the club will go on its eastern road trip with a two game lead.

Game time is 8:30 o'clock.

Standing:

	Won.	Lost.	Points.
Chicago	5	3	10
Buffalo	4	4	8
Pittsburgh	4	4	8
Milwaukee	3	5	6

WONDERBOLTS MEET SWEDISH ELEVEN SUNDAY

The Wonderbolts, professional soccer team, which twice has reached the national cup finals in the last four years, will start their campaign for the championship on Sunday at De Paul field. The Wonderbolts meet the Swedish-Americans, amateur club, in the first round of the national challenge cup competition.

The Wonderbolts, who are the former Brickies, showed they were at top form last Sunday when they whipped the Italian-Americans, 8 to 1. The Italians are one of the strong clubs in the International league, of which the Swedes are champions.

ST. JOSEPH'S WIN.

Rock Island, Ill., Jan. 10.—(Special.)—St. Joseph's High school remained undefeated on its home floor tonight by beating Cordova, 30 to 17. It was the fifth victory for St. Joseph's.

ANDERSON LEAVES FOR RALEIGH TO START PRACTICE

Notre Dame, Ind., Jan. 10.—(Special.)—Heartily [Hunk] Anderson left here today for Raleigh, N. C., to assume his duties as head coach at North Carolina State. He will begin spring practice Monday. Anderson will return here to spend the summer. His family will move to Raleigh next August. Anderson was the guest at a farewell dinner given here today by Dr. B. A. Kamm.

White to Protest Today Against Savoldi Match

Ed White, manager of Jim Londos, claimant of the world's heavyweight wrestling championship, last night announced he will go before the Illinois Athletic commission today to file a protest against Joe Savoldi's scheduled appearance as a headliner at the Chicago Stadium Jan. 31. He claims Savoldi is under ban here until he meets Londos to clarify the dispute arising from their bout at the Stadium last April when Savoldi gained a one fall victory.

Why VITAMIN A for COUGHS?

Find out why, and you'll be HEALTHIER!

Does every cough and cold make a "wreck" out of you? Does it rap your strength . . . bang on and on? Then here is new *hope* for you!

Just since last winter an astounding advance has been made in the treatment of coughs and colds.

The way has been found to use Primary VITAMIN A. This vitamin is Nature's "Anti-Infective" agent. It is the weapon that your body *must* have to fight coughs and colds.

Smith Brothers Cough Syrup now contains this Primary Vitamin A.

Now Smith Brothers Cough Syrup not only gives you fast, pleasant cough relief. In addition its Primary Vitamin A aids Nature in DRIVING the cough and cold out of the system *faster*. And Vitamin A *raises your resistance* against re-infection with new coughs and colds. Nature herself leads you back to vigorous, "million dollar" health.

Remember: the *only* cough syrup giving you these benefits of Vitamin A is *Smith Brothers'*. Today, get a bottle. New health will be yours.

Heavyweights Wrestle on Arcadia Card

Heavyweights make up tomorrow night's wrestling card at the Arcadia Gardens. Eight of the 12 contestants weigh over 200 pounds. Gus Sonnenberg, who scaled the wrestling heights through the medium of his flying tackle, a hold inspired by his work in the Dartmouth line, weighs 212 pounds. He will have a two pound advantage over Jack Smith of Chicago. Smith, however, is 6 feet tall, three inches more than Sonnenberg.

Buckets Goldenberg, recognized as one of the outstanding young prospects, weighs 211 pounds. He meets Jack Zeravich, the Slavish protege of Marin Plestina in the semi-windup.

Gus Clem, billed as an "old fashioned wrestler," who scorns the tricks of the modern game, will meet Jimmy Demetral, Chicago veteran. Zack Malkoy, Rogers Park police sergeant, is matched with Joe Wolf.

Davidson, Army Coach, to Marry Nebraska Girl

Omaha, Neb., Jan. 10.—(AP)—The engagement of Miss Verone Gruenther of Omaha to Lieut. Garrison H. [Gar] Davidson, Army football coach, was announced here today by Mrs. C. M. Gruenther, mother of the bride. The wedding is scheduled for June.

Lieut. Davidson, son of Henry Fletcher Davidson of New York, who has been a guest at the Gruenther home for ten days, will leave Sunday for West Point where he also is aid to Gen. W. D. Connor at the Military academy.

Miss Gruenther is a sister of Lieut. Alfred M. Gruenther of Fort Hoyle, Md. Another brother, Homer, is secretary to Representative Edward R. Burke [Dem., Neb.] at Washington.

An expert tennis player and swimmer, Miss Gruenther is a senior at Duchesne college here.

COALS WIN, 36-14.

The Spencer Coal girls' basketball team defeated the Metropolitans, 36 to 14, for their 11th victory of the season at the Irving Park Y. M. C. A. last night.

Golf Tourists Open Tourney in West Today

San Francisco, Cal., Jan. 10.—(AP)—Amateur and professional golf stars, 200 strong, will tee off here tomorrow in the 18 hole qualifying round of the fourth annual $4,000 national match play open championship.

The short qualifying test will swing the 64 low scorers into Friday's opening match play round of 18 holes. Sunday's semi-finals and next Monday's finals will be over 36 holes.

Most of the country's ranking pros and the state's best amateurs are primed for a whirl at the par 35—37—72 Lake Merced course. Winners of the three previous titles and chief prize money—Leo Diegel of Philadelphia, Willy Cox of Brooklyn, and the defending champion, Craig Wood of Deal, N. J.—are entered.

Dawson Among Amateurs.

Prominent amateurs who will match strokes with the professional brigade include Dr. Cliff Baker of San Francisco, runnerup for the state crown; Frank Dolp of San Francisco, once holder of the western amateur title; John Dawson of Chicago, Mat Palacio Jr. of San Rafael, Cal., and Arthur Sato, leading Japanese golfer in the city.

The four Espinosa brothers, Abe, Al, Henry, and Romie, were on hand to try their shots for some of the prize money. So were the brothers Dutra—Olin, former P. G. A. champion, and Mortie. Paul Runyan of Westchester, N. Y., one of the country's leading money winners, was accorded as good a chance as any. George Von Elm sent in a late entry, but nothing has been heard from him since.

Leo Diegel Shoots 67.

Leo Diegel served notice on the field today during a team match play by turning in a 33—34—67, five under par. Other strong contenders include Jimmy Hines of Great River, Long Island; Joe Kirkwood of Chicago, Tom Creavy of Albany, N. Y., and Johnny Revolta of Menominee, Mich.

OMAN, PAULSEN ENTER NATIONAL SKI TOURNAMENT

A Chicago victory in the national championship ski jumping tournament to be held on the Norge Ski club slide at Fox River Grove, Ill., Jan. 21, would not be a complete surprise.

Guttorm Paulsen and Gunnar Oman will lead the local bid for the title. Both are members of the Norge club. Oman shifting his membership after representing the Ogden Dunes club for a number of years.

Oman is a veteran of the sport and is considered one of the best stylists in the country. After the visit of the foreign skiers to the Olympics in 1932 at Lake Placid, Oman apparently gained the knack of combining distance with his style from observing them in action, and was a greatly improved skier last year. He finished third in the last national meet, held at Fox River Grove in 1931.

Paulsen, a younger skier, who has been showing marked improvement, indicated he also will be a threat in the title event when he won the Oconomowc, Wis., meet last Sunday.

MISS VEATCH IS BEATEN IN PLAY FOR CUE TITLE

Loses to Mrs. McEvoy in Championship Match.

Final Standing

	W.	L.	Pts.	In.	Hr.
Mrs. McEvoy	3	1	101	134	5
Miss Veatch	2	2	116	136	3
Mrs Hummel	1	3	97	83	3

Mrs. Gertrude McEvoy of New York successfully defended her title of woman's national amateur pocket billiard champion last night by defeating Miss Georgia Veatch of Chicago, 35 to 29, in thirty-three innings at the Wabash Avenue Recreation rooms.

Mrs. McEvoy made a high run of six in the seventh inning, while Miss Veatch had runs of four in the tenth and twenty-ninth innings.

It was one of those nip and tuck contests that kept the crowd on edge until the final ball had been pocketed. During the course of the contests

COAST STARS GO INTO ACTION TO DETHRONE BEARS

Morley Drury Will Play First Pro Game.

BY GEORGE SHAFFER.
[Chicago Tribune Press Service.]

Los Angeles, Cal., Jan. 10.—Morley Drury, one of the all-time greats of University of Southern California football, today quit the amateur ranks to play against the Chicago Bears in Sunday's game between Ernie Pinckert's improvised California pro eleven and the champions of the National Professional league.

The hundred dollars or so that Drury will draw for opposing the Bears at Wrigley park will not enable him to get anything like the money he might have made had he accepted pro offers of $20,000 dangled before him seven years ago on his final year of college competition.

Besides Drury the team which Ernie Pinckert, also a Trojan star, has chosen to oppose the Bears, contains seven other players of more or less unanimous all-star lustre.

A Team of Stars.

Drury as quarter back emerged as a hero in defeat from the historic Notre Dame 7 to 6 win over Southern California in Chicago in 1927. It was in this game that John Schommer made a ruling denying legality of a forward pass, which, squirting out of Buck Dahman's hands, might have given Southern California credit for a Notre Dame safety and an 8 to 7 win.

Other stars on the roster are Pinckert, a back field player the last two seasons for the Boston pros; Ted Shipkey, famous end of the Stanford teams of the middle of the 1920 decade; Jesse Hibbs, and Ernie Smith, tackles at Southern California; Glenn [Turk] Edwards, tackle on the last coast champion team that represented Washington State college; Nate Barrager and Aaron Rosenberg, running guards for Southern California.

Pinckert, whose improvised team ought to take the field far stronger than most such squads which are gathered together for one game against barnstormers, has been practicing with the utmost diligence on Howard Jones formations for the last week. Practice takes place at Jefferson High school field in Los Angeles. The California boys are taking their football seriously, and should ramp onto the field in as good physical shape as their opponents, the Bears, for many of Pinckert's men have been playing pro or sand lot football during the recent season.

Coast Team is Ready.

Others in the coast team's lineup will be Jim Musick, Boston full back; Marger Apsit, at half back; Edwards at tackle; George Dye, alternate center, who played with the Trojans during the season just closed, and Howard Tipton, end.

All the Southern California players, of course, are familiar with Howard Jones formations, forward pass plays and other offense maneuvers, so the coaching that Pinckert and Musick have been doing has been more directed toward a polishing off of well remembered playing tactics.

Pinckert will employ as one of his quarter backs Russ Saunders, who will be remembered by Chicago fans for his feat in running a kickoff 95 yards through Notre Dame in 1928, in a game which Saunders' team lost, 13 to 12.

Homer Griffith to Play.

Saunders starred in the first win that Southern California ever negotiated over Notre Dame, 27 to 14, in Los Angeles in 1[illegible].

The other Pinckert quarter back will be Homer Griffith, who served as alternate pilot with Irvine Warburton during the season just closed. He was seen by midwest fans during the season just ended, against Notre Dame at South Bend.

Big Turk Edwards sustained a broken nose in scrimmage at Jefferson High yesterday, but it is the only casualty on the two teams now gathered here. Red Grange said today that the only thing bothering any of the Bears was a few colds which the athletes expected to shake off by Sunday. Grange's appearance on the local field Sunday is one of the guarantees the Bears had to make for the local promoters.

Even with tickets at $1.50 there is so much football interest in this red hot gridiron center that the teams are figuring their cash division on anticipation of a crowd of about 20,000.

FORESTER TEAMS PLAY 3D ROUND GAMES TONIGHT

Third round games in the West division of the Catholic Order of Foresters' Basketball league will be played tonight at the West Side club house, 4711 West Madison street. Three league contests are scheduled, together with a game between two of the city's leading girl teams. The schedule:

7 p. m.—St. Thomas Aquinas vs. St. Aloysius.
8 p. m.—Baby Ruth girls vs. Waubin A. C. girls.
9 p. m.—St. Patrick vs. Holy Family.
10 p. m.—Monarch vs. Holy Ghost.

Kaye Don Loans Car for New Record Attempt

LONDON, Jan. 10.—(AP)—Kaye Don, automobile and motorboat speed driver, today said his racing car, the Silver Bullet, in which he set world speed records at Daytona Beach, Fla., had been loaned to Jack Field for trial runs at Southport, Lancashire. Don said he had no intention at this time of taking the car to Daytona Beach for an attempt on the world speed mark of 272.108 miles an hour set at Daytona last February by Sir Malcolm Campbell.

Sentence Hammond Boxer for Beating Mother

John Matthews, 31, a boxer from Hammond who has fought in the Chicago district for some time, was fined $1 and sentenced to serve 90 days at the Indiana penal farm yesterday following conviction of a charge of assault and battery against his mother and sister. His mother pleaded for leniency.

MOON MULLINS—MR. WILLIE MULLINS HAS THE FLOOR

AW, MAMIE, I DON'T SEE WHY I CAN'T STAY OUT AND PLAY A LITTLE LONGER.
BECAUSE YOU'VE GOT TO GO RIGHT IN AND STUDY YOUR HOMEWORK, KAYO. YOU'RE GETTIN' IGNORANTER AND IGNORANTER EVERY DAY.
HELLO, KAYO- I NEED SOME THINGS FROM THE DRUG STORE AND I WONDERED IF YOU COULD GO FOR ME.
?
NO- I CAN'T, MAXINE BUT MY UNCLE WILLIE SAID THIS MORNIN THAT HE COULD!
WHY MY DEAR LITTLE GIRL!
Willems

De Paul Five Faces Armour; Seeks 5th Win

De Paul university's undefeated basketball team will bid for its fifth consecutive victory of the season tonight when it meets Armour Tech at the De Paul gymnasium.

Capt. El Weston has been ailing with a slight attack of flu, but Coach Jim Kelly of De Paul was confident that he would be able to start. Probable lineup:

DE PAUL.		ARMOUR TECH.
Barskis	F	Christoph
Gorsky	F	Heike
Weston (C)	C	Lauschinskis
Adams	G	Warner
Linskey	G	Pflum

PURPLE AT OHIO STATE

After earning a split in its first two Big Ten games Northwestern's basketball team will swing into action again Saturday night against Ohio State at Columbus. The Wildcats' next home game will be against Michigan at Patten gym Monday night.

The return of Don Brewer to the lineup has given the Purple a scoring punch that they lacked in the early season practice games. His presence in the lineup has also speeded up the Wildcat attack. In the two conference games played to date Brewer has scored six field goals. Improvement in the play of Lyle Fisher at center has been pleasing to Coach Dutch Lonborg, who has been worrying considerably over the center position ever since the graduation of Elmer Johnson, last year's star. Against Iowa Fisher tossed in three field goals and a pair of free throws to take the Wildcat scoring honors.

The Wildcats will stick to the lineup against Ohio which has started both of its games. It consists of Brewer and Kopecky, forwards; Fisher, center, and Manske and Culver, guards. Other players who will make the trip to Ohio are: Pendergrast and Rosenfeld, forwards; Moeller, center, and Spoerer and Kawal, guards.

WEIR RECOVERS

Bloomington, Ind., Jan. 10.—[Special.]—Indiana will count on the shooting of Willard Kebrt to produce needed points in the western conference battle with Purdue here Saturday. Kebrt, 147-pound forward from Shelbyville, is leading Indiana scorers in Big Ten games. He made 13 points against Michigan and eight against Ohio State. Indiana won both contests. Capt. Woodrow Weir, who was injured in the Ohio State game, has recovered and will start against Purdue.

SHIFT BADGER TEAM

Madison, Wis., Jan. 10.—[Special.]—Dissatisfied after two defeats in as many games, Coach Walter Meanwell today revised the Wisconsin basketball lineup. He indicated he might start Nick Demark, Racine sophomore, in place of Tommy Smith at forward, and Gilly McDonald, Oshkosh, in place of Ray Hamann, with Chub Poser at guard against Michigan here Saturday night.

The Badgers, after an impressive pre-conference string of victories, lost to Illinois, 30 to 27, and to Iowa, 32 to 26.

Felix Preboski, Antigo sophomore, who leads the team in scoring with 63 points, will start at the other forward position, and Ed Stege, Oak Park, Ill., sophomore, probably will get the assignment at center.

Both Hamann and Smith have been in a shooting slump, and until they recover their eyes for the basket they are due to warm the bench, Coach Meanwell said today. Demark showed to good advantage in the Illinois game and McDonald's work stood out for the Badgers in the Iowa defeat.

In the Illinois game Wisconsin made only four baskets in 64 shots, one of the poorest percentages the Badgers have shown for several years.

20 IN ROW FOR DUQUESNE

Pittsburgh, Pa., Jan. 10.—(AP)—Not only do they play good football at Duquesne university—they have a swell basketball team, too.

In defeating the Westminster college five last night, Duquesne, under the guidance of Coach Charles [Chick] Davies, chalked up its twentieth straight victory—and did it against the team that had administered the defeat that preceded that winning streak.

Coached by Elmer Layden, who leaves next month to become head coach at Notre Dame, his alma mater, Duquesne has set up a remarkable seven year record in football, but the basketball record is even better.

In ten years, the teams tutored by Davies have played well enough to record a winning percentage of .750. So good has the team been, in fact, that last year the "Dukes" trounced the University of Pittsburgh and Carnegie Tech for the city championship, the Pitt Panthers bowing twice. The Pitt-Duquesne feud will be resumed Friday night, an occasion that finds the Pitt stadium court already sold out of its 5,000 seats.

Funeral Held in West for Golf Course Architect

Santa Cruz, Cal., Jan. 9.—(AP)—On the lawn of the golf links at Pasa Tiempo funeral services were held today for Allister McKenzie, golf course architect, who died last week. The body then was cremated.

WEIGHS OFFER

Maurice (Clipper) Smith, coach of Santa Clara university, who has been offered the job of directing football activities at Alabama Poly of Auburn, Ala.

Dempsey Raps Garden's Hold on Ring Game

New York, Jan. 10.—[Special.]—Jack Dempsey, discussing the boxing situation today at a hotel here, charged that the Madison Square Garden monopoly had just about killed boxing in New York. He added that he would like to lease the Garden boxing privileges and that he could put the sport on its feet again, although it probably would take him a year to clear away the wreckage.

Dempsey then turned to the heavyweight situation and gave it as his opinion that Primo Carnera would knock out Max Baer if they met in the near future.

Jack Warns Baer.

"Baer thinks he can flatten Carnera with one punch," said Dempsey, "but when I saw him in Washington I warned him he was the one who would be knocked out unless he got himself into fighting shape. Baer must have three or four warmup fights if he is to regain the form that he had when he knocked out Max Schmeling last summer. As he is today, after playing around in the movies and having all sorts of fun, he would be a soft touch for Primo.

"The Garden's monopoly on the heavyweight championship is bad for the sport," Dempsey remarked. "I don't believe in being a dog in the manger. I have Baer signed up to box exclusively under my promotion, but if Max asked me to release him so that he could get the match with Carnera, who is controlled by the Garden, I would let him go. That is, I would release him for that fight if he would take two or three other bouts first to get himself in shape.

No Monopoly is Needed.

"He would have to refrain from signing any contract with the Garden binding himself to box exclusively for them if he won the title. I don't think Baer will ask me to release him. If promoters know their business they need no monopoly."

Harper Routed by Hyde Park Lights, 38-14

Prep Basketball

CITY LEAGUE.
Lightweights.
Hyde Park, 38; Harper, 16.
Parker, 20; Fenger, 19.
Von Steuben, 23; Amundsen, 16.
Phillips, 26; Englewood, 23.

GAMES TODAY.
Hearies.
Amundsen at Von Steuben.
McKinley at Marshall.
Tuley at Crane
Bowen at Morgan Park.
Parker at Fenger.
Calumet at Hirsch.
Hyde Park at Harper.
Farragut at Tilden.
Lindblom at Manley.
Harrison at Kelly.

Hyde Park lightweights' impressive 38 to 14 victory over Harper yesterday afternoon in their opening game of the City Basketball league marked them as strong contenders for the title.

Three other teams opened their schedules with close victories. Parker defeated Fenger, 20 to 19; Von Steuben beat Amundsen, 23 to 16, and Phillips won from Englewood, 26 to 23.

Hyde Park lights, who won 14 out of 15 practice games, jumped into an early lead and never were headed. Garmis, forward, and Goldmen, center, scored 10 points each to tie for individual scoring honors.

The heavyweight basketball teams of the City league swing into action this afternoon in all sections of the city.

SARAZEN WILL MAKE COLGATE HIS HOME LINKS

Hamilton, N. Y., Jan. 10.—[Special.]—After spending two days on the Colgate University campus, Gene Sarazen announced today he will make the new 18 hole course to be constructed here his home course. He will supervise building of the course.

Sarazen made the announcement when he spoke to members of the faculty and students in Colgate Memorial chapel. The purpose of his presence on the campus was somewhat of a mystery, although it was generally understood he was the guest of William A. Reid, graduate manager of athletics.

Dukelsky, Heinz Head Marigold Ring Card Monday

Solly Dukelsky, local 155 pound boxer, and Fritz Heinz of Saginaw, Mich., signed yesterday to meet in an eight round match at Marigold Gardens Monday. Adolph Winter, Green Bay, Wis., heavyweight, and Walter Madey are paired in the six round semi-final. Jackie Osborne will appear against a suitable opponent.

King Levinsky has received an offer to box Charley Massera at New York next month. . . . Roy Williams will leave tomorrow for San Francisco, Cal., where he will join Wesley Ramey, Varias Milling, Marty Sampson, and Joe Ghnouly preparatory to sailing Jan. 17 for Australia.

Gene Higgins and Eddie Chinski have signed for five rounds on the Leo Rodak-Jackie Sharkey card at Midway arena Monday. . . . Frankie Misko and Mickey Misko arrived yesterday from Saginaw, Mich., to complete drills for matches at Milwaukee next week. . . . Prince Saunders and Izzy Lubansky go to St. Paul Saturday for contests Monday with Babe Daniels and Johnny Stanton, respectively.

Henry Rothier, welterweight, and Young Terry of Davenport, Ia., have accepted terms for an eight round bout at Davenport next Thursday . . . Tuffy Hyland, local boxer, faces Moose Fregard of Pekin, Ill., at Peoria, Jan. 24. Young Terry will battle Art Donovan and Matty Matthews will box Allen Matthews on the same card.

Young Geno, La Salle featherweight, last night accepted a match against Frankie Wallace at Akron, O., Feb. 1. . . . Jackie Wilson, Pittsburgh featherweight, was one of the scores of boxers who trained yesterday at Trafton's gymnasium. Wilson fights Young Richtmeier at Sioux City, Ia., Jan. 22. . . . Johnny Terry is in Wheeling, W. Va., for a return contest with Paul Oger next Monday. . . . After he goes through with a match at Hollywood, Cal., Tuesday, Johnny Freeman, Salamanca, N. Y., boxer, will leave for Chicago.

Otto Fischel and John Hawthorne, light heavyweight boxers, will meet in the windup of an amateur card tonight at C. Y. O. center, 31 East Congress street. Joe Minneci, Waukegan, and Jack Sullivan, clash in a bantamweight bout. Other contests:

Ed Giffee and Ed Garvey.
Frank De Michael and Frank Dusinski.
Harry Frederickson and Lorenzo Loving.
Bob Crowley and Vince Satkoff.
Jimmy Kheen and Dick Maguire.
Jimmy Paulos and Adam Wuchitak.

Several gymnasiums are being used by coaches of the Jewish Organized Youth to train entrants in the amateur boxing tournament sponsored by the organization at the Jewish People's institute Feb. 5 and 6. On Tuesday and Thursday some of the boxers drill at Franklin park gymnasium. Classes at the J. P. I. are held Sunday afternoon. Starting Sunday morning boxers can work out at Deborah Boys' club.

Joey Bozak, Blue Island featherweight, expects to avenge a recent knockout by Johnny Mirabel of Argo when they meet in a preliminary bout on the card headed by Johnny Phagan at Rainbo Fronton tomorrow. Prior to facing Mirabel at the Fronton last Dec. 29 Bozak lost only one match in six. He beat Sammy Moreno, Hugh Allen, and Freddy Gravelle.

F. M.

SAVOY CLUB TO SEEK ARCADIA BOXING CROWN

Eddie Nichols, coach of the Savoy Athletic club, today entered a team of eight colored boxers in the midwest invitation tournament that will open Monday night at the Arcadia Gardens.

Among the boys on the Savoy team are George Johnson, bantamweight, runnerup in A Century of Progress tournament and sectional Golden Gloves title holder; Arthur Brewer, featherweight, runnerup in the Central A. A. U. championships last year; Orlando Trotte, lightweight; Robert Mills, light heavyweight, and Vernon Patterson, flyweight.

Paul Frazier is a noted middlewight. Ralph Collier is the welterweight entry and has defeated many stars, among them Keith Graves, Golden Gloves champ at Peoria, and King Wyatt, Fort Wayne champ. Otis Thomas is the heavyweight entered by Nichols.

Ross to Box Klick in San Francisco March 5

San Francisco, Cal., Jan. 10.—(AP)—John Sylvester, San Francisco promoter, announced tonight he had signed Barney Ross of Chicago, world's lightweight and junior welterweight champion, and Frankie Klick, junior lightweight title holder, for a 10 round bout here March 5. No title will be at stake. Ross is scheduled to fight Billy Petrolle in New York Jan. 24.

Wheaton College Beats Juniata Quintet, 41-28

Huntingdon, Pa., Jan. 10.—(AP)—Wheaton college's basketball team from Illinois gave the Juniata college its first defeat on its home floor, 41 to 28, tonight. Wheaton, led by Glover, center, and Jim Gray, guard, as the high scorers, pulled away in the last quarter.

Chicagoland Sees Flocks of Starlings

BY BOB BECKER.

Tribune readers can give any one plenty of information about the European starling in Chicagoland and points further away from northern Illinois. During the last two weeks reports on the starlings have been pouring in to us from many localities. Here are a few flashes on this European bird which is giving bird fans so much concern, in view of its record in the east.

Park Ridge, Ill.—R. A. Harloff reports: "A flock of sight starlings visited my back yard and partook of a little dried bread thrown out for the birds and the rabbits." He says that he has heard a robin chirping, but he is sure that spring is not here!

Harvey, Ill.—W. Foster Hayes reports a colony of starlings near Harvey. He writes: "We have a colony of starlings in the north edge of this town. I usually see anywhere from one dozen to three dozen of the birds together."

They Also Visit the City.

Chicago—Mrs. Henry Moeser, 4832 Tripp avenue, advises us that she has had a flock of starlings in her yard recently. She writes: "Between Christmas and New Year's we had some twelve starlings in the back yard, where they were eating bread crumbs and meat tossed out for the sparrows. Then the starlings left us."

Taylorville, Ill.—According to W. A. Powel, a resident of Taylorville, the starlings are considered good eating down that way. Possibly starling pot pie is one way out of the problem of keeping this alien bird in check, says Mr. Powel. He writes: "Two years ago I caught a dozen in the barn and gave them to an Italian friend, who pronounced them very fine eating. Later we caught 68, which were eaten. We have a sackful tonight. The birds roost in the barn, leave early in the morning, and come back at night."

Calumet City, Ill.—J. J. Garrity has discovered a flock of twenty-five starlings in Calumet City.

Fruit Belt Has Them.

Benton Harbor, Mich.—The starlings are in the heart of Michigan's fruit belt, according to a report from C. E. C. of Benton Harbor. "I have noted," he writes, "large flocks of starlings gathering at sundown each night until 45 days ago. Yesterday I saw a flock of fifteen or twenty for the first time since the large flocks disappeared. I wish you would publish your idea of how to fight this bird."

Platteville, Wis.—H. L. Burnham reports: "A starling was caught at Cuba City, Wis., on Dec. 28. This is the first one seen in this locality as far as I know."

Stanley, Wis.—George H. Hipke writes us of the appearance of starlings in that part of Wisconsin. He says that he is sorry to note the arrival of this European bird, but it is there, because a flock of seven or eight has been seen. One of the birds was shot and mailed to the department of conservation at Madison.

Michigan has sent out a call for specimens taken in that state. It plans to study the food habits of the starling by examining the contents of their stomachs.

ORDERS REPLAY OF COLISEUM HOCKEY GAME

President Emil Iverson, acting upon a protest by Manager Springer of the Blue Ribbons, yesterday ordered a replay of the amateur hockey league game which the Butterfingers won, 4 to 2, at the Coliseum Tuesday night. He set next Tuesday as the date of the replay.

Harry Wilson, goal umpire of the disputed game, was suspended, as were Bernard Brusin, who attacked an official; Harold Cann of the Blue Ribbons, who engaged in a fight in the penalty box, and Hebor Casselman of the Blue Ribbons, who shot the puck at one of the officials.

The Blue Ribbons will meet the Nestor Johnsons and the Litsingers will play Jones & Baumrucker in league games at the Coliseum tonight.

Miller Bowls Gardner Tonight at Blue Island

Joe Miller of Buffalo, national match game bowling champion, will continue his Chicago appearances tonight in a match against Del Gardner at the Blue Island Recreation. Tomorrow Miller will bowl at the Waukegan Recreation.

'Senators Still Toughest Club in League,' Harris

Boston, Mass., Jan. 10.—Stanley [Bucky] Harris, new manager of the rebuilt Boston Red Sox, hastened here from his Washington home today to spread the alarm that his team must beat the Senators to gain the American league pennant.

"Washington still is the club to beat," he reported to General Manager Eddie Collins before they went into their huddle over spring training camps.

"Too many ifs dot the Yankees' prospects," he continued, "and, now that Mickey Cochrane has left Philadelphia to take over my old job in Detroit you can bank on it that the A's pitching is not going to be anything to boast about.

"Personally, I think the league has more balance than it has enjoyed for many years and the team with a consistent punch is going to finish on top. Don't be surprised to find the end of the 1934 American league race the same neck and neck affair that thrilled the National league last season.

"I am delighted with the trades that Tom Yawkey and Eddie Collins have put over. The club may not win the pennant but I don't see how we can be kept out of the money. The new players can be depended upon to maintain their standards and I look for a great improvement from those who were retained."

After asking Collins the time Lefty Grove required to get in shape and receiving the reply that he was ready to go now, Harris said that he would limit Grove's duties to those of a starting pitcher and would not use him for relief purposes, as was the case in Philadelphia.

Harris set Friday, March 2, as the date of the Red Sox's departure for the spring training camp at Sarasota, Fla.

Harris expects to return to Washington tomorrow. He said he was anxious to get back home because his children have just come through a siege of measles.

SILVER SKATES ARE SHIFTED TO LINCOLN PARK

Name Exact Site Tomorrow in Tribune.

The Silver Skates Derbies which will be held Saturday and Sunday have been shifted from the Garfield park lagoon to Lincoln park. The tournament will be held on one of the flooded parks of the north side system where skaters have been able to practice despite the warm weather.

The location of the meet will be announced in tomorrow's TRIBUNE. Waveland avenue and Welles park now are under consideration. Skaters competed at both places yesterday.

The original plan of competition will be followed. All contestants in the boys' midget, boys' juvenile, and boys' junior classes will race in their qualifying heats on Saturday afternoon. All other preliminaries and the finals will be held Sunday afternoon.

The entry list for the seven Derbies is 2,346. Entries by sections are: Men's senior, 514; boys' intermediate, 454; boys' junior, 576; boys' juvenile, 374; boys' midget, 256; girls' senior, 75; girls' junior, 97.

SCHROEDER LEADS

Eddie Schroeder of the Romme club led Chicago racers with 80 points in the elimination trials at Welles park yesterday to select four men who will represent Chicago in the National and North American speed skating championship meet at Oconomowoc, Wis., Jan. 27 and 28.

Flickenger Takes 220.

After John Flickenger won the 220 yard event in a blanket finish with Oniel Farrell and Art Conroy, things looked dubious for Schroeder, who had the misfortune to fall about 30 yards from the finish, just as he was coming up fast. The time for the event was 21 seconds.

However, in his 880 heat, Schroeder, the world's 10,000 meter champion and holder of the 3,000 meter world's record, began to find himself. He finished second to Al Kucera in the final heat, Wilbur Marks was third. The time was 1:26.

Schroeder Wins Two.

Schroeder then won the mile and two mile races. In the mile Stundl was second and Kucera third. In the two mile Kucera was second and Marks third. Schroeder's times were 3:12 for the mile and 6:37.4 for the two miles.

The five mile, three-quarters mile, and 440 yard races will be held at Welles park today. The point standings:

Schroeder	80	Marks	20
Kucera	60	Farrell	20
Flickenger	30	Conroy	10
Stundl	20

10 MILLION SUIT BROUGHT AGAINST ROCKEFELLER JR.

Hecksher Firm Charges Unfair Practices.

New York, Jan. 10.—(AP)—John D. Rockefeller Jr. and associates in the Rockefeller Center development were charged with unfair competition in soliciting tenants in a $10,000,000 damage suit filed today by real estate interests controlled by August Heckscher, aged multi-millionaire philanthropist.

Coercion to force businesses in which they have an interest to vacate leases and move to Rockefeller Center was alleged in the complaint. Defendants include Winthrop W. Aldrich, banker and brother-in-law of Rockefeller, and Nelson A. Rockefeller, a son.

Heckscher Heads Firm.

The plaintiffs are the Anahma Realty corporation and the Broadway Exchange corporation. Heckscher, who has recovered from a collapse on his recent 85th birthday, is president of the former company. Three years ago he was reckoned as the largest owner of income producing real estate in New York, replacing the Astor family.

An injunction to end the practices complained of was asked.

Explain Charges.

Some of the practices charged include:

Paying tenants in other buildings sums of money to ignore present leases;

Taking tenants at prices less than required by the center to meet taxes and actual cost of operation, assuming at large costs the leases of tenants of other buildings, inducing them to purchase space;

Seeking to create a monopoly on rentals in the area about the center.

Heckscher has given many millions to his foundation for children. His Anahma corporation has extensive holdings in the midtown Manhattan area.

HAROLD TEEN—A SLIGHT ERROR—SEEMS AS IF—

BRITISH ADVERSE TRADE BALANCE REDUCED IN 1933

[Chicago Tribune Press Service.]

LONDON, Jan. 10.—Improvement in Britain's adverse trade balance was shown in returns for 1933, issued tonight in "The Board of Trade Journal."

Compared with the previous year exports increased by $2,235,000 and imports dropped $129,115,000. The adverse trade balance was then reduced $131,400,000 to $1,296,725,000.

Imports for 1933 totaled $3,379,235,000 compared with $3,508,350,000 the previous year. Exports totaled $1,837,120,000 compared with $1,825,120,000, but the increase of $12,000,000 was practically offset by a drop of $9,715,000 in re-exports for the year, which aggregated $245,390,000 compared with $255,105,000.

In every neighborhood, Chicago families realize the nearness, the remarkable promptness and superiority of Hursen service in directing funerals.

They know that Hursen elegance, Hursen unmatchable equipment, and the use of Hursen Organ-Chapels, always free, cannot be matched in their own neighborhood.

They know, too, that Hursen funerals cost less!

TWO BROTHERS CONTEST WILL OF WEALTHY SISTER

Fairmont, W. Va., Jan. 10.—(AP)—Hearings will be resumed Friday on the pleas of two brothers contesting the will of their late sister, Mrs. Carl F. Martin, and claiming she was incapable of disposing of her $250,000 estate.

The brothers, who also charge outside "influence" played a part in the drawing of the will, are Joseph M. Moore of Elmira, N. Y., and Charles R. Moore of Warren, Pa. The case, which is being heard in the Marion county court, was recessed yesterday.

Mrs. Martin, for many years a resident of Fairmont, died a few weeks ago and left the bulk of her property to James H. Thomas, curator of the Martin estate, and Mrs. Thomas.

The Moore brothers allege in their petition Mrs. Martin was mentally incapable and that Thomas unduly influenced her.

Thomas was president of the closed National Bank of Fairmont.

In opposition to the claims, L. E. Johnson, attorney who drew the will, testified bitter differences over settlement of her father's estate led Mrs. Martin to omit the brothers from her will.

THALIA MASSIE REACHES RENO TO ASK A DIVORCE

Reno, Nev., Jan. 10.—(AP)—Eager to "forget the past and start all over," Mrs. Thalia Fortescue Massie arrived here today prepared to commence divorce proceedings against Lieut. Thomas H. Massie, one of the defendants in the sensational Honolulu murder trial of 1932.

Mrs. Massie said the complaint, charging extreme mental cruelty, will be filed lated in February.

She expects to reside in a private home here. If she follows customary procedure she will file her suit alleging only a general charge of cruelty and then may obtain the divorce at a private trial.

She does not expect to ask for alimony. Lieut. Massie is stationed aboard the U. S. S. Oklahoma at San Pedro, Cal.

SHERIFF OPENS QUIZ ON ACTIONS OF TWO DEPUTIES

Grand Rapids, Mich., Jan. 10.—[Special.]—Sheriff Fred Kelley tonight began an investigation centering around two deputy sheriffs, following charges by Prosecuting Attorney Bartel J. Jonkman that the sheriff's department has made deliberate attempts to discredit the work of the Grand Rapids police department. Four policemen today signed affidavits declaring that Deputies Jacob Nyp and Cornelius Kunst led George Kinney, 22, to repudiate a confession he had made to Inspector Frank O'Malley of the police department.

Refuse to Pay Bonuses to Porter County Judges

Valparaiso, Ind., Jan. 10.—[Special.]—Morgan Porch and Frank Bender, Democratic members of the Porter county board of commissioners, who won office on a campaign pledge to do away with special salaries, have announced they will refuse to pay Porter county judges yearly bonuses from county funds. Mark B. Rockwell, Superior court judge, and Charles Jensen, Circuit court judge, are both drawing $4,200 from the state and $980 from the county.

Mexican Firm Wins Writ Against 84c a Day Wage

MEXICO CITY, Jan. 10.—(AP)—A temporary 72 hour injunction against minimum wages decreed for oil workers in the states of Tamaulipas and Vera Cruz was granted today by the Fourth District court here to the Huasteca Petroleum company. The company complains that minimum salaries for their employes were arbitrarily fixed at three pesos [84 cents] daily.

Edward J. Gergin, Typical American Policeman, Dead

New Rochelle, N. Y., Jan. 10.—[Special.]—Edward James Gergin, a traffic patrolman here since 1916, the subject for several magazine cover illustrations, depicting the typical American policeman, died tonight. He was 40.

VET OF CIVIL AND WORLD WARS IS BURIED AT 88

Denver, Col., Jan. 10.—[Special.]—Dr. W. W. Grant, 88 years old, one of the two men who served in both the Civil war and the world war, was buried here today in the uniform he wore last. The only other who held that unique honor, Dr. W. W. Keen of Philadelphia, preceded him in death.

Dr. Grant joined the Confederate army when scarcely more than a boy and fought as an artilleryman the last 16 months. He was one of the last to fire a cannon at the close of the war. He participated in the battle fought near Columbus, Ga., in 1865 following the surrender at Appomattox.

When the United States entered the world war he offered his services and, with Dr. Keen, on the other side in the previous strife, was accepted. Dr. Grant died Monday. He was a brother of former Governor Grant. He served as trustee of the American Medical association from 1899 to 1914.

LUKE COLLERAN AUTO DEATH IS HELD ACCIDENT

A coroner's jury yesterday held that Luke P. Colleran, 73 years old, former chief of detectives and colorful police figure at the turn of the century, was accidentally killed New Year's eve when he was fatally injured by two automobiles which struck him in front of his home at 4225 Sheridan road. Dr. Frederick Gruneck, 3954 Sheridan road, driver of one of the cars involved in the accident, said it was a misty night and the road in front of Mr. Colleran's home was very dark when Colleran walked out into the path of his automobile. The doctor's car hurled Colleran's body in front of an automobile driven by Raymond S. Garland, 451 Wrightwood avenue.

Dr. C. W. Mellor, Chicago "U" Student at 70, Dead

Philadelphia, Pa., Jan. 10.—[Special.]—Dr. C. W. Mellor, a retired physician, who also held a theological degree and at one time was English representative for the Baldwin Locomotive works, died here today in his 81st year. Dr. Mellor had the distinction of being the oldest student ever to attend the University of Chicago. He entered the institution at the age of 70 and took a course in electrotherapy, graduating two years later. He practiced for a few years in Chicago and this city. Clarence Mellor, a son, of Chicago survives him.

Woman's Suit to Collect on Two Notes Dismissed

San Francisco, Cal., Jan. 10.—(AP)—A suit to collect on two $5,500 notes by Mrs. Emma Watson, for 20 years secretary to the late Ritchie L. Dunn, former American Biscuit company head, was dismissed here today. The dismissal was ordered after Dunn's widow, Mrs. Gertrude A. Dunn, reported the former millionaire's estate consisted only of $141,000 in life insurance. The court held the life insurance was exempt from note claims. Mrs. Watson testified Dunn gave her the notes before his death for "faithful services."

Thirty Pound Eagle Shot Near Mount Vernon, Ill.

Mount Vernon, Ill., Jan. 10.—[Special.]—Cyril Fry exhibited today a gray eagle of remarkable size and wing spread, which he killed with a shotgun near Oakdale church, north of Bluford yesterday afternoon. The bird had a wing spread of eight feet and weighs about 30 pounds.

Earl Simmons, Playwright and Actor, Ends His Life

New York, Jan. 10.—(AP)—Earl Simmons, 45, playwright and formerly an actor and manager of his stock company, was found dead today in a rooming house, a suicide by gas. Police said Simmons was penniless.

PRESIDENT ASKS GUARANTEE OF U.S. FARM BONDS

Expect Quick Action on 2 Billion Loan.

[Chicago Tribune Press Service.]

Washington, D. C., Jan. 10.—An easy passage through an administration-dominated congress was predicted tonight for the first bill which the President has sent to this session of congress seeking extension of his recovery program.

SEN. J. T. ROBINSON [Acme Photo.]

Legislation proposing that the government guarantee the principal of the two billion dollars of bonds already authorized for the refinancing of farm mortgages was awaiting committee action, with the probability that it may start on its course next week. With the introduction of the bills this afternoon came a message from President Roosevelt urging the federal guarantee as a "moral obligation." Under the authorizing act passed at last spring's special session the interest on the bonds is already guaranteed.

Expect Same for Home Bonds.

A similar recommendation by the President and similar legislation with reference to the two billion dollars of bonds authorized for the refinancing of home mortgages is expected in the near future.

The result is to be that the bonds will be given a status on a par with securities issued by the treasurer. In the opinion of some members of congress their standing should be even higher, since in addition to the word of the government, the bonds will have behind them tangible real estate.

A second result is to be that in addition to the nearly 32 billions of national debt by the close of 1935, as predicted by the President in his recent budget message the government will be subjected to an additional obligation in the amount of these bonds issued, which may, of course, reach a total of 4 billion dollars.

No Concerted Opposition.

Neither of these considerations is likely to arouse any concerted opposition, according to present indications. Senators and representatives from the farm states, whether Democrats or Republicans, have no intention of alienating their constituents when the farm mortgage bill comes up. And like sympathy is bound to be shown the nation's home owners.

This factor, plus the request of the President, is counted on to assuage any doubts held by the legislators concerning the advisability of assuming so great an added obligation.

One amendment, to be presented by Senator Arthur H. Vandenberg [Rep., Mich.], is calculated, however, to attract considerable support. This will seek to cut the present 4 per cent rate of the farm mortgage bonds. The senator declared today he saw no reason why the bonds, if guaranteed, should continue to bear a higher interest rate than treasury securities. Should they do so, he said, it would inevitably drive up the interest rate on the ten billions of securities which the treasury must offer to the public during the next few months.

Scheme Declared Failure.

The reason for the governmental guarantee of both farm and home mortgage bonds is that the scheme to relieve the farmer and home owner has not worked and is on the verge of wreckage. According to Senator Joseph T. Robinson of Arkansas, Democratic leader, who presented the amending bill in the upper house, only 150 millions of farm mortgages have been refinanced, with commitments made in the case of some 600 millions more. One of the chief reasons for the failure of the plan so far is that mortgage holders have refused to exchange their paper for the mortgage bonds with their lower interest rate, only the interest being guaranteed.

In his brief message concerning the farm mortgage bonds, President Roosevelt recalled his statement that congress must "improve and perfect previous legislation." He pointed out that the government had not obligated itself for payment of the two billions of principal.

Legal Support Desired.

"We should supplement what most of us frankly believe to be the moral responsibility of the government by adding the necessary legal responsibility," he said. "The result of providing a bond on which both the principal and interest are guaranteed would be to put such bonds on a par with treasury securities.

"By setting up a corporation to issue these bonds, the important task of refinancing agricultural indebtedness can be continued on virtually a self-sustaining basis.

"The farm credit administration is expediting the disbursement of funds. In order that progress in making loans may be uninterrupted, I hope that the congress will give attention to this subject as soon as possible.

"It is true that technically the responsibilities of the government will be increased by the amount of $2,000,000,000, but it seems in every way right that we thus publicly acknowledge what amounts already to a moral obligation. In any event, the securities to be offered are backed, not only by the credit of the government, but also by physical property of very definite value."

Retailers Place $50,000,000 Orders for Shoes at Show

St. Louis, Mo., Jan. 10.—(AP)—Placing of orders for approximately $50,000,000 worth of shoes during the four day convention here was reported tonight by the National Shoe Retailers' association.

U. S. Exports 'Pay Freight' of Ship Costs

BY H. A. LAIRD.

[Traffic Manager, Chicago Tribune.]

Just as THE CHICAGO TRIBUNE gets started on its export campaign, just as various firms begin to express their hearty approval, and as the federal government shows signs of awakening to the necessity of foreign trade treaties, the several ocean rate "conferences" announce horizontal increases in nearly all of their east bound ocean rates.

The United Kingdom conference has made advances all along the line, probably averaging 20 per cent on the most important export commodities. The South African conference freight rate boosts range from 25 to 100 per cent, and the Argentine conference follows with demands for additional revenue running from 20 to over 100 per cent. Shippers are protesting vigorously, and there is hope that the interested steamship lines can be forced to reconsider.

* *

The idea of frozen rate schedules persists even beyond our three mile limit, but in one direction only—east bound, the direction of our exports. As an instance, the steamship lines operating from the Atlantic coast to ports in Great Britain and in Ireland unite in what is known as the "United Kingdom conference." This conference of ocean line managers meets to decide what each and every line will demand in the way of freight rates for the coming year, and the results of its deliberations are made known to the shipping public through tariff schedules.

Two standards are devised—the "normal" and "contract"—the former as high as 150 per cent of the latter. If a contracting shipper is willing to agree to route all of his traffic via conference lines he will get the benefit of the contract rates, but if he sends as much as a single radio set, an automobile, or a spade on a nonconference or "fighting" ship his rates are immediately and irrevocably advanced to the normal basis.

* *

An item in the conference bulletins of 1934 of particular interest to Chicago shippers provides that direct lines from great lakes ports are nonconference in character, so that the penalty of the high normal rates will fall on any shippers that may deliver freight to the steamers that sail direct from this port to European destinations during the season of navigation on the lakes. Strong protest to this provision of the several conferences that traffic must be delivered at the Atlantic seaboard are being made, and on the success of these proceedings rests the future of Chicago's direct service to Europe.

American exporters in general, and those located in Chicagoland in particular, will find this export freight rate situation a ground for united action if foreign trade is to be resumed. The condition has grown up over a period of years, apparently through the persistence of a thought that the rich American export traffic can pay whatever the trans-Atlantic lines require for operation and maintenance.

* *

In the conferences there are representatives of both American and foreign steamship interests. The American lines, operating more expensive ships with higher wage standards and under the crew provisions of the La Follette seamen's act, demand a living wage which the foreign lines are perfectly willing to ratify to make exorbitant profits on their eastbound voyages. They are assured of the bulk of the traffic through the contract plan.

On the other hand, there are no westbound conferences at all, so the foreign exporter is free to trade for his rates and can secure cost or even distress schedules, leaving the disagreeable impression that the American export traffic pays the lion's share of the round trip profits of the vessels.

* *

Binder twine, fabricated in Belgium from raw materials grown in Mexico and Central America, is marketed in both North and South America, and even to a substantial extent in the United States. Just what ocean rates this traffic may pay to enable it to cross the Atlantic would make an interesting exhibit for any one desirous of showing how conference rates discriminate against American export trade.

Unfortunately, while rates from United States ports are an open book to the world through conference bulletins, the westbound rates from European ports are a matter of confidence between shipper and steamship lines. The fact that this and other commodities can and do move in heavy volume is sufficient proof, however, of the transportation advantage of the foreign exporter.

REPORT 26% GAIN IN FURNITURE ORDERS FOR '33

Furniture ordered in the United States was 26 per cent heavier in 1933 than in 1932. Shipments billed were 15 per cent ahead of the previous year, while orders were 44 per cent above 1929 and shipments were 40 per cent over that abnormal boom year.

These figures were revealed at the American Furniture Mart yesterday, where the semi-annual "market" is in progress. More than 300 new buyers registered during the day, bringing the total registration close to 3,900 for the eight days since the show started.

SPIRITED RALLY BOOSTS STOCKS ON BROAD FRONT

Cheerful News Main Factor in Rise.

New York, Jan. 10.—There was better news both from Washington and business information centers today and the share market signaled its appreciation by a spirited rally in the late dealings. Farm implement, utility, railroad and repeal stocks claimed the major share of the buying orders. Gains of 1 to 3 points were fairly numerous with some of the more responsive issues going ahead as much as 5 points. American Telephone, J. I. Case, Allied Chemical, and Atchison were features.

From the field of trade the market had the benefit of some of the best statistics on electric power output that have come its way in weeks. The United States Steel corporation reported a big rise in shipments, and railway freight car loadings also was encouraging.

Farm Shares Encouraged.

Farm implements got a "push" from an upturn in grain and cotton prices while the dispatches from Washington brought reassuring word to the followers of power stocks in the form of President Roosevelt's comment in a press conference favoring amortization of utility and rail funded debt and fair rates so that the companies in this field of industry could liquidate their long term debts.

The buying was widely distributed and this was a source of no little encouragement to those committed to the constructive side.

Brokers are fairly well agreed that majority sentiment of the street is favorable to the market's long term possibilities, but there is considerable difference of opinion it is said over the nearby outlook. Many commentators have been saying for some time that the prolonged period of dullness might prove to the forerunner of a substantial movement.

A. T. & T. ..ises Nearly $5.

In addition to the favorable gossip from Washington, American Telephone had the advantage of some interesting speculation regarding its earnings for 1933, the profit being estimated in some quarters at more than $7 a share. That probably would mean maintenance of the regular dividend at the meeting next month. The stock rose nearly 5 points to close at 116⅛ which compares with its 1933 low of 86⅛ and a high of 134¾ for the same year. Other communication shares were bought at rising prices.

United States Steel closed nearly 1⅛ points higher. Other leading industrials like American Can, General Electric, Johns-Manville, Du Pont, and Westinghouse were in better demand.

Liquor shares were prominent throughout the day and gains of 1 to nearly 3 points were netted by National Distillers, U. S. Industrial Alcohol, American Commercial Alcohol, and others.

NASH DECLARES USUAL DIVIDEND; LOSS EXPLAINED

[Chicago Tribune Press Service.]

New York, Jan. 10.—Directors of Nash Motors company, today declared the regular quarterly dividend of twenty-five cents a share on the outstanding capital stock of the company, payable Feb. 1, to stockholders of record Jan. 20.

For the fiscal year ended Nov. 30, 1933, Nash reports a net loss, after all charges and taxes of $1,188,863. This loss was after charging $995,478 to depreciation of physical properties. Balance sheet as of Nov. 30, 1933, showed a total of $29,915,368 in cash and United States government securities. Total current assets were $33,190,877 and current liabilities were $2,312,341.

In his statement to stockholders, Charles N. Nash, chairman of the board, said:

"The limited amount of business transacted by your company in 1933, which accounts for the loss in the year's operations, was occasioned partly by the fact that the company, anticipating improved economic conditions during 1934, expended a great deal of time and money in tools, dies and the complete rearrangement and modernization of plants in preparation for the 1934 lines of automobiles. December shipments were the largest for that month since 1926."

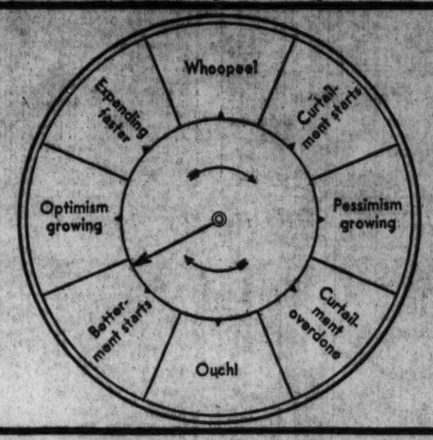
FORD TO REOPEN TWO ASSEMBLY PLANTS ON FEB. 1

Detroit, Mich., Jan. 10.—(AP)—The reopening on Feb. 1 of the Ford Motor company's assembly plants at Norfolk, Va., and Dallas, Tex., was announced today at the home offices of the company here. The plants were shut about a year ago.

Between 1,000 and 2,000 workers will be recalled in each of the two plants, which will have production schedules tentatively fixed at 200 units daily.

The January output schedule of the Ford company, originally set at 46,000 units, has been increased to 55,000.

The Present Phase of the Business Cycle—in the Opinion of Many People



Utility Sinking Funds Get O.K. of President

[Chicago Tribune Press Service.]

Washington, D. C., Jan. 10.—President Roosevelt today endorsed a new form of public utility financing which may mean higher electric, gas, and railroad rates for consumers.

He put his stamp of approval on the interstate commerce commission's earlier recommendation that railroads set up sinking funds to retire their outstanding indebtedness and added that he believed this should be extended to other utilities.

If this is done, the President admitted, regulatory bodies must revise rates charged by railroads, power and gas companies to permit the companies leeway out of which to set up sinking funds.

Sweeping Rate Quiz Seen.

Such action might precipitate a sweeping federal investigation into all utility rates, it was believed here, because the President indicated that he believed rates charged by some utilities already are high enough to allow for sinking fund charges if properly distributed.

Attacking the traditional method of railroad financing both because it made no provision for ever repaying the outstanding securities and because it put too much emphasis on mortgage indebtedness, the President said that railroads would have had less trouble during the depression if they had retired some of their borrowings earlier and if they had issued more stock and fewer bonds.

Deplores Present Method.

He pointed out that six major carriers, which he said were threatened with receiverships last year, would not have been faced with default if their indebtedness was in the form of stock instead of bonds. Passing of a dividend would not have been as serious as failure to pay interest, he explained.

Telling a story of the railroad which runs by his Hudson river farm, the President said that it had borrowed money on bonds in the 1840's and has now refinanced the bonds so that they are not payable until 2001. He cited this as an example of failure to provide sinking funds for the retirement of debts.

COMMUNICATIONS REGULATION PLAN GETS APPROVAL

Washington, D. C., Jan. 10.—(AP)—Chairman Dill of the senate interstate commerce committee said today that the special committee appointed by Secretary of Commerce Roper had approved plans for creation of a communications commission to regulate all radio, telephone, and telegraph service.

Asked if this presaged a merger of communications systems, Dill replied that consideration of this would have to come later, but that "the administration is desirous that something be worked out along this line."

The proposed body, to be known as the federal communications commission, would have three divisions, for radio broadcasting, telephone, and telegraph services.

Wireless telephone and telegraph would be included under the last two divisions, respectively.

AMERICAN TELEPHONE PROFITS ESTIMATED AT $7.40 A SHARE IN '33

New York, Jan. 10.—(AP)—Dow, Jones & Co. said today the American Telephone & Telegraph company probably will report net income in excess of $136,000,000 for 1933, or between $7.30 and $7.40 a share on the capital stock.

The 1932 net income of $145,906,909 was equal to $7.82 a share.

Considering the system as a whole, including another substantial loss by Western Electric company and dividends paid but not fully earned by affiliated telephone operating companies, earnings last year approximated $5.25 a share, against $5.96 for 1933, according to the estimate.

Since the low point in the first quarter, said the agency, earnings have shown a moderate but consistent improvement, which has continued in spite of increases in pay roll incidental to the adoption of the President's re-employment agreement.

This additional expense, estimated at $15,000,000 on an annual basis by Walter S. Gifford, president, is assumed to have come into force during the third and fourth quarters.

Western Electric company is estimated to have had a deficit of more than $10,000,000 for the first nine months, of the year, according to the agency.

54 MILLION BANK ACCOUNTS UNDER U. S. INSURANCE

Chicago's 'Holdout' Is Also Protected.

[Chicago Tribune Press Service.]

Washington, D. C., Jan. 10.—Fifty-four million bank accounts now are partly or entirely covered by governmental guaranty, the Federal Deposit Insurance corporation announced today.

At the same time that the corporation revealed the breadth of the guaranty it has thrown around banks Walter J. Cummings, head of the corporation, announced that the insurance is covering all banks which are members of the federal reserve system whether the banks wish insurance or not.

Referring to the First National Bank of Englewood, Ill., which has petitioned to remain out of the deposit insurance guaranty, Mr. Cummings said that the depositors in that bank were insured at present.

Can Collect in Court, He Says.

Unless the bank sends in its fee to the corporation, which fee is based on the amount of its deposits eligible for insurance, the corporation can send examiners into the bank to determine the proper size of the fee and collect it through the courts as a claim on the bank, according to Mr. Cummings.

The federal deposit insurance law dictates that all national banks and state banks which are members of the federal reserve system are automatically included in the insurance corporation. Mr. Cummings' stand means that federal reserve member banks will have to withdraw from the system if they do not want to participate in the insurance corporation.

Most Are Fully Covered.

Of the 54 million bank accounts which it today claimed to have insured in whole or in part more than 51 million are covered completely, according to the corporation's figures. The insurance covers all accounts in guaranteed banks up to $2,500. This limit is believed to be high enough to cover completely 97 per cent of all accounts.

These accounts are scattered among 13,431 banks which were admitted to the insurance fund, the corporation announced. Of the insured banks 838 are in Illinois, 445 in Indiana, 431 in Iowa, 335 in Michigan, and 578 in Wisconsin.

BANKERS TESTIFY 7 OR 7½% IS FAIR UTILITY RETURN

Otto Gressens and Edward B. Hall, assistant to the president and vice president, respectively, of the Harris Trust and Savings bank, declared yesterday as witnesses for the Public Service Company of Northern Illinois in the electricity rate hearing before the Illinois commerce commission that a fair rate of return on the utility's investments should be 7 or 7½ per cent. Previously experts for the commission testified that a fair return should be about 6 per cent.

Upon the rate of return fixed by the commission as a fair profit to public utilities is dependent the rates which may be charged to customers of the company. The Public Service company was cited several months ago to show cause why its electricity rates should not be reduced on the basis of allegedly excessive profits.

Yesterday the witnesses for the utility testified that the Public Service company would have difficulty in refinancing its operations in 1937 unless it is able to maintain a strong foundation of earnings.

Auburn Retail Sales at N.Y. Auto Show Set Record

[Chicago Tribune Press Service.]

New York, Jan. 10. — In the first four days at the national automobile show here, retail sales of new Auburn cars have established a new record, exceeding the previous one of 1931, according to W. H. Beal, president. Sales to dealers were the largest in the company's history at any automobile show.

WEEK'S POWER GAIN LARGEST SINCE SEPT. 30

Chicago Output Up 11.6 Per Cent.

The national output of electricity expanded last week beyond that of the corresponding period a year ago by a margin of 9.7 per cent, the most substantial since the week ended Sept. 30, the Edison Electric institute announced yesterday. The gain in output for the Chicago district, amounting to 11.6 per cent, was slightly less than the considerable one of 13.3 for the preceding week.

National electricity production has steadily increased its lead over that of the like weeks of 1933 since the week ended Dec. 16, when the margin was only 5.2 per cent.

Last week's total was 1,563,678,000 kilowatt hours, exceeding not only the total of 1,425,639,000 for the comparable period of last year, but also that of 1,539,002,000 in the preceding week.

Pointed Lower Year Ago.

At this time last year the electrical industry was facing a decline of consumption as a result of the lull in industrial activity and the accumulation of influences leading to the banking crisis.

Not all divisions of the country enjoyed an expansion of the use of electricity last week, but a pronounced improvement occurred in the industrial middle Atlantic region, and in the west central region, while a high margin over output in 1933 was substantially maintained in manufacturing districts like New England and the central industrial.

In the middle Atlantic region output rose 11.3 per cent over that of the like week a year ago, compared with only 6.2 in the preceding period; in the west central, 9.3 against 4.3; in New England, 8.7 against the same; and in the central industrial, 13 against 14.3.

A gain of 1.3 per cent was shown in the southern states, compared with a loss of 3.7 for the week ended Dec. 30.

Big Gain in Mountain District.

For the Rocky mountains electricity production showed an increase of 19.1 per cent, slightly less than that of 19.5 in the preceding period; and on the Pacific coast a margin of 8.6 was reduced to 3.4.

Reflecting not only an advantage in weather conditions but also some improvement in business, the aggregate for the Chicago district, according to the Commonwealth Edison company, was 99,950,000 kilowatt hours, compared with 89,538,000 in the corresponding week of last year.

Following are the output and percentage comparisons with last year for the Chicago district [last three ciphers omitted]:

Kilowatt Hour Output.

Week ended.	1934.	1933.	Per cent Increase.
Jan. 6	99,950,000	89,538,000	11.6
Dec. 30	101,659,000	89,744,000	13.3
Dec. 23	108,136,000	98,290,000	7.0
Dec. 16	105,191,000	101,851,000	3.8

DOLLAR FALLS; GOLD PRICE HELD STEADY 17TH DAY

[Chicago Tribune Press Service.]

New York, Jan. 10.—The indicated gold value of the dollar receded around a quarter of a cent in the foreign exchange market today as the American bid price for gold was maintained at $34.06 an ounce for the seventeenth consecutive day. Previously the longest sustained price for gold was $34.01, which was held to for 16 consecutive business days.

The French franc closed at 6.13 cents, indicating a gold worth of 63.91 cents for the dollar against 64.20 cents yesterday when the franc closed at 6.10¼ cents. The pound sterling moved up 2 cents in American funds to finish at $5.10¼ cents. The Canadian dollar edged up an eighth of a cent to close at $1 even. Trading was quiet.

Edsel Ford Before Bank Probe Today

Washington, D. C., Jan. 10.—(AP)—Senate investigators announced tonight that Edsel Ford, son of the Detroit motor magnate, will testify tomorow at the resumption of their inquiry into the collapse of the Guardian group of Michigan banks.

Ferdinand Pecora, counsel for the investigating committee, passed word around after his return to the capital tonight for resumption of the hearings tomorrow that Ford had been notified to appear under a subpoena issued some time ago.

The hearing was to have been resumed today, but was delayed by the illness of Pecora.

As an organizer and director of the Guardian group, Ford's name has been mentioned frequently in the investigation of the conduct of the Michigan banks.

Fords Had Big Deposits.

Ford, his father and the Ford Motor company were said by senate investigators to have had between $20,000,000 and $25,000,000 on deposit in the group's Detroit bank when the Michigan bank holiday was declared last February. In addition, the Fords were said to have had as much in other Detroit banking institutions which did not open after the national banking holiday.

Robert O. Lord, former president of the guardian group, testified the Ford interests had extended liberal aid to the group during the troubled months preceding the holiday, giving credit in one form or another of about $12,000,000.

Edsel Ford was named as one of the directors of the guardian Detroit Trust company which dipped into its undivided profits, according to the evidence, to pay a dividend suggested by the holding company group.

Played Part in Collapse.

It was the precarious condition of this unit which was judged to have brought on the collapse of the group last February, figuring largely in the state holiday which preceded the national holiday.

Pecora refused to disclose the line of questioning he has planned for the Detroit motor manufacturer. He said when Ford was subpoenaed he was notified to be ready to appear on 24 hours' notice, and that this word was given last night.

It was considered likely that Ford would be questioned about the desperate efforts made by Detroit bankers to obtain help from the Reconstruction corporation.

According to evidence submitted to the committee, Henry Ford felt that he had played "Santa Claus" to the banks long enough and refused to become further involved in their difficulties. Ford's appearance tomorrow will mark the first time he or his father has come before a congressional committee for many years.

U. S. STEEL CORP. SHIPMENTS RISE 44.9% FOR YEAR

[Chicago Tribune Press Service.]

New York, Jan. 10.—The United States Steel corporation reports shipments of finished steel products for the year 1933, subject to year-end adjustments, were 5,760,952 tons, an increase of 44.9 per cent compared with 1932 and a decrease of 24.9 per cent from 1931.

December shipments rose 170,281 tons to 600,639 tons, against 430,358 in November and 227,576 tons in December, 1932.

The increase in December was contrary to the trend of the last few years. Steel business expanded last month as consumers hastened to take deliveries on fourth quarter contracts which otherwise would have expired, under the industry's code, with the close of the year.

Monthly shipments for the last three years were as follows:

	1933	1932	1931
January	285,138	426,271	800,131
February	275,929	418,001	762,522
March	256,703	388,579	907,261
April	335,321	395,091	878,558
May	455,302	358,222	764,178
June	603,937	324,746	653,104
July	701,322	272,448	593,900
August	668,155	291,688	573,372
September	575,161	316,019	486,928
October	572,897	310,007	476,032
November	430,338	275,594	435,097
December	600,639	227,576	351,311

GUARD NAMES IN NEW BOARD OF CONTINENTAL

Bank's Election to Be Held Tomorrow.

BY THOMAS FURLONG.

The identity of the new directors who will be chosen tomorrow at the stockholders' meeting of the Continental Illinois National Bank and Trust company remained a carefully guarded secret yesterday. The committee of six board members returned from Washington where they had agreed with RFC officials on the election of Walter J. Cummings as chairman and chief executive officer, but declined to disclose the names of the other new directors.

Seven new directors in addition to Mr. Cummings will be named and seventeen of the present board members will be reelected. Sixteen of the present members will retire to keep the board with the maximum membership of 25 provided by the banking act.

Expect Field Man's Election.

George Richardson, trustee of the Marshall Field estate, is expected to be one of the new directors. He will represent the Field interests on the board. Both Marshall Field and Charles F. Glore, who are associated in Field, Gore & Co., have made known that they will not seek reelection.

Mr. Cummings is said to have given his personal approval to all of the new directors as well as those who will be reelected. The names were chosen from a list of stockholders and depositors who have not previously been represented on the board. It is also believed that one or two of Mr. Cummings' close associates will be found in the new list.

It was evident from statements by members of the old board that the selection of Mr. Cummings has been splendidly received. In testimony of this feeling it is said that no one who has been asked to join the board of directors has declined.

Because of the enthusiasm expressed by members of the old board for the future of the bank under Mr. Cummings' leadership, it is believed that any one who is wanted on the board by the new chairman is assured of election.

Others Wish to Be Relieved.

Besides Mr. Field and Mr. Glore several other of the old directors have indicated that they wished to be relieved of their duties. These include Eugene J. Buffington, retired president of the Illinois Steel company; W. B. Storey, former president of the Santa Fe railway. Charles H. Schweppe and William H. Mitchell, investment bankers, are automatically ineligible unless they obtain special permits from the federal reserve board. Others in line for retirement include George M. Reynolds, former chairman of the bank, and Albert M. Johnson, former president of the National Life Insurance of the U. S. A. Sewell L. Avery resigned several days ago when active RFC intervention in the bank's management appeared certain.

With seventeen of the old directors continuing in office the old stockholders will be given a substantial representation in the bank's management.

Cummings' Men Not Disclosed.

Who of Mr. Cummings' associates will be chosen was not disclosed. D. F. Kelly, who is a close friend, is already a director and is expected to be reelected. Others who seem certain of reelection are James R. Leavell, president; Col. A. A. Sprague, Alfred Cowles, L. A. Downs, William F. Hayes, and C. B. Borland. All of these men served on the committee which negotiated with the RFC.

Mr. Cummings will arrive here tomorrow to attend the meeting. He will take office Feb. 1.

[Chicago Tribune Press Service.]

New York, Jan. 10.—United States government issues struck the only discordant note in the listed bond market today, declining sharply under pressure of heavy offerings as domestic corporation bonds and foreign loans were bid up rapidly. U. S. government bonds dropped 1-32d to 26-32ds point, with the single exception of Liberty 3½s which were up 1-32d point.

Dealings in the long-term treasury issues and the Liberty loans on the stock exchange today aggregated $9,161,000, the biggest day's business in nearly ten years. The previous record goes back to June 7, 1924, when transactions totaled $9,323,800. The turnover in the entire listed bond market reached $24,305,000, the heaviest since July 7, last.

Guaranty Plan Is Factor.

The break in federal securities was due to the expected recommendation by the President that the government guarantee principal as well as interest on the farm credit issue. The home loan issue was not included, but the same treatment may be asked for it later.

Foreign loans of all descriptions were actively bought and gains on the day ranged from fractions to 5 points. German and Scandinavian issues were the leaders in the European group and Argentine government loans in the Latin-American list. THE CHICAGO TRIBUNE average of ten leading foreign loans today touched the highest level since the compilation was begun a dozen years ago.

Corporate Liens Also Gain.

All groups of domestic corporation bonds shared in the substantial gains of the day. Speculative issues showed the principal advances but other higher rated issues were by no means neglected. The major gains ranged from 1 to 6 points which carried a number of issues to new highs in more than a year.

The demand for bonds on the curb exchange was active, particularly late in the day with resultant gains in the domestic issues up to a maximum of more than 4 points. German and Scandinavian issues led the rise in curb foreign loans.

Wilson & Co.

Investors' Guide: Will you please furnish me information on Wilson & Co., packers? I wish to thank you for the information of Zenith Radio which I received last week.—Z. J. A.

Answer: This meat packer, third largest of the "big four," has operated profitably every year, with the exception of 1931, since 1922. In 1932, however, it had to include $325,000 profit on purchase of its own bonds at a discount in order to stay in the black.

Profits depend on meat prices. Large packing concerns operate on a narrow profit margin, counting on large scale production to furnish substantial earnings. Seasonal fluctuations in supply and necessity of holding pork products some time in order to cure them make price variations, in addition to operating profits, of substantial importance.

Rising prices were an important factor contributing to Wilson's favorable 1933 report. The following is a four year record of earnings:

Year ended Oct. 31.	Net inc.	Inc. per pfd. shr.	Inc. per com. shr
1933	$2,936,000	$13.45	*$ .19
1932	51,000	.22	*6.10
1931	*2,017,000	*7.60	*10.58
1930	2,543,000	8.89	*2.33

*Loss.

A strong current position has been maintained. Current assets on Oct. 28, 1933, including cash assets of $5,657,000, totaled $29,246,000, and current liabilities were $3,679,000. Funded debt was $17,487,000, against $18,835,000 the year before.

Reduction in funded debt and write-down of assets have cut interest and depreciation charges. Depreciation in 1933 was $470,000 less than in 1932.

There are outstanding 227,248 shares of 7 per cent $100 par cumulative preferred, 313,236 shares of no par $5 cumulative, convertible class A shares and 534,983 shares of no par common. A dividend of $1.75 per preferred share, the first in two years, brought the unpaid accumulation down to $26.25 a share as of the close of the fiscal year. Accumulations on the class A on the same date amounted to $15 a share.

Future dividend declarations apparently will depend on profits. The preferred appears to be only slightly protected by current earnings. Earnings have not covered dividend requirements on the class A since 1926. Current position is strong. There has been some talk of federal restriction of packers' profits.

The preferred is speculative and the class A and common are purely speculative.

Los Angeles Gas and Electric.

Investors' Guide: What do you think of Los Angeles Gas and Electric 5½s, 1943?—C. M. E.

Answer: They are sound.

STEEL DEMAND SAGS; ACTIVITY HOLDS AT 31%

Replenishments Sustain Mill Operations.

Since the halt in anticipatory specifications which during December effected a contraseasonal gain of 23 per cent in steel works operation over November, demand for steel has fallen off considerably, reports Iron Age.

While current output, at 31 per cent, is unchanged from last week, "operations are being sustained in part by the replenishment of mill stocks of raw and semi-finished steel and hence do not fully measure the shrinkage in consumed demand.

Further Drop Possible.

"How long it will take the trade to digest inventories built up in December is difficult to estimate," comments the review. "It is possible a further decline in output will occur before improvement sets in again, although such a development may be forestalled by an expansion in demand for sheets, strip, and other products on which contract prices did not advance on Jan. 1.

"However, a marked rise is looked for before the end of the first quarter, when it is believed the industry will feel the combined effect of accumulating automotive and railroad demands."

Favorable Developments.

Developments favorable to the market in the last week follow:

1. An increase in automotive releases of flat rolled steel is helping sustain output in the Cleveland-Lorrain district, and the decline in the operating rate is expected to be reversed before the week-end.

2. An improvement in miscellaneous orders for steel has raised the operating rate at Pittsburgh 1 point to 22 per cent of capacity.

3. Reflecting the increased support given to the industry by public works projects, fabricating awards amounted to 28,900 tons, the largest total since the middle of November.

Railroads Buying Steel.

4. Several carriers are distributing orders or taking bids on tonnage. The Southern Pacific will soon take bids on 25,000 to 40,000 tons of rails; the New York Central on more than 10,000 tons of bars, plates, shapes, sheets, wire nails, billets, and axles for the first quarter; the Pennsylvania on 50,000 tons of plates, shapes, bars, and sheets for 15,000 flat and 3,500 box cars, which it will make in its own shops, and, finally, the Erie, Chesapeake and Ohio, and Nickel Plate on 12,000 cars. The Missouri Pacific has distributed orders for 25,000 tons of rails.

The Iron Age composite for heavy melting steel scrap has risen from $11.33 to $11.58, the seventh consecutive advance since November.

EXCHANGE PICKS GROUP TO RULE BOND TRADING

[Chicago Tribune Press Service.]

New York, Jan. 10.—The formation of a new standing committee on bonds to supervise dealings in bonds was announced today by the New York Stock exchange.

For more than a year, bond houses have been urging the formation of such a committee with a view to obtaining quicker rulings from the exchange on problems arising in the bond market. Appointment of the committee, it was believed, would end the criticism of bond brokers that they have not received sufficient attention from exchange officials.

The governing committee of the exchange said the new committee may adopt rules or regulations and require members of the exchange to abide by them and will exercise all the power of the committee on arrangements in so far as it affects bond trading.

The committee consists of five members all of whom are members of "the bond crowd" of the exchange. It consists of Louis E. Hatzfeld of Henderson & Co., Herbert L. Mills of Auchincloss, Mills, and Bergen; Harry J. Moore of Hallgarten & Co., Charles M. Newcombs, and Blair S. Williams of Rhoades, Williams & Co.

DROP SECURITY LAW CHARGES AGAINST UTILITY

Washington, D. C., Jan. 10.—(AP)—The federal trade commission today permitted the Laclede Gas Light company of St. Louis, Mo., to withdraw its registration statement for the distribution of $3,000,000 of refunding bonds.

The commission previously had issued a complaint against the company and officials said the action today meant withdrawal of that compiaint. The commission allowed the withdrawal on the basis of proof by the Laclede company that it had distributed none of the securities. A hearing which had been set for Jan. 12 in Washington was canceled.

The original charge against the Laclede company was that it had failed to mention litigation in which it was involved which might have affected the value of the proposed issue.

H. A. Watkins New Partner in Paris House of Morgan

New York, Jan. 10.—(AP)—J. P. Morgan & Co. announced today that Harry Ashton Watkins, formerly of South Orange, N. J., has been made a member of the firm of Morgan & Cie of Paris, its associated house. The new partner has been a member of the staff of Morgan & Cie since 1930.

HOGS DIP 5 TO 20C AS HEAVY SUPPLY EXCEEDS DEMAND

Cattle Also Move Lower; Lambs Hold Gains.

Hog prices declined unevenly 5 to 20 cents yesterday when farmers overwhelmed federal buyers with light, young hogs, the class that the government has been supporting.

Good to choice grades of 175 to 210 pound averages comprised a big share of the receipts, and these fell mostly 10 to 15 cents, with many instances of a 20 cent decline cited in comparing with the high point of the "government" market Tuesday.

Good grades of "house" hogs exceeding 230 pounds sold to packers at the least decline, going mostly at prices 10 cents lower than those of the previous session, with many sales only 5 cents less.

Federal Buying Average.

The government absorbed the usual daily quota, securing about 5,900 hogs to be used for relief purposes, but the supply of these kinds exceeded their wants, and packers demanded reductions on what remained. Top sales at $3.65 were few, but the majority of the government hogs cost $3.50 to $3.60, a few ranging down to $3.35.

Packers obtained the bulk of the hogs weighing over 230 pounds at $3.45 and under. The general average price yesterday at $3.45 showed a 10 cent decline compared with Tuesday.

Receipts of heavy cattle exceeded requirements of the trade and prices ruled weak to lower, with a big share of the supply selling 15 to 25 cents lower than on Monday, but light steers and yearlings maintained a strong position, with the close slightly higher in spots. Demand favored the lighter weights again, while medium and weighty kinds were neglected by packers.

Beef Demand Is Slow.

Yesterday's top of $7.00 for 1,046 to 1,073 pound steers was paid by Swift. Long yearlings averaging 1,105 pounds reached $6.90.

Reports from the wholesale trade for fresh beef are not very encouraging. Trading is reported slow and prices weak at many of the distributing centers.

Despite weakness in the medium and heavy weights, a bigger proportion of the receipts than usual brought $6.50 and above, with the bulk of all beef steers at $5.00 to $6.75, comparing with $4.50 to $6.50 at the middle of last week, and with $4.30 to $6.50 a year ago.

Federal buyers bought about 500 canner and cutter cows yesterday, a good share of the available supply of this class. Prices, however, showed some weakness.

Lambs Retain Gains.

Slaughter lambs retained the advances scored Tuesday. All interests were buying top grades up to $8.40, which equaled the highest sale made here since last August, and was highest in three years for a winter season.

It was learned yesterday that the Federal Surplus Relief corporation is contemplating remaining in the cattle and hog market as a buyer after Jan. 24, the date which was to end the present buying program.

In addition to purchases already made, Jacob Baker of the corporation said that relief buyers will take 50,000,000 pounds of beef. Thus far, the corporation has spent about $75,000,000. Of this, about $55,000,000 came from the AAA and the balance from the $500,000,000 emergency relief fund, which is rapidly being depleted.

JOBS, NOT CREDIT, DECLARED REAL CONCERN OF U. S.

Business Leader Tells of Danger in Debt Plan.

Richmond, Va., Jan. 10.—(AP)—Henry I. Harriman, president of the chamber of commerce of the United States, said tonight that the big question before President Roosevelt was to determine how much good large federal expenditures would do toward getting the nation's idle back to permanent work rather than raising money.

"The problem," he said in a speech before the Richmond chamber of commerce, "is not whether this country can stand a debt of $31,000,000,000, or whether it can raise $10,000,000,000 in the next six months.

Problem of Employment.

"The problem is whether the President's program is one which is designed and carried out to stimulate private business in the capital industries, so that millions of men who are now out of work may receive employment and earn their living without the aid of the government."

Harriman said the $31,00,000,000—the anticipated debt in 1935—was only one-third to one-half of the nation's annual income in "normal times."

"It is the duty of the business men of the country to back the President's program," Harriman said, but he expressed apprehension of the future if "those who are now receiving the aid of the government come to regard such assistance as permanent, and if our unemployed are not restored to work in private industry."

Business Control in Danger.

He termed "the outstanding dangers" before the country "the growth of bureaucratic control of business" and "the unwise expenditure of public money beyond the proper ability of the country to pay."

"This point has not yet been reached," he said, "but any incurrence of debt beyond that now contemplated—which is in itself a serious burden—might easily strain the credit of the government and would inevitably lead to the worst type of inflation.

"Disastrous inflation has always come through the resort of government to printing money to pay its own expenses."

SOUTH SHORE LINE EXPECTS BUSINESS GAIN

Michigan City, Ind., Jan. 10.—[Special.]—The outlook for business in 1934 was pronounced favorable today by C. H. Jones, general manager of the Chicago, South Shore and South Bend railroad.

The plans of the company are predicated on a general increase in business, which, Mr. Jones believes, will result from augmented industrial activity in the Calumet region and throughout the territory served by the line.

Revenue out of the Chicago area for December increased over that of the like month of the preceding year for the first time in three years, Mr. Jones said. Round trip fares had been reduced from 3.6 to 2 cents a mile in interstate travel.

LARD OFFERINGS WELL TAKEN; PRICES HIGHER

Buying of lard by commission houses and by a leading packer was sufficient to take all the general and hedge selling yesterday. Closing prices were 2½ to 7½ cents higher on old style and 5 to 7½ cents higher on new style. Strength in grains and cotton helped to create a better feeling.

Cash lard prices were 2½ cents higher at 5.42½ for regular, with loose up 5 cents to 4.67½ cents and leaf up 12½ cents to 4.75 cents.

There was practically no trading in bellies for future delivery. Old style May was 7½ cents higher. New style contracts were unchanged. Cash lots were in demand at 6.25, an advance of 12½ cents. There were deliveries of 30,000 pounds of bellies on January contracts.

Liverpool lard was 3d higher for cash and January, and unchanged for May. Export clearances of lard were 961,730 pounds, of bacon 13,200 pounds. Prices:

LOST AND FOUND.

TO FINDERS.

If you have found a cat or a dog a pocketbook, jewelry, or fur, and cannot locate the owner through the "Lost and Found" advertisements in The Tribune, call and go through the "Lost and Found" index at the PUBLIC SERVICE OFFICE, 1 South Dearborn-st.

TO LOSERS.

If you are listed in the telephone directory you can charge an advertisement of your lost article by telephoning Miss Miller of The Tribune and taking department. Superior 0100. Your advertisement receives the benefit of free listing in The Tribune Public Service office mentioned above for a period of two months. This service facilitates the recovery of lost articles advertised.

BURNHAM
School of Beauty Culture
Will Enable You to
EARN MORE

63 YEARS KNOWING HOW TO TEACH GIVES YOU A FLYING START.

UNBELIEVABLY EASY TERMS. IF YOU ACT QUICKLY.

You can even enroll, take the training, and pay for most of your tuition after you graduate. This offer, which may be withdrawn without notice, makes it possible for you to become a Burnham beauty expert no matter what your financial condition may be, but you MUST ACT NOW.

See for yourself why the easy to learn Burnham System quickly enables you to become a skilled beauty operator. Plenty of living models. You learn by doing rather than by studying. Each teacher a specialist. Fewer pupils per teacher.

ALL TOOLS FREE AND YOU CAN EARN WHILE LEARNING. FREE EMPLOYMENT SERVICE.

Open every day and also on Monday, Wednesday, Friday evenings until 9. Call phone or write for FREE BEAUTY Book.

IN 1934 RESOLVE TO BECOME INDEPENDENT.

Learn Beauty Culture At DeLEE

Insure yourself a permanent income for life by learning beauty culture and hairdressing at DeLEE. A well trained beauty operator is always able to find a good paying position, and there is no other field where a girl can qualify in such a short period of time.

CLASS NOW FORMING

A new class is now forming and will start receiving instruction immediately. Come in and talk with the DeLEE dean, Miss Ruby Lorrain Stevens, and with the head of the instruction staff, Madame Louise. See this marvelous, beautiful school for yourself. If you can't come in, write for interesting FREE Book, "Your Career in Beauty Culture."

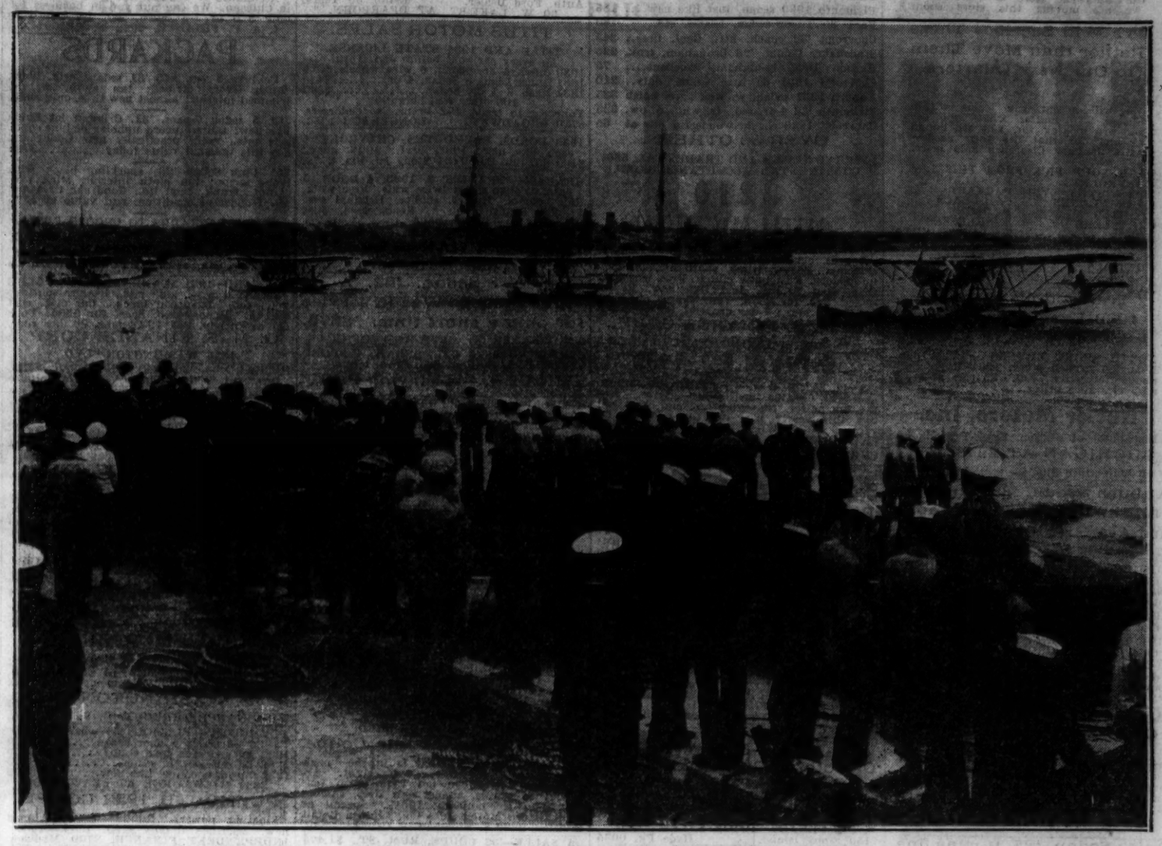
Forecast Cheaper Milk for Chicago as Truce Ends Strike—Six Navy Seaplanes Take Off on Flight to Honolulu

TRUCE SIGNED TO END CHICAGO MILK STRIKE; PRICE FOR PRODUCERS WILL BE ARBITRATED. Group in Mayor Kelly's office as strike came to end. Seated, left to right: Don N. Geyer, manager Pure Milk association; Mayor Kelly, and Dr. Fred B. Walmsley, representative of dealers. Standing: Aldermen T. J. Terrell, R. J. Kiley, J. C. Ross, and G. W. Robinson; H. A. Pfister, president Pure Milk association; Ald. D. L. Sutton, and Frank Bobrytzke, member board of health. [TRIBUNE Photo.] *(Story on page 1.)*



SIX NAVAL PLANES LEAVE SAN FRANCISCO FOR HONOLULU ON 2,400 MILE OVER-WATER FLIGHT. Four of the six naval craft which took off from San Francisco yesterday as they appeared recently from North island, San Diego. The planes are on the longest mass flight ever attempted over water. Ships are stationed at intervals all the way from the United States to Hawaii. [Acme Photo.] *(Story on page 1.)*

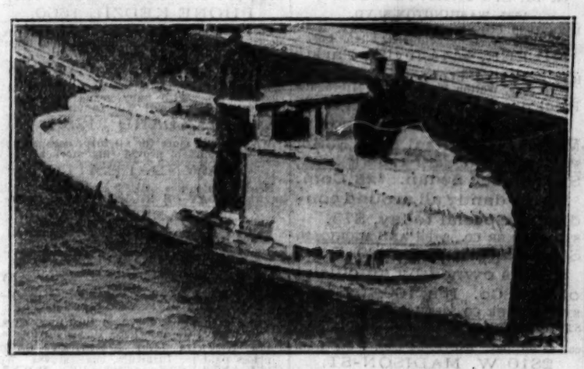
[TRIBUNE Photos.]

DAIRIES AND FARMERS RUSH TO MAKE DELIVERIES WHEN STRIKE ENDS. Above is view of Bowman Dairy plant at 140-158 West Ontario street yesterday, as activity was resumed following end of strike. Below: Earl Pretzman of Richmond, Ill., returns to milking task to help supply city's demand for milk. *(Story on page 1.)*

MILK ARBITRATOR. Clifford V. Gregory, editor, picked by farmers as their member of board. *(Story on page 1.)*

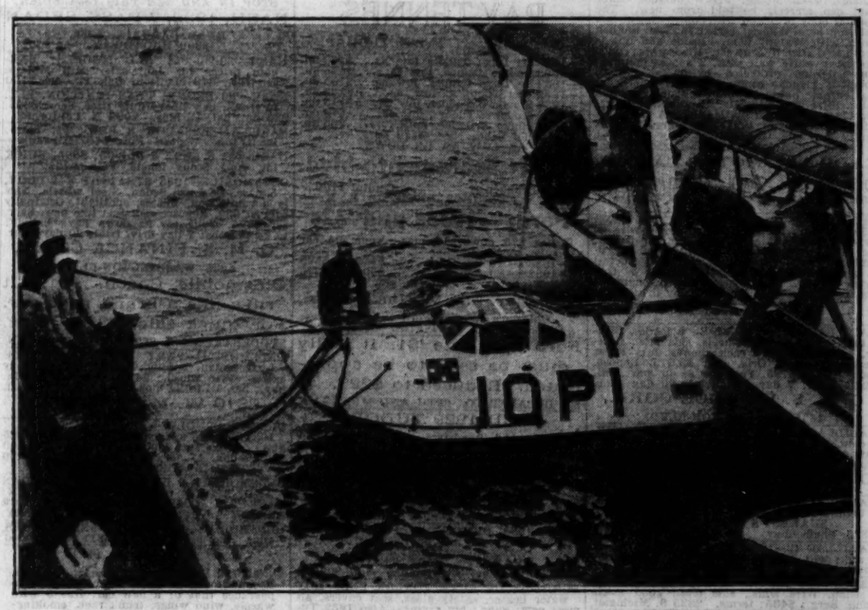
[Acme Photos.]

FIVE NAVAL OFFICERS WHO ARE PILOTING PLANES IN FLIGHT FROM UNITED STATES TO HONOLULU. Left to right: Lieut. F. A. Davis, Norfolk, Va.; Lieut. H. J. McRoberts, St. Louis; Lieut. T. D. Quinn, Atlanta, Ga.; Lieut. J. K. Averill, Buffalo, N. Y., and Lieut. J. Perry, Greenville, S. C., pilots of five of six planes in flight. The sixth plane is in charge of Lieutenant Commander McGinnis. *(Story on page 1.)*



[TRIBUNE Photo.]

FISHERMEN LOST ON BOAT IN LAKE ARE SAFE. The thirty-five foot White Flier, of Waukegan, safe after being sought in lake all day, as it appeared after battle with icy water several years ago. *(Story on page 8.)*



FLAGSHIP OF NAVY'S FLIGHT TO HONOLULU ARRIVING IN SAN FRANCISCO. The seaplane 10P-1, which is being flown by Lieutenant Commander Knefler McGinnis, flight commander, as it arrived in San Francisco bay. The four star flag is that of Admiral David Sellers, battle fleet commander, who flew on the ship from San Diego. *(Story on page 1.)*

THEODORE ROOSEVELT'S DAUGHTER ENGAGED. Miss Grace Roosevelt, only daughter of Col. and Mrs. Theodore Roosevelt, who is to become the bride of William McMillan of Baltimore on March 3 at Oyster Bay, N. Y. [Associated Press Photo.] *(Story on page 15.)*

[TRIBUNE Photo.]

PREVIEW BEFORE EDITH McCORMICK SALE. Napoleon chair which was on display yesterday when public was admitted to mansion to view treasures to be sold at auction next Tuesday and Wednesday. *(Story on page 3.)*

INJURED HUSBAND. Otto Herzfeldt, who made adultery charge in divorce suit at Oregon, Ill. *(Story on page 1.)*

JURY IN LOVE CASE FINDS WOMAN GUILTY OF ADULTERY WITH MINISTER. Mrs. Ruby May Herzfeldt (at left), who was found guilty of adultery with the Rev. W. Clark Williams last night at Oregon, Ill. At right: The Rev. Mr. Williams and his wife as the case went to the jury. The charges were brought by Mrs. Herzfeldt's husband in a divorce suit. [TRIBUNE Photos.] *(Story on page 1.)*

[Associated Press Photo.]

FLIGHT LEADER. Lieutenant Commander Knefler McGinnis, in charge of Hawaiian flight. *(Story on page 1.)*
